Glenville State College is pleased to offer:

**A Nonprofit Leadership and Management Minor**

and/or **Nonprofit Leadership Alliance Certification**

For those who desire an exciting career in the nonprofit sector, there is no better undergraduate preparation than earning a Nonprofit Leadership and Management certificate. Glenville State College is the only institution of higher education in the state of West Virginia to provide this education and preparation. In addition to the certification, Glenville State College offers a Minor in Nonprofit Leadership and Management (NPLM) which may be earned with or without the certification.

Students Have Three Choices:

1) Nonprofit Leadership certification,
2) The Nonprofit Leadership and Management minor, or
3) Nonprofit Leadership certification and the minor.

The certification may be earned in conjunction with any undergraduate major or once a bachelor’s degree is earned. The NLA certificate is *nationally* recognized in the nonprofit sector.

**Program Requirements**

The Nonprofit Leadership Alliance focuses on providing hands-on opportunities such as internships, co-curricular activities, and coursework to allow students the opportunity to learn through experience.
