# History of GSC Buildings

The opening of this college was fought for by many Gilmer County residents. Their efforts paid off with the formal opening on January 14, 1873 of the Normal School at Glenville. The first classes were held in the court house. This facility became too small and money from the legislature made it possible to build what was called the "Old Building" in 1885. In 1893 a clock tower was added. In 1893 the college name changed to the State Normal School. The present-day Administration Building remains standing and in use.

With money appropriated from the legislature, the President's House was constructed in 1929 for \$20,000. After this the college was renamed again in 1931 to Glenville State Teachers College.

As the college grew, need for more housing arose. A dormitory was completed in June, 1937 and was named after the first principal, Louis Bennett. Money from the legislature permitted construction of the two most modern building in the state at the time. In 1939 the Science Hall was dedicated and put into use. In 1943 the college made its final name change, thus far, to Glenville State College. In 1952 the Health and Physical Education Building was dedicated as the most modern gymnasium, with two gyms, a swimming pool, classrooms and offices.

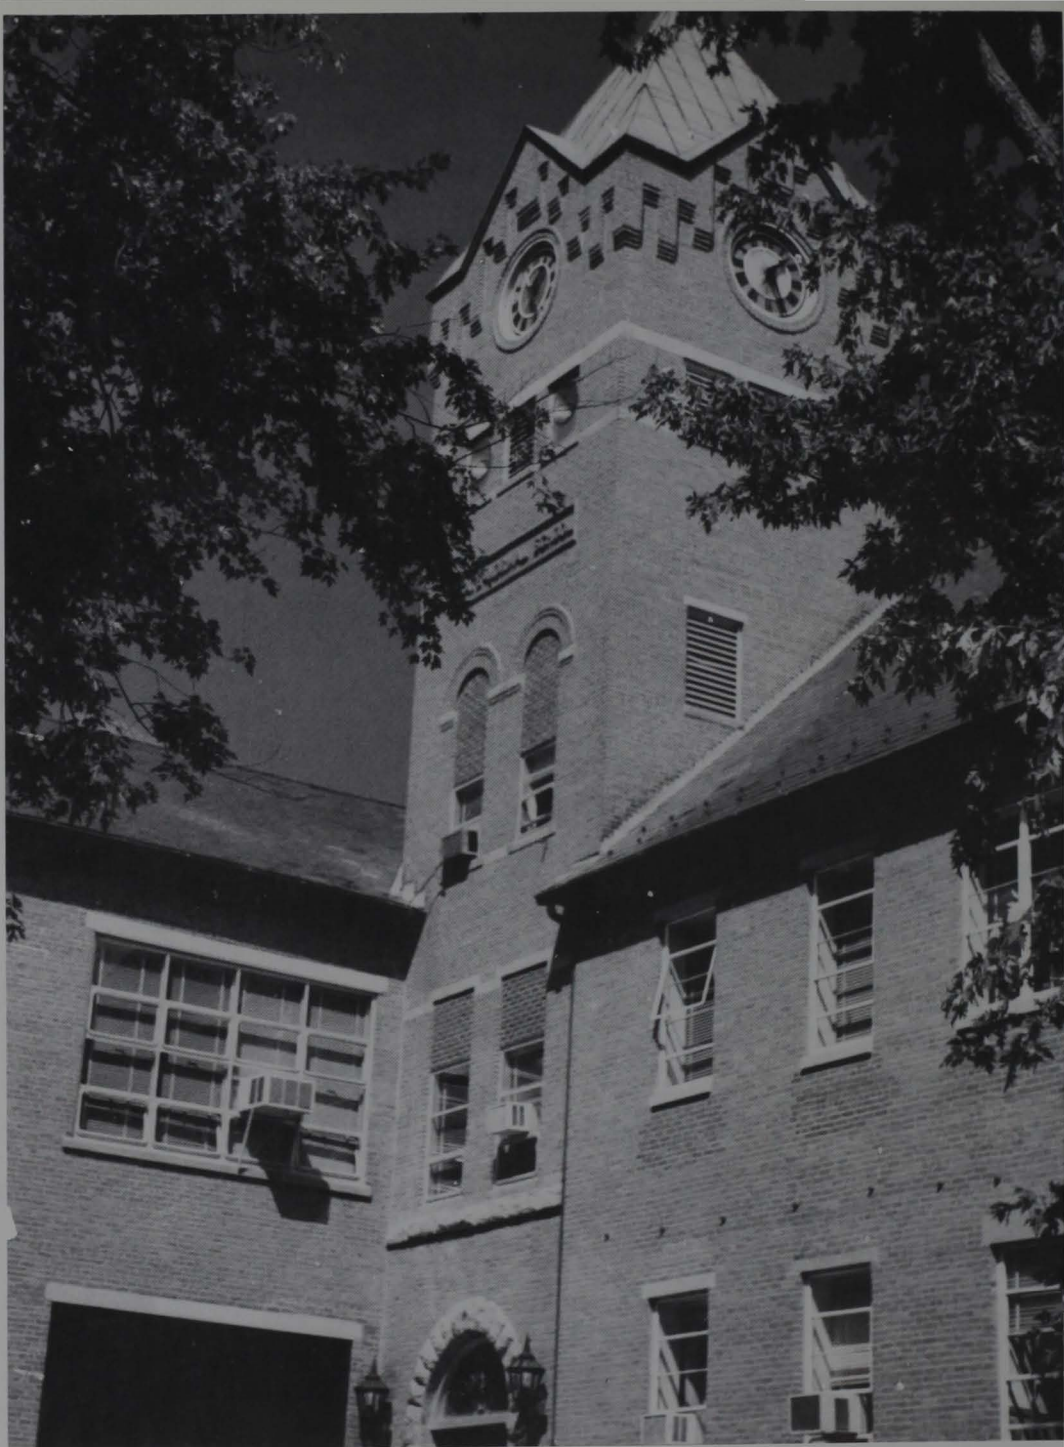

In 1956 a dining hall and student center was constructed. And in 1964 the building was enlarged and named the Pioneer Center. As of April 1990 it was rededicated to the Hefflin Student Center. A women's hall was constructed in 1960 and in 1964 it was remodeled to house both men and women and another wing was added. Pickens Hall was named for Pearl Pickens, Dean of Women.

Kanawha Hall was acquired in 1913 for dorms and a dining hall. This building used to occupy the site of the Robert F. Kidd Library. The library was completed in 1967 and named after the fourth college president.

On the site near present-day Clark Hall, Verona Maple Hall used to be housing for 80 students in 1926. The old library was replaced by the new library. In 1968 the name of the old library was changed to Clark Hall and was reconstructed for classrooms.

The present-day Alumni House was previously owned by John Arbuckle. This man did many things for the college and when he died, his house was bought by the Alumni Association.

The newest building, the Fine Arts Building, will be dedicated in Fall 1990. This building was constructed for art and music classes. It houses an auditorium, a smaller auditorium, practice rooms, classrooms and offices.

The present-day Administration Building with its well-known clock tower.

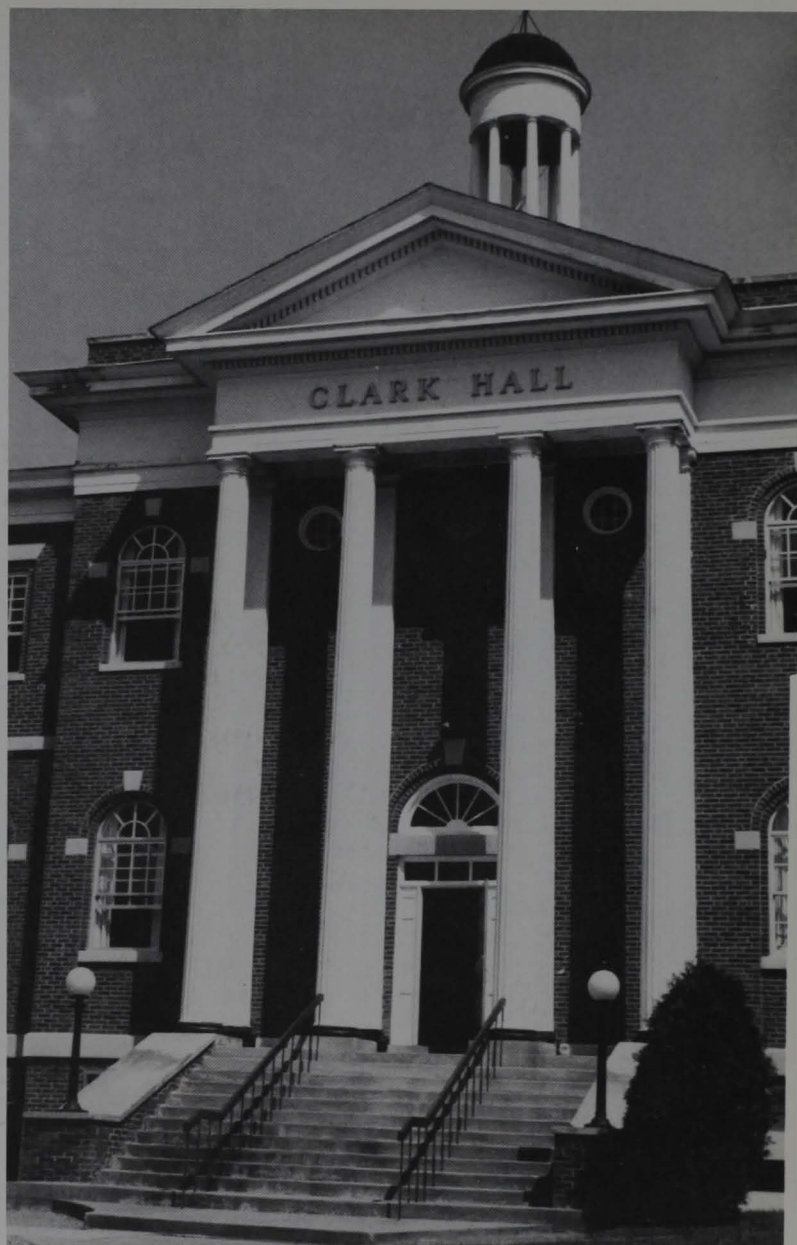

The clock tower, a symbol of the GSC Pioneers, has kept time on campus for many years.

*The tall white columns are a symbol of Clark Hall. This building used to be the Library and in 1967 became Clark Hall.*

*The Science Hall is a four-story building containing classrooms and laboratories. It was considered the most modern in 1939 when it was opened for school use.*

*The President's House built in 1929 is occupied only for special events.*

*Robert F. Kidd Library was built in 1931 and named after the fourth GSC President.*

*The Health and Physical Education Building was the most modern type of building in 1952 with two gyms, a pool, and classrooms.*

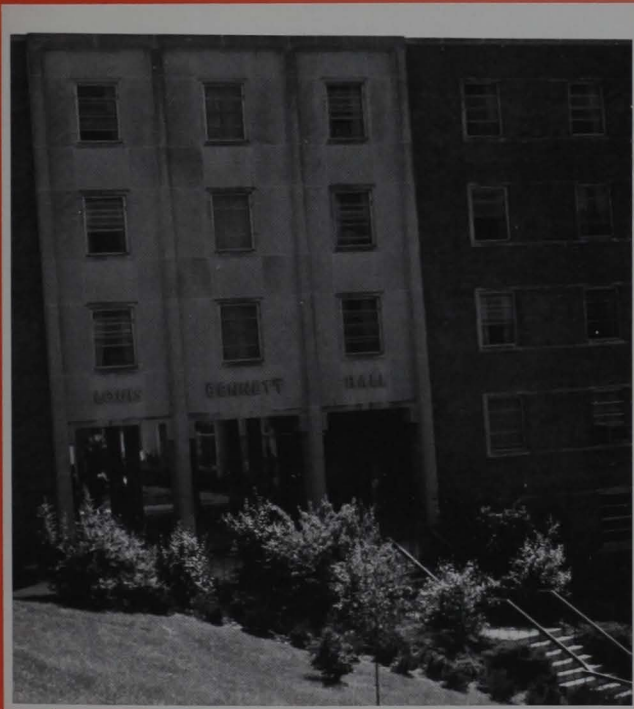

*The Alumni House was willed by John Arbuckle in 1977. Today it is used for Alumni affairs.*

*The Pioneer Center contains the cafeteria, student union, bookstore and other facilities. In Spring '90 it was named Heplin Student Center.*

Student Life

# Home Away From Home

Greg Alfred, David Robinson, John Buser, and Greg Young are a few of GSC's off-campus students. They share a house across from the Administration Building.

A jam box, posters, cozy bedspread, pictures, knickknacks, and let's not forget the fan, help make this dorm room a home away from home in Pickens Hall.

Nestled in the hills of Glenville's campus, Louis Bennett Hall holds 233 male students.

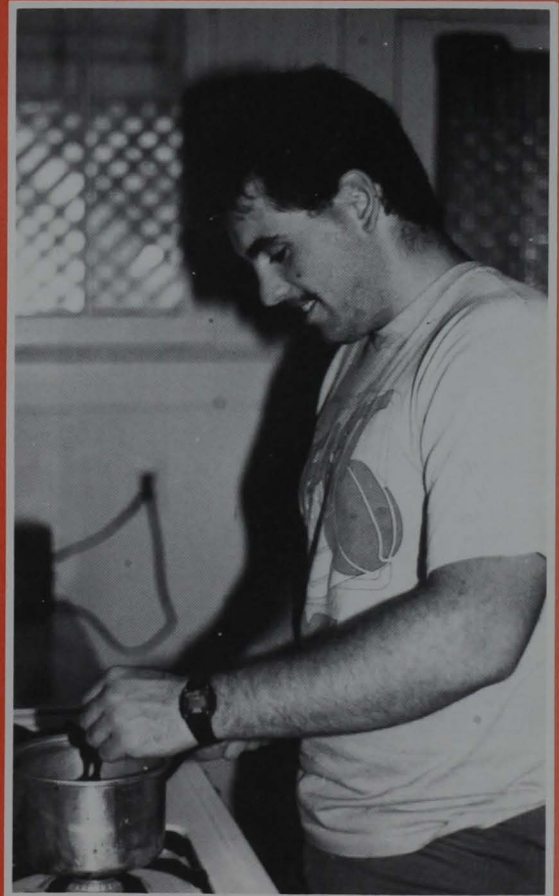

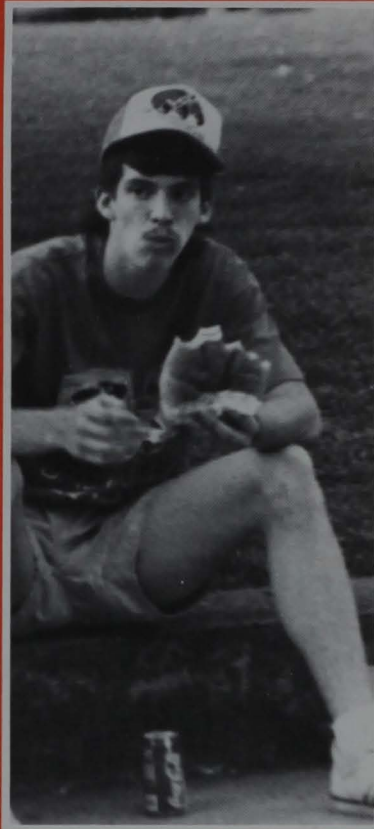

# Eating Habits

Eating habits may depend on where you live. If you are in the dorms you have a meal ticket for the cafeteria, but that does not necessarily mean you eat there. Off-campus students and faculty enjoy the snack bar in the Student Union or Pioneer Station. Some students even get hungry enough to cook on their own. Last but not least, there is the faithful, 24-hour, 7-day-a-week Go-Mart.

This student stuffs his mouth with the famous Go-Mart sandwich.

Left: Students that live in the dorm at least walk up to the cafeteria and if everything else fails, there is always the salad bar.

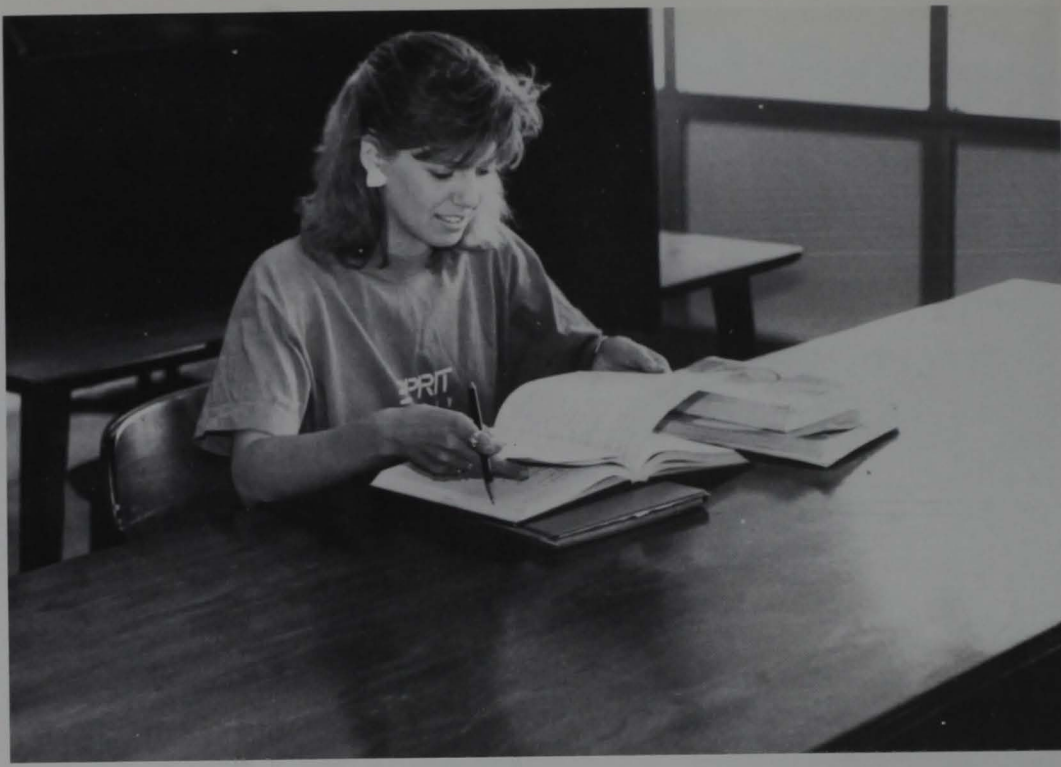

Students and faculty enjoy a good lunch at the GSC Snackbar.

Some off-campus students, like this one, break down and boil water for instant soup.

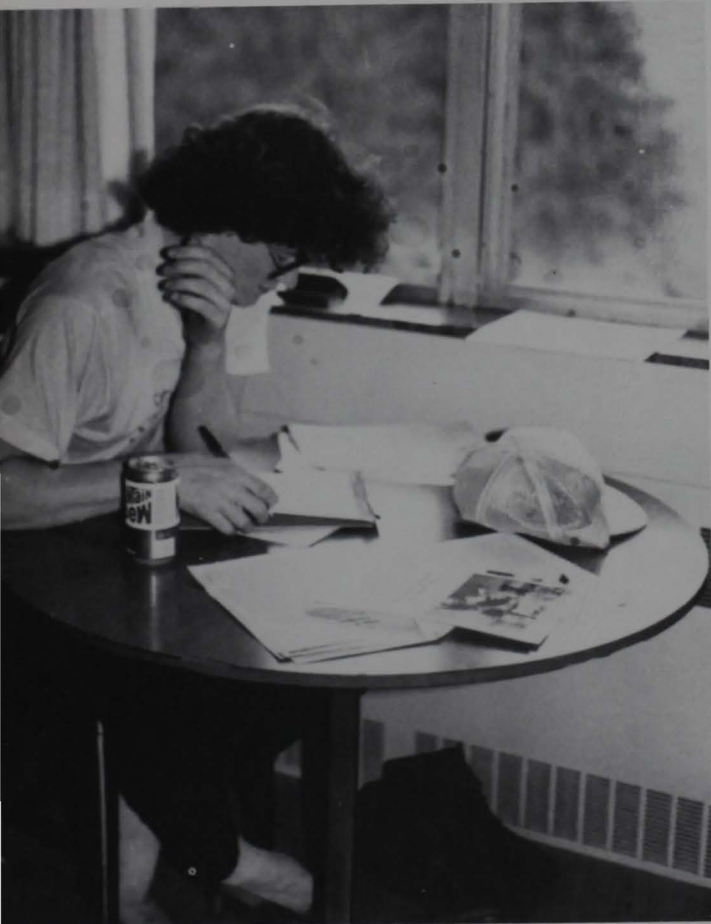

# Study Habits

Students at GSC have their unique way of studying. Some prefer the peace and quiet the library gives. Many prefer their dorm rooms or apartments, just in case someone decides to stop by or call. Still others believe in missing nothing in the dorm lounges.

Lisa Hardman enjoys the peace and quiet while studying.

This student would rather write his term paper with a Dew and a view.

Studying among your own familiar clutter is ideal for this student.

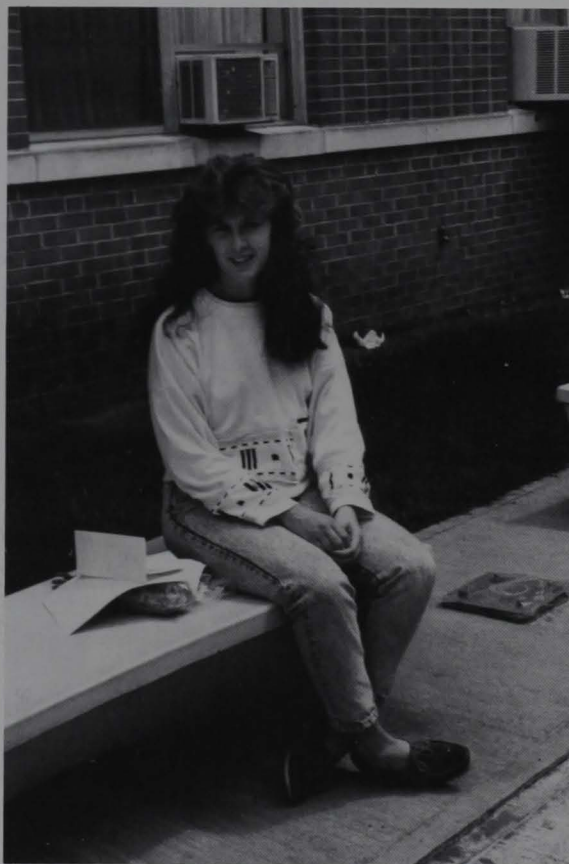

Wanessa Madison stays busy answering incoming calls.

# PART-TIME JOBS

Students wanting to make money had that opportunity to do so on campus at Glenville State College. Students worked under work study or workship during the hours they had free. This created a lot of pressure for the ones who carried 15-20 hours of credit each semester.

Kelly Cleavenger serves up food in the cafeteria.

Denise Oldham takes a break from her RA duty.

# LEISURE TIME

Wanessa Madison and Janet Sears spent their leisure time joking around.

Chris Derico spends his leisure time bowling in the campus game room.

Students at Glenville State College enjoy getting away from their studies and classes just like anyone else. The places they go, things they do, and the people they see seem to clear their minds for a short time. Students spend time hanging out in the game room, student union, golf course, tennis courts, dormitory lounges and such. Visiting with friends turned out to be the number one leisure time activity. For some, it was difficult to make time for anything else but studying, doing homework, or writing term papers, but everyone will see a day like that where there is no time to spare.

People would be most likely to say that their leisure time is the best part of college life. It's something for everyone to take advantage of, because if you do not enjoy it now, that time will be gone. It is the students who make it all happen. Whether it be watching TV, shooting pool, bowling or working, the students at GSC make the most of their "Leisure Time."

Greg Alfred shows off his talent as a magician with his favorite deck of cards.

Tom Armstead puts a good eye on the cue ball as he prepares to aim for the side pocket.

# GSC ON VACATION

When GSC had a break, students jumped at the chance to take a vacation. Students went as far away as California or to a popular place such as Daytona Beach. Other students took advantage of their time in Coach Hunt's Fundamentals of Skiing class which traveled to Snowshoe Ski Resort over Spring Break. Pictured at left is Jason Davis standing up for the first time all week. Below him, James Lawrence, Chris McKinney, Sean Hunt, and Kenny Landis pose for a family portrait. They look happy to be out of class!

# Time For Fashion

The style of the 80's left us looking better than ever, as we entered into the 90's. Baggy shirts and plaid pants for both men and women gave students a comfortable and cool feeling. Gold buttons attached to women's blouses added a touch of class as well as confidence to the most outgoing ladies. Tightly rolled pant legs remained in style just as the leather boat shoes without socks. Gold jewelry and golden tans were definitely in for both males and females. Do not be caught without dark shades on those sunny days because they are still popular. Stone-washed denim shorts, spandex shorts and cut-off sweats were the coolest look for the summer.

Today we are seeing the bell-bottom pants for ladies of the 90's but they have yet to arrive at GSC. The styles change just as we do and the only thing we must do is to try and keep up.

Oversized t-shirts and leather sandals are definitely the pick for the 90's.

Tammy Hoover's baggy pants and short-waisted jacket, created a new look for the 90's.

Tightly rolled pant legs and leather boat shoes without socks remained popular for students at GSC.

A new look for most guys was a shaved head. Some, like this one, really wanted to be unique.

Gold chains and gold buttons added a nice touch to Wendy Vanoy's wardrobe.

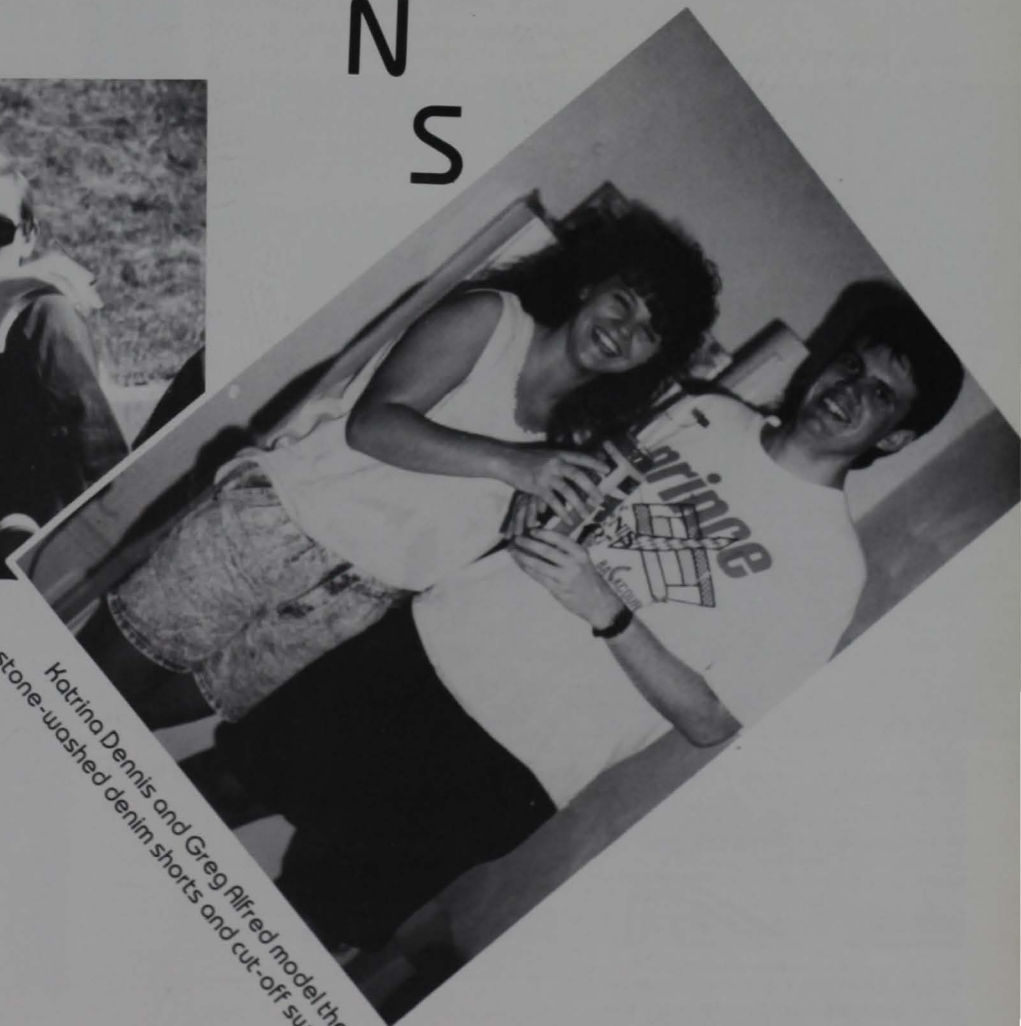

# F A A F A S H I O N S

Buttons, buttons and more buttons were in for any style.

These two "dudes" have the coolest idea on sunny days.

Katrina Dennis and Greg Alfred model their stone-washed denim shorts and cut-off sweats.

## Teachers Leave the Classroom

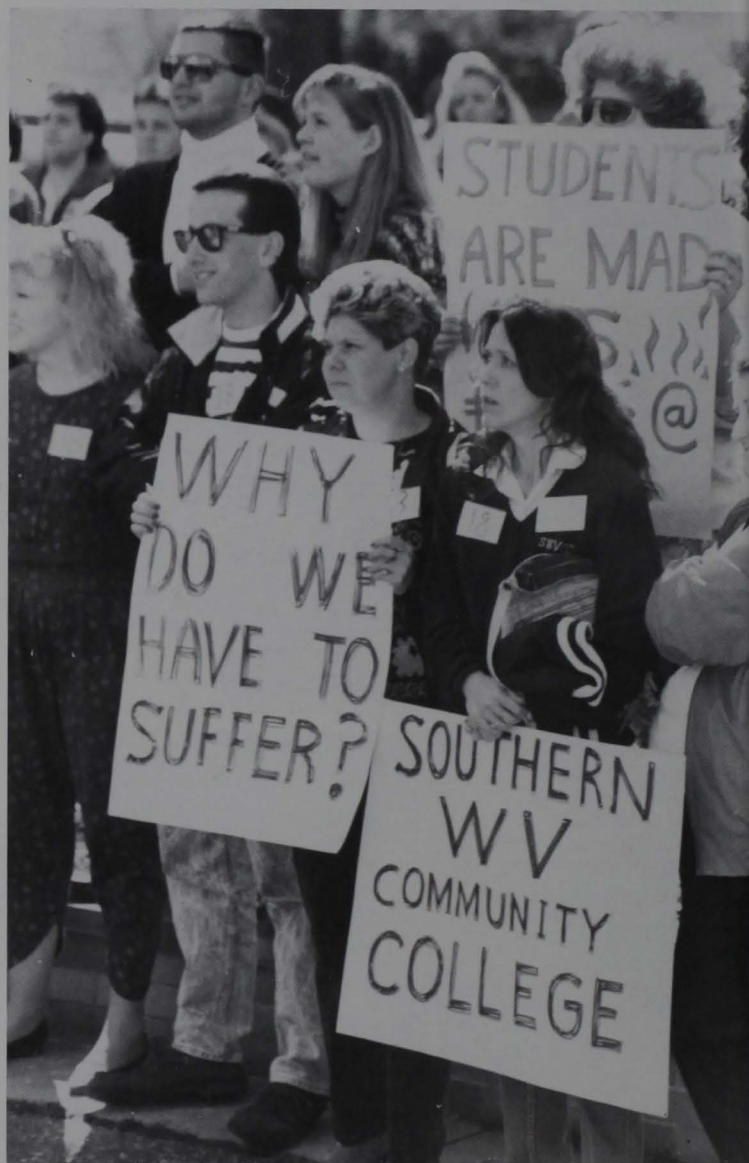

**March 7:** Teachers Leave the Classroom. Teachers in five counties walked off the job on March 7, 1990. By March 8, teachers in 47 of West Virginia's 55 counties put down their pens, pencils, chalk and grade books for picket signs as the first teacher's strike in WV was in full swing. Many counties were forced to cancel school, while others operated with teachers who crossed the picket lines. Teachers walked off their jobs after the legislature and Governor Caperton refused to address any of the educational problems in the legislature. Teachers were upset over being 49th in the country on the pay scale, and the teachers retirement fund was already \$300 million in debt.

During the strike, the two teachers' Unions- West Virginia Education Association (WVEA) and the West Virginia Federation of Teaching and Gaston Caperton made three attempts to end the strike, but each proposal was either rejected or withdrawn. As things were beginning to "heat up" between the teachers and the Governor, State School Superintendent Henry Marockie

on March 14 decided to close schools in the state on March 15 and 16 for what he called a "cooling off" period. On Saturday March 17 the WVEA and WVFT agreed to end the strike when legislative leaders said they would ask Governor Caperton to call a special session to address long term education needs. Schools on Monday, March 19 began to return to normal when teachers returned to the classroom. The teachers' strike also affected many students here at Glenville State College. All student teaching, observations, and practicums were suspended during the strike. The education department then began to come up with alternatives to student teaching to guarantee timely graduation and certification in case the strike was prolonged.

All in all, the first teachers' strike in WV's history lasted less than two weeks and student teachers returned to the classroom on Wednesday, March 21, 1990.

## Students Protest For Higher Education Funding

On February 21 students from several colleges throughout the state rallied at the Capitol to protest the lack of higher education funding and to present ideas on how improvements might be made.

## WV's Royal Couple

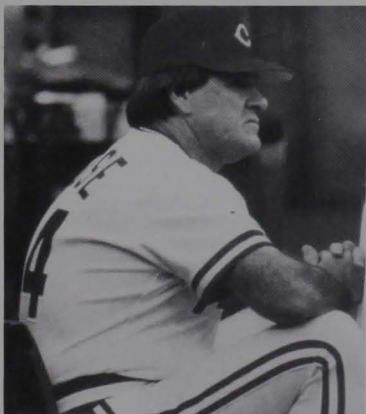

**June 8, 1989:** WV's Royal Couple Divorce. On June 8, 1989 Governor Gaston Caperton announced he would seek divorce from his wife; however, Mrs. Dee Caperton beat her husband to it and filed on July 19. They were officially divorced after 23 years of marriage on October 24, 1989. In less than seven months from his divorce, Governor Caperton announced his engagement to Wheeling Symphony conductor Rachael Worby on **May 11, 1990.**

## Arch Moore

**May 8, 1990:** Arch Moore Pleads Guilty to Political Corruption. On May 8, 1990 former Governor Arch A. Moore, Jr. pled guilty to a five-count political corruption indictment. He rendered his plea to U. S. District Court Judge Walter Hoffman, who was called in from Norfolk, VA, after all WV Federal judges had asked not to be assigned to the case. Moore pled guilty to two counts of tax fraud and one count each of extortion, mail fraud, and obstruction of justice. These crimes apparently took place during his 1984 campaign and his term as governor from 1985-89.

Moore was previously indicted in 1975. The former governor was sentenced **July 10, 1990.**

## Pete Rose

**August 24, 1989:** Pete Rose banned from baseball for gambling on the sport.

## Douglas

**February 10, 1990:** Douglas Breaks Tyson's Reign as Champ. James "Buster" Douglas knocked out undefeated heavyweight champion Mike Tyson in Tokyo, Japan.

## Noriega

**December 20, 1989:** U. S. Government Overthrows Manuel Noriega. President Bush sent troops to Panama to overthrow Noriega's government.

## Earthquake

**October 17, 1989:** Earthquake Demolishes San Francisco Bay. A major earthquake occurred in the San Francisco area causing the postponement of the third game of the World Series and causing over 2500 casualties.

## Hugo

**September 21-22, 1989:** Hurricane Hugo Does Major Damage to East Coast. Hurricane Hugo swept across the southeastern coast causing severe flooding and major damage in South Carolina.

Loyal fans cheered at the homecoming game.

The Lambda Chi's showed their spirit during homecoming week.

## MARCHING THROUGH THE JUNGLE

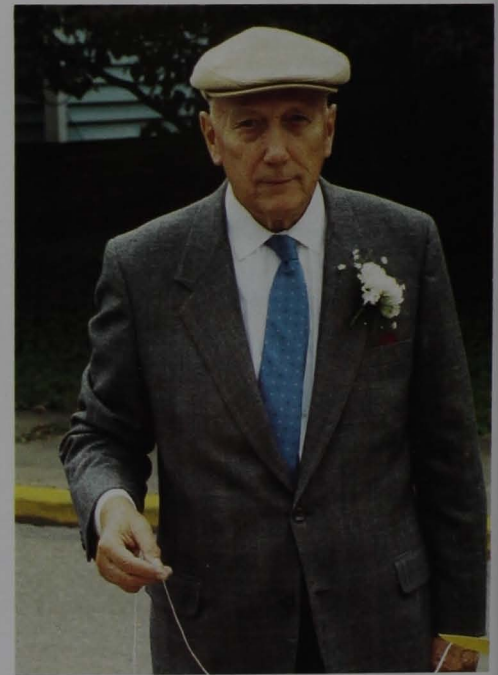

The 1989-90 Homecoming parade was a great success. The rain held off permitting many wonderful floats, banners and groups to participate in the annual celebration.

This year's theme, "Welcome to the Jungle", inspired the entrants to come up with some very creative ideas for the parade. The first place float went to the cheerleaders and their Safari boat, while Phi Beta Lambda and the Collegiate 4-H captured second and third places, respectively. The cheerleaders again triumphed with their first place banner, followed by the Baptist Campus Ministry and Pioneers in Nursing.

The parade was led by this year's Parade Marshal, former Glenville State College professor, Dr. Espy W. Miller. He was followed by a wonderful performance by the Glenville State marching band. The parade welcomed us all into the jungle for a weekend of fun and activities.

Student Congress officers Chris Jamison, Robert Blake, Tracy Chapman, Crystal Kitzmiller, and Mike Miller cruise along the parade route.

# Homecoming

Homecoming was certainly a fun, activity-filled week for the students. The weather was pleasant and many students were involved in the events of the week.

The activities of the week began with a pizza party in the snackbar. On Tuesday, students and faculty were welcome to enjoy bingo in the ballroom, a choir concert and a pool party. Casino in the ballroom was held on Wednesday evening. The picnic in the amphitheater was followed by the breath-taking Chinese Magic Revue. The Cheerleaders and marching band led a pep rally and bonfire on Friday evening.

The week of excitement concluded Saturday night following the morning parade, afternoon football game, and evening dance. Overall, 1989 Homecoming was deemed successful with a large turnout of students for all events.

# Magic and Comedy

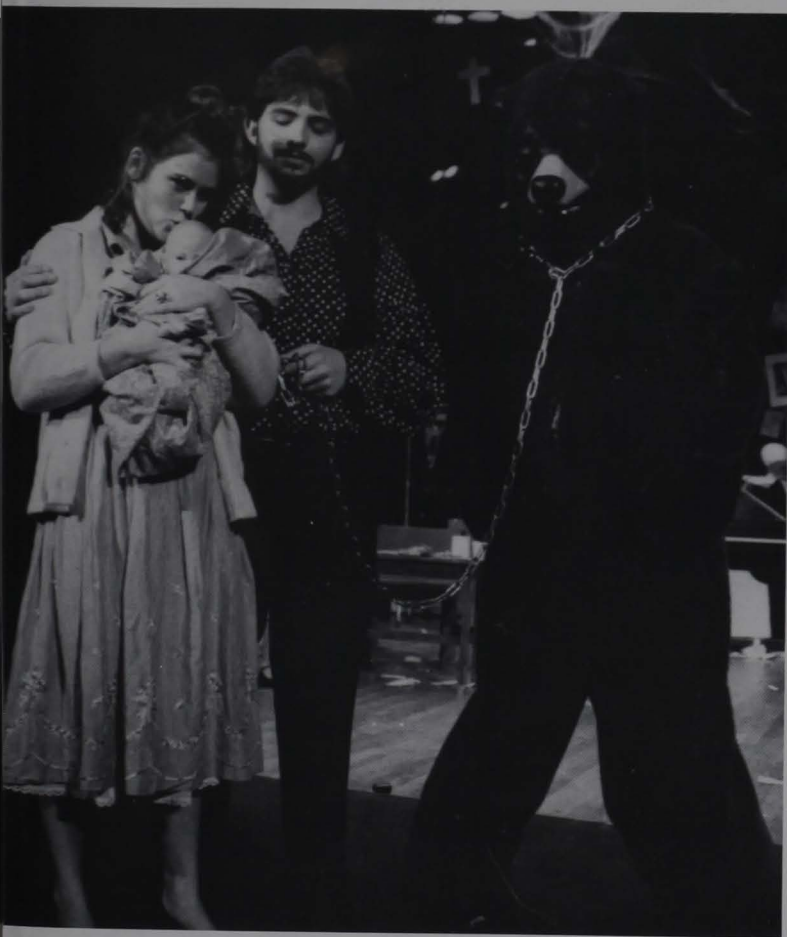

Magician and comedian Bob Garner appeared on the GSC Campus on January 16 in the auditorium. Garner entertained the audience with card tricks, mentalism and by sawing a student in half. Garner entertains at colleges and universities across the country and is scheduled to appear on HBO.

# CAVE DWELLERS

Freeman Wiant, Alicia Hess, her baby, and Dennis Wemm are saddened by the destruction of their new-found home at the old theatre.

The Ohningohow Players proudly presented "Cave Dwellers", the first play of the year on September 21 & 22. It was written by William Saroyan and was student directed by Denise Davis and Mercedes Richmond. Patricia Parkulo, assisted by Freeman Wiant, served as stage manager.

The cast included Dana Spade as the Duke; Ada Wyatt as the Girl; Linda Malcomb as the Queen; Drew Taylor as the King; David Finley as the Young Opponent; Claudia Covill as the Woman with a Dog; Brandon Krouse as the Silent Boy and the Young Man; Becky Hall as the Young Queen; Freeman Wiant as Father; Dennis Wemm as Gorky; Alicia Hess as Mother; and Darrell Cheatham as the Wrecking Crew Boss.

"Cave Dwellers" is about people who come together in an abandoned theatre in an attempt to find life and love. In the end, this merry band is cast out into the world. Their world - the theatre - is being torn down. The end will strike a chord in most people's lives, especially those in theatre and music.

This play was relevant to GSC since the musty, dusty hulk of theatre in the auditorium will be replaced by a large, elaborate theatre in the new Fine Arts Building.

# Rich Rodriguez - New Head Coach

Mr. Rich Rodriguez, former head football coach of Salem, has been hired to rejuvenate the Pioneer Football Program at Glenville State College.

Coach Rodriguez will enter this position at GSC with several years of football experience, including an impressive playing and coaching career. During his college football days at WVU, Rodriguez played in four different bowls including the 1981 Peach Bowl, 1982 Gator Bowl, 1983 Blue Bonnett Bowl, and 1984 Hall of Fame Bowl. Rodriguez was awarded the "Ideal Mountaineer Man" during his senior year by the WVU coaching staff and was a three-year letterman.

Following his college career, Rodriguez remained at WVU and joined the coaching staff as a graduate assistant. He was hired as the defensive coordinator and assistant head football coach at Salem College in 1986. Two years later he accepted the position of head coach of the Tigers making him "the youngest head football coach in the nation."

When Salem became Salem-Teikyo and dropped its football program, Rodriguez became a volunteer assistant coach at WVU and returned to North Marion High School as a teacher. He helped coach the Mountaineers on their path to the Mazda Gator Bowl. Rodriguez will draw on his coaching experience with Don Nehlen as a basis for improving the GSC Football Team. "Don Nehlen is my mentor," Rodriguez stated at a press conference in March.

Rodriguez feels there are "a lot of positive things the team and community has to offer." His first priority is to make sure everyone is ready to make a commitment to the football program.

Rodriguez, 26, a Fairview native, is married to the former Rita Setliff of Jane Lew. (by Carmen Wager)

Student Congress is an elected body of students serving as a medium for campus opinion. Activities, student-faculty relations, and entertainment are all coordinated and often originated by Student Congress. Various facts of the college social and academic life are discussed at weekly Student Congress meetings, which are open to any member of the student body or faculty. Student Congress is elected yearly by the students, and therefore is maintained as a flexible organization open to the opinions, desires, and suggestions of a concerned campus.

Student Congress serves many purposes including providing experience for its members in the principles and practice of democracy, promoting general student activities to advance student welfare, and strengthening relations among administration, faculty, students and community.

Student Congress each year plans homecoming and GSC weeks and a variety of other activities. It is a worthwhile organization, dedicated to protecting and supporting Glenville State's student body.

# FAREWELL

*As the school year comes to an end and the last pages are mailed, there are feelings of accomplishment and relief. Being editor was a new experience for me. I learned no matter how well you plan, there is always something else that comes up. First, we were late getting a publisher, then pictures did not turn out, the list continues, but overall we had a great year.*

*I would like to thank the yearbook staff, Chris Derico, Kelli Myers, Julia Wood, Linda Smith, Denise Boyd, Angela Lloyd and Darrell Cheatham for having the patience and dedication to meet those dreaded deadlines. Special thanks go to Chris Derico for running all over campus taking pictures and long hours in the darkroom, and to Kelli Myers for tackling the big, bad computer. Mrs. King was my lifeline to sanity during the questions, confusion and long hours. Thanks, Mrs. King, I could not have done it without you. Also, recognition goes to Janet Rogers for designing and drawing the cover and Kim Husk for drawing the division pages.*

*The theme and contents of this book have attempted to show the events of the year and the way the students thought and felt. When years have gone by and you look back, you will remember "a wonderful time" and "wish you were here."*

*Sincerely,  
Jeanette J. Kidder  
Editor*
