#### Staff Items:

#### **Notes from Meet & Confer**

#### Staff

#### April 2, 2020

#### Administrative Items:

- Update on institutional activities in relation to the coronavirus pandemic and the Governor's stay-at-home executive order
  - GSC had 183 students who moved out during spring break. There are 300+ who still have things in the dorms. Three students are currently in quarantine as a requirement to come back to campus. There are 16 students residing on campus.
  - The Aramark contract has been suspended for the rest of the year. The College is working with locals to provide two meals per day for the students still on campus.
  - The College is trying to figure out how to handle federal stimulus money, and is considering giving "grant" money to students who left campus. This would give 1/3 of room and board money back to students.
  - All events in April and May have been cancelled, including commencement. Dr. Nelson wants to do something creative/virtual for the graduating students. The students will be asked to come back and walk in the graduation ceremony in December 2020 or May 2021.
  - o The Presidential Candidates interviews have been moved to May 27, 28 & 29.
- Draft policies for review:
  - Chelsea sent the draft policies to Staff Council representatives for them to send out to their groups. These are also listed on the GSC website. Two new policies have been added – shared governance, and animals on campus.
- Salary increase recommendation for staff and non-tenure-track faculty who complete academic degrees:
  - Tenure-track faculty are eligible for salary increases. Staff and non-tenure-track faculty are not eligible.
  - The Administration is considering a 3% salary increase for full-time staff and nontenure-track faculty who complete a degree. This would cover anyone who has graduated with another degree since July 1, 2019.
- Calendars final: FY21 Academic Calendar, GSC Holiday Calendar for FY21:
  - These finalized calendars were provided for this meeting (and are attached to meeting notes)
- Update on placement of individuals associated with the 5.5 FTE staff positions eliminated in both FY20 and FY21:

- Three of these employees have been moved to another position on campus.
- o If the other employees are not moved to a new position by July 1, they will be considered first for any new open positions on campus.

#### • FY21 Budget Assumptions:

- There is a \$2.2M deficit currently. The Administration hopes to have a completely balanced budget within 3-4 years. There will be a \$1.25M deficit for the 2020-2021 year.
- The Administration will be looking at enrollment and retention projections to determine possible tuition income for next year. This will be sent to Department Chairs for review and input. Enrollment is the biggest variable in the budget. After the COVID pandemic, some students may not want to come to campus, or may not be able to afford to come back.
- The Administration is being more conservative with projections, so that hopefully projections are closer to reality.

#### FY21 Tuition recommendations to BOG:

- The tuition recommendations will be taken to the BOG in April.
- o There is a recommended 7.9% increase for in-state and out-of-state tuition.
- GSC has the lowest out-of-state tuition, among other schools in the state, in order to compete with in-state tuition in other states. This decision was made last year. This enrollment data will be monitored for a few years to see if this is helping enrollment numbers/recruitment. The first full set of data will be available in fall 2020.
- Chelsea said that Admissions has had info at events this year promoting the outof-state tuition costs, and would work on creating flyers for faculty and staff to take to events to promote.

#### FY21 Academic Affairs Reorganization – summary financial data

- The new Academic Affairs suite will be where the Advancement Team is currently located. This will house 4 secretaries, the Dean of Education, Assistant Vice President and Provost.
- The Administration is still figuring out how secretaries will support all departments, and are open to suggestions on this.
- The figures given in the meeting attachments (attached to the meeting notes)
  are salary-only with no benefits figured in. The re-organized figures do not show
  benefits, and adjuncts do not receive benefits.
- On the Strategic Investments in Academic Affairs FY21 page:
  - The four new faculty are in Business, Education and Social Science, which are areas where more support is currently needed
  - Faculty resources to advance academic programming includes hiring a consultant to review process and determine if/how GSC can start a nursing program

- The Faculty Replacements are already built into the budget and searches are on-going.
- Gary will be reaching out to different groups to discuss re-organization and make sure everything is covered and accounted for.

#### Staff Items:

- Chelsea did not have any new items to be discussed, but asked what everyone's work situations were across campus in case students need Financial Aid or other offices they will know how to contact them.
  - Gary said that someone is available to answer the phone for Human Resources, Financial Aid, Registrar's Office, Cashier's Office and the Academic Success Center.
  - Someone will be in the Cashier's Office Mon-Fri 8:00-4:00 to take payments over the phone.
- It was recommended that everyone update their voicemail messages with new methods of contact.
- It was asked if, since we are currently converting all classes online due to COVID, if this
  would help with future online programs. Gary said this would be helpful for programs
  going online in the future, if departments wish to do so. GSC has approval to do any
  program online.

### Policy to compensate staff for degree attainment

**Recommendation:** 3% increase in base pay to each non-tenure track faculty or full-time staff person upon attainment of an additional degree.

**Discussion:** The salary increase would be just for the completion of academic degree (not certificates or seminar completion) attainment. The degree would not need to be relevant to the employee's current position. Promotion or additional duties would impact base salary independently. This would apply to full-time staff and coaches and non-tenure-track faculty only, not part-time employees or Graduate Assistants.

Faculty who are directed to take specific courses or a degree program as part of meeting minimum qualifications for a position are not included under this proposal.

Effective Date:	tive Date: Degrees for which work is completed subsequent to July 1, 2020.		
Approved:			
	Dr. Kathleen Nelson, Interim President	Date
