MANY ENROLLED IN TRAINING SCHOOL; **ELEVEN TEACHERS**

Busses Bring Pupils from Troy, Normantown, Gilmer and Sand Fork

215 STUDENT TEACHERS

Work is Under Supervision of Miss Esther Rader and Earl Boggs

The College training school und-er the supervision of Earl Boggs and Miss Esther Rader, "is progressing nicely, and the attendance is unusually good," says Mr. Boggs.

The enrollment is 149, about the same as that of the past summer. There are eleven critic teachers, and about 215 student teachers. Three busses transport about 100 pupils daily from Normantown, pupils daily from Norm Troy, Gilmer and Sand Fork,

According to Mr. Boggs, the work ie entirely supplementary to the of the regular school year, and entirely is all being done in the elementary ool from the first grade to the eigth inclusive, with an additional class in preparatory work for high school entrance.

The following courses are being offered: Science, mathematics, geography, spelling, English, reading history, water, nature study, and first aid.

The training school opened June 11, and will close July 22.

NEW DORMITORY WORK SPEEDED

Supervising Architect Expects Building to Be Ready For Roof in Ten Days

Three-fourths of the brick and steel work on the new College dormitory has been completed, includ-ing the upper wing where the brick work is finished to the cornice.

A. H. Wilkins, resident supervis-ing architect, said the building would be ready for the roof in less than ten days.

The dormitory will contain sevstudent bedrooms, enty-five three apartments of four rooms each, and an assembly room twenty-seven by fifty-seven feet. The bedrooms will be divided into five units as follows: Three units of five rooms and a bath on each of three floors; one seven rooms and bath on unit of each of three floors; and one unit of three rooms and bath on each of three floors. Each unit will have outside entrance to the court where flagstone walks will connect with the campus walks,

The new boilers for the heating plant have arrived and the work of installing them will begin immediately.

Miss Singleton Visiting Here

Miss Arrah Wanna Singleton, A B. '33. student in the School of Mercy Hospital, Baltimore, Nursing, is spending a month's vacation with her parents, Mr. and Mrs. E. I. Singleton. of College Street. Miss Singleton entered the nurses train-ing school last year.

Catlett Naoma Bessie Hanna, Amy Smith, Oakford Deitz, Roy Matheny, James Young, "Jigs" Mc-Kenzie and "Si" Fitzwater spent the Fourth in Richwood.

DEAN H. L. WHITE TALKS AT WESTON

Addresses First Presbyterian **Congregation** in Absence of Pastor

"One of the chief values of re ligion is that it sets up ideals toward which to strive. It is a recognized fact that a person tends to become like that which he admires and worships."

So stated Dean H. Laban White Sunday in an address at the First Presbyterian Church in Weston, Weston, where he occupied the pulpit in the absence of the minister, the Rev. M. O. Magnuson.

"The person without ideals is like a ship without a compass," Dean White continued. "He does not know where he is going, and such a situation is bound to be unsatisfy ing. Whether a person is in quest of a vocation, economic security ocial satisfaction or a happy mar riage, his salvation is to be found in a more effective attack on life in-spired by a truer set of ideals.

"What the outcome of this situation will be, no one can say at present. However, one can use the ethod employed by Patrick Henry who said. 'I have no way of judging except by the past. 'In spite of the fanaticism that has grown up in connection with the practice of religion, there is evidence that it still remains a necessity. Sad indeed would be the plight of that person who recognizes no personality greater than himself..."

Registrar Says Number Listed Is Eighteen Fewer Than in 1935

34 COUNTIES INCLUDED

Braxton Leads List With 68 Stu-Gilmer Follows, dents; Calhoun Third

Enrollment for the summer term in Glenville State Teachers College 493, according to Carey Woofter, registrat. This is a decrease of eighteen oiver the corresponding term last year.

Of the thirty-four counties repre sented in the enrollment, Braxton County leads the list with 68. Gilmer is second with 61, Calhoun third with 58, Nicholas fourth with 46,

and Roane fifth with 44. Other counties represented are Barbour 3, Boone 2, Cabell 1, Clay 36, Doddridge 11, Fayette 6, Greenbrier 3, Hampshire 1, Hancock 1, Harrison 4, Jackson 6, Kanawha 25, Lewis 26.

McDowell 1, Penaleton 1, Pleas ants 2, Pocahontas 4, Preston 1, Putnam 2, Raleigh 1, Randolph 7, Ritchie 22. Taylor 2, Tucker 2, Upshur 7, Webster 20, Wetzel 1, Wirt 12, Wood 6.

Mr. Baxter Will Go to Marshall Mr. Curtis Baxter, instructor i

English in the College for the past six years, will become a member of the faculty of Marshall College this year it was learned here today. Mr. Baxter is an alumnus of Marshall College and has attended Washington and Jefferson College, Colum-bia University, and Cambridge Univversity. This summer, he is attend-ing Washington and Jefferson College. Mr. Baxter s a son of the Rev. and Mrs. J. F. Baxter, of South Glenville.

Countryside Yields Story of Confederate Soldiers Murdered During Civil War Days

By Gladys Platt White Thirty-six miles is a long way to walk. And men can't go as fast as horses. Even if the horses are at their heels, and on the horses are enemies with muskets, prodding them on, they can't keep up with

horses for thirtysix miles. Even if hearts, congealed with dread, goad their tortured muscles, they can't. And if they don't - they might be shot. They might be

lashed to a tree and shot to death. They might hang there all night, J. W. Kella

and then be thrown into a two-foot hole in the ground and covered with brush and dirt.

That could happen. It did happen -only a few miles from Glenville! Mr. John W. Kellar, 69 years old, of near Troy, tells the story, which he has heard many times directly from the lips of three different men who played important roles in the tragedy.

It was the second summer of the Civil War. A division of the Home Guard-outposts of the Union Army was stationed in the Methodist Episcopal Church, South, in Glenville. Mounted, they were scouting the country side near Normantown one day when they caught sight of two men, afoot, on Kennedy Hill.

Rebels-probably on their way home from a southern camp!

They captured the men and headed them toward Weston, where, it is supposed, they would have been turned over to authorities as prisoners of war. The Guard followed on

Creek Hill, after having driven the soldiers in front of them for about twelve miles, the Guard became vexed with the captives' inability to keep pace with the horses, and decided to bother with them no longer. They tied the two exhausted Rebels to a tree, shot them, and rode away,

Friends Bury Bodies The next day Sam Kellar, Jim and Henry Carson, and a man named Tallman, all of whom lived in the neighborhood, buried the men. From the top of the hill two of them Continued on page 5

State Provides Funds for Furniture

An appropriation of \$8500 was made at the special session of the State Legislature for furniture and equipment for the dormitory now under construction on the campus. dormitory will probably be The boys; however, Dean H. hite said the demand for used for Laban White said the rooms will determine whether it be used for girls or boys.

DR. C. P. HARPER TO TEACH HERE

Will Replace Dr. A. E. Harris in Department of Social Science

Dr. Charles P. Harper, of Upper Tract, Pendleton County, will head the department of social science in the College the coming year, replacwho resigned ing Dr. A. E Harris, to accept a similar position at Marshall College.

Dr. Harris, of Birch River, Braxton County, came to Glenville in 1928. In 1934 he was given a twoyear leave of absence to study at the University of Iowa, where he received his Ph. D. degee this year. Dr. Harper, who comes here from Parkersburg where he has been in charge of W. P. A. educational work, was recently graduated from Johns Hopkins University with the degree of Doctor of Philosophy. His underwork was done at Shepgraduate herds State Teachers College, and he received his Masters degree from West Virginia University. He is married and has one child, a 7-yearold daughter.

Don't Boil 'Em! Don't Burn 'Em! Wear 'Em, Pal

Ocelius Fitzwater, a student rooming in Kanawha Hall, recently learn how long not to boil his trousers. About 2 o'clock Friday morning, Coach A. F. Rohrbough, who lives in the hall, awoke to find the corridors filled with smoke. After giving the alarm, he hurried to investigate. reaching the basement, he Upon found that a pair of trousers, which had been put to boil and forgotten, had caught fire.

Four students, Robert Hall, Arch Westfall, Matthew Gay, and Thomas Cain, were enjoying the "sleep of the just," and the commotion failed to disturb their slumber. All other residents of the hall enjoyed the fire.

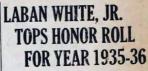

ATTENDS N. E. A. MEETING

President and Mrs. Rohrbough to Return From West This We

President and Mrs. E. G. Rohrough are expected to return to Glenville this week, following an extensive trip to the West Coast. They left Glenville on June 22, en route to Portland, Ore., there to attend a meeting of the National

Educational Association. Mr. and Mrs. Rohrbough went by vay of Chicago, through Canada to Vancouver, and then to Portland. On their return trip, they traveled down the West Coast and across the southern states to Austin, where they visited the Texas Centennial.

Miss Edna Elliott attended the funeral of her cousin, Miss Mildred Stevens, at St. Paul's Church, near Mt. Zion. Tuesday. Miss Stevens was killed in an automobile acci-dent July 4, when returning home from a carnival.

Hogue, Betts, Ward, Meadows and White Are High in Three Classes

REGISTRAR COMPILES LIST

Roll Includes 27 Freshmen, 18 Sophomores, 9 Juniors and 15 Seniors

H. Laban White, Jr., son of Dean and Mrs. H. Laban White, headed the honor roll for the past school year, according to Carey Woofter, College registrar. Mr. Woofter's report shows that of the seventy students listed fifteen are seniors, nine are juniors, eighteen are sophomores and twenty-seven are freshmen. One special student is listed on the honor roll.

Russell Hogue, of Harrisville, and Velda Betts, of Grantsville, tied for first place among the freshmen; Max Ward of Grantsville was high in the sophomore class; H. Laban White, Jr. led the juniors; and Jason Meadows of Elkins was first among the seniors.

The honor roll includes only those students who carried twenty-eight or more hours of work. A list of the honor students and their ratings will be found on page 4.

G. S. DOWELL IS CHAPEL SPEAKER

exas Professor Describ Dust Storms and Methods of Controlling Them Describes Texas

"Today. Texas is a land of opportunity; tomorrow, when wind erosion is controlled, Texas will be wind a land of paradise," declared G. S. Dowell of Lorenzo, Texas, in an in an assembly talk Wednesday, July 1 Mr. Dowell, city superintendent of schools in Lorenzo, is a visiting education instructor at Salem College this summer. He was introduced by H. Laban White, dean and director of the summer school.

Mr. Dowell gave a vivid description of the dust storms in Texas and the southwest. Dust storms are caused, he said, by wind erosion, and the only way wind erosion can be prevented is by regetation, which is always limited by lack of rainfall. Through the conservation of water, he continued, Texas has begun to overcome her big handicap-wind erosion. Last year she produced 245 pounds of cotton per acre, an average which excels that of any other place in the United States.

Mr. Dowell was a guest of the Education 334 Class during the afternoon and spoke on "The Reorganization of the Curriculum.

AFTER 160 YEARS

Antiquity does not shade the significance of memorable events. When hope is spurred toward making possibilities realities, memory inscribes indelibly the occasion and per-petuates the glory of the achievement.

A short span of one hundred and sixty years has elapsed since that old, cracked Liberty Bell pealed forth the glad idings to the inhabitants of this country that the Monarch-ial heel of tyranny had been lifted from the neck of the oppressed of this land; that the dark shadow of Monarchial greed had been forever lifted from the shores of this country.

American manhood had won the day, and conquered Kings and Monarchs and planted the banner of hope in the new world where every land might flee and reap the results of their honest efforts.

That noble heritage permeates this grand panorama of loyal sons and daughters of America; a stimulus to a lofty faith.

We are proud of that heritage; ever to increase its purity should be our ultimate aim. With each temptation resisted, our self-confidence is increased. With each failing over-come our strength is augmented. With each fear dispelled, faith grows stronger and we go forward, on and on.

PRESENT PARKING CONDITIONS

With the coming of the hundreds of summer term students, there comes the horde of automobiles that are hur-riedly parked in the immediate vicinity of the campus. With the coming of these cars, traffic is often tied up in the

streets and in the inadequate parking lots. There are ways of disposing of the problem. One might prohibit entirely all parking, but that is going too far. might have the hour limit, but many have classes running solid through the morning and couldn't be moving their property

One solution might be the issuing of a campus license tag or sticker to out-of-town students. There are students liv-ing or boarding in town who drive a block or two to their They take up space needed by commuters living in the adjoining communities and counties who drive in each morning and must hurriedly find parking space.

Why not issue these permits for parking. Why not walk to school if you live close to the campus?

THE LOCKED DOOR

"Of what benefit is a rest room if it is kept locked?" So complained the coed. So complain many girls in the summer school.

Last year the college officials spent a certain sum of money in furnishing a room in the girls' basement of Admin-istration Hall. The room is attractive and comfortable. Last year the college officials spent certain But the door is always locked.

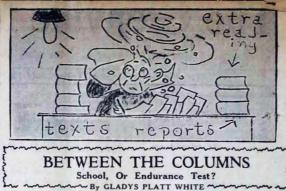

Students who bring their lunch would find it convenient to eat in the rest room. Girls must powder their noses. The rest room would be the proper place to attend to such de-tails. But we cannot use the rest room because it is kept locked.

Why is the room locked? Perhaps it is because some girl put her foot on the rounds of a chair. Girls do that occas-ionally. Granted that is true, we believe that if the rest room were opened, the girls would be sufficiently apprecia-tive that they would treat the furniture with due respect.

Final Rites for Mrs. Bobbett

Art Students Will Exhibit Work

Private funeral services were Plans for an art exhibit to be held held at the home this afternoon at 4 o'clock for Mrs. O. I. Bobbett, of in Administration Hall, probably this week, were announced yester-day by Miss Margaret Christie, art instructor in the College. The ex-hibit will include thirty-two original Huntington, who lied Tuesday morning following a brief illness. Miss Laura Ann Miles, of the College faculty, who is a close friend of Mrr. Bobbett, attended the services surface patterns created by the art students.

We were astonished the other day when we learned that the word 'school' was derived from a Greek term meaning 'leisure'—time to meaning consider, to meditate, to digest, to appreciate.

The Greeks would have had another name for our current summer sessions

We checked a day's assignment for a nine-hour schedule. Counting at random through our books we arrived at a conservative estimate of thirty-seven line to the page, and ten words to the line. The book represented four different departments in the College. Over a period of nearly a week our aggregate daily assignment was more than twenty-sx thousand words a day! Now consider how long it would take, at a normal reading rate, to give that much material even the most cursory reading! Then consider the length of time necessary to study and organize it sufficiently well to feel adequately prepared for class. Consider further-those twenty-six thousand words include no reports, no laboratory work, and no outside reading, no library work, no written work!

Should we wonder, then, that the instructors complain that students' responses are vague and indefinite? Is there cause for surprpise when a student, upon being asked what a chapter contains, replies, 'I don't remember exactly, but some man went somewhere some time and dil something."

We recognize that the instructor are not greatly responsible for this condition. When a course calls for a view of the whole world and all that therein is, we realize that they letter, and see a movie.

flout orders and take us cannot peeping through keyholes. But we wonder if it would not be better for the student to understand cleareven one significant trend in history, one major issue in government, one fundamental process :n science, or one masterpiece in literature, than to amass a formidable quantity of heterogeneous and undigested information.

lish one savory, toothsome steak than be compelled to swallow the whole steer. In fact, we are quite sure that we would imbibe from the former a more wholesome feeeling toward the entire animal.

A prevalent campus lament is that each teacher seems to consider his assignment the only one the student has to prepare. We appreciate that no instructor could be pected to know the amount of difficulty of the student's work outside his own department. Therefore, we suggest that the instructor, when making assignments, consider the student as taking the entire nine hours in his courses. Then, in a num ber of the assignor's classes sufficient to cover nine-hours work, let im assign no more in the aggregate including textbook reading, laboratory work, outside reports, research, notebooks, et cetera and et cetera than he can reasonabley expect one student to prepare according to the instructor's standard, and still have time to sleep eight hours, eat three meals, and brush his teeth. We asl We ask no more than that. We will wait until schoo is out to sew on the buttons, do our pressing, read the newspaper, go to church, write a

Way of the World

IN THE DAY'S NEWS

The Ministry of Education in Siam frobids flirtations and love letter writing between boys and girls of school age.

of sensol age. Almost a million pilgrims gather-ed to bathe in the waters of a sacred river in India during the recent eclipse. They believed the water would then be more potent to ab-solve them from their sins.

Gordon Duffin, a bachelor teacher in Windsor, Ontario, has a cure for lovelorn pupils. He gives them a love test by seating them together, and finds that after two weeks they are hardly speaking to each other.

The nobel prize, to be awarded for literature, medicine, physics, and peace next November will be worth \$42,840 each.

COMMENTS ON LIFE-

If you don't meet success you might try moving a little faster in an effort to overtake it.

Any man can make a mistake but only a fool will stick to it. --Cicero After you've paid other people good money for their judgment, ou have more respect for your own. One always wonders how a great an finds time to shave.

He may have a greasy hat, the seat of his trousers may be shiny, and the banker may not know his scignature, but if you see his chil-dren with their noses flattened against the window pane watching for him a half hour before he is due home for supper you can go right ahead and trust him with anything you have.

Diplomacy is the art of letting someone else have your way.

AND SOME HUMOR

A maiden fair in a dairy cloak Went out to milk the family goat, She patted, soced, and said, "Nanny be still."

The animal said, "I ain't Nanny-I'm Will!

The scientist who said that the esser cannot contain the greater in a woman's shoe never worked in a woman store.

You are not as young as you used to be when you choke up at "Silver Threads."

Hope is what makes an old maid buy schoolgirl complexions and lipsticks and act kittenish.

-3

Before marriage a man declares that he will be the master of his home or know the reason why.... after he is married he knows the reason why.

So live that you wouldn't be afraid to sell your parrot to the town gossip.

NEW DORMITORY

In answer to many inquiries about the Boys' Dormitory, the Mercury has been authorized to insert the following material as a paid advertisement

The West Virginia Board of Control employed Edward J. Wood & Son, architects, to prepare plans and specifications for the dormitory. Mr. Wood has designed a building with the effect of the best early colonia! brickwork on the exterior and mod-ern conveniences in the interior.

will be seventy-five bed There rooms, fifteen bath rooms, a meeting room and small kitchen, and a boiler room.

The General contractor is Baker and Coombs, and the job is now under the management of S. S. Lynch, whose ability is clearly shown by the whose ability which he handles the ma-manner in which he handles the ma-terial, and the following brick ma-sons: Walter Hueman, Howard Hi-mer, Herman Hagertg, Walter St. Edwards, W. W. Clair, Herbert Edwards, W. W. Brown, Guy Provenzd, Clifford Pool, they pay for.—Paid Advertisement.

Mrs Habbett, attended the stryices requests.

Coombs, George Peterson and Julius Firchow. The carpenters are Roy Phillips,

T. B. McQuain. The Steel erector is H. N. Rosier, who is aided by the various types of laborers. F. K. Everst, sub-contractor for electrical work, is on the job in per-

D. G. Johnson, Russell St. Clair

Bert Johnson, Ralph St. Clair, David

son and is showing the thorough methods used in the U. S. Navy Yards. The William M. Clark Company is sub-contractor for the heating and plumbing. The genial Mr. Walter Cole

foreman of the steam fitters, and L. C. Davis is the man "to tell it to the plumbers." This is a W. P. A. project and as

resident engineer George Dieringer is the man who checks up on labor and wages, approves work, etc., for the P. W. A.

A. H. Wilkins, himself a registered architect, is acting as M. Woods' representative on the project, to see that the Board of Control gets ILACHERS ADDEL
