

First-Year Student **Residence Hall Info**

Welcome to the Glenville State Community!

Glenville State University prepares and inspires students to be thoughtful, productive, engaged, and responsible citizens who contribute to the well-being of their community, state, nation, and world.

Frequently Asked Questions

When will I receive my room assignment?

After completing the housing application, room assignments for the fall semester will be sent to you around the beginning/middle of July. You will also receive the name of your roommate.

How is my roommate selected?

Using the answers, you provided on the questionnaire, Residence Life staff members do their best to pair students into housing arrangements. The staff attempts to match students with similar interests and habits. Keep in mind that you can request a specific roommate to live with you, but that person must also request you on their application. Additionally, we suggest that you both try to submit your applications around the same time so neither is delayed in being processed, **as assignments are made automatically on a first apply, first assign basis.**

What if my new roommate and I don't get along?

Residence Life staff members encourage all students to give their roommate a 'test drive' for at least the first two weeks of school. If, after that time, you still wish to change rooms you may contact your Residence Hall Associate or a Resident Assistant for more information.
