Employer: Healthcare Management Solutions, LLC

Position: Senior Software QA Tester

Job Description: Full Time, Permanent,

Healthcare Management Solutions LLC (HMS) is seeking potential candidates to fill an anticipated Senior Software QA Tester position for a government contract, to work in our Columbia, MD office or Fairmont, WV office. The primary function of this position is to conduct unit testing to evaluate compliance and adherence to specified requirements and to review test scripts to ensure relevance and accuracy as it pertains to related business requirements.

Duties and Responsibilities:

- Define, develop, and implement quality assurance plans that cover the development life cycle as it pertains to testing. Evaluate compliance with legislative and regulatory requirements
- Develop Test Case Specification Documents outlining a testing approach for a given software application including test script development, functional testing, use cases, and a requirements traceability matrix
- Run in-depth testing, detect problems, recommend solutions, and determine if program requirements have been satisfied
- Review and verify that all testing documentation and artifacts are updated for each application release
- Perform 508 compliance on all project deliverables and assist in the preparation of deliverables as needed

Qualifications: Qualifications:

- Applications and systems testing experience on software applications, COTS products, databases, and web based applications
- Experience on the technical aspects of software development projects through the full system development life cycle
- Must have working knowledge of and experience with HP testing products
- Experience with DOORS and system applications within the health care industry preferred

Minimum Education and Experience:

- Bachelor of Science in Computer Science, Computer Engineering, or Software Engineering preferred
- Equivalent on the job experience or training will be considered and HMS will accept any suitable combination of education, training, and experience as indicated above to fulfill the position description
