Employer: CRC Health Group - Charleston Treatment Center

Position: Therapist

Job Description: Full Time,

CRC Health Group is the nation's leading provider of treatment and educational programs for adults and youth who are struggling with behavioral issues, chemical dependency, eating disorders, obesity, pain management, or learning disabilities. CRC provides clinically sound, research-based treatment options at 145 facilities conveniently located throughout the United States. As a service-oriented company that is determined to provide cutting-edge scientific solutions to behavioral health issues, we are constantly working to improve the quality of care and depth and breadth of services available. For more than 30 years, our treatment philosophy and exceptional care have enabled our clients to reclaim and enrich their lives. As CRC continues to set the standards in innovative behavioral health care, we proudly embark on a future of new beginnings for individuals and families in need.

Charleston Treatment Center, a member of CRC Health Group, is an outpatient substance abuse treatment facility serving patients diagnosed with the disease of addiction specifically to the opioid class of drugs. Our facility has an opening for a full time Therapist. The qualified candidate will work closely in a team environment with a team of clinicians, medical personnel, and office personnel in accordance with State and Federal Regulations to provide exceptional quality of care to our patients. We offer our patients an out-patient environment conducive to recovery from the disease of addiction, while we offer our staff an educational environment where patient care is our top priority.

Under the supervision of the Clinical Supervisor, our Therapists are ultimately responsible for providing individual and group therapy to patients with a primary diagnosis of chemical dependency. Additional responsibilities include:

- 1) Utilizing knowledge of a variety of therapeutic models and theories to understand and plan intervention strategies for a variety of patients;
- 2) Monitoring patient progress and making changes to the therapeutic approach and best practice, evidenced based interventions based on patient response to treatment;
- 3) Working collaboratively with the patient and appropriate others to develop a comprehensive treatment plan that addresses priority needs of the patient, desired treatment outcomes, an agreed upon plan of action, and reassessment;
- 4) Maintaining patient records related to screening, intake, treatment, continuing care, progress toward goals and

objectives, discharge summary, and treatment outcomes that are accurate, concise, timely, and useful for coordinating treatment team planning, monitoring, and review.

5) Coordinating and cooperating with local agencies and organizations necessary to expedite treatment for each patient.

Job Requirements

- 1) Master's degree in the field of social/behavioral sciences or human services required;
- 2) West Virginia Certified/Licensed Addictions Counselor, Social Worker, or Professional Counselor, or two years clinical experience required;
- 3) Medicaid experience preferred;
- 4) Ability to work early morning hours;
- 5) Excellent verbal, non-verbal, and written communication skills;
- 6) Experience with chemical dependency and/or medication assisted treatment preferred.

Qualifications: CRC Health Group offers a competitive benefits package to all full-time employees, including Medical, Dental, Vision, 401k, Company paid group term life insurance, supplemental life insurance, disability insurance, and educational reimbursement.

Preferred Major(s): Psychology/Sociology;
