Visiting Team Info
Use of the Field House and Jesse R. Lilly Training Rooms

We welcome you to Glenville State College. If treatments are required prior to the contest, they will be administered in the Field House and/or Jesse R. Lilly training rooms. Available equipment includes: Moist Heat, Electrical Stimulation and Ultrasound. The following emergency equipment will be available if needed: Spine Board, Vacuum Splints, Sam Splints, Crutches, Infectious Waste Disposal, and First Aid Supplies.

Please note that we ask either a letter or a phone call regarding any treatments (besides an ice bag) if an A.T.C. is not traveling with a team. Also, if one of your teams is traveling without an A.T.C. or a Student Athletic Trainer, please let us know so that we can make appropriate arrangements.

If you have athletes needing to be taped, please provide a stocked kit with the supplies necessary for each of them.

The Athletic Department at GSC requests that your football team be accompanied by an A.T.C.

Supplies furnished during the contest include: a 10 gallon cooler of water, 1 ice chest, and infectious waste disposal. If any extra necessities are required by your staff, please contact us so that accommodation may be made in advance.

Field House Contact - (304) 462-6233
Your cooperation in these matters will ensure the well being of all our athletes and we wish you a healthy, injury free season.
