Employer: Northwest Hardwoods

Position: Forester/Log Buyer

Job Description: Full Time,

Northwest Hardwoods is the premier Hardwood Lumber producer in the industry serving the furniture, cabinet, molding and millwork segments worldwide. We operate manufacturing operations throughout the United States.

Key Functions: Responsible for coordination, planning and management of timber and log procurement supplying Lewiston sawmill. Personal, team and contractor safety compliance required. Supply sawmill with quality logs, at or below planned costs, maintain targeted inventories, manage and promote positive supplier relationships, and provide technical assistance to landowners (i.e. timber cruising/appraisals and marking). Comply with legal and applicable agency requirements. Interface with landowners, contractors, government representatives and sawmill personnel to ensure accurate and continuous supply.

Qualifications: Requirements:

- Forestry or Associate Forestry degree with four years of practical forestry log buying experience.
- Strong computer skills in Microsoft Office with working knowledge of GIS
- Excellent analytical skills
- Ability to work safely.
- Strong skills in problem solving, ability to work through conflict.
- Excellent interpersonal skills, strong communication skills â€“ written and oral.
- Ability to develop peer-to-peer relationships.

The company provides competitive wages, comprehensive benefits package with medical and dental health care coverage, short and long term disability, paid vacation/holidays, and company matching 401 (K) retirement plan.

Candidates who meet these qualifications will be considered further.

Perferred Major(s): Associates Degree - Forest Technology; Natural Resource Management - Forest Technology;
