Central West Virginia Veterans Legacy Project
Initial Veterans Survey

The Veterans Legacy Project will establish an oral history collection that preserves and protects the recollections, memories, and stories of men and women who served in the U.S. military. The collection will be available to interested families, students, and scholars on the Glenville State College campus and website.

The Veterans Legacy Project, in partnership with the U.S. Library of Congress’ Veterans History Project will also preserve memorabilia, letters, artifacts, and photographs associated with all West Virginia’s veterans, young and old. Glenville State College has previously established a WWII oral history collection.

This project is made possible by a grant from the U.S. Institute of Museum and Library Services.

First Name: ___________________________________ Last Name: _________________________________________
Phone: _______ - _______ - _______ E-mail Address: ______________________________________________________
Address:__________________________________________________________________________________________
City: ____________________________________________ State: ____________ Zip Code: _________________________
