Thanks for Supporting #GivingTuesday

Our first ever Day of Giving event took place on Tuesday, November 28 and the donations received from alumni and friends far exceeded expectations.

Nearly \$50,000 was raised in a three hour period on Tuesday afternoon. The money raised will be invested directly into the students and employees at GSC, supporting academic scholarships, faculty/staff development, the Pioneer Student Emergency Fund, or the department of the donor's choice.

Fall Semester Wrapping Up

The fall semester is quickly winding down and final exams will take place next week. Wanting to take full advantage of the short two weeks we have with our students before winter break, we welcomed them back from Thanksgiving Break on Monday with a 'do-it-yourself' hot chocolate bar and Christmas photos as a treat between classes.

However, just because the end of the semester is nearing doesn't mean that our students have stopped learning. Our Department of Land Resources continues to collaborate with many of the outside agencies that hire Glenville State College graduates. As such, we welcomed employees from the WV Division of Forestry, including Jesse King '14, as they visited a site on the College Farm to demonstrate a permitted controlled burn with some of our Natural Resource Management students.
