MARSHALL UNIVERSITY

A PARTNERSHIP WITH GLENVILLE STATE COLLEGE
(PENDING WV BOARD OF NURSING APPROVAL.)

BACHELOR OF SCIENCE IN NURSING *at Glenville State College*

Glenville State College has partnered with Marshall University to offer students a program leading to a Bachelor of Science in Nursing. The agreement will see prospective students enroll at Glenville and complete general education courses there during their first year. Then, once the students are admitted to the BSN program, they will receive instruction from Marshall faculty members on Glenville's campus. (Pending WV Board of Nursing approval.)

Marshall's nursing program is designed for professional nurse generalists to work with individuals, families, groups and communities in a variety of healthcare settings as they work toward obtaining RN licensure.

BACHELOR OF SCIENCE IN NURSING

The Bachelor of Science in Nursing program at Marshall University prepares professionally minded nursing students to work in a variety of healthcare settings. Students participate in a wide-ranging area of clinical rotations to gain nursing experience and explore options available upon graduation.

Baccalaureate nursing education provides a foundation in the humanities and the biological, social and behavioral sciences. Students can apply this foundation, as well as a strong base in nursing science, to the professional practice of nursing. In addition to achieving the professional goals of the nursing program, students also become responsible members of society.

The program is taught by faculty who hold professional certifications and years of nursing experience in the field and in the classroom.

HOW DO I GET ADMITTED INTO THE BSN PROGRAM?

Students enrolled at Glenville State College may apply for the cooperative Marshall University – Glenville State Nursing Program for sophomore level placement if they:

1. Have an overall GPA of 2.5 or higher.
2. Have completed all required freshman level required courses with a "C" or better or are able to successfully complete these courses by July 15 the year of application.

***Application can be found online at <https://epay.marshall.edu/secure/cgi/sonappfeessto.cgi> between Nov 15 – Jan 15 and is only open during this time period.**

Upon admission to the nursing program, Glenville students will transfer to Marshall's BSN program on the Glenville campus.
