DEDICATION

For all of his sincere interest, conscientious effort and guidance to the students of Glenville State College, we wish to express our appreciation to Stanley Hall by dedicating this annual to him.

Mr. Hall is a person who is familiar with Glenville State College's problems, for not only has he been a member of the faculty for fourteen years but he also was graduated from Glenville State College in 1929. In 1934 he received his M.A. from West Virginia University. Mr. Hall has done graduate work at West Virginia University and Ohio State University. He is at present acting chairman of the Social Science Division; Economics and Sociology of our college.

It is in deepest gratitude that we dedicate this annual to Stanley Hall, whose interests have been in the improvement of Glenville State College, whose life and encouragement has been inspirational, and whose never ending sacrifices have made possible this 1959 edition of the Kanawhachen.

PRESIDENT'S ADDRESS

As I write this letter for the 1959 yearbook, it brings to mind a flood of memories. A review of previous yearbooks reminds us of staff members and faculty now holding positions of responsibility in other institutions; of former students who have graduated from some of the country's finest universities with honors and degrees and who now hold top positions in industry, public schools, and colleges.

The campus changes with an occasional new building, a face-lifting here and there, a new tree planted, or an additional bench placed along a campus walk. A valued staff member retires and a new picture appears in the next yearbook. The varying fortunes of athletic teams are chronicled and one remembers the depths of despair or a moment of great triumph.

Through it all runs a feeling of familiarity and satisfaction. No matter how many changes the years bring, it remains the Glenville State College we know with all its friendliness, strength, and dignity.

Sincerely yours,

Harry B. Heflin
President
