In addition, the center offers tutoring in math, general education, history/political science/criminal justice, biology, chemistry and psychology. Writing Center

Located on the third floor of the Administration Building, the Writing Center offers students personalized support throughout every stage of the writing process. Staffed by trained Writing Consultants—who complete a dedicated preparation course before serving in this role—the center provides guidance on brainstorming, organizing ideas, drafting, revising, and polishing assignments. Consultants can also assist with citation styles and formatting. While they will not write papers for students, they are committed to helping students strengthen their own writing skills and build confidence as independent writers.
