

## 345 ENROLL FOR FIRST SEMESTER, DECREASE OF 21%

President E. G. Rohrbough  
Says Economic Conditions  
and High Fees Reason

### DORMITORIES ARE FILLED

Other Colleges Have Similar Cuts  
in Registration — Faculty  
Re-employed

The latest figures given out from the president's office show the enrollment at Glenville State Teachers College to be 345. President E. G. Rohrbough expressed the opinion that the enrollment for the semester will probably be 20 to 25 per cent under that of the corresponding term of last year when the registration was 452.

When questioned as to what he thought was responsible for the decrease, President Rohrbough said: "I attribute the decrease to the general economic condition coupled with the increase in the tuition fee. In view of these conditions, I consider our enrollment to be as good as we can possibly expect." In answer to another question, President Rohrbough stated that there are students living in the town of Glenville and its environs who are unable to pay their enrollment fees and are forced to remain out of school.

**Tax Ruling and G. T. C.**  
Commenting on the recent decision of the Supreme Court on the special levies, he expressed the opinion that it would have no direct and immediate effect on the attendance and operation of Glenville State Teachers College.

Reports on attendance from Fairmont Teachers College, Marshall College, Concord Teachers College, and West Virginia University indicate that these institutions are experiencing a similar decrease in enrollment, to that shown here at Glenville. Figures on attendance at West Virginia Wesleyan, Salem, and other denominational colleges and state schools are not yet available for comparison.

### All Dormitories Filled

All available housing room for students about the College is filled. Kanawha Hall and the Lodge, both used as living quarters for men, were reserved to capacity long before the opening of the term. Verona Mapel Hall for women also has all rooms occupied.

The faculty remains the same as that of last year, all of whom are back at work, with the exception of Mrs. Elvina Sample who will return at the beginning of the second semester to resume her work as instructor in public school art.

### To Study International Problems

A group of ten history students under the supervision of Mrs. O. G. Wilson has been organized to read and discuss international problems. Round tables will be held in which there is to be free exchange of opinions. A preliminary meeting was called Wednesday evening. The group will meet again to-morrow evening.

### Canterbury to Elect Officers

The Canterbury Club will meet tomorrow at 7 o'clock in Room 203 to elect officers. A short program of stories from well-known authors will be given.

### Y. M. Is Rudderless and Adrift

The Y. M. C. A. of Glenville State Teachers College is a unique organization. A former leader of the group but not an officer reports that there are neither new nor old officers. There are old members, but few know who they are. No new persons have been admitted this year; however, the Y. M. C. A. wants them to join. Students who are interested in Y. M. C. A. work are puzzled as to how to apply for membership. When will the next meeting of the organization be? No one knows.

## MISS DOBSON IS SOCIAL CHAIRMAN

Student Committee to Be  
Named—Group Considering  
Faculty Activities Ticket

Miss Margaret Dobson, instructor in speech, has been appointed chairman of the new faculty social committee, and Miss Bertha Olsen and Robert T. Crawford are associate members. A student committee will be appointed by the faculty committee to act with it.

A committee to arrange for a faculty activity ticket for this semester is composed of H. L. White and Miss Bessie Bell. It is designed to have this ticket cover all athletic events, plays, recitals, subscription to the Mercury, and a lyceum course, if one should be arranged. It will also include provision for a faculty dinner to be held some time in the semester. This is a new venture which, if practicable, will enable faculty members to lend their presence to school activities without too much strain on their depleted pocketbooks.

Information was given out that following the plan that has been carried out for the past two or three years of having speakers of state and national prominence appear at the weekly convocation exercises, arrangements are being made to obtain such speakers for this year.

### TAXED HEAVILY, BUT HAPPY

English Are Hard-Pressed, Says  
Miss Willa Brand

"English people are hard-pressed and taxed heavily, but in spite of all they maintain a very cheerful attitude," says Miss Willa Brand, head of the English department, who spent ten weeks of the past summer in England and Scotland.

For the first week Miss Brand was on the Isle of Wight in the vicinity of Tennyson's home. Next she went to the Hardy Country in Dorset and then to London where she prepared for a tour of the Lake Country in northern England and Scotland. After her return south she was at Oxford three weeks where she studied courses in dramatic literature.

The Wye Valley and Cornwall and Devon were other places on Miss Brand's itinerary. Winchester, she says, was the most interesting place she visited, and it was here that she spent the remainder of her time.

Miss Brand has been requested to make several speeches on her travels.

### Illness Calls Dietitian to Weston

Miss Grace Lorentz, dietitian, has been in Weston for the most of the past two weeks at the home of her sister, Miss Ann Lee Lorentz, who is in Washington taking treatments for her eyes. Miss Lorentz has lost the sight of one eye, but it is expected that she will recover it.

## 27 GRID WARRIORS PREPARE FOR FIRST CONTEST ON OCT. 7

Coach Rohrbough Pleased  
With Squad's Morale  
and Freshmen

### NINE LETTERMEN BACK

Ratliff, Morford, Combs, and Pierce  
Are Likely Backfield—  
Line Rangy

The Glenville Pioneers will launch their 1933 season Oct. 7, against the Appalachian State College eleven at Boone, N. C. Holding daily practice sessions since Sept. 14, the squad is rapidly rounding into condition. Recently preliminaries have been supplanted by scrimmage sessions. Coach Natus Rohrbough is much impressed by the class of the new material and the general morale of the squad this year.

Scrimmage sessions so far have seen Porterfield and Pyles, lettermen, at the ends; Eismson and Sappington, lettermen, at the tackles; Moore, letterman, and Starcher, a member of last year's squad, at the guard posts; and Smyth, substitute last year, at the center position. In the backfield Coach Rohrbough has been using Morford at quarter-back, Combs and Ratliff at the halves, and Pierce at fullback, all being lettermen from the 1932 machine.

### Porterfield, Pyles at Ends

Harold Porterfield, of Richmond, is starting his fourth year as regular left end and practice sessions so far seem to presage his best season. Pyles, the other end who comes from Shinnston, has been playing heads-up ball at all times, and will in all probability fill Jeranko's shoes to perfection.

Gordon Eismson, of Spencer, is beginning his fourth year at right tackle, and in scrimmages has been smearing scrub backs for losses consistently. Neil Sappington, of Clarksburg, and a member of the 1931 squad, has held the left tackle berth since the first call for candidates.

### Ratliff Looking Good

William Moore, who was regular guard last year, has been tearing opposing lines to pieces. Edwin Starcher, Grantsville six-footer, has been a fixture at the other guard position despite heavy opposition from two freshmen huskies, Noel Bland of Grantsville, and Robey Knight, Spencer athlete.

Al Morford, another Spencer product, is completing his fourth year at the Pioneer institution, and his third year at quarter-back. Carlos Ratliff, triple-threat half back from Hinton, has shown plenty of stuff in practice sessions thus far. Bob Combs has been assisting Ratliff in his punting duties. This, plus his ball toting skill, has assured him a position in the starting backfield. Tom Pierce, fullback, whose specialty is line plunging, has been living up to advance expectations and thus far has been extremely difficult for the scrub linemen to stop.

### Freshmen Show Up Well

Charley Baughman, 180-pound lineman from Philippi, has been working hard and should see plenty of service this season.

Recruits who have been showing up well include John ("Bucky") O'Connor and Frank Martino, both of Shinnston, and Samuel Guest, of Wheeling, backs; Karnes, of Spanishburg, 215-pound tackle candidate; Paul Fuls and Martin Fahey, (Continued on page 3)

### Eight on New Mercury Staff

Seventeen issues of the Mercury are scheduled for fortnightly publication this year by a new class composed of eight members. The editorial staff is Miss Carol Magnuson, Weston; Miss Rena Mick, Burnsview; Miss Ruby Ramsey, West Union; Miss Mary Kathryn Riddle, Glenville; Neil Sappington, Clarksburg; Mrs. Lillian H. Rohrbough, Glenville; and Lorentz Summers, Glenville. Nelson Wells of Glenville is advertising manager.

## RECEPTION FOR STUDENTS GIVEN

Faculty Receives 250 Guests—  
Six Present Program of  
Music

President and Mrs. E. G. Rohrbough and members of the faculty received 250 students of the College at the annual fall reception held in the gymnasium at 8:30 Friday evening. Dancing was from 9 until 11:30 o'clock with music by Frank Beall's orchestra.

Miss Margaret Dobson, faculty chairman of the social committee, assisted by Miss Bertha Olsen and Robert Crawford, arranged a program which included the following numbers by students: Miss Wahnetta Moss, vocal solo; Miss Mary Byrne Newlon, piano solo; Miss Winifred Steele, violin solo; Miss Toy Lee Long, vocal solo; and the Misses Elinor Keith and Wilda Raiguel in a piano duet.

Punch and wafers were served by the refreshment committee consisting of Mrs. O. G. Wilson, Mrs. Natus Rohrbough and Mrs. John R. Wagner. Decorations for the reception were in charge of A. E. Harris and Robert Crawford, aided by Cly Reger and Homer Blackhurst.

### COLLEGE BUILDINGS REPAIRED

Girls' Hall Gets Coat of Paint  
and New Light Fixtures

Vacation means playtime for teachers and students, but this is the busiest time of the year about the college plant. Then is when repairs and painting are done and new equipment installed. Workmen hammer and splash paint frantically, sometimes even working long hours into the night so that returning faculty members and students find new and strange surroundings when they return after a few weeks' absence.

This year Verona Mapel Hall has been freshly painted from attic to basement. New antique pewter light fixtures have been installed in the reception hall and parlor and wrought iron porch lights of classic design have replaced the old ones on the front veranda. Kanawha Hall has had new flooring laid in the dining room and the porches have been freshened up with new coats of paint.

The physics and chemistry departments have fared better than the others in getting new equipment. A Westinghouse motor generator and a large hydrogen sulphide generator of sufficient capacity to last probably two years have been purchased for these two departments.

A handsome lawn umbrella and a refreshment table and chairs of green metal have been purchased for use for garden parties and teas on the lawns of the institution.

### Rohrboughs See W. & L. Game

President and Mrs. E. G. Rohrbough and Mr. and Mrs. A. F. Rohrbough drove to Charleston for the Washington and Lee-West Virginia game Saturday.

## LOWELL THOMAS, RUSSIAN CHORUS MAY COME HERE

College Entertainment Course  
to Include "Silver Cord"  
and De Cou

### TICKET SALE TO DECIDE

Baxter Says All Students Must Buy  
\$1 Season Passes to Make  
Plan Possible

An entertainment course including Lowell Thomas, the Strivinsky Russian Chorus, Blanson De Cou, and the Chicago Art Theatre players is being planned for the College this semester under the direction of Curtis Baxter, instructor in the English department.

Mr. Baxter has explained that season tickets will be on sale soon at the price of \$1 for the four numbers to students and \$1.50 to others. If all the students buy tickets and the townspeople respond well, Mr. Baxter thinks that the programs can be obtained.

### Student Co-operation Necessary

Since the College chose not to add the activity fee to the tuition this year, there are no funds for these entertainments other than those received from ticket sales. Therefore, this program will be possible only through the co-operation of all the students.

A tentative program of four numbers has been announced.

Sidney Howard's "The Silver Cord" will be presented by the Chicago Art Theater sometime in October. The Chicago Art Theater is a small theater group which has played at the University of Chicago and in several of the large cities in the United States.

### "Not 'Lyceum' Numbers"

Lowell Thomas, the news voice of the air, will speak on Nov. 5.

The Strivinsky Russian Chorus composed of thirteen people will present in costume and with the aid of special lighting effects on Dec. 4 a program of native music. This chorus is now on a tour playing the chief cities of the world. During 1930 they toured with the Passion Play.

Blanson De Cou, world traveler and lecturer, in a setting of music and with the use of his "dream pictures," will give a travelogue on Jan. 10. It is said that he has a record of having more return engagements than any other lecturer in the United States.

Mr. Baxter emphasized that these entertainments are not "lyceum" nor "chautauqua" numbers, but that "each one is a big-city attraction, an artist's program."

### TRAINING CLASSES DOUBLED

73 Study Directed Teaching, 3  
Doing Advanced Work

The enrollment in directed teaching courses has more than doubled since last year, now totaling seventy as compared with thirty-two last year. Perhaps this marked increase is due to the fact that after Oct. 1, 1933, short normal certificates will not be issued.

### Club to Elect Officers Tonight

The Social Science Club is to have its first meeting of the year and election of officers to-night at 7 o'clock in Room 106. All students interested in history are eligible to membership and are invited by the club to attend.

## The Glenville Mercury

Entered at the Postoffice at Glenville, West Virginia, as Second Class Mail Matter

Subscription Price for 1933-34 50 Cents

All communications should be addressed to The Editors, The Glenville Mercury

### "HITCH-HIKING" THROUGH COLLEGE

The president of one of our educational institutions commented, in a statement made recently, on the number of students "hitch-hiking through college." It is true that at the present time an unprecedented number of young people are "thumbing" their way to an education. They can scarcely be too highly commended for their ambition and courage.

However, as Sir Roger de Coverly liked to say, "There is much to be said on both sides." For there are two sides to the situation. Many of these young people must look to their institution for the ways and means of earning their expenses, and it is with this particular group that we are concerned. The ways and means offered by these institutions are of various kinds, such as athletic scholarships, janitor work, dining room and kitchen service, truck driving, and the like, depending on the extent of the college plant and its needs. In small institutions there are more applicants by far than can be supplied with work.

Many of the students render grateful and acceptable service and leave the school at their graduation with the affection a grateful child gives an indigent parent who has given what he could to equip that child to set forth in the world.

There are many, we repeat, who view the matter in this light; but there are also others. Others who accept every favor extended with an air of saying, "Is that all we get?" Who accept and hold such employment thereby keeping someone else from benefitting from it, and then, "grouch" at every duty assigned them. They ally themselves with any group of dissenters they can find among the student body, attempt to stir up discord and ferment an "I. W. W." attitude among the student employees. They are employees of the college and as such they occupy positions of trust but these facts awake no sense of loyalty and responsibility with them. It would be well for such young people to realize that service means more than so many hours by the clock. It means appreciation, loyalty, and responsibility as well.

Regrettable as it is, the fact should be faced that through their efforts to assist young people in obtaining an education, the colleges are developing in some of them the tendency to become social parasites. Their "thumbing" for a lift to an education has become a derisive thumb-to-nose gesture behind the backs of their instructors and their institution.

### A PUBLIC SWIMMING POOL

In late September when the nights are dank and chilly and the days are mellowed by a bright sun we look with more pleasure upon a deep chair by the fire or a walk over browsing stubble fields and through woods than at a plunge in a public swimming pool. Yet in the steaming-hot days of June, July, and August we in Glenville sit perspiring by and watch, or see without watching, the Little Kanawha flowing laboriously under its oppressive load of mud and stinking scum. And in late years the river has steadily become more unfit for bathing. In summer there are no recreational facilities except softball in the late evening and, for the most hardy, tennis.

We wonder whether the revenue from a College-owned and operated pool, were it open to anyone who could pass certain health tests, would be sufficient to finance its construction and operation. If the College rather than a private corporation owned it, the facts that it might be more economically staffed, that it would be non-taxable, and that no profit from the investment would be expected, all would help to make its operating costs low. Money for construction might be borrowed from the \$3,300,000,000 appropriation for public works. Little of this sum has actually been allotted because it has taken time to set up an administrative board and because it is not known exactly who may borrow.

If, after investigation, it is thought that a pool might be sufficiently self-liquidating and then that money could be obtained for its building, the details of its construction and operation could be planned. It is to be hoped that such investigation will be made, for, if the plan proves practicable, summers in Glenville would be much more enjoyable for those who swim.

A poem deliberately planned seldom, if ever, gets written.

—Wilfred Gibson

A very large proportion of newspapers decline, in the belief that it would not interest their readers, to publish anything which is in any real sense a contribution to human progress.

—Lt.-Col. J. M. Mitchell

I have never known anyone who began by liking the best in music.

—Professor Percy Buck.

### LIBRARY HOURS ANNOUNCED

Students, Townspeople Invited to Make Use of 10,000 Volumes

The Robert F. Kidd Library will be open from 7:45 a. m. to 8:30 p. m. on class days and on Saturday from 7:45 a. m. to 2:30 p. m. Miss Alma Arbuckle, librarian, announces. She invites students and townspeople to make full use of the 10,000 and more volumes of the library. Many new books have recently been added.

Besides fifty or more periodicals and many county newspapers the following dailies may be found in the reading room: The (Baltimore) Sun, The New York Herald Tribune, The Charleston Gazette, The Charleston Daily Mail, The Clarksburg Exponent, The Clarksburg Telegram, and the Wheeling Intelligencer.

Miss Arbuckle says that many students are using the library for extra-class reading.

### French 305 Meets in Evening

French 305, the "French Short Story," is being offered this year for the first time in a regular semester. The class is meeting in the evening so that all students who are deficient in credit may attend it. French 305 is required for teachers of French.

### 92 Students Eat at Kanawha Hall

Sixty-two men are lodging at Kanawha Hall this semester, besides Preceptor A. E. Harris and Mr. and Mrs. A. F. Rohrbough, and sixteen are living at the Lodge, according to Robert T. Crawford, preceptor. Ninety-two students take their meals at Kanawha Hall.

### GETS MUSIC SCHOLARSHIP

Eleanor White, Daughter of H. L. Whites, Goes to Carnegie

Miss Eleanor White, daughter of Mr. and Mrs. H. L. White, has received a scholarship to the Carnegie School of Technology where she will continue her study of music. Miss White is a graduate of East Fairmont High School and for the past two years she has been enrolled in the Music School of West Virginia University. The Glenville students have often heard Miss White's programs in chapel and over the radio.

Miss White plays the violin and often writes her own compositions. This was learned by the chairman of the Carnegie Scholarship Committee who offered her what is called a professorial scholarship, grant-

ed only to professors' children who can pass a technical examination and show talent in some particular field. This scholarship will reduce Miss White's expenses to less than half the usual amount.

Lynwood Zinn, '33, has enrolled in the School of Medicine of West Virginia University, and Bayard Young, '32, is doing graduate work in chemistry in the same university.

Noell Bland and Edwin Starcher spent the week-end at their homes in Grantsville.

THOMPSON'S  
CLEANING & PRESSING

Turkish tobacco is packed thousands of tiny leaves to the bale. It averages 400 leaves a pound.

# Why—

Tobaccos grown in this country are "seasoned" with tobaccos from Turkey and Greece

THE ANSWER IS VERY SIMPLE:

TOBACCOS to taste right in a cigarette need to be flavored or seasoned just the same as you might season a steak or a pudding.

No tobaccos have ever been found that equal the spicy aromatic tobaccos of Turkey and Greece for this purpose. That's why we send 4000 miles for aromatic tobaccos from Sam-soun and Smyrna, Xanthi and Cavalla.

When blended and cross-blended in just the right amounts with Chesterfield's mild ripe Domestic tobaccos, the result is a rich flavor and a fine fragrance.

Chesterfields are seasoned right—they taste right. May we suggest you try them.

# Chesterfield

## TAYLOR SPEAKS TO "Y" GROUPS

Alumnus Says Christianity and Marxism Present Problems to College Students

"The function of a university or college is to be a place of research," Harry B. Taylor, a graduate of G. S. T. C. in 1931, who is now doing work throughout the New England colleges as a member of the World Student Christian Federation, told the members of the Y. W. C. A. and the Y. M. C. A. at a joint meeting of the clubs Thursday evening.

"College students are interested in Christian organizations not from a standpoint of denominationalism but from their effects upon the lives of the youth of today," said Mr. Taylor as he opened his lecture with an explanation of the work this organization is doing. "It is cosmopolitan, inter-racial, and inter-denominational in the strictest sense. Students are becoming more internationally minded, so they are discussing those problems which are of world-wide significance."

### Discusses Nation and Individual

Among those topics which are being pursued by members of the student Christian organizations is the relation of the individual to the nation. "Shall the citizen be called upon to do things for his country which he feels are not right as is the case in Germany where it is said, 'The individual counts for nothing. The only thing that counts in Germany is the state?'" he asked. "Christianity and Marxism Problems."

"The social problems concerning

## EX-PIONEER CENTER WEDS

Miss Mary Miller Becomes Bride of Frank Vass

Announcement has been made of the marriage of Miss Mary Miller of Orlando to Frank Vass of Cirtsville, Raleigh County. The couple drove to Oakland, Md., on August 31, where the ceremony was performed by the Rev. Walter B. Brock, Presbyterian minister.

Mrs. Vass received her Bachelor of Arts Degree from Glenville State Teachers College in 1932 and is at present teaching in Sand Fork High School of which she is a graduate.

Mr. Vass was very prominent in college athletics, and for five years played center on Pioneer basketball teams. He was president of the Canterbury Club the past year, when he received an A. B. degree from Glenville. He is teaching in Colrad, Raleigh County.

## Mary Williams Convalescing Rapidly

Miss Mary Williams, of Vernoa Mapel Hall, who was taken to Cook's Hospital in Fairmont on Sept. 16, for an appendicitis operation is recovering rapidly and is expected to return to classes in two weeks. Her home is at Rupert.

Christianity and Marxism are others of concern to most college students. Out of this grows the most important one of all: How can we know the will of God and best apply it to our own lives?"

Mr. Taylor, who resides in Boston, has just returned from a two months' tour in Europe which combined business and pleasure.

## HELEN MCGEE IS 'Y. W.' PRESIDENT

Miss Dobson Chosen Sponsor — Organization Invites Students to Join

Helen McGee, a senior of Glenville, was elected president of the Y. W. C. A. at its first regular meeting held Sept. 19, in the Y. M. C. A. room. Other officers are: Vice-president, Carol Magauston, Weston; secretary, Ruby Ramsey, West Union; treasurer, Catharine Wilson, Glenville.

Miss Margaret Dobson was unanimously re-elected sponsor of the club this year.

All women of the College are invited by the Y. W. C. A. to join its organization at its next regular meeting to be held in the Y. M. C. A. room Oct. 4, at 7 o'clock.

## 17 ARE IN VIOLIN CLASSES

Glee Clubs and Orchestra Are Being Organized

Thirteen beginning students have enrolled for violin instruction under Miss Bertha Olsen, and an advanced class of five students is meeting regularly. Because of the size of the beginners' class, Miss Olsen plans to divide it.

Fifty-six women and twenty men have been enrolled in the glee clubs. A meeting of the orchestra has been arranged, but no definite plans have been made.

Miss Willa Brand went to Morgantown Sept. 15, to attend the funeral of Fred Knutti.

Mrs. E. G. Rohrbough, Miss Goldie James, and Miss Bertha Olsen will be house party guests of the Misses Mabel and Emma Myers of Huntington this week-end.
