

The Glensville State University Health Sciences High School Pathway is designed for high school students across the state of West Virginia who are eager to get a jump start on a college degree within the Health Sciences field at Glensville State University.

- Pre-Nursing
- Nursing
- Athletic Conditioning and Coaching
- Exercise Science
- Health Promotion
- Physical Education

Students who choose to participate in the GSU Health Sciences High School Pathway will earn a total of 24 college credits during the duration of their enrollment in the Pathway. Enrollment in the HSHS Pathway will help students become better prepared for a successful transition into their chosen Health Sciences degree path.
