

DEPARTMENT OF CRIMINAL JUSTICE

Dr. Donal Hardin, Department Chair

Associate Professor: D. Hardin

Assistant Professor: S. Beatty, E. Matory

The Criminal Justice Program is dedicated to providing our students with the career-focused knowledge and skills necessary to enter the exciting career opportunities in law enforcement, corrections, probation, parole, homeland security, and other related fields. Glenville State University's high-quality academic curriculum and dynamic learning environment foster the highest standards those entering a criminal justice profession require.

At Glenville State University, every student receives the individualized attention they need for a successful academic experience. Our highly trained and qualified faculty have backgrounds in law enforcement, courts, corrections, and probation and parole. The collective experiences of the faculty enhance the implementation of practical applications into the classroom. This is exemplified by the dynamic scenario-based training students receive both on and off campus. The use of Glenville State University's crime scene house, Morris Criminal Justice Training Center labs, courtroom classroom, and a state-of-the-art firearms simulator provides extraordinary "hands-on" experiences for students.

The Criminal Justice Program offers both four year and two-year degrees. Students will experience a general overview of the criminal justice system core classes while gaining specialized education in one of the two criminal justice majors: Administration of Justice or Field Forensics. The program curriculum includes topics such as criminal and procedural law, crime scene management, cyber-crimes, organized crime, criminology, juvenile justice, organized crime, interviewing and interrogation, probation and parole, homeland security, and many other exciting classes. All students experience an internship in a criminal justice setting of their choice, giving them practical experience for entering the job market.

Glenville State University's Criminal Justice program is a member of the nationally recognized Alpha Sigma Phi National Criminal Justice Honor Society, and maintains its own chapter, Gamma Sigma, where students demonstrating a high level of academic success are inducted into the honor society.

In addition to academic achievement, students are also offered the opportunity to participate in several on campus criminal justice organizations. Sigma Pi Xi is a criminal justice club affiliated with the American Criminal Justice Association Fraternity, Lambda Alpha Epsilon, where students can compete in local, regional, or national criminal justice competitions. The Pioneer Shooting Club is an opportunity for those students who enjoy recreational shooting and learning about shooting techniques and tactics at the university's range. Lastly, the Open Source Information Exchange is a collaborative learning opportunity with our Department of Business for students interested in cybersecurity investigations.
