Students who want to pursue a Bachelor's Degree program but who do not meet the admissions requirements outlined above may enter a two-year program. Once the student has remediated deficiencies, or completed an associate degree, the student may transfer into a Bachelor's Degree program.

Conditionally-admitted students must achieve a minimum of a 2.0 GPA in at least 12 graded hours.

ASSOCIATE DEGREE PROGRAMS

Admission to the Associate Degree programs is open to all students who have graduated from any high school or hold a GED.

ALL CANDIDATES FOR BACHELOR AND ASSOCIATE DEGREE PROGRAMS MUST SUBMIT:

1. an application for admission
2. high school transcript or GED certificate
3. ACT or SAT I scores*
4. measles immunization record (if born after January 1957)

**State law provides that a male person who has attained the age of eighteen (18) years may not enroll in a state-supported institution of postsecondary education unless he is in compliance with the Military Selective Service Act (50 U.S. Code, Appendix §451, et seq. and the amendments thereto). Also, a male person may not receive a loan, grant, scholarship or other financial assistance for postsecondary higher education funded by state revenue, including federal funds or gifts and grants accepted by this State, or receive a student loan guaranteed by the State unless he is in compliance with the Military Selective Service Act. Selective Service Act registration information should be available at all U.S. Postal Service facilities and may be available at some high schools. The Selective Service System also provides information through a web site at <http://www.sss.gov>.

GENERAL EDUCATIONAL DEVELOPMENT (GED)/ HOME-SCHOOLED APPLICANTS

West Virginia Higher Education Policy, Series 23, requires that students admitted to West Virginia colleges and universities either be graduates of accredited high schools or high schools approved by the State Board of Education in the state where located or they must have earned a GED certificate. Applicants for admission to Glenville State College who are home-schooled must submit scores for the General Educational Development (GED) test in order to be considered for admission.

Students applying for admission who have not graduated from a North Central (or its equivalent) accredited high school and home-schooled students are required to submit documentation of having earned a score of 410 or higher on each area of the General Education Development test and a 2250 total standard score, thus qualifying for the State of West Virginia's high school equivalency certificate or diploma.

8 Admission and Financial Aid

Applicants will be considered for admission to Glenville State College's bachelor degree program if they attain a standard score of 500 on three of the five parts of the GED test. If a standard score of 500 is not achieved on three of the five parts of the GED test, students will be placed in a 2-year degree program. Once the student has successfully remediated any academic deficiency, or completed a 2-year degree program, the student may then transfer into a 4-year baccalaureate degree program.

Copies of the applicant's home school transcript, ACT or SAT I scores and GED test scores must be sent directly to the Office of Admissions. These applicants will be reviewed on a case-by-case basis.

EARLY ENTRANCE ADMISSION

Outstanding high school juniors and seniors may be admitted as "high school early admissions students" either for the regular academic year or summer session. Students may qualify on the basis of the following criteria:

1. Must meet all of the Higher Education Policy Commission's Freshman Assessment and Placement Standards for an incoming freshman.
2. Must have a high school grade point average of 3.0 or better, as certified by the designated high school official.
3. Must be recommended by the high school principal.
4. Must submit an application for admission and current high school transcript.

Official college credit will be given after the Registrar's Office has been officially notified that the student has graduated from high school. The college **must** be supplied with a final high school transcript.

INTERNATIONAL STUDENTS

Glenville State College is committed to promoting international understanding and respect for cultural diversity and, toward that end, particularly welcomes qualified international students.

All international applicants must take the international, standardized version of the test of English as a Foreign Language (TOEFL). Exceptions for English-speaking students will be made on a case-by-case basis. Applicants must submit official TOEFL test scores of 550 or higher to be eligible for full admission to Glenville State College. With a score of 550 or above, no additional language training is required for unconditional admission.

International students who submit official TOEFL scores of 500–549 are also eligible for admission to Glenville State College once they have completed a summer intensive English program.

Applicants who submit official TOEFL scores of 499 and below are eligible for conditional acceptance to Glenville State College. These students are required to complete a summer Intensive English program prior to entering GSC. These conditionally admitted students are required to attain a minimum of 500 on the TOEFL exam or achieved a grade of “C” or better in English 101 - Critical Reading and Writing I. Once a score of 500 is attained on the TOEFL exam or a “C” is attained in ENGL 101, the student is unconditionally admitted to the College.

Conditional admission as an international student may not be extended beyond four semesters, excluding summer sessions. If after three semesters of full-time study, an international student has not achieved a score of 500 or higher on the TOEFL or passed ENGL 101 - Critical Reading and Writing I with a grade of “C” or higher, that student will be placed on probation for the fourth semester. Barring exceptional circumstances, any international student who does not achieve a TOEFL score of 500 or grade of “C” or higher in ENGL 101 - Critical Reading and Writing within four semesters will not be allowed to continue at Glenville State College.

ADMISSION OF NON-DEGREE SEEKING STUDENT

Glenville State may admit individuals as non-degree seeking students upon completion of a GSC admission application. Non-degree seeking students may enroll in those courses for which they are qualified. If a non-degree seeking student would later choose to pursue a degree program, that student must submit all required documents (test scores, transcripts, etc.) to be admitted as a degree candidate.

The non-degree seeking student shall be allowed to enroll in no more than seven (7) hours per semester except by special permission of the Provost and Senior Vice President. The student will be responsible for paying the tuition and fees and is not eligible for federal financial aid.

Transcripts are not necessary for non-degree seeking students. Nor are they part of the student’s academic transcript. However, if the transcripts are submitted, the transcripts will be filed until such time as the student becomes a degree-seeking student at Glenville State College.

If a non-degree seeking student wishes to change his/her enrollment status, that individual must complete an admission application (available at www.glenville.edu) and submit it to the Office of Admissions along with all required documentation. Students changing degree status must meet all current admission requirements in effect at the time that the change of degree status is initiated.

10 Admission and Financial Aid

CORE COURSEWORK TRANSFER & TRANSFERABILITY OF CREDITS

The Higher Education Policy Commission of West Virginia has adopted a core coursework agreement to assure that students who transfer from one state college or university to another will receive credit for specified general studies courses at the receiving institutions. Under the terms of the agreement, a student may transfer up to 32 credits of undergraduate coursework in the areas of English composition, communications and literature, mathematics, natural science, and social science as general studies credits. A list of courses contained in this agreement may be obtained from the Registrar's Office.

At least 64 and no more than 72 hours of credit completed at West Virginia community and technical colleges or regional campuses are transferable to Glenville State College. Exceptions to the 72 hour rule may only be made by the Provost and Senior Vice President.

TRANSFER STUDENTS

1. Applicants seeking admission to Glenville State College as transfer students with 27 or more earned credits must be eligible to return to the institution from which they intend to transfer. Students who meet this requirement may be admitted, without conditions, upon the submission of an application for admission and an official transcript from ALL previous colleges attended.
2. Students seeking admission as transfer students who have earned fewer than 27 hours of college work must also submit a high school transcript and ACT/SAT I scores, as well as an official transcript from ALL previous colleges attended. If the student does not have the following criteria: (1) 2.0 average on their high school work, (2) ACT composite of 18 or above, (3) a combined verbal/math SAT I score of at least 870 AND if they have not completed the required high school courses listed above, they may be admitted to an associate degree program. The student then must remediate all deficiencies before transferring into a Bachelor's degree program.
3. Students who do not meet the previous two conditions may be admitted to Glenville State College upon the recommendation of the Academic Appeals Committee. If, in the opinion of the Committee, such applicants can successfully complete an academic program, the Academic Appeals Committee may forward a recommendation to the Provost and Senior Vice President that the student be admitted on probation for one semester at Glenville State College.
4. Any individual who has at least one year of military service, regardless of academic standing when last registered in college, may be readmitted either in good standing or on academic probation, whichever was the standing status when last registered in college.

5. All previously completed college work listed on the student's transcript will be recorded on the student's record at Glenville State College.
6. Students who transfer to Glenville State College from another college must have an overall GPA of at least 2.0 on all course work completed at Glenville State College as one of the criteria for graduation.

CLASSIFICATION OF STUDENTS AS RESIDENTS AND NON-RESIDENTS FOR ADMISSION AND FEE PURPOSES

Students enrolling in Glenville State College shall be assigned a residency status for admission, tuition and fee purposes by the Registrar. In determining residency classification, the issue is essentially one of domicile. In general, the domicile of a person is that person's true, fixed, permanent home and place of habitation. The decision shall be based upon information furnished by the student and all other relevant information. The Registrar is authorized to require such written documents, affidavits, verifications, or other evidence as is deemed necessary to establish the domicile of a student. The burden of establishing domicile for admission, tuition and fee purposes is upon the student.

If there is a question as to domicile, the matter must be brought to the attention of the Registrar at least two weeks prior to the deadline for payment of tuition and fees. Any student found to have made a false or misleading statement concerning domicile shall be subject to institutional disciplinary action and will be charged the nonresident fees for each academic term previously attended.

The previous determination of a student's domiciliary status by one institution is not conclusive or binding when subsequently considered by another institution; however, assuming no change of facts, the prior judgment should be given strong consideration in the interest of consistency. Out-of-state students being assessed resident tuition and fees as a result of a reciprocity agreement may not transfer said reciprocity status to another public institution in West Virginia.

Residence Determined by Domicile

Domicile within the State means adoption of the State as the fixed permanent home and involves personal presence within the State with no intent on the part of the applicant or, in the case of a dependent student, the applicant's parent(s) to return to another state or country. Residing with relatives (other than parent(s)/legal guardian) does not, in and of itself, cause the student to attain domicile in this State for admission or fee payment purposes. West Virginia domicile may be established upon the completion of at least twelve months of continued presence within the State prior to the date of registration, provided that such twelve months' presence is not primarily for the purpose of attendance at any institution of higher education in West Virginia. Establishment of West Virginia

12 Admission and Financial Aid

domicile with less than a twelve month presence prior to the date of registration must be supported by evidence of positive and unequivocal action.

In determining domicile, the Registrar will give consideration to such factors as the ownership or lease of a permanently occupied home in West Virginia, full-time employment within the State, paying West Virginia property tax, filing West Virginia income tax returns, registering of motor vehicles in West Virginia, possessing a valid West Virginia driver's license, and marriage to a person already domiciled in West Virginia. Proof of a number of these actions should be considered only as evidence that may be used in determining whether or not a domicile has been established. Factors mitigating against the establishment of West Virginia domicile might include such considerations as students not being self-supporting, being claimed as dependent on federal or state income tax returns or on the parents' health insurance policy if the parents reside out of state, receiving financial assistance from state student aid programs in other states and leaving the State when school is not in session.

Dependency Status

A dependent student is one who is listed as a dependent on the federal or state income tax return of his/her parent(s) or legal guardian or who receives major financial support from that person. Such a student maintains the same domicile as that of the parent(s) or legal guardian. In the event the parents are divorced or legally separated, the dependent student takes the domicile of the parent with whom he/she lives or to whom he/she has been assigned by court order. However, a dependent student who enrolls and is properly classified as an in-state student maintains that classification as long as the enrollment is continuous and that student does not attain independence and establish domicile in another state.

A nonresident student who becomes independent while a student at an institution of higher education in West Virginia does not, by reason of such independence alone, attain domicile in this State for admission.

Change of Residence

A person who has been classified as an out-of-state student and who seeks resident status in West Virginia must assume the burden of providing conclusive evidence that he/she has established domicile in West Virginia with the intention of making a permanent home in this State. The intent to remain indefinitely in West Virginia is evidenced not only by a person's statements, but also by that person's actions. In making a determination regarding a request for change in residency status, the Registrar will consider those actions referenced under "Residence Determined by Domicile" above. The change in classification, if deemed to be warranted, shall be effective for the academic term or semester next following the date of the application for reclassification.

Military

An individual who is on full-time active military service in another state or a foreign country or an employee of the federal government will be classified as an in-state student for the purpose of payment of tuition and fees, provided that the person established a domicile in West Virginia prior to entrance into federal service, entered the federal service from West Virginia, and has at no time while in federal service claimed or established a domicile in another state. Sworn statements attesting to these conditions may be required. The spouse and dependent children of such individual shall also be classified as in-state students for tuition and fee purposes.

Persons assigned to full-time active military service in West Virginia and residing in the State shall be classified as in-state students for tuition and fee purposes. The spouse and dependent children of such individuals shall also be classified as in-state students for tuition and fee purposes.

Citizens of Other Countries

An alien who is in the United States on a resident visa or who has filed a petition for naturalization in the naturalization court, and who has established a bona fide domicile in West Virginia as defined under “Residence Determined by Domicile” above may be eligible for in-state residency classification, provided that person is in the State for purposes other than to attempt to qualify for residency status as a student. Political refugees admitted into the United States for an indefinite period of time and without restriction on the maintenance of a foreign domicile may be eligible for an in-state classification as defined under “Residence Determined by Domicile.” Any person holding a student or other temporary visa cannot be classified as an in-state student.

Former Domicile

A person who was formerly domiciled in the State of West Virginia and who would have been eligible for an in-state residency classification at the time of his/her departure from the state may be immediately eligible for classification as a West Virginia resident provided such person returns to West Virginia within a one-year period of time and satisfies the conditions under “Residence Determined by Domicile” regarding proof of domicile and intent to remain permanently in West Virginia.

Appeal Process

The decision of the Registrar with the determination of residency classification may be appealed in accordance with appropriate procedures established by the President. At a minimum, an institutional committee on residency appeals appointed by the Provost will be established to receive and recommend on appeals of initial residency decisions made by the Registrar. The residency appeal procedures will also include provisions for appeal of the decision of the College committee on residency appeals to the President. The President’s decision on residency is final and not subject to appeal.

**GLENVILLE STATE COLLEGE POLICY ON TUITION AND FEE WAIVERS
FOR RESIDENTS AT LEAST 65 YEARS OF AGE**

The reduced tuition and fee program at Glenville State College is designed for **residents of West Virginia** who are **at least sixty-five years of age**. Prospective participants in the reduced tuition and fee program will be permitted to enroll in courses at Glenville State College under the following conditions:

- Participants will register for courses in the Registrar's Office and must identify themselves as a participant of the program prior to registering.
- Classroom space must be available. If space is limited, a prioritized waiting list will be developed identifying date and time of attempted enrollment. If and when space becomes available, participant(s) will be notified of available space by the Registrar's Office.
- Participant(s) will be subject to Glenville State College programmatic and financial guidelines for enrollees and to the rules, regulations, procedures and requirements, including course prerequisites, of Glenville State College and the Higher Education Policy Commission.
- Special fees required of other students in a given course will be required of participants in the reduced tuition and fee program.
- Participants in the reduced tuition and fee program will be issued a free parking permit.

The tuition and fees charged to residents at least 65 years of age under **for credit** option shall not exceed fifty percent of the normal rates charged to state residents by the institution. This tuition and fee adjustment applies to classroom-based courses, electronic and internet-based courses, and all other distance education delivery. Participants in this category will be responsible for any laboratory fees which may be part of the course requirements.

If a participant chooses to enroll in a class for **no credit**, the cost will be \$10.00 per credit hour, not to exceed \$50.00 per course. In addition, participants in this category will be responsible for any laboratory fees which may be part of the course requirements.

FINANCIAL ASSISTANCE

A need analysis form - Free Application for Federal Student Aid (FAFSA) - approved by the Department of Education is used to determine student eligibility for federal financial aid. Glenville State College's Department of Education CODE NUMBER is 003813. Students are encouraged to apply online at FAFSA.ED.GOV. Soon after filing the FAFSA, the student will receive a Student Aid Report and the school will receive the information electronically if listed on the FAFSA. All students are encouraged to **APPLY BY MARCH 1** at www.fafsa.gov for priority processing. There is no separate institutional application.

The Department of Education believes that the financing of a college education is primarily the responsibility of the student and family. However, financial assistance in the form of grants, loans, and work opportunities is available when resources from the family are not adequate to cover the cost of education. The amount the family is expected to contribute is related to the family's financial strength. Factors involved in determining eligibility include income, size of family, number of family members in college, assets and other allowable expenses and indebtedness.

Students with **special circumstances** should contact the Financial Aid Office (304-462-4103) for assistance.

Glenville State College follows the **dependency status** definition of a student as set forth by the US Department of Education. However, if there are very unusual circumstances, exceptions may be made.

Outside scholarships and resources can affect the student's financial aid eligibility.

Some students completing the Free Application for Federal Student Aid must have all **information verified** and will be required to submit income documentation. All students must be **fully admitted** to Glenville State College before any aid can be disbursed.

Summer school financial aid is treated as a part of the immediately preceding academic year. There are limited funds available for summer school. Students must have a completed FAFSA for the previous school year and also submit an institutional summer school financial aid application (available on the website www.glenville.edu) to be considered for summer aid.

Award letters are sent to financial aid applicants who have completed a Free Application for Federal Student Aid (FAFSA) at www.fafsa.gov and who has also submitted all requested documents to the Financial Aid Office. The student is offered federal aid based on residency, expected family contribution as reported on the FAFSA, date application was received at the processing center, the student's desire for work and/or loans as marked on the FAFSA and availability of funds. Awards are made assuming full-time enrollment. First time financial aid applicants will have award letters mailed to their permanent address and an e-mail notice sent. Upperclassmen will only have an e-mail notice sent when their awards are ready to review. Students who enroll at less than full-time level may have their awards pro-rated upon request. Students may be considered for aid for study abroad programs. The financial aid budget may be increased for documented child care expenses.

The Financial Aid Office **reserves the right** to review, adjust or cancel an award at any time due to changes in the recipient's financial, academic or residency status. Awards could also be changed based on the availability of funds and/or changes in regulations and/or procedures mandated by College, state or federal authorities or computer error.

Funds will be disbursed to a student's account on or after the first day of classes of a term provided all eligibility requirements are met. Generally those requirements are a processed award letter and any necessary promissory notes, entrance counseling for Direct Loans (www.studentloans.gov), enrollment in classes, full admission in a degree-seeking program and evidence of satisfactory academic progress. If there is a credit balance after funds have been paid to the student's account, then the credit check will be available within 10 working days at the cashier's office with proper identification. If checks are not picked up, then checks will be mailed to the student's permanent address as listed in the school's computer system.

Students who receive financial aid and find it necessary to withdraw from all classes must notify the Financial Aid Office as part of the **withdrawal process**. Any refund due as a result of this action will first be used to repay any financial aid funds the student used while enrolled. Students may be required to reimburse a percentage of funds received through federal funding and the West Virginia Grant.

All recipients of federally guaranteed loans (Federal Direct, PLUS) are required to have **exit counseling (in person, by mail or at www.dlsonline.com)** upon leaving Glenville State College due to graduation or termination of enrollment.

Return of Title IV Funds for Withdrawal

Students who receive financial aid while attending Glenville State College will not receive any cash refunds upon withdrawal from school until after all financial aid amounts which were disbursed for that enrollment period are repaid. Title IV funds recipients are subject to the "Return of Title IV Funds" policy which is based on the percentage of the enrollment period completed and the amount of Title IV aid disbursed. This is a separate calculation from the institution's tuition and fees refund policy.

22 Admission and Financial Aid

The percentage of time completed in the enrollment period is calculated by dividing the number of days completed by the total number of days in the enrollment period. After 60 percent of the semester is completed, there is no return of Title IV funds. The withdrawal date is determined by the Registrar's Office based on last date of attendance. The amount of earned aid is calculated by multiplying the amount of disbursed Title IV funds by the percentage of time completed. The amount to be returned to the Department of Education is determined by taking the total amount of disbursed aid and subtracting from it the amount of earned aid. The institution's share of the amount to be returned is calculated by multiplying institutional charges by the percentage of time not enrolled. The student's share is calculated by subtracting the amount the school must return from the total amount to be returned. Remaining loan balances are repaid by the student according to the terms and conditions of the promissory note. Any grant amount owed by the student is divided in half and must be repaid to the school within 45 days of notification of the repayment or will be turned over to the Department of Education for collection at which time the student becomes ineligible for further federal financial aid at any institution. The student will be billed for any amount the school must return due to the student's withdrawal that is not covered by the institutional refund policy.

FINANCIAL AID SATISFACTORY ACADEMIC PROGRESS POLICY SUMMARY

All students, whether in bachelor or associate degree programs, who wish to receive Federal Financial Aid while attending Glenville State College must meet all of the requirements of this policy. Compliance with these standards will be measured each semester on all enrolled students. Students will be notified and permitted one semester of financial aid probation. If the student is not meeting the requirements of this policy at the end of the probation semester, then he/she will be placed on financial aid suspension. This policy is separate and distinct from the Academic Probation and Suspension Policy. The funds affected by the policy are Federal Pell Grant, Federal Supplemental Education Opportunity Grant, Federal College Work Study, Federal Direct Loan, West Virginia Higher Education Grant, and Higher Education Adult Part-Time Student Grant. Some outside agencies also award monies under these guidelines.

I. Qualitative Standards

All students must maintain a minimum cumulative grade point average. This is based upon the number of cumulative attempted hours as recorded in the Registrar's Office.

Hours Attempted	Overall Grade Point Average
00-42 hours	1.50 GPA
43-60 hours	1.80 GPA
61 hours and above.....	2.00 GPA

II. Quantitative Standards

- a. The ratio of total hours passed to total hours enrolled must be $\frac{2}{3}$ or more.

Total credits passed will include courses for which a student received a grade of “A,” “B,” “C,” “D,” or “CR”. The total credits enrolled will include all courses in which a student began enrollment. These will include all courses in which a student passed, failed, received an incomplete grade, withdrew, audited, repeated and non-credit remedial hours. This total may differ from the number of hours attempted as recorded by the Registrar’s Office and will be calculated from the student’s billing hours.

- b. Maximum hours

The total credits attempted for a student pursuing a bachelor degree shall not exceed 192 hours.

The total credits attempted for a student pursuing an associate degree shall not exceed 102 hours. However, a student may complete an associate degree program and then enroll in a bachelor degree program, and total hours enrolled will include all hours from the associate degree program.

III. Compliance and Appeals

The Financial Aid Administrator shall notify a student who is found to be in non-compliance with these standards, that he or she is on financial aid suspension and is no longer eligible for federal financial aid, including loans. To be removed from financial aid suspension, a student may attend GSC at his own expense, provided he or she is eligible academically, until the minimum grade point average or ratio of hours passed is reached. Simply paying for one’s classes or not attending college will not affect a student’s financial aid satisfactory academic progress standing but may be considered during an appeal *if other extenuating circumstances exist*.

Students may appeal their financial aid suspension by submitting (1) an appeal letter explaining the circumstances and (2) the Financial Aid Satisfactory Academic Progress Appeal Form along with (3) relevant documentation to the Financial Aid Appeals Committee c/o Financial Aid Office. Appeals may be based on: (1) The death of an immediate family member; (2) A documented injury or illness of the student; (3) Other mitigating circumstances beyond the student’s control; (4) The student has audit hours (unless the student switched from “credit” to “audit” or received an “audit-non complete” report; or (5) The student’s major degree program requires more hours than listed above. Appeals should be submitted as soon as possible and no later than two weeks before the beginning of the next term for prompt consideration. When possible, a written or electronic response will be provided within ten working days of receipt of the appeal letter. Appeal requests that are denied by the Committee may be appealed in writing to

24 Admission and Financial Aid

the President's Office within five working days of receipt of such notice. Copies of correspondence sent to the President's Office must also be sent to the Financial Aid Office. A reply to this appeal will be provided, when possible, within ten working days. Appeals that are not approved are eligible to be resubmitted to the Committee after one semester if changes in the situation have occurred.
