

GLENVILLE STATE COLLEGE

BUSINESS DEPARTMENT

The Department of Business at Glenville State College provides quality educational opportunities for students who are preparing for challenging careers in a dynamic business environment. The faculty members are committed to educating students to be thoughtful, productive, engaged, and responsible citizens. Faculty and students interact with employers and recent graduates who regularly provide advice on the marketability of the degrees in an information-processing and global economy.

The Business Department offers the popular Bachelor of Science in Business Administration (BSBA) degree with majors in Accounting, Computer & Information Systems, Management, Marketing, Resort Area Management, and Sport Management. Other programs include a Bachelor of Arts in Education (BAED) with a major in Business and Marketing (5-adult) and an Associate of Science (AS) in Business.

All programs emphasize life-long learning and personal and professional development. Modern technology and current software are integrated throughout each program.

Small classes permit convenient access to faculty and academic advisers. Faculty members in the GSC Business Department bring a variety of professional experiences to the classroom and also encourage students to visit their offices frequently during the semester.

GLENVILLE
STATE COLLEGE

"By setting high standards, the Glenville State College Business Department equipped me with the necessary tools and knowledge to enter the business world."

- Joe E.
