

FI-110 CERTIFICATION

WILDLAND OBSERVATION AND ORIGIN SCENE PROTECTION FOR
FIRST RESPONDERS
IN COOPERATION WITH GLENVILLE STATE COLLEGE

GLENVILLE
STATE COLLEGE

OBJECTIVE

Objective of this certification would be to have Glennville State College students as part of the wildlife fire prevention course to have the skills and abilities to respond to fires in the local area for suppression. In doing so these same first responding students will have the skills and abilities to assist with a professional fire investigation.

SKILLS

WVDOF provides lecture and field training at Glennville State College for this Certification for students to gain skills in Fire Behavior, Cause and Origin determinations, how to protect a scene of crime or origin causes, interviews and investigations.

DESCRIPTION

FI-110 WILDLAND OBSERVATION AND ORIGIN SCENE PROTECTION FOR FIRST RESPONDERS • PROVIDED BY WVDOF • EVERY FALL SEMESTER AT GSC.

The primary emphasis of this course is to teach sound wildland fire observations and origin scene protection practices that enable first responders on a wildland fire scene to perform proper origin scene protection procedures. The course is presented by short lectures, electronic presentations, exercises and class discussion.

Recommended training for all first responders, including Single Resource Bosses, law enforcement officers, prevention technicians, and field resource positions in the field of fire forestry. Students aiming to work in one of these fields will greatly benefit from this course.
