Residence Life and Housing Policies

Residence Halls are places where students live together and form communities. While residing on campus, students will encounter a variety of people and lifestyles and thereby broaden their perspective as they learn more about themselves and others.

All full-time students are required to reside on-campus in one of the University's residential living facilities unless granted an exemption. All students seeking an exemption must apply and submit all supporting documentation. Incomplete requests will not be processed. Students must file a new form at the beginning of each academic year even if they have been previously approved, unless they have been granted an exemption based on their age, number of completed credit hours, marital status and/or dependent, or veteran status. Students seeking an exemption (for the next academic year) must complete the application in full and submit all supporting documentation no later than the Friday of the first week of classes of the fall semester. The academic year is defined as both the fall and spring semesters. Therefore, the housing exemptions will not be processed after the August deadline. Newly admitted students for the spring semester must complete the application in full and submit all supporting documentation no later than the Friday of the first week of classes of the spring semester. Any student wishing to apply for an exemption must meet at least one of the following before the first day classes begin for the fall semester:

- Student will reside with an immediate family member who is 21 years old or older and lives within 50 miles driving distance of the Glenville campus (Commuter Status Verification Form must also be submitted)
- Student is 21 years old or older, is married, is divorced, has dependent children, or has three years of full-time military service
- Student has completed 72 or more hours prior to the beginning of the fall semester
- Student has documented major medical reasons (requires detailed physician documentation)

Any student who knowingly misleads or provides false information for the purpose of obtaining a housing exemption is subject to university discipline and may be responsible for all on-campus housing and charges equal to the time residing off-campus. Any student who lives off campus but has not been approved for an exemption, will be charged as if they are living on campus. All residents in university housing must also purchase a meal plan. Any exception to this rule must be approved by the Vice President/Dean of Student Life.

Glenville State University currently operates three residential facilities: Goodwin Hall, Pickens Hall, and Pioneer Village.

Goodwin Hall is located next to the Mollohan Campus Community Center and is the largest residential facility on campus. It has 482 single and double rooms each with a microwave and mini-fridge and bedroom furniture. Access to the building and individual student rooms is by electronic key cards and hard keys when appropriate. The building has climate-controlled air conditioning and heating, digital video security cameras and devices in all public areas, ten laundry rooms, nine study lounges, vending areas, integrated sprinkler system throughout, and energy efficient lighting.

Pickens Hall (Scott Wing) is located on Court Street between the Fine Arts Center and Goodwin Hall. This facility has four quads on each of the six floors. Each quad consists of four single secure bedrooms and a shared bathroom with laundry facilities located on the fourth floor. Each room is furnished with a microwave and mini-fridge and bedroom furniture; the building is covered by a sprinkler system. Access to both the quad and individual rooms within the suite is via key.

Pioneer Village is located on Mineral Road across from the Waco Center and is an upperclassmen facility. Nine buildings have four suites each. Each suite has a common area, kitchenette, two (2) full bathrooms and four single secure bedrooms. One building has three suites, the Resident Director's office and apartment, laundry facilities, and recreation area with vending machines. Each building is covered by a sprinkler system and access to suites and individual rooms within the suite is via key.

Each residence facility has live-in staff dedicated to making the residential life experience a safe and rewarding one. They coordinate activities and programs in the residence halls, serve as resource people, counselors, and friends, and, when necessary, act as conduct coordinators for the University.

Each facility has a Residence Hall Associations that serve as a type of focus group for each facility. These associations are made up of students from each facility that come together on a regular basis to generate ideas for their building as well as help with programming and other events.

Residential Facility General Information

Residence hall assignments are for an entire academic year; to be vacated no later than 24 hours after the students last final examination each semester or at 12:00 p.m. the day following final examinations, whichever comes first.

The opening and closing of the residence halls will follow the University academic calendar. The University reserves the right to modify this schedule in accordance with officially announced changes in the University calendar. Unless students are notified otherwise, residential facilities will officially be closed during fall, winter, spring, and summer breaks. Limited exceptions for students living in the residential facilities may be granted by the Director of Residence Life or designee for curricular or co-curricular reasons with supporting documentation. Residence Life reserves the right to charge additional rent amounts and/or consolidate residents in such instances.

To be eligible for residence in on-campus housing, a student must be enrolled full-time in academic coursework at the University during the semester in which they wish to reside on-campus, have completed a housing application, and have completed all residence life paperwork. Students who have not attained their seventeenth birthday as of the prescribed occupancy date are not eligible for residency. All exemptions to these policies must be approved by the Director of Residence Life.

The University reserves the right to refuse admission or readmission to the residential facilities if the student fails to meet University admission requirements or if the student is in violation of current University policies or regulations.

The University can remove students from the residential facility for the following reasons:

- Not registered for classes
- Failure to pay tuition and/or room charges
- Violation of the Student Code of Conduct or other University policies and regulations

General damage to the public areas of the residential living facilities will be charged in part to each resident. Damage to an individual's personal room will be charged to the resident. Charges for damage occurring in a room where two people reside will be divided equally between the roommates unless one of the roommates claims responsibility.

Housing Applications

On-Campus Housing Application

Applications for housing may be accessed online through the Student Life section of the Glenville State University website. A contract fee of \$100 must accompany the application. Payments may be made in one of the following ways: checks, made payable to Glenville State University, via the students EdNet account, or by calling the University's Cashier's Office. To cancel a room reservation, contact the Office of Residence Life at (304) 462-6298.

If a student intends to withdraw from the residence hall during the semester, the Director of Residence Life should be notified immediately. A residence hall withdrawal fee may be assessed if a student fails to properly withdraw from the University and/or residence hall. No refund of room or board fees will be made after the second week of classes.

Room/suite keys for all residence halls must be returned to the residence hall office as part of the end-of-semester or withdrawal check-out process before leaving campus. Failure to do so will result in a charge for the replacement of a door lock. There is also a charge for replacing a lost key as the University must replace the lock itself for security reasons.

Students requesting housing accommodations due to disabilities must contact the Accessibility Coordinator in the Academic Success Center.

All students are strongly encouraged to obtain a Renters Insurance Policy to provide protection against any loss of your personal property items that may occur. Renters Policies are commonly available as an add-on to a parent's homeowner's policy or can be purchased as a stand-alone policy from many insurance providers. Glenville State University shall have no liability whatsoever for losses sustained to any student's belongings regardless of the circumstances.

Off-Campus Housing Application

Applications for off-campus housing may be accessed online through the Student Life section of the Glenville State University website. All requests to live off-campus must be presented with an official Off-Campus Housing Application form provided online by the Office of Student Life. It is the student's responsibility to attach all substantiating information outlined with the exception they are seeking to reside off-campus. Incomplete requests will not be accepted. Completed forms are to be submitted online and/or to the Office of Student Life.

Please note:

- Completing an application to reside off-campus does not guarantee approval.
- Securing off-campus housing accommodations prior to approval to live off-campus DOES NOT qualify as circumstances for approval.
- The decision on a request for an exception to the policy will be communicated by e-mail to the student by the Office of Student Life.

Students who are denied to reside off-campus have the right to appeal that decision to the Office of Student Life via email or writing. The Off-Campus Housing Appeals Committee will review the request to reside off-campus, meet with the student to hear their reason for requesting to reside off-campus and an appeal, and then decide on the appeal. If the student is still not pleased with the result of their appeal, they can make a final appeal to the Vice President of Enrollment Management and Student Affairs.

Room Assignment(s)

Normal occupancy is one (1) or two (2) resident(s) per space. Some rooms may be designated for expanded occupancy temporarily. Rooms must be occupied by the person(s) properly assigned to them by Residence Life. A student must present picture identification when they check into a room/residential facility.

Room assignments are made first come, first serve. Residents and incoming students may fill out a Housing Application and request a roommate or a suitemate(s). Room assignments are nontransferable, and occupancy by a student or other person without authorization from Residence Life is not permitted. The room change period begins approximately two weeks following the first day of class. Students who wish to change rooms can follow the guidelines laid out by the Office of Residence Life.

Because of the many changes in occupancy, the University cannot guarantee either an assignment to a particular residential facility or room nor continuation of any single room for any given contract period. If scattered vacancies exist in the residence hall, residents without roommates may be required to move together (consolidate), be assigned a new roommate, or be given the opportunity to pay the single room rate and occupy the double as deemed appropriate by Residence Life, if no single rooms exist. Residence Life has the right to assign, reassign, and adjust occupancy of rooms at any time.

Accessible Rooms for Student with Disabilities: Residence Life reserves the right at any time to utilize specially designed rooms or suites to provide for the residential needs of students with disabilities.

Subleasing: Students may not convey or assign their rights in University housing to anyone. They may not sublease their housing space or make any arrangement for someone to take over rent payments or move into the space assigned to them. A student who violates this policy will be liable for all costs incurred by the University including expenses related to the eviction of the third party. In addition, students face sanctions for violation of the University's Code of Conduct.

In accordance with basic policy of the University concerning civil rights, no discrimination in assignments or room changes are made based on race, sexual orientation, religion, age, veteran status, disability, national origin, or ancestry as specified by law.

Residence Hall Facilities and Policies

The residence halls are considered private property reserved for the exclusive use of resident students and their invited guests. Residents will be held responsible for the behavior of their guests and all activities originating from the assigned room. Violations of any requirements in this agreement or those outlined in this Handbook as well as other policies which address the operation of the University, which are published for student compliance, will be considered a substantial violation of this agreement. Such violations will be referred to the appropriate University personnel for disciplinary action, to the appropriate law enforcement authorities, or both. The student shall also abide by local, state, and federal laws, and may face disciplinary action for failure to do so.

- A. Community Policies:** Respect for the learning process, self, others, and property is strongly emphasized. Because the residence halls comprise a unique community living opportunity, policies which foster the health, safety, and security of residents are a necessity. These behaviors adversely affect the residence hall community.
1. All regulations outlined in the Student Code of Conduct are expected to be followed.
 2. The living conditions at an educational institution are unique and must be adjusted from time to time for the mutual benefit of the University and all its students. Therefore,

Residence Life may make changes in the official administrative policies as deemed necessary in the interest of health, safety, discipline, or educational purposes; the student shall abide by such changes in policy. Such changes may include the reduction of service hours for laundry or vending or periodic suspension of visitation privileges in apartments, suites, wings, or buildings, as necessary.

- B. Damage and Vandalism Charges:** The Office of Residence Life maintains the right to bill a single student for damages or vandalism. Any unpaid damages or other obligations after the student has left the University will still be charged to their account. The University may turn the bill over to an outside agency for collection procedures.
- C. Community Billing Charges:** Vandalism charges from community damages that cannot be attributed to a specific person(s) are divided evenly among residents of wing, hall, or building as appropriate and billed directly to their accounts regularly. Residents are obligated to pay these charges in full.
- D. Keys and Proper Checkout:** Keys, including card keys, are the property of the University and must be returned when the resident moves out of a space. Card keys are the property of the University and are not to be altered or vandalized. Room, suite, building, or mailbox keys may not be duplicated or loaned to any other individual. Possession of another student's room, suite, building, or mailbox key is prohibited. Failure to return keys at checkout will result in charges to the resident to cover the replacement keys and changing the locks for the room/suite/hall. Residents may not install locking devices on room doors. If a resident loses their key(s), a \$5.00 lost key charge per key will be assessed for any key cards. A \$60 lost key charge will be assessed for any hard key lost.

If any student has occupied the assigned space, they must follow proper checkout procedures as outlined in this Handbook. Failure to checkout properly will result in a monetary charge for administrative cost (\$100.00) associated with improper checkout. Additional costs may be assessed for replacement of key(s). Occupancy is defined by issuance of a key or activation of a key card to the student for a specified room and does not require the actual physical presence of the student or their possessions.
- E. Maintenance and Housekeeping:** Request by residents for repairs to residence hall facilities, furnishings, and equipment must be made to a residence hall staff member. Repair requests will be forwarded by Residence Life staff to Facilities Management. Facilities Management has full responsibility for determining the completion dates and costs of the repairs requested. The resident shall maintain their assigned space in an orderly, safe, and sanitary condition. University personnel provide housekeeping services in common areas such as lounges, hallways, and public bathrooms. Maintenance services will be reduced during weekends, University holidays, and Thanksgiving, winter, fall, and spring breaks. The resident is responsible for disposing of their room trash at the defined trash disposal sites for each housing facility.
- F. Right of Entry:** The University reserves the right to enter student rooms under the conditions established in this Handbook, as it exists at the time of this contract's signing date or as it may be thereafter amended during the term of this agreement or for the following reasons: emergencies, repair, maintenance, health/safety inspections, or to uphold University policies.
- G. Safety Issues:** Because the residence halls vary in age, design, and construction, the University reserves the right to impose reasonable requirements with respect to the possession or use of appliances, equipment, or other items to preserve the facilities for future use as well as maintain

student safety. Some items not allowed in residence halls include air conditioners, firearms, hot plates, toaster ovens, power tools, and waterbeds. A comprehensive and current list of items NOT permitted in the residence halls can be found on the Glenville University website.

Residents are required to observe all fire, safety, and emergency precautions and procedures found in this Handbook, and may not tamper with or misuse firefighting, detection, or alarm equipment, prop open exterior hall or security doors, or in any way block fire and emergency exits or routes. Students are required by state law to evacuate a residence hall when a fire alarm is activated or during any other emergency. No objects may be thrown or dropped toward/from balconies, roofs, or windows. Residents must not deface, damage, or alter any floor, wall, ceiling, door, or any electrical, plumbing, or mechanical equipment in the building, as this can be dangerous for all students in the building.

H. Student Rooms/Furnishings: The resident is responsible for the condition of the room (other than normal wear and tear) and all furnishing assigned to that room and shall reimburse the University for all damage to or loss of these accommodations and furnishings. Residents of a living unit may also be required to share the expenses of repair or replacement of any damaged property in areas commonly used by residents and their guests.

Students are responsible for the cleanliness of their rooms and the area directly outside of their rooms. Charges for damages and/or cleaning will be assessed against the student(s) by the University and must be paid promptly.

Amenities and Specific Regulations:

- In both Goodwin Hall and Pickens Hall, each student is provided an extra-long twin-sized bed, two drawer dresser, wardrobe, chair, and a desk. In Pioneer Village each student is provided an extra-long twin-sized bed, three drawer dresser, chair, desk, and a closet.

Students may be charged the following \$250, \$500, \$750, and \$1,000 based on the condition of the room. The room condition will be assessed by the Residence Hall Associate, Director of Residence Life, Maintenance, and the Vice President of Student Life.

1. Abandonment: Students are responsible for removing all personal possessions when they vacate their room or suite. Any property of the student remaining in the residence hall after they have checked out, been terminated, or evicted may be discarded at the

discretion of the University. All charges for removal, disposal, and storage will be assessed to the student.

2. Any personal room furnishings must be free standing, and no part of one's personal furnishing may be attached, wedged, or secured in any manner to the ceiling, floor, or walls of the room by screws or nails. No item may be located so to obstruct direct access to the door or windows so that evacuation is hindered. No room furnishings provided by the University may be removed by the students or their guest(s). No common area furniture may be taken from the lounges or other areas and placed in student rooms or moved to other locations.
 3. Residents may not perform their own repairs on residence hall furnishing and equipment. For the purpose of safety and cleanliness, residents should never touch or tamper with the ceilings in the rooms or hallways. All trash should be deposited in their appropriate and designated receptacles.
- I. Utilities: The housing costs charged under this agreement include all utilities, excluding telephone services. Internet service is included in the cost of the room. Failure of utility service will not render the University liable to residents of obligations under this agreement. Utility services may be reduced during prolonged vacation periods in the interests of energy conservation and of maintaining safety.

The signature of the student on the Residence Hall Contract binds them to all Residence Life policies and signifies that the student has read the agreement and will abide by all conditions, terms, and policies specified in the Contract and the Student Handbook. The Residence Hall Contract will be retained in Residence Life. A copy of a student's contract will be available from Residence Life to the students upon request.

Residence Hall Eviction

Upon reasonable notice and for good cause, the University reserves the right to terminate housing at any time. Examples of good cause include, but are not limited to:

1. Failure to make payment of required charges by announced deadline

Campus Community Responsibilities

I. Preamble

Glenville State University aspires to transmit knowledge, to develop its students, and to promote the quality of society. In seeking these goals, the University recognizes the significance of student rights. These rights include freedom of expression, autonomy, procedural protections, and the integrity of people and their property. By ensuring these individual rights, the University fosters an environment conducive to student success and well-being. The Student Code of Conduct fully respects student rights.

Of course, students have obligations in addition to their rights. As members of an academic community, students must observe rules that benefit their classmates, their community, and their University. Students must practice personal integrity. By so doing, they respect the dignity, rights, and property of others. The University has a vital interest in the character of its students and, therefore, regards behavior at any location (on-campus or off-campus) as a reflection of a student's character and fitness to be a member of the student body. The Student Code of Conduct thus creates an expectation of behavior that the University deems acceptable. By fulfilling these expectations, students can enjoy their own rights, while also respecting the rights of others and furthering the University's goals.

The University community, however, must have a system to deal with those instances when a member fails to adhere to the expectations of the community. The Student Code of Conduct describes the actions that fail to meet expectations, the process for determining when a failure has occurred, and the sanctions that may be imposed for such failure.

It is the responsibility of each University student to become and stay familiar with the Student Code of Conduct.

II. Authority and Responsibility

Responsibility for good conduct rests with students. Student organizations have similar responsibility for maintaining good conduct among their members, guests, and at activities they sponsor. All members of the campus community are expected to use reasonable judgment in their daily campus life and to show due concern for the welfare and rights of others.

At Glenville State University, a student is defined as any person who has been admitted to the institution to pursue a course of study, research, or service, who is currently engaged in an institutionally sponsored activity and who has some right or privilege to be on the campus or in the facilities of the institution or to use the same, in connection with study, research or service, or who yet has some right or privilege to receive some benefit or recognition or certification from the institution, under the rules, regulations, or policies of the Board of Governors or the institution.

Glenville State University utilizes a Judicial Coordinator, who is a staff member assigned to administratively attend to judicial matters and is authorized to conduct Administrative Hearings, and a Judicial Council that includes students, faculty, and staff representatives and is authorized to conduct Judicial Council Hearings. The jurisdiction of both hearing authorities is to hear evidence in cases of disciplinary action against students, to make findings of fact from the evidence presented, to make recommendations and/or decisions as to the disposition of the disciplinary action, including sanctions to be imposed, and to refer actions to another disciplinary channel as appropriate. The Judicial Coordinator may refer special cases to the Title IX Coordinator.

This Student Code of Conduct is promulgated in accordance with Glenville State University Board of Governors Policy 36, Student Rights and Responsibilities, which may be found as a Supplement to the Code. The Vice President of Student Life, as the President's designee in these matters, shall normally obtain the advice of the Office of Student Life staff, the Judicial Coordinator, the Student Life Committee and/or the Judicial Council before making changes in the Student Code of Conduct. This responsibility includes formulating and implementing operating procedures for the judicial consideration of conduct violations and the imposition of sanctions in an efficient, consistent, fair, legal, and educational manner.

The Jeanne Clery Act Disclosure of Campus Security Policy and Campus Crime Statistics Act, codified at 20 USC 1092(f) as a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. All public and private institutions of postsecondary education participating in federal student aid programs are subject to it. Glenville State University publishes a report every year by October 1 that contains three years of campus crime statistics, certain law enforcement authority of campus police, and which explain where students may go to report crimes. For more information about the Clery Act, visit <https://www.clerycenter.org/>.

III. Jurisdiction of the University

Generally, University jurisdiction and discipline shall be limited to conduct that occurs on University premises or conduct that adversely affects or is detrimental to the University community and/or the pursuit of its objectives, which can occur anywhere. A student will be subject to the Student Code of Conduct for any action that violates this Code that occurs on University premises, relates to a University program, or, in the University's sole discretion, affects or is detrimental to the University community and/or the pursuit of University objectives. A substantial school/University interest includes but is not limited to:

- Any action that could constitute a criminal offense as defined by federal or state law even if no law enforcement investigation has been initiated. This includes but is not limited to: allegations of single or repeat violations of any local, state, or federal law in the municipality/city/town where the school/university is located;
- Any situation that significantly disrupts the rights, property, or achievements of self or others or significantly breaches the peace and/or causes social disorder; and/or
- Any situation where it appears that the student may present a danger or threat to the health or safety of them self or others

1. Violation of Law and University Discipline

- a. If a student is cited only with an off-campus violation of federal, state, or local laws, but not with any other violation of the Code, disciplinary action may be taken and sanctions imposed for misconduct that is detrimental to or demonstrates a disregard for the University's community and/or its pursuit of University objectives.
- b. University disciplinary proceedings may be instituted against a student cited for a violation of a law that is also a violation of this Student Code of Conduct if both violations result from the same factual situation, without regard to pending civil litigation in court or criminal arrest and prosecution. Proceedings under this Student Code of Conduct may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus.
- c. When a student is cited by federal, state, or local authorities with a violation of law, the University will not request or agree to special consideration for that individual because of their status as a student. If the alleged offense is also the subject of a proceeding under the Student Code of Conduct, however, the University may advise off-campus authorities of the existence of the Student Code of Conduct and of how such matters will be handled internally within the University community. The University will cooperate fully with law enforcement and other agencies in the enforcement of the law and in the conditions imposed by courts for the rehabilitation of student violators.

IV. Social Media Policy

Glenville State University recognizes and supports its students' rights to freedom of speech, expression, and association, including the use of online social networks. In this context, however, each student must remember that attending Glenville State University is a privilege, not a right. As a student, you represent the University and you are expected to portray yourself and the University in a positive manner at all times. Any online postings must, therefore, be consistent with federal and state laws, Glenville State University, and regulations and policies (including the Guidelines listed below).

1. Guidelines:

If you participate in a social networking site or use social media, you must keep the following guidelines in mind:

- a. Everything you post is public information – any text or photo placed online is completely out of your control the moment it is placed online – even if you limit access to your site. Information (including pictures, videos, comments, and posts) may be accessible even after you remove it.
- b. Use caution when adding someone or inviting someone to be a friend.

- c. Limit information about your whereabouts or plans to minimize the potential of being stalked, assaulted, or the victim of other criminal activity.
- d. What you post may affect your future. Many employers and graduate school admissions officers review social networking sites as part of their overall evaluation of an applicant. Carefully consider how you want people to perceive you before you give them a chance to misinterpret your information (including pictures, videos, comments, and posts).
- e. Similar to comments made in person, Glenville State University will not tolerate:
 - Disrespectful comments and behavior online, such as derogatory or defamatory language;
 - Comments that create a serious danger to the safety of another person or that constitute a credible threat of serious physical or emotional injury to another person;
 - Comments or photos that describe or depict unlawful assault, abuse, hazing, harassment, or discrimination; selling, possessing, or using controlled substances; or any other illegal or prohibited conduct, including violating the University's Policy on Prohibited Harassment and Discrimination.

2. Monitoring and Consequences

Glenville State University reserves the right to have staff, faculty, or administration access, monitor, and/or receive reports about students' social networking sites and postings or to contract with an outside vendor or vendors to do so. In addition to reviewing postings according to the Guidelines identified above, any concerns about a student's posting or other online activity related to potential judicial violations should be reported immediately to the Judicial Coordinator.

Any violation of federal law, state law, or the Student Code of Conduct or evidence of such violation in your online content, is subject to investigation and possible immediate sanction by the University and/or law enforcement agencies. Internal sanctions may include, but not be limited to, notice to remove the posting or photo, suspension and/or expulsion, and/or removal from student organizations or athletic teams.

V. Complaints and Investigations

1. Any member of the University community may file complaints against any student or student organization for misconduct. Complaints may be prepared in writing and directed to the Judicial Coordinator. Any alleged violation should be submitted as soon as possible after the event takes place, preferably within thirty (30) calendar days of the knowledge of the occurrence. While preferred, a formal, written complaint from a member of the University community is not required to initiate the conduct process. Complaints may be submitted anonymously and those reports will be investigated based on the extent of the information provided.
2. If the Judicial Coordinator has reason to believe that a violation of the Student Code of Conduct may have occurred, they are authorized to begin an investigation in the same manner as if a complaint from a member of the University community had been received. The Judicial Coordinator may investigate and cite students or student organizations with misconduct when that Office has reason to believe that a violation may have occurred. Student organizations shall have all the rights of students listed herein, which shall be exercised by the president of the organization.

3. The Judicial Coordinator may issue a summons for a student or student organization to appear for discussion about an alleged violation or for a hearing in a pending complaint. The summons may also include an order to produce records that may be helpful in the course of an investigation of a complaint.
4. The Judicial Coordinator may conduct an investigation to determine if the allegations of violation(s) have merit. This investigation will include, among other things, a meeting with the accused student or student organization to discuss the alleged violation(s). If the Judicial Coordinator determines there is sufficient information establishing that a Student Code of Conduct violation occurred under the preponderance of evidence standard, the student will be presented with an opportunity to accept responsibility for the conduct violation(s) and, with that, be subject to any sanctions that are presented. If the student accepts responsibility for the Student Code of Conduct violation(s), such disposition shall be final and no formal hearing will occur. A student may, however, accept responsibility or waive their right to a hearing and still seek review of the sanctions before the Vice President of Student Life or their designee as outlined in this Article of the Student Code of Conduct. If the student does not accept responsibility, the student may request a formal hearing on the alleged violation(s) as outlined herein.
5. Except as limited herein, the accused has the right to be assisted during the investigation by any adviser they may choose, at their own expense. The adviser may be an attorney, but cannot be a potential witness or party in the matter or a related matter. An adviser has no right to speak or participate directly in any aspect of the conduct process. The accused student must speak on their own behalf and communicate directly with the Judicial Coordinator. An adviser's failure to comply with these participation limitations may cause the adviser to be removed from the meeting and/or additional conduct violations to be asserted against the student relating to abuse of the conduct system.
6. The accused student shall be provided a general notification in writing of all alleged violations and any subsequent findings related thereto.
7. To the extent the Judicial Coordinator determines a violation of the Student Code of Conduct has occurred based on the preponderance of evidence standard and that a hearing on any conduct violations is necessary, a time shall be set for the hearing after the student has been informed of the Judicial Coordinator's determination and has properly requested a formal hearing in writing. A formal hearing request must be made in writing to the Judicial Coordinator within seven (7) calendar days of delivery of the Judicial Coordinator's determination to the accused student. A student should be sent notice of the scheduled hearing date at least six (6) calendar days in advance of the hearing. A hearing shall be held within a reasonable time after the student has been notified of the Judicial Coordinator's determination and has requested a hearing. The ultimate selection of a hearing date, however, shall be within the sole discretion of the Judicial Coordinator. If a formal hearing request or sanction review is not timely made, the determination of the Judicial Coordinator, including any accompanying sanctions, will be deemed final.

VI. Proscribed Conduct

The following constitutes the official record of general violations of conduct rules and regulations at Glenville State University. Students are expected to abide by these regulations. The list of violations is divided into levels based on severity and possible sanction. In addition to the major sanction listed in each category, a student found responsible for any of the violations may be subject to any of the other sanctions listed in *Section VI, point H*. Violation of multiple policies in the same incident may result in a greater sanction than the level defined by the individual violation.

Further, any student organization that is a member, chapter, affiliate, or associate of a local, state, national, or international organization (collectively “parent organization”) must provide notice and details to the student organization advisor within twenty-four (24) hours of receiving notice of any investigation, sanction, probation, discipline, or misconduct related issue involving the student organization or any of its members and the parent organization.

A. Responsibility of Officers

A fundamental aspect of any student organization is the right of the membership to elect officers who serve to ensure, among their other duties, that the activities of the organization are conducted properly. It is the responsibility of the officers of each student organization to ensure that the organization complies with the Student Code of Conduct and to actively oppose and/or prevent any planned or impromptu organizational activity that would violate the Student Code of Conduct. It is also the obligation of the officers of any student organization to advise and counsel individual members of their organization whose conduct could lead to misconduct charges against the organization, as provided herein. Any student organizational officer who knowingly allows their organization or a member of that organization to violate the Student Code of Conduct without taking steps to prevent the violation also commits a violation of the Student Code of Conduct. Likewise, any student organizational officer who knows of an unreported violation of the Student Code of Conduct that has been committed and does not report it to appropriate officials is in violation of the Student Code of Conduct. The organization may also be

sanctioned if a student organizational officer is found to be in violation of this provision of the Student Code of Conduct

B. Organizational Responsibility for Misconduct

Student organizations will be held responsible for misconduct in the following circumstances:

1. Organizational responsibility for its own acts. The organization will be held responsible:
 - a. When the organization violates published University policy, rules, or regulations, including, but not limited to, acts of discrimination, improper membership education and initiation, improper organizational registration of activities for which registration and/or permission is required, failure to comply with applicable health and safety regulations, misuse of University property, facilities, and equipment, violations of University regulations on the use of alcohol, and violations of the Code or any other rule or policy applicable to organizations.
 - b. When one or more officers refuse or neglect to perform their duties under this Student Code of Conduct as described above in Article VII(1a).
2. Organizational responsibility for individual acts of misconduct.
 - a. The organization will be held responsible for the actions of one or more of its members who violate the Student Code of Conduct when the actions arise in the course of or derive from the activities of the organization.
 - b. In situations other than those described in (a.) above, the organization may be held responsible for the misconduct of one or more members when, prior to such misconduct, a member or members committed acts of misconduct the nature of which has caused the Office of Student Life or the Judicial Coordinator to be concerned that the organization is not conducting activities in a manner that discourages such conduct, and the Office of Student Life or the Judicial Coordinator has notified the organization that further occurrences of such conduct by one or more members will result in disciplinary actions against the organization. Examples of such violations include, but are not limited to, offenses against persons, offenses against property, hazing, alcohol abuse, and illegal drug abuse. The notice will be in sufficient detail to notify the officers of the precise nature of the offenses and the length of time the notice shall be effective.

VIII. STUDENT ACADEMIC MISCONDUCT

Consult the University Catalog for specific policies and procedures relating to Student Academic Misconduct.

IX. DISCIPLINARY PROCESS

All students and student organizations are subject to the disciplinary procedures prescribed in the Student Code of Conduct. In all disciplinary proceedings, the student or student organization shall be considered not responsible until found responsible for any charge by using the preponderance of evidence.

Any person who is a student is subject to disciplinary action if that student is involved in any of the actions or conduct prohibited, notwithstanding the fact that at the time the student is also as University employee. In taking disciplinary action against a student, Glenville State University may act to revoke or remove any right or privilege of such person as a student, or to withhold, remove, or cancel any benefit, recognition or certification, including the conferring of a degree, which may or may not yet have been received from the University.

If a student, allegedly involved in a violation of the Student Code of Conduct, separates or graduates from the University prior to a hearing being held, the disciplinary process can continue at the discretion of the University. If a hearing is not pursued upon the separation of the student, the pending charges will be resolved, at the discretion of the University prior to any future readmission.

In situations involving information of a confidential, sensitive, or personal nature, the Vice President of Student Life may determine that it is inappropriate for the proceedings to be held before the full Judicial Council and instead convene an Administrative Hearing.

- A. Initiation of Charges – The Vice President of Student Life or designee bears the responsibility for the initiation of disciplinary procedures against a student or student organization for alleged non-academic misconduct. The Vice President of Student Life or designee will review instances of reported misconduct to determine if disciplinary proceedings should be initiated. Any member of the campus community may register a complaint in writing with the Vice President of Student Life or designee against a student for alleged violation of the Student Code of Conduct. In the absence of sufficient information as determined by the Vice President of Student Life or designee, a complaint will be dismissed.
- B. Notification of Charges – Once it is determined that disciplinary proceedings will be initiated, the accused student will be provided written notification of charges. This preliminary notification will specify the alleged violation(s) of this Code and will also inform the accused student of a scheduled Disciplinary Conference with the Vice President of Student Life or designee, which will provide additional information relating to the charges. This notification may be served by one of the following means:
 - 1. Delivering, via Glenville State University e-mail address, a copy to the student. If this method of delivery is used, the student will be handed a standard notice indicating the need to check e-mail for the notification.
 - 2. It is expressly provided, however, that such service of charges and notice of proceedings shall not be defective if the student shall have hidden, refused mail, or shall have failed to notify the institution of their current address while attending the institution or of the current permanent home address, and the proceedings may proceed without hindrance or delay.
- C. Disciplinary Conference – The purpose of the Disciplinary Conference is to provide additional information and to ensure that the accused student will be sufficiently familiar with the disciplinary process in order to adequately prepare and present a response at the hearing. Students may choose to resolve the charges with the Vice President of Student Life or designee at the time of the Disciplinary Conference. At this conference the accused student:
 - 1. Will be advised immediately of the right to decline to make any statements to avoid the possibility of self-incrimination. Refusal to speak or to answer questions shall not be interpreted as evidence of responsibility.

2. Will be advised of the charges and if suspension or expulsion is possible as a result of the hearing. Applicable portions of the Student Code of Conduct will be cited.
 3. Will be advised that if they suspended or expelled, a notation will appear on the academic transcript.
 4. Will be advised that if they are suspended or expelled, the Registrar's Office will administratively withdraw him/her from all classes with a grade of "W" appearing on the transcript.
 5. Will be advised of the facts and evidence to be presented in support of the charges made with sufficient clarity to reasonably disclose the time and place of the occurrence and the actions or behavior in question.
 6. Will be provided a copy of the Student Code of Conduct and any other appropriate written material.
 7. Will be informed that a member of the University's faculty, staff, or administration may serve as an advisor and may be present at the hearing. An advisor may consult with the student and otherwise participate directly in the proceedings when recognized by the hearing authority. In cases involving potential suspension or expulsion, legal counsel may be present at the hearing. Students retain attorneys in such cases at their own expense and must notify the Vice President of Student Life or designee at least forty-eight (48) hours prior to the hearing if the attorney will be present at the proceedings. Legal counsel may serve in an advisory capacity to the accused student in such cases, however, counsel may not speak on behalf of the student or otherwise participate directly in the proceedings. The University may choose to have legal counsel present, who may participate only in an advisory capacity and may not speak on behalf of the institution or otherwise participate directly in the proceedings.
 8. Will be advised to consult further with the Vice President of Student Life or designee concerning any questions or interpretations of the procedure.
 9. Will be advised of the tentative date of the hearing and that hearings are scheduled to provide the accused student a minimum of five (5) business days from the date of service of the notification of charges during which to prepare a response unless such notice is waived by the student. If an Administrative or Judicial Council hearing is to be held, a letter confirming the date, time, and location of the hearing will be sent after the Disciplinary Conference is conducted.
 10. Will be advised that any request for a delay of the hearing must be in the form of a written petition to the Vice President of Student Life or designee who schedules hearings and determines whether a delay will be granted. Such a delay will not affect the student's status.
 11. Will be advised that the Vice President of Student Life or designee may choose to delay the hearing for good cause. Such a delay will not affect the student's status.
 12. Will be advised of options for resolutions of disciplinary charges.
- D. Failure to Respond – An Administrative Hearing will be conducted by the Vice President of Student Life or designee immediately and a determination will be made based upon the available information. In such a case, the evidence in support of the charges shall be presented and considered. And, in any event, all findings of fact and recommendations shall be based solely upon the evidence in the case as a whole.
- E. Dismissal of Charges – If the Vice President of Student Life or designee determines as a result of the Disciplinary Conference that insufficient information exists to justify a hearing, the charge will be dismissed.

- F. Options for Resolution of Disciplinary Charges – It should be clearly understood that there is a fundamental difference between the nature of student discipline and that of criminal law.

Regardless of the options exercised for resolution of charges, the discipline of students within the University community must be consistent with the educational mission of the institution.

At the Disciplinary Conference with the Vice President of Student Life or designee, the charged student will have all the disciplinary options outlined below fully explained:

1. Plead not responsible to the charge(s) and have a regular hearing before the Judicial Council* where a determination of responsibility will be made. If held responsible by the Judicial Council, an appropriate sanction will be determined.
2. Accept responsibility for the charge(s) and elect for the Judicial Council* to determine an appropriate sanction.
3. Plead not responsible to the charge(s) and request an Administrative Hearing before the Vice President of Student Life or designee where a determination of responsibility will be made. If held responsible, an appropriate sanction will be determined. The Vice President or designee may decline to conduct the Administrative Hearing, in which case the Judicial Coordinator must hear the matter.
4. Accept responsibility for the charge(s) and elect for the Vice President of Student Life or designee to determine an appropriate sanction. The Vice President of Student Life or designee may decline to conduct the Administrative Hearing, in which case the Judicial Coordinator must hear the matter.

*Only cases involving Level C or D violations will be forwarded to a Judicial Council hearing. If a student requests a hearing for a Level A or B violation the hearing will be an Administrative Hearing. Also, in situations involving information of a confidential, sensitive, or personal nature, the Vice President of Student Life may determine that it is inappropriate for the proceedings to be held before the full Judicial Council and convene an Administrative Hearing.

- G. Administrative Hearing Procedures (Can be used for level A, B, C, or D violations)

1. During a hearing, the accused student is entitled to:
 - a. Confidentiality. All hearings shall be conducted in private session. All statements, information, or comments given during hearings will be held in the strictest confidence by the Judicial Coordinator, University staff, witnesses, and advisors before, during, and after deliberation. Video, audio, stenographic, or photographic recordings of hearing proceedings are prohibited, except as authorized by the Vice President of Student Life or designee. (see point 5)
 - b. Appear in person and present any relevant information, be informed of all information presented, call witnesses, and ask questions of witnesses present at the hearing.
 - c. Elect not to appear at the hearing, in which case the hearing shall be conducted in the student's absence.
 - d. Refuse to answer any questions or make a statement; the Judicial Coordinator shall make their decision solely on the basis of the information presented at the hearing.

2. The Judicial Coordinator will exercise control over the hearing to avoid needless consumption of time, repetition of information, and/or to prevent the harassment or intimidation of participants. The hearing can be recessed at any time.
3. All hearings shall be conducted in an informal manner and technical rules of evidence will not be applied. The taking of statements of witnesses may be done by discussion, though the testimony of each witness may be subject to question and rebuttal. Witnesses shall be present during a hearing only during the time they are testifying. While written statements are admissible, the accused shall have the opportunity to question and rebut the testimony of the principal party, unless extenuating circumstances preclude this option.
4. The Judicial Coordinator assigned to the case is responsible for scheduling, coordinating, and conducting the Administrative Hearing.
5. The Judicial Coordinator may make a tape recording of all hearings. The accused shall have the right, upon request, to listen to the recording in the presence of a staff member of the Office of Student Life. The accused may request a duplicate copy of the recording within a period of six (6) months from the date of the hearing and must assume the cost for this expense.
6. Hearing Decision – Immediately upon completion of the hearing, the Judicial Coordinator shall consider the information presented to determine responsibility or to drop the charges due to insufficient information. The Judicial Coordinator shall consider only the information presented at the hearing, and responsibility can only be determined by clear and convincing information. If responsibility is acknowledged or is determined prior to the determination of the sanction, the Judicial Coordinator can allow the introduction of written and/or oral statement(s) that detail the impact of the violation on the victim. Information concerning any past disciplinary record of the student(s) will be available to the hearing authority.
7. Notification of the Decision – Upon completion of deliberation, the Judicial Coordinator will notify the accused student, in writing, of their decision. The letter from the Judicial Coordinator shall consist of written confirmation of the decision including the findings of fact, the determination of responsibility, the complete description of any sanction imposed, or the decision to drop the charge(s) due to insufficient information.

H. Judicial Council Hearing Procedures (Can be used for Level C or D violations only)

1. During a hearing, the accused student is entitled to:
 - a. Appear in person and present any relevant information, be informed of all information presented, call witnesses, and ask questions of witnesses present at the hearing.
 - b. Elect not to appear at the hearing, in which case the hearing shall be conducted in the student's absence.
 - c. Refuse to answer any questions or make a statement; the hearing authority shall make its decision solely on the basis of the information presented at the hearing.

- d. Confidentiality. All hearings shall be conducted in private session. All statements, information, or comments given during hearings will be held in the strictest confidence by members of the Judicial Council, University staff, witnesses, and advisors before, during, and after deliberation. Video, audio, stenographic, or photographic recordings of hearing proceedings are prohibited, except as authorized by the Vice President of Student Life or designee. (See point 5)
 - e. Challenge the presence of a Judicial Council member for cause. The cause is defined as personal bias, prior involvement, or inappropriate access to information concerning the incident. The removal of a Judicial Council member for cause will be at the discretion of the remaining council members as determined by majority vote.
2. The hearing authority will exercise control over the hearing to avoid needless consumption of time, repetition of information, and/or to prevent the harassment or intimidation of participants. The hearing can be recessed at any time.
 3. All hearings shall be conducted in an informal manner and technical rules of evidence will not be applied. The taking of statements of witnesses may be done by discussion, though the testimony of each witness may be subject to question and rebuttal. Witnesses shall be present during a hearing only during the time they are testifying. While written statements are admissible, the accused shall have the opportunity to question and rebut the testimony of the principal party, unless extenuating circumstances preclude this option.
 4. The Vice President of Student Life or designee is responsible for scheduling, coordinating, and presenting all cases and may be present during the entire hearing.
 5. The Vice President of Student Life or designee may make a tape recording of all hearings. The accused shall have the right, upon request, to listen to the recording in the presence of a staff member of the Office of Student Life. The accused may request a duplicate copy of the recording within a period of six (6) months from the date of the hearing and must assume the cost for this expense.
 6. Hearing Decision – Immediately upon completion of the hearing, the hearing authority shall consider the information presented to determine responsibility or to drop the charges due to insufficient information. The hearing authority shall consider only the information presented at the hearing, and responsibility can only be determined by clear and convincing information.

In a Judicial Council hearing, an absolute majority vote of council members present shall be required to find the accused responsible and to assign a particular sanction. If responsibility is acknowledged or is determined prior to the determination of the sanction, the hearing authority can allow the introduction of written and/or oral statement(s) that detail the impact of the violation on the victim. Information concerning any past disciplinary record of the student(s) will be available to the hearing authority. This information will be presented by the Vice President of Student Life or designee for consideration in determining an appropriate sanction.

7. Notification of the Decision – Upon completion of deliberation, the hearing authority will notify the Vice President of Student Life or designee in writing, who is then responsible for communicating in writing the decision of the hearing authority to the student. The letter from the hearing authority shall consist of written confirmation of the decision including the findings of fact, the determination of responsibility, the complete description of any sanction imposed, or the decision to drop the charge(s) due to insufficient information.

X. Disciplinary Sanctions

The purpose of imposing disciplinary sanctions is twofold: to protect the University community from behaviors that are detrimental to the educational process of the community and to assist students in identifying acceptable parameters of their activities and their consequences of future behaviors. The severity of the sanctions will correspond to the severity or frequency of violation, as well as the student's willingness to recommit themselves to good citizenship through behaviors that fall within the conduct regulations of the University. Repeat offenders may be subject to sanctions of a higher-level violation.

When a sanction is scheduled for a particular semester and the time-lapse during an appeal process makes enforcement in the designated semester impossible, then the sanction shall be applied to the semester in progress at the time of completion of the appeal. In the event that sanction cannot be implemented during that semester, then it shall be applied during the next regular semester, except that if the student has completed the course of study during the pendency of the appeal, the sanctions, where possible, shall be carried out retroactively to affect the grades and records of that student during the semester designated in the original sanction. In any event, the accused student may not be graduated during the process of appeal.

The following disciplinary sanctions may be imposed upon a student responsible for a violation either singly and/or in combination. *A hold will be placed on the students account once the Disciplinary Conference or Judicial Council meeting has determined a sanction. This hold will only be lifted one time for the student to register for either Fall or Spring courses then the hold will be reapplied. This means that the student may not receive grades, transcripts, or diplomas until the sanction has been completed. Once the sanction has been completed, the hold will be lifted.*

- A. Expulsion – Expulsion is permanent disciplinary separation from the University involving the denial of all student privileges. Expulsion is the termination of all student status, including any remaining right or privilege to receive some benefit, recognition, or certification. Expulsion shall be effective on the date of notice of the expulsion, or later if so stated in the notice. When a student is expelled, a notation will appear on the academic transcript and the Registrar will administratively withdraw the student from classes and place a grade of “W” on the transcript. Students separated from the University by expulsion may not enter University premises or University-related premises without securing prior approval from the Vice President of Student Life or their designee.
- B. Suspension – Suspension is temporary disciplinary separation from the University involving the denial of student privileges. The suspension is the exclusion from all institutional activities for a definite stated period of time up to one (1) academic year, and any condition or resumption of activities, if any, also may be imposed. The suspension shall be effective on the date of notice of the suspension or later if so stated in the notice, shall be entered into the student’s permanent record, and shall prescribe the date and conditions upon which the student may petition for readmission. When a student is suspended, a notation will appear on the academic transcript and the Registrar will administratively withdraw the student from classes and place a grade of “W” on the

transcript. Conditions for readmission may include but are not limited to, disciplinary probation for a specified length of time, non-residence on campus, restricted visitation to specified campus facilities, and written statement from an accredited mental health professional or medical doctor verifying the capability of the student to function successfully at the University.

- C. Students separated from the University by suspension may not enter University premises or University-related premises without securing prior approval from the Vice President of Student Life or their designee.
- D. A sanction of suspension or expulsion imposed by any public college or university in West Virginia may apply to the person sanctioned not only at the institution where the sanction was imposed but may also be effective at all public colleges and universities in the State. A student who is expelled from any public college or university in West Virginia may not be considered for admission to Glenville State University until one (1) year has elapsed after the student has been expelled.
- E. Residence Hall Probation – Residence Hall Probation is a warning that further violation of residence hall rules and regulations may result in Residence Hall Suspension or expulsion.
- F. Residence Hall Suspension – Residence Hall Suspension involves removal from the campus residence hall community for conduct that clearly demonstrated an inability to function appropriately in the residence hall living situation. Such suspension may be permanent or for a specified number of semesters. Such separation prohibits accessibility to all or designated residence halls and may prohibit access to associated dining facilities. Visitation will not be permitted without securing prior approval from the Judicial Council or Vice President of Student Life. In no case will separation be less than the remainder of the semester in which it takes place.
- G. Disciplinary Probation – Disciplinary Probation is the exclusion from participation in certain institutional activities, property, or facilities for a definite stated period of time, and maybe conditioned upon compliance with policies, rules, and regulations, or specified required activity during the period of probation. Probation is a period of review and observation during which a student has been officially notified that their conduct, although not serious enough to warrant suspension, was very inappropriate. Subsequent violations of University rules, regulations, or policies could result in a more severe sanction.
 - 1. Disciplinary Probation is a status that may involve restrictions, conditions or terms imposed for a definite period of time. Restrictions, conditions, or terms of probation may include, but are not limited to: ineligibility to participate in campus activities or events, periodic contact with a designated member of the campus community, restrictions on accessibility to University facilities and/or housing areas, and change of housing assignment. Restrictions, conditions, and terms will be imposed for a specific length of time not to exceed the length of the probationary period. Failure to comply with the terms and conditions of the probation or additional behavior in violation of this Code during the probationary period will likely result in more serious disciplinary action.

- H. Disciplinary Warning – Disciplinary Warning involves written notice to the student indicating that specific behavior or activity was in violation of this code and that repetition of similar or other unsatisfactory behavior would likely result in more serious disciplinary action. A Disciplinary Warning may also involve conditions, such as those outlined in X.G.1, which are intended to be educational in nature.
- I. Restitution – Restitution is not a fine; it is reimbursement for actual damage to, destruction of, or misappropriation of University property or property of any person which results from conduct in violation of this Code. The Administrative Hearing officer or Judicial Council will determine the appropriate reimbursement.
- J. Termination of the Privileges of a Recognized Student Organization – Termination of the Privileges of a Recognized Student Organization is the loss of any or all campus privileges of that organization. The imposition of this sanction does not preclude disciplinary charges against individual members of the organization.
- K. Termination of the Recognition of a Recognized Student Organization – Termination of the Recognition of a Recognized Student Organization is the discontinuation of the recognition of that organization on campus. This means the organization can no longer function. The imposition of this sanction does not preclude disciplinary charges against individual members of the organization.
- L. Parental Notification for Violating the University’s Alcohol or Drug & Substance Abuse Policy – When found responsible for violations of these conduct standards, the hearing authority will recommend that notification be sent to the responsible student’s parents or legal guardians of these violations as allowed by Federal law. This will only occur after the hearing authority has discussed this possible notification with the student and if the student is under 21.
- M. Mandatory referral for counseling – Mandatory counseling referrals may be made to the Campus Counseling Center.
- N. Campus Community Service Hours – A student or organization may be required to render an appropriate amount of public service to the University as designated, under the supervision of a University official.
- O. Educational Sanctions – When deemed appropriate, the hearing officer or Judicial Council may require the performance of a variety of educational sanctions. These may include a formal apology (in writing and/or in-person), a public presentation, and/or a research paper on a designated topic.
- P. Monetary Penalty or Fine (determined by the hearing authority and approved by the Vice President of Student Life)
- Q. No Contact Order – The student may have no further contact or communications with a student who was their accuser or otherwise involved with the Code violation.

XI. Appeals

Appeals must be presented, specifically described in writing, to the next level of authority in the disciplinary chain of command. An appeal is not a new hearing. It is a review of the record of the original

hearing. The accused student and their advisor have the right to review the accused student's disciplinary file, including any tape recordings of the hearing.

An appeal may be dismissed if not sought on proper grounds. If an appeal is upheld, the case with procedural specifications shall be referred to the original hearing officer/panel. Any sanction imposed as a result of a hearing shall remain in effect during the process of appeal. The appeal officer has the authority, under extenuating circumstances, to defer the imposed sanction while an appeal is in process. In any event, sanctions may not be increased as a result of an appeal.

An appeal may be sought on two grounds:

- A. On a claim of error in the hearing procedure. Appeals on such grounds must be presented, specifically described, in writing within five (5) days (excluding weekends and holidays) of the announcement of the decision.
- B. On a claim of new information material to the case that was not available at the time of the hearing. Appeals on such grounds must be presented within five (5) days (excluding weekends and holidays) of the new information having been discovered.

The following is the disciplinary chain of command:

Hearing Authority	Appeal Officer
Judicial Coordinator	Judicial Council
Judicial Council	Vice President of Student Life
Vice President of Student Life	President

- C. In cases where the University President has upheld the institutional sanction of Expulsion, a student may pursue an appeal through the Glenville State University Board of Governors. A student desiring to appeal the sanction of expulsion must, within three (3) working days, indicate to the President in writing an intent to appeal the decision to the Board of Governors. A written petition of appeal must be filed with the Board of Governors within fifteen (15) days of the President's decision.

XII. Disciplinary Records

Disciplinary sanctions, with the exception of University expulsion, shall not be made part of the student's permanent academic record (official transcript) but shall become part of the student's confidential disciplinary record, subject to the Family Educational Rights and Privacy Act (FERPA). Pending cases will be retained as long as is administratively necessary as determined by the Judicial Coordinator. Cases involving expulsion or suspension will be retained indefinitely. Other student conduct files will be retained for seven (7) years following the incident or until the student leaves the University, whichever is longer. If a student under the age of twenty-one (21) is found responsible for a violation of University policy involving alcohol and/or other drugs, the University may notify the student's parent(s) or guardian(s).

Removal: A student may, during the semester of their graduation or thereafter, request in writing to the Judicial Coordinator that a minor conduct violation is removed from their student disciplinary file. In order for their conduct violation to be evaluated for possible removal while enrolled, the student must demonstrate that they have applied to graduate by submitting a copy of the approved application for graduation or a signed letter from the student's academic advisor confirming that the student is eligible. In the written request, the student should include what they have learned from the incident, how their behavior has changed since the incident, and any steps taken to address the behavior. Generally, removal

is not available if the student's record includes more than one violation of the Student Code of Conduct, sanction(s) that were not completed by the required deadline, an incident resulting in personal injury, property damage, providing alcohol to minors, possession and/or distribution of drugs, violation of the weapons policy, disorderly conduct, sexual misconduct, discrimination, harassment, criminal behavior, or suspension/expulsion. All removal decisions shall be made at the sole discretion of the Judicial Coordinator. The Judicial Coordinator will attempt to avoid releasing a removed violation pursuant to third-party requests, but will, when it deems necessary, offer an explanation of the removal process in response to third-party requests. If a removed violation is disclosed, as required by law or otherwise, it will be done in the sole discretion of the Judicial Coordinator and will include an explanation that the violation has been removed from the student's disciplinary record pursuant to this provision. In addition, reports and/or other correspondences maintained by other University departments, local and/or campus police, or another reporting agency are not subject to this removal provision.

Further, previous disciplinary record checks reported by the Judicial Coordinator or another University department will not be affected by this process.

XIII. Interim Sanctions for Students

In certain circumstances, the Vice President of Student Life, or a designee, may impose interim sanctions prior to the hearing before the Judicial Council or a student's acceptance of responsibility. The Vice President of Student Life or designee shall determine the level of interim sanctions appropriate to address the specific situation. Interim sanctions may include but are not limited to, a full interim suspension, removal from University housing, removal from University-sponsored events, and/or restriction of access to University facilities and programs.

- A. Interim sanctions may be imposed only:
 - 1. To ensure the safety and well-being of members of the University community or preservation of University property;
 - 2. To ensure the student's own physical or emotional safety and well-being; or
 - 3. If the student poses a definite threat of disruption of or interference with the normal operations of the University.
- B. A student may request a review of the interim sanctions in writing within two (2) calendar days of the issuance of any interim sanctions. Such a request should be submitted to the Judicial Coordinator. Reasonable efforts will be made to hold such a review of the interim sanctions before the Vice President of Student Life or designee within five (5) calendar days of the receipt of the request for review of the interim sanctions to determine if the sanctions should continue, as issued, through the remainder of the conduct process. If the student submits a timely review request, the review may be held beyond this five (5) calendar day period if scheduling issues exist.
- C. At any requested review, the information will be presented in support of any challenged interim sanctions. The student may offer statements or other information to rebut any grounds offered in support of the interim sanctions.
- D. Except as limited herein, the accused has the right to be assisted during the interim sanction process by any advisor they may choose, at their own expense. The advisor may be an attorney, but cannot be a potential witness or party in the matter or a related matter. An advisor has no right to speak or participate directly in any aspect of the process. The accused student must speak on their own behalf. An advisor's failure to comply with these participation limitations may cause the advisor to be removed from the proceeding

and/or additional conduct violations to be asserted against the student relating to abuse of the conduct system.

- E. The decision of the Vice President of Student Life or designee following the interim sanctions review will be final.

XIV. Interim Sanctions for Organizations

- A. The Vice President of Student Life or other designee may temporarily suspend the recognition of a student organization when the pending alleged violations arise from a flagrant violation of this Code, such as organized conduct that is a violation of law and/or this Code, or when the conduct represents a flagrant disregard of the rights or property of persons in the University community, or when the conduct is in flagrant disregard of the property or authority of the University.
- B. During the interim suspension, the organization's activities may be limited, up to and including full discontinuation of all activities.
- C. An organization may request a review of the interim suspension in writing within two (2) calendar days of the interim suspension. Such a request should be submitted to the Judicial Coordinator. Reasonable efforts will be made to hold such a review of the interim suspension before the Vice President of Student Life or designee within five (5) calendar days of the interim suspension to determine if the suspension should continue through the remainder of the conduct process.
 - 1. If the organization submits a timely review request, the review may be held beyond this five (5) calendar day period if scheduling issues exist.
- D. At any requested review, the information will be presented in support of the interim suspension. The organization may offer statements to rebut any grounds offered in support of the interim suspension.
- E. Except as limited herein, the accused, represented by the organization president, has the right to be assisted during the interim suspension process by any advisor they may choose, at their own expense. The advisor may be an attorney, but cannot be a potential witness or party in the matter or a related matter. Any advisor has no right to speak or participate directly in any aspect of the process. The president must speak on their own behalf. An advisor's failure to comply with these participation limitations may cause the advisor to be removed from the proceeding and/or additional conduct violations to be asserted against the president and/or organization relating to abuse of the conduct system.
- F. The decision of the Vice President of Student Life or designee following the interim suspension review will be final.

XV. Judicial Council

- A. The Judicial Council is composed of faculty, staff, and student representatives in accordance with the Bylaws of the Judicial Council of Glenville State University. These bylaws are subject to change. It shall be the prerogative of the University to appoint alternate members to serve during holidays, summer months, and other instances as needed.

- B. Any recommendation of the Judicial Council shall be forwarded to the Vice President of Student Life or designee for review and implementation.

Judicial Council

Bylaws

Article I. Name

The name of this committee is “The Judicial Council of Glenville State University.”

Article II. Membership

Section 1.

- The membership of this committee shall consist of six (6) members:
- Two students appointed by the Judicial Coordinator/Vice President of Student Life

Missing Student Procedure

If someone has reason to believe that a student is missing, they should immediately notify Public Safety at (304) 462-6450. Public Safety will generate a missing person report and initiate an investigation. After investigating the missing person report, should Public Safety determine that the student is missing and has been missing for more than 24 hours; Public Safety will notify the City Police Department and the student’s emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, Glenville State will notify the student’s parent or legal guardian immediately after the Public Safety has determined that the student has been missing for more than 24 hours.

Parking Permits

Parking space on campus is limited; therefore, spaces may be used only by those displaying a **valid Glenville State University parking permit**. All students, faculty, and staff, including part-time, temporary, and casual employees who park on campus must purchase and display a valid Glenville State University parking permit. Permits may be purchased through the on-line parking portal after the individual has completed the registration process providing vehicle, registered vehicle ownership, insurance, and driver's information. You may also come to the Public Safety Office in the PE Building to purchase in person. (Bring your Driver’s License, Registration, and insurance information). If you plan to drive more than one vehicle during the year, a second permit may be purchased for \$5.00 to be displayed on the second vehicle.

The responsibility for finding a **legal parking space** rests with the vehicle’s operator. A permit merely authorizes the individual to park in available designated spaces on campus. A limited number of reserved parking permits are available each year to faculty and/or staff. Lack of space is not considered a valid excuse for violation of this policy. Be sure to allow plenty of time before class or scheduled appointments to find an appropriate parking space.

All parking on campus, including along the streets that run through the campus, require the proper parking permit. Glenville State University controls all the parking on all streets that run through the campus.

The cost of all student permits is included in tuition and fees.

Public Safety will publish a Parking Points document each annual year that includes permit information, prices, and other guidelines. See that document for additional information.

Public Safety officials have the authority to issue parking and traffic citations. They can also tow or immobilize a vehicle for any violation of these regulations. Citations will be issued and vehicles may be towed or immobilized for the following violations:

- Failure to display a valid Glenville State University parking permit
- Failure to park within marked parking spaces
- Parking in an area other than a designated parking area for the registered permit
- Speeding or otherwise driving in a reckless manner
- Failure to stop, yield, or obey other traffic signs
- Parking or driving on sidewalks, grass, or landscaped areas
- Unauthorized parking in a reserved or visitor parking spaces
- Unauthorized parking in spaces reserved for those with special needs, or blocking wheelchair access to sidewalks and/or ramps
- Failure to move a vehicle when requested to do so by university officials for special events, snow removal or for emergency situations
- Blocking fire lanes, loading zones, other vehicles, roadways, fire hydrants, and/or entrances to buildings
- Driving a vehicle into any area that has been closed by cones, barricades or caution tape

Parking violation fines vary in cost per offense. The total fine for the violation(s) must be paid at the Cashier's Office. A hold will be placed on the students record, parking privileges may be revoked, and no parking permits can be purchased until the student pays the obligations or makes arrangements to do so through appropriate offices. Students will not be permitted to register for the upcoming semester until all fines are paid.

Towing or booting will be strictly enforced for any individual who has three (3) or more parking citations, regardless of whether or not they have been paid. When a vehicle is towed, it is at the expense of the owner. The Department of Public Safety and Glenville State University assume no liability for any damage(s) caused to the vehicle or personal properties during the towing process or while the vehicle is in storage. The owner of the vehicle may contact Public Safety to ascertain where the vehicle was towed. A fee will be charged to remove any vehicle immobilization device placed on a vehicle for parking violations.

Please contact the Department of Public Safety at (304) 462-6450 or (304) 904-2041 with any questions or problems regarding parking or operating your vehicle on campus.

Title IX

Sexual Harassment

Sexual Harassment can include unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature, including sexual assault. Sexual harassment can involve persons of the same or opposite sex. Consistent with the law, this policy prohibits two types of sexual harassment:

- Tangible Employment or Educational Action. This type of sexual harassment occurs when the terms or conditions of employment, educational benefits, academic grades or opportunities, living environment, or participation in a University activity is conditioned upon, either explicitly or implicitly, submission to or rejection of unwelcome sexual advances or requests for sexual favors, or such submission or rejection is a factor in decisions affecting that individual's employment, education, living environment, or participation in a University program or activity. Generally, perpetrators will be agents or employees with some authority from the University.
- Sexual harassment that creates a hostile environment as defined by this policy.

Glenville State University's complete policies can be accessed below:

The Title IX Coordinator has primary responsibility of taking the formal complaint, notifying the involved parties, notifying the Title IX Investigator, and arranging efforts for investigation, resolution, implementation of corrective measures, and monitoring the educational environment and workplace to stop, remediate, and prevent discrimination and harassment including but not limited to discrimination on the basis of sex and disability.

Chairs, deans, department administrators, and supervisors have a duty to identify and report discriminatory/harassing/retaliatory behaviors. Employees and persons with responsibility for supervising or ensuring the safety of others (including student employees in the course of their employment duties) have a duty to report discriminatory/harassing/retaliatory behaviors observed or reported to them. Chairs, deans, department administrators, and supervisors may be directly involved in resolving allegations of discrimination, retaliation, and harassment. If the accused is an employee, the Coordinator may investigate allegations of discrimination in consultation with the accused's supervisor, provided the supervisor is not an alleged perpetrator. Chairs, Deans, department administrators, and other supervisors have a duty to monitor the accused employee's behavior and to take appropriate disciplinary action if they continue to violate University policy or procedure.

As a public institution, the University must provide due process to the accused. These procedures are designed to provide a fair process for both the alleged victim and the accused while also affording the person filing a complaint his/her Title IX protections. Consistent with due process, the accused is presumed not responsible for the conduct set forth in the complaint until proven otherwise.

Should the accused be found responsible for harassment, discrimination, or retaliation, the University will take steps to prevent the recurrence of any discrimination, harassment, or retaliation and will issue appropriate sanctions pursuant to the appropriate University disciplinary procedures.

The University is also committed to upholding the First Amendment of the United States Constitution. Nothing in these procedures is intended to abridge the rights or freedoms guaranteed by the First Amendment.

Individuals are encouraged to report alleged discrimination and harassment immediately in order to maximize the University's ability to obtain evidence and conduct a thorough, impartial, and reliable investigation. Failure to promptly report may result in the loss of relevant evidence and witness testimony and may impair the University's ability to enforce these procedures. Complaints should be filed within 30 calendar days of the incident but may be filed at a later date.

Complaints may be filed after 30 days however, individuals are encouraged to report incidents as soon as possible because the passage of time may affect the institution's ability to investigate the incident.

Sexual Misconduct Policy

Sexual Misconduct is a serious violent crime. When it occurs at Glenville State University, it is considered a violation of University standards. The Glenville State University community expects its members to treat other persons with respect and dignity and will not tolerate any form of sexual misconduct.

In this regard, it is essential that **both** parties should explicitly agree upon sexual activity. A person has the right at any time to say "no" to sexual activity and "no" means "no." Verbal communications of non-consent, nonverbal acts of resistance or rejection, or mental impairment of the victim due to any cause including the victim's use of alcohol or drugs constitute a lack of non-consent. The same holds true

whether the assailant is a stranger or an acquaintance. The use of alcohol or drugs will not be accepted as an explanation for the actions of any person charged with the violation of this policy.

The crimes of sexual misconduct are legally defined under West Virginia law as sexual acts committed without the consent of the victim. The law states that lack of consent may result from (1) “forcible compulsion,” (2) the victim’s “incapacity to consent” by virtue of age, status, or mental or physical incapacitation or helplessness, or (3) “circumstances... in which the victim does not expressly or impliedly acquiesce in the actor’s conduct.” A person under the influence of alcohol or drugs is generally regarded as incapable of giving consent. Having sexual contact with a person incapacitated or made helpless by the consumption of drugs or alcohol is considered sexual assault or abuse. “Acquaintance Rape” and “Date Rape” are terms commonly used to describe intercourse forced on a person known by the assailant. The social relationship between the individuals does not make the act legal if the act is committed without consent. The criminal law makes no distinction between sexual assault by an acquaintance or sexual assault by a stranger. (See the end of this section for further information on types of sexual misconduct.)

Students who violate this policy will be disciplined in accordance with University policy and may be prosecuted under West Virginia’s criminal statutes. Whether or not a criminal prosecution occurs, Glenville State University retains the right to proceed with disciplinary action at any time and the University need not await the dispensation of any such criminal prosecution. Appropriate disciplinary action may include counseling, educational sanctions, disciplinary probation, suspension, expulsion, and referral to the proper law enforcement authorities for prosecution.

Chairs, deans, department administrators, and supervisors may be directly involved in resolving allegations of discrimination, retaliation, and harassment. If the accused is an employee, the Coordinator may investigate allegations of discrimination in consultation with the accused's supervisor, provided the supervisor is not an alleged perpetrator. Chairs, Deans, department administrators, and other supervisors have a duty to monitor the accused employee's behavior and to take appropriate disciplinary action if they continue to violate University policy or procedure.

As a public institution, the University must provide due process to the accused. These procedures are designed to provide a fair process for both the alleged victim and the accused while also affording the person filing a complaint his/her Title IX protections. Consistent with due process, the accused is presumed not responsible for the conduct set forth in the complaint until proven otherwise.

Should the accused be found responsible for harassment, discrimination, or retaliation, the University will take steps to prevent the recurrence of any discrimination, harassment, or retaliation and will issue appropriate sanctions pursuant to the appropriate University disciplinary procedures.

The University is also committed to upholding the First Amendment of the United States Constitution. Nothing in these procedures is intended to abridge the rights or freedoms guaranteed by the First Amendment.

Individuals are encouraged to report alleged discrimination and harassment immediately in order to maximize the University's ability to obtain evidence and conduct a thorough, impartial, and reliable investigation. Failure to promptly report may result in the loss of relevant evidence and witness testimony and may impair the University's ability to enforce these procedures. Complaints should be filed within 30 calendar days of the incident but may be filed up at a later date.

Complaints may be filed after 30 days however, individuals are encouraged to report incidents as soon as possible because the passage of time may affect the institution's ability to investigate the incident.

Reporting an incident **does not** mean you have to prosecute, and you may not feel prepared to make that decision at the time of the incident. However, a delayed report could result in the loss of physical evidence, which could be vital in court proceedings. If a victim files a report with the police, the decision to continue legal proceedings remains the victims. Charges resulting from such incidents may invoke

criminal penalties under the law. The penalty of first, second, and third-degree sexual assault may result in incarceration.

Medical Considerations

For a victim of sexual assault, medical attention is critical. Even if the victim ultimately decides not to report the assault, it is still very important to seek immediate medical attention for possible internal injuries or sexually transmitted diseases. Also, the collection of medical evidence becomes critical in the event of prosecution. Therefore, it is important to seek medical attention promptly and remember to adhere to the following:

1. **DO NOT** take a shower or wash any part of the body
2. **DO NOT** douche
3. **DO NOT** brush teeth
4. **DO NOT** drink liquids
5. **DO NOT** put anything in the mouth (gum, cigarettes, mints, etc.)
6. **DO NOT** change clothes or change sheets before seeking medical help

Victims of Sexual Assault can obtain medical attention from local area emergency departments such as: United Hospital Center in Bridgeport (681) 342-1000, Stonewall Jackson Memorial Hospital in Weston (304) 269-8000, Minnie Hamilton Hospital in Grantsville (304) 354-9244, and Braxton County Memorial Hospital in Gassaway (304) 364-5156, or by calling 911.

Institutional Sanctions

Sanctions for individuals found responsible for discrimination, harassment, or retaliation include but are not limited to:

1. Employment termination or suspension
2. Suspension or expulsion
3. Residence hall probation
4. Residence Hall separation
5. Disciplinary probation
6. Any sanction set forth in the Student Code of Conduct or Employee Handbooks
7. Demotion

One or any combination of sanctions may be implemented depending upon the circumstances of each case.

When recommending and/or implementing sanctions, the Coordinator and/or appropriate disciplinary authority may take into consideration the prior disciplinary history of the accused.

Types of Sexual Misconduct

Sexual Misconduct is a broad term encompassing a wide range of sex-based offenses including but not limited to sexual harassment, sexual exploitation, forcible sex offenses such as rape, forcible fondling, nonconsensual contact, and abuse and non-forcible sex offenses such as statutory rape and incest. Sexual misconduct is included in the general term sexual harassment.

- A. **Non-Consensual Sexual Intercourse (Sexual assault):** Non-Consensual Sexual Intercourse is any sexual intercourse (anal, oral, or vaginal), however slight, with any object, by a man or a woman upon a man or a woman, without effective consent.
- B. **Non-Consensual Sexual Contact (Sexual assault):** Non-Consensual Sexual Contact is any sexual touching (including disrobing or exposure), however slight, with any object, by a man or a woman upon a man or a woman, without effective consent.
- C. **Sexual Exploitation:** Sexual exploitation happens when a student takes non-consensual, unjust, or abusive sexual advantage of another for their own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other three sexual misconduct offenses.
- Examples of sexual exploitation include, but are not limited to: prostituting another student, non-consensual video or audio-taping of sexual activity, posting on social media, going beyond the boundaries of consent (such as letting your friends surreptitiously watch you having consensual sex), engaging in “peeping tommery,” and knowingly transmitting an STD or HIV to another student.
- D. **Sexual Harassment:** Sexual Harassment is defined as, but not limited to, making unwelcome sexual advances, or request for sexual favors.
- E. **Intercourse:** Intercourse is not synonymous with penetration. If it were, non-consensual French kissing could meet the definition of oral rape; intercourse is more limited. Intercourse includes vaginal penetration, of the slightest, by a penis, object, tongue, or finger, anal penetration by a penis, object, tongue, or finger, and oral copulation (mouth to genital contact or genital to mouth contact).
- F. **Sexual Touching:** Sexual touching is any contact with the breasts, buttock, groin, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts.
- G. **Effective Consent:** Words or actions that show a knowing and voluntary agreement to engage in mutually agreed-upon sexual activity. Effective consent cannot be gained by force, by ignoring or acting in spite of the objections of another, or by taking advantage of the incapacitation of another, where the accused knows or reasonably should have known of such incapacitation. Effective consent may not be inferred from silence, lack of protest, the absence or resistance, or from the existence of prior consent. Additionally, effective consent cannot be given by anyone under the legal age of consent as set by state law.
- H. **Incapacitation:** The physical and/or mental inability to make informed, rational judgments. States of incapacitation include, without limitation, sleep, blackouts, and flashbacks. Where alcohol or other drugs are involved, one does not have to be intoxicated, drunk, or high to be considered incapacitated. Rather, incapacitation is determined by how the alcohol or other drugs consumed impact a person’s decision-making capacity, awareness of consequences, and ability to make informed judgments.¹ The question is whether the accused student knew, or a sober, reasonable person in the position of the accused student should have known, that the complainant was incapacitated. Because incapacitation may be difficult to discern, you are strongly encouraged to err on the side of caution; i.e., when in doubt, assume that another person is incapacitated and therefore unable to give effective consent.

2. Students having AIDS or having clinical evidence of infection with the AIDS-associated virus may be seen by the Campus Health Center. The physician, after consultation with the patient, is responsible for reporting cases of AIDS to the West Virginia Department of Public Health, Division of Communicable Diseases. Other individuals will not be informed of this diagnosis except with the written permission of the patient.

If there is a conflict between the patient or the patient's personal physician and the Campus Health Center, the University retains the right to make the final decision about the permissibility of the patient's attendance.

3. Glenville State University, viewing HIV infection as a protected handicap or disability under federal and state laws, will treat the HIV positive individual as one having a handicap or disability, and all related information will be held in strict confidentiality.

In case of a campus outbreak of a threatening communicable disease such as chickenpox or measles, a patient having HIV or AIDS may be asked to leave the campus until the outbreak is no longer a threat to the patient.

4. The Residence Life staff, in conjunction with the Campus Health Center, will provide educational programming for students attending Glenville State University, including programming of written materials, workshops, and seminars.

Along with other STD screening, oral HIV testing is available to enrolled GSU students at the Campus Health Center in conjunction with the DHHR STD Program. Pre- and Post-test counseling is done.

The University is committed to protecting the right of all students to pursue their intellectual, vocational, and personal interests without harassment or interference. Options available to victims of stalking include reporting to Glenville State Public Safety, the local police, seeking a remedy through civil proceedings, and/or utilizing the campus judicial process. Stalking behavior will not be tolerated. Incidents occurring on or off-campus are subject to University discipline when such actions materially affect the learning environment or operations of the University.

Substance Abuse, Tobacco, Drugs, and Alcohol Policies

Substance Abuse Policy

It is against University policy to serve or drink alcoholic beverages of any kind on campus. It is also against University policy to use, possess, or attempt to distribute or manufacture illegal or controlled substances on campus. Alcohol/drug or alcoholic paraphernalia of any kind, including but not limited to bottles, cans, bong, advertisements, signs, etc. is prohibited in the residential living facilities and on campus.

Alcohol and Drug Policies

Policy on Alcohol

Glenville State University prohibits the sale, possession, and consumption of alcoholic beverages on the campus. Violators are subject to disciplinary action. State Law prohibits the sale of all alcoholic beverages to persons under the age of 21 and the purchase of alcoholic liquors by persons under the age of 21. (WV Code 60-3-22a & b, and 61-8-27a)

Policy on Drugs

Glenville State is in compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989. The possession, use, manufacture, or distribution of an illegal drug is prohibited on property owned or controlled by Glenville State University. Members of the campus community are responsible for knowing and complying with the provisions of state and federal laws that prohibit the unlawful possession, sale, delivery, manufacture, or use of those drugs known as controlled substances.

Glenville State University, in coordination with community organizations and agencies, provides counseling and substance abuse education programs. These programs are available through the Office of Student Life and the Human Resources Office.

General Policy Information

Glenville State does not permit or approve of the possession, distribution, or use of alcoholic beverages or illegal drugs on the campus, or in any approved residence, or by recognized campus organizations.

This is consistent with Interpretive Rule, State College System of West Virginia Board of Directors, Series No. 42. The institutions' position is to firmly discourage use of alcoholic beverages without infringing upon the rights of those persons protected by the law. The legal age in West Virginia for purchasing alcoholic liquor, wine, or non-intoxicating beer is 21, and alcoholic liquor, wine or non-intoxicating beer cannot be legally possessed by an individual who is less than 21 years of age.

Students are advised that they will be held responsible and disciplined for any violation of the law governing the use of alcohol or illegal drugs. As adults, students are expected to obey the law and be responsible for their own conduct.

Individuals found in violation of alcohol policies or state law, or who display prohibited or disruptive behavior as a result of intoxication while on the premises, or while participating in a Glenville State University sponsored activity, may be subject to disciplinary action. Individuals found violating municipal ordinances or state laws relating to the purchase or consumption of alcoholic beverages while

on the Glenville State University campus may also be subject to prosecution for the violation in the appropriate court. The applicable municipal ordinances or state laws include under-age consumption of alcoholic beverages, open containers of beer or alcoholic beverages in a public place, use of false or altered identification, and public intoxication. The imposition of disciplinary proceedings is not dependent upon nor determined by existence or outcome of any criminal prosecution.

Counseling services are available for students who are concerned about their drinking or drug abuse. The staff responsible for this program will not judge you, criticize you, or moralize with you about your health and well-being. They are there to listen to you, to help you understand the nature of alcohol and drug abuse, and to suggest a program, if appropriate, to meet your needs. For more information, call (304) 462-6432 or refer to the University Catalog.

Parental Notification of Alcohol and Drug Violations

Per the guidelines of the Higher Education Amendments of 1998, Glenville State will notify the parents or legal guardians of under 21 students who are involved in disruptive or inappropriate behavior or incidents which results in residence hall or campus disciplinary action and which involve the illegal use or possession of alcohol or drugs.

The Higher Education Amendments of 1998 provides that: “DRUG AND ALCOHOL VIOLATION DISCLOSURES. Nothing in this Act or the Higher Education Act of 1965 shall be construed to prohibit an institution of higher education from disclosing, to a parent or legal guardian of a student, information regarding any violation of any Federal, State, or local law, or of any rule or policy of the institution, governing the use or possession of alcohol or a controlled substance, regardless of whether that information is contained in the student’s education record, if - (A) the student is under the age of 21; and (B) the institution determines that the student has committed a disciplinary violation with respect to such use or possession.”

Alcoholic Beverages on Campus – *excerpt from GSU Board of Governors Policy 3*

3.3 Alcoholic Beverages on Campus

3.1 The possession or use of alcoholic beverages is prohibited on or in property or facilities (including student housing) of Glenville State University except as hereafter provided:

3.1.1. In dwellings located thereon and occupied as a family residence; and

Health Risks of Drugs and Alcohol

Alcohol: Alcohol consumption causes a number of changes in behavior and physiology. Even low doses significantly impair judgment, coordination, and abstract mental functioning. Statistics show that alcohol use is involved in a majority of violent behaviors on college campuses, including acquaintance rape, vandalism, fights, and incidents of drinking and driving. Continued abuse may lead to dependency, which often causes permanent damage to vital organs and deterioration of a healthy lifestyle.

Cannabis (Marijuana, Hashish): The use of marijuana may impair or reduce short-term memory and comprehension, alter the sense of time, and reduce coordination and energy level. Users often have a lowered immune system and an increased risk of lung cancer. The active ingredient in marijuana, THC, is stored in the fatty tissues of the brain and reproductive system for a minimum of 28 to 30 days.

Hallucinogens: Lysergic acid (LSD), mescaline, and psilocybin cause illusions and hallucinations. The user may experience panic, confusion, suspicion, anxiety, and loss of control. Delayed effects, or flashbacks, can occur even when use has ceased. Phencyclidine (PCP) affects the section of the brain that controls the intellect and keeps instincts in check. Because the drug blocks pain receptors, violent PCP episodes may result in self-inflicted injuries.

Cocaine/Crack: Cocaine users often have a stuffy, runny nose and may have a perforated nasal septum. The immediate effects of cocaine use include dilated pupils and elevated blood pressure, heart rate, respiratory rate, and body temperature, followed by depression. Crack, or freebase rock cocaine, is extremely addictive and can cause delirium, hallucinations, blurred vision, severe chest pain, muscle spasms, convulsions, and even death.

Amphetamines: Amphetamines can cause a rapid or irregular heartbeat, tremors, loss of coordination, collapse, and death. Heavy users are prone to irrational acts.

Heroin: Heroin is an opiate drug that causes the body to have diminished pain reactions. The use of heroin can result in coma or death due to a reduction in heart rate.

Please Note:

- Signs and symptoms which might reasonably indicate the use of or intoxication by an illicit substance or the presence of drug-related paraphernalia may be construed as proximate indicators of illegal drug use or possession and therefore may be used as the basis for pursuing disciplinary action.
- Be aware that students convicted of drug offenses may also be barred from receiving federal financial aid for one year and/or permanently under federal financial aid regulations.
- If you would like to speak with a professional about a substance use related issue, please contact the University's Counseling Center in the Physical Education Building by: dropping in, via email at Timothy.Underwood@glenville.edu, or by calling (304) 462-6432.

Tobacco and Related Product Policy in and on all Campus Grounds and Facilities

Purpose: To establish procedures and guidelines to ensure the right to a healthful, smoke-free environment for each employee, student, and member of the general public who works, attends classes or events, or transacts business at Glenville State University.

Background: Recent studies on the effects of passive smoke inhalation by nonsmokers conclude that exposure to secondhand smoke can be harmful to one's health. Limited research is available on secondhand effects of e-cigarettes, but exposure to vapors may potentially have adverse health consequences. The working environment should present no unnecessary risk of physical harm or discomfort from environmental tobacco smoke or vapors. Furthermore, residents, employees, students, visitors, clients, and applicants should not be exposed to cigarette, other environmental tobacco smoke, or vapors.

Definitions:

1. Smoking: The use of any tobacco product, tobacco-derived and alternative nicotine product or vapor products, including cigarettes, e-cigarettes or vapor cigarettes, cigars, pipes, or any other tobacco product lighted, burned, or smoked.
2. Smokeless tobacco: Includes chewing tobacco, snuff and any other non-smoked tobacco product.
3. Environmental tobacco smoke referred to as secondhand or side stream smoke.
4. Workplace/Worksite: This term includes any office, facility, building, classroom, vehicle, and grounds operated by Glenville State University, temporary classroom and meeting facilities, and any other University-owned/leased property and vehicles.

Policy: It is the policy of Glenville State University to ensure that all workplaces maintain a healthful, smoke-free environment and to make employees, students and the public aware of their responsibility to comply with restrictions on smoking and the use of smokeless tobacco.

Specific restrictions and procedures are as follows:

- A. Smoking and the use of smokeless tobacco products is prohibited:
 - In all Residence Halls and outside areas at the entrances to residence halls.
 - In the Mollohan Campus Community Center, Science Hall, Clark Hall, Health and Physical Education Building, Kidd Library, Louis Bennett Hall, Maintenance Building, Alumni Center, Fine Arts Center, Administration Building, Waco Center, Morris Criminal Justice Training Center, and in all Glenville State University offices, conference rooms, corridors, workrooms, storage rooms, restrooms, mechanical rooms, vehicles, and any other enclosed areas. This includes outside areas at the entrances to all buildings.
 - In the bleachers, on the field or track, and in the Field House at Morris Stadium.
- B. No tobacco or vapor products shall be sold on campus.
- C. "NO SMOKING" and/or "SMOKE-FREE" signs shall be posted at appropriate locations on campus by the Physical Plant Department.
- D. The University shall encourage and support employee efforts to participate in and complete smoking cessation programs, as is feasible. Attendance at smoking cessation programs conducted

and/or sponsored by the University during employees' normal working hours shall be considered appropriate use of work time. Students will be advised of available smoking cessation programs.

- E. This policy does not supersede any local ordinances or State statutes that are more restrictive and applicable to the workplace, nor does it permit discrimination against smokers who apply for employment with Glenville State University.
- F. Failure to comply with this policy shall be handled in accordance with the Student Code of Conduct.

Withholding Diplomas, Official Transcripts, or Registration

The University expects students to meet all financial and other obligations to the institution during their enrollment and upon graduation. The Registrar's Office is authorized to withhold official transcripts and diplomas from students and former students who have failed to meet their obligations to the University. Registration will be withheld when the student has any financial obligation, whether due to tuition, fees, or parking fines that have not already been properly addressed with the Cashier's Office. The Chief Financial Officer or the President shall have sole authority to make any exceptions to this policy.

Official transcripts refer to transcripts provided through the Registrar's Office which are printed on secure transcript paper or digitally through the National Student Clearinghouse. Registration includes all priority registrations and open registrations. This policy will not prevent a student from the ability to drop a class, withdraw from a class, or officially withdraw from the University (all classes).

Holds are placed on student records who have unmet financial obligations. When a student satisfies their financial obligation, the office responsible for the hold will remove the hold enabling a diploma or official transcript to be issued or registration to be processed.

Visit the University Catalog for a complete list of holds and serviced withheld.

Notification of the Hold to Students

Students who have applied for graduation whose diplomas and transcripts will not be issued will be notified by an email sent to the student's university-assigned email address. This message will notify the student of their financial obligation and the withholding of their diploma and transcript.

Satisfaction of the Outstanding Obligation

If a student meets all outstanding financial obligations, the Registrar's Office will issue the diploma and any requested official transcripts within two weeks of being notified of the satisfaction of outstanding financial obligations.
