

Centralized Tutoring Center

Located on the third floor of the RFK Library, we provide students with support in content-specific coursework, time management, and strategies for overcoming procrastination, staying focused, and minimizing distractions. Science majors benefit from the guidance of our upperclassman mentor, Jenna Barnett, who is a biology major with a chemistry minor. In addition, the center offers tutoring in math, general education, history/political science/criminal justice, and psychology. To be certified as a qualified tutor, students must have successfully completed the course with a grade of B or higher, ensuring they are well-prepared to assist their peers. Our tutors are qualified to help in the following subjects:

Science Mentor:

BIOL 120
BIOL 121

Writing Center

Located on the third floor of the Administration Building, the Writing Center offers students personalized support throughout every stage of the writing process. Staffed by trained Writing Consultants—who complete a dedicated preparation course before serving in this role—the center provides guidance on brainstorming, organizing ideas, drafting, revising, and polishing assignments. Consultants can also assist with citation styles and formatting. While they will not write papers for students, they are committed to helping students strengthen their own writing skills and build confidence as independent writers.
