Professor: M. Smith

Associate Professors: A. DeMatteo, M. Gherke, F. Walborn, E. Wood

Assistant Professors: G. Abraham, M. Curtis, A. Daniel, G. Hoshell, I. Mills, M. Mills,

The Department of Social Science provides a wide variety of courses and subjects. Though each is unique in its focus and in its emphasis, the social sciences have a common concern with human behavior. The social sciences share the belief that human behavior, culture, and society—the total human experience—can and should be studied using the methods of science.

The Department of Social Science is committed to offering high quality classroom instruction, providing professional and caring advising and demonstrating strong commitment to the values of a higher education community. While the faculty are justifiably proud of what they as an academic unit are doing well, they also fully realize that a contemporary education entails more than classroom work. Thus, the Department of Social Science offers a variety of opportunities and experiences that go beyond the formal classroom experience. In addition to course work, students are encouraged to be active and engaged citizens, individuals demonstrating leadership in campus and community activities. The Department promotes and supports students interested in internships, workshops, and other career-oriented opportunities.

The Department sponsors several student organizations such as the Behavioral Science Club, Criminal Justice Honors Society Alpha Phi Sigma; and Pi Gamma Mu, the International Social Science Honor Society.

In short, the Department of Social Science is a strong academic department committed to effective instruction, quality advising, social activism, and expanding career opportunities for our students.
