## NEW DORMITORY TO BE READY FOR OCCUPANCY SOON

C. W. Loar, Superintendent of Construction, Pleased With Progress

### FIELD OFFICES MOVED

Design for Flooring and Bathroom Wainscoting Approved—Grading Nearly Completed

By OTIS REXROAD

Only one connection remains to be made before the new dormitory will be transformed on the inside from a cheerless expanse of cold, white walls and near-freezing temperatures to a region of summer warmth, says C. W. Loar, superintendent of construction.

Some delay has attended the delivery of the breeching, or pipe which connects the two boilers to the smoke stack, but shipment has been made and delivery of the parts is expected today.

The temporary field offices have been removed from the campus and the grading around the dormitory is practically completed.

The design for the flooring and bathroom wainscoting has been approved, but there will be a short delay before materials will be delivered.

As soon as remaining construction material is received, the building will be rushed to completion.

### Two Magazines Added to Library

Two magazines, Editor and Publisher, and Quill and Scroll, have been ordered for the Robert F. Kidd Library. ### SAYS 'UPHOLD THE RIGHT'

Declares Adequate National Defense Will Never Bring About Another War

By ROBERT DAVIES

"No one can study the history of America without having a more profound respect for our nation," declared Bantz W. Craddock, '06, assistant federal district attorney for the Northern District of West Virginia, in an Armistice Day address in the College Auditorium.

"We must guard against any false sense of security," he said. "An adequate national defense on land, on sea and in the air will never bring about war. America, regardless of politics, wants war outlawed. The World War was a struggle to end war. Those who fought and died in it did not die in vain."

"The greater the liberty, the freedom, and the opportunity of a nation, the greater must be the responsibility. It is the duty of those who enjoy the freedom and privileges of American citizens to fight when called upon to protect our liberty."

He asked, "What is our duty as a nation?" (Continued on page 6)

### ELECTION OVER, WE MUST MOVE ON

The recent election brought the country to the close of another history-making event. It was an event, the results of which some people regard as favorable to the welfare of the country, while others look on with awe and dismay.

But now that the outcome of the election is known, and a leader for this great nation has been chosen, we cannot and must not lose sight of the fact that we must move on. To our chosen leader we must pledge allegiance and loyalty, not for the sake of any political party, but for the sake of our future welfare. We as young people must not lose sight of the fact that the majority of us have several years yet to live and that we owe it to ourselves to aid individually in promoting any and all activities that will tend to lessen the burden of hardships that we may have to endure later. No one man can conduct and regulate our lives for us; that is left for us to do. No one man can control the destiny of this country; that is for us to do also.

A great leader has been chosen. Let loyalty and cooperation forever be foremost for that leader. Let us be more active, young people. Let us share in the activities that guide the course of our nation; if we do not, we cannot complain if the world moves on and leaves us behind.—Denzel Garrett.

### THE STARS AND STRIPES FOREVER

That we were privileged to hear a noted Russian Countess discuss the present day conditions of her home country the past Monday night is indeed a gift of no small value at a time when forms of government are in danger of changing. Democracy, Fascism, Communism, and Socialism are terms of everyday importance; yet, it is a rare thing to hear first hand information from a country that differs from our own. It undoubtedly leaves with a liberty-loving people the impression that a government of the people, by the people, and for the people is far ahead of any other system which has so far been tried and tested, and that the Stars and Stripes of freedom are an emblem of hope and peace. The Stars and Stripes should have a significance of far more importance than they do have to America's youth. No one here is ever thrown into the dingy pits of solitary confinement, expecting every moment to face a firing squad as a method of suppressing free speech. Yet, we looked upon a human—a woman of nobility—who had suffered the lingering agony of solitary confinement at the hands of a merciless faction of Russian agitators.

Americans, young and old, should not encourage a waning democracy. Our government must go on and on; it is the hope of the world.—Denzel Garrett.

### ALL OF US ON TRIAL

Every smallest stroke of virtue or of vice leaves its scar. We may not count the vices we commit, but they are being counted none the less. Down among the nerve cells and fibers the molecules are counting them, registering, and storing them up to be used against us when the next temptation comes. Nothing we ever do, in strict scientific literalness, is wiped out. As we become drunkards by so many separate drinks, so we become saints in the moral world, and authorities and experts in the practical scientific spheres, by so many separate acts and hours of work.

A good character is a quality to be admired in any one. It would seem reasonable to assume that we as prospective teachers should exhibit good character, because soon we may have the training of the younger people in our care.

Therefore, let us, the future teachers, build character in such a way that it will not be questionable, that we may stand before our classes with a clear conscience.—Teddy Taylor, '37.

#### IN THE DAY'S NEWS—

#### —A THOUGHT FOR TODAY

Some people say they would like to turn back the pages of time, back to their childhood happy days and live life over again. But are they thinking only of the sunshine that brought joy to their hearts? Have they forgotten the sorrow that made the teardrops start? And have they forgotten the bumpy road, the road where they made their start?

Are they thinking only of the good things that make life seem worthwhile? Are they thinking of the happy things that make one wear a smile? I do not want to turn backwards and do the things I have done. Instead, I would rather go onward; and, at the journey's end, I'll wave farewell and be content with what the world has given.—Paul L. Riley, Camden.

### PLAN TO DRAMATIZE NOVELS

W. P. A. Federal Theater Projects Put on Best Plays

#### (Special to the Mercury)

If plans recently announced by the W. P. A. Federal Theater Projects work out smoothly, Sinclair Lewis' anti-Fascist novel, "It Can't Happen Here," which was barred from the screen by Hollywood, will, in the near future, appear throughout the country as a play.

The Government pays author's royalties for all plays presented by the W. P. A. theaters at the flat rate of \$50 a week for each production. Consequently, Sinclair Lewis will receive that fee from each of the twenty-eight companies which will put on his dramatization of "It Can't Happen Here."

#### OPEN LETTER

To the Editors of the Mercury:

The Student Council deserves praise for the efforts it has put forth thus far. It has been working very diligently in order to see that the freshmen miss nothing and observe all.

Just what has been the nature of the work of the Student Council this fall? Who has been put on the "carpet" before them? Freshmen? Yes, and it seems as though they are a band of outlaws by the looks of the names on the bulletin board. Are they the only ones that deserve a word of advice, or is it possible to reform a freshman in two or three months so that he will walk in the straight and narrow path the next four years and not wander therefrom? If so, then the Student Council should have been organized three or four years ago.

Why not adopt a motto similar to this one: A government by the students and for the students, in place of this one: By the Student Council for the freshmen.—P. C.

To the Editors of the Mercury:

The freshmen, on the whole, are living up to their rules. However, as is expected, some go astray and are promptly brought before the Student Council and sentenced. This is very good. Freshmen, live by your rules. Remember, next year you will be upperclassmen, then you will get your revenge.

It seems that the freshmen are receiving the brunt of the punishment while the other students are not checked on at all. It would seem reasonable to assume that the upperclassmen should not be allowed to violate the rules of the College time after time and still be allowed to violate them without being brought to account for it.

Why not have some upper-classmen summoned along with the freshmen when the Student Council goes into session?

##### SIMONE MAKES BOW IN NEW SCREEN HIT

"Girl's Dormitory," the dramatic revelation of ecstatic first love at the Pictureland Theatre Nov. 26, 27, 28, introduces to the screen the most important star discovery of recent years in the delightful person of Simone Simon (pronounced See-MOAN SEE-MOAN, both names exactly alike).

Starred with such screen celebrities as Herbert Marshall and Ruth Chatterton, the petite Simone presents an inspired performance that stamps her one of the most important personalities ever to reach the screen.

Her smile (so sly) and her eyes (so roughish) are but the least of this young lady's charm. She is of an exotic, beautiful appearance, and her histrionic capabilities have led critics to describe her as inspired.

Nine students have signified they will enter the "Romeo and Juliet" contest sponsored by Metro-Goldwyn-Mayer, moving picture producers, and arranged for locally by Miss Willa Brand, instructor in English in the College.

The contest, details of which were outlined in assembly by Miss Brand, is to be a feature of a visual education movement urged by Hollywood producers and has as its primary purpose the building of interest in photoplays.

Contestants will be required to submit illustrated notebooks, utilizing as illustrations miniature "stills" on the play and answering a set of twenty-four questions.

To the student whose local prize-winning notebook is adjudged the best in the United States will go a free trip to Stratford on Avon, birthplace of William Shakespeare. The student-winner will travel first class on the Ile de France and will return on the Normandie, both of the French line.

Miss Brand has agreed to assist in organizing a club here and states she will meet one night a week with students to study the play, "Romeo and Juliet," so that contestants will be better able to submit a worthwhile booklet. Interested students are asked to see Miss Brand any after-

noon at her office in Verona Maple Hall. Twenty-five persons must sign up before the club can be organized.

# For Digestion's Sake... Smoke Camels

## THE TEST DIVE!

Straight down from 4 miles up—motor roaring—struts screaming—Gehlbach tears earthward like a bullet flashing from a revolver. At the bottom of the 2-mile drive—a sharp pull-out wrenches plane and pilot to the limit. Such tests make planes safer. Anything can happen. A bump in the air—a tiny flaw, and the plane can fly to pieces as though dynamited while the pilot takes to his parachute. But, as you can see at the right, Lee Gehlbach eats heartily and enjoys his food. Note the Camel cigarette in his hand—one of the many Camels that Lee enjoys during and after meals. In his own words (*abote*), he gives you the reason why Camels are his cigarette.

Lee Gehlbach says: "Smoking Camels keeps my digestion tuned up and running smooth"

"CAMELS set me right!" Gehlbach says. "You know, chance is only 10% of my business. Keeping alert and in fine condition is the other 90%. I smoke Camels with my meals, and afterward, for digestion's sake. And when I say Camels don't get on my nerves, it means a lot."

Good digestion and healthy nerves are important for everyone in this wide-awake era. Camels at meal-time and after speed up the flow of digestive fluids—increase alkalinity—help bring a sense of well-being. So make Camel *your* cigarette—for digestion's sake—for their refreshing "lift." Camels set you right! And they do not get on your nerves.

# PIONEERS SWAMP RAMS, 27-0, AT SHEPHERDSTOWN

Edwards and Bennett Score  
Twice as Glenville Downs  
Conference Foe

## RAMS NEVER THREATEN

Line Plays Strong Defensive Game;  
Hanna and Storage Are Best  
For Shepherd

Continuing their winning ways, the rampant Pioneer grid machine added another scalp to its belt last Saturday by trouncing John Newcome's Shepherd Rams, 27-0. Scoring in each of the four periods, the Pioneers displayed marked supremacy in all departments, rolling up sixteen first downs to four for Shepherd. This was the fourth conference win in five starts for the Pioneers, and the second straight triumph over Shepherd.

Glenville's first marker came in the first period. After an exchange of punts, the Pioneers received the ball on the Shepherd 47-yard line. A series of line plays, with Bennett, Edwards and Gibson lugging the oval, gave Glenville the ball on the Shepherd 15. Edwards then faded back and rifled a pass to Bennett for the score. Martino's kick was wide.

### Edwards Scores

In the second period, the Pioneers added another tally. After Hanna of Shepherd punted to Gibson on the Shepherd 40, the Pioneers started a march that carried them to the Shepherd 10-yard stripe, where Edwards scored on a spinner through the line.

Shortly after the kickoff in the third period, the Pioneers scored their third touchdown when Mason recovered Weidmeyer's fumble on the Shepherd 40. Another brilliant drive placed the pigskin on the Shepherd 15, then Bennett scored his second touchdown of the day to give the Pioneers a 19-0 advantage. Martino's kick was good. The final tally came in the fourth canto after Fuls recovered a Shepherd fumble in midfield. Using straight football, Glenville launched a running attack that carried them to the Shepherd 4-yard line, from which point Edwards skirted the end for the score. Martino again converted the extra point.

### Shepherd Threatens Once

Shepherd's only scoring threat came in the third period after Hanna intercepted Edwards' pass on the Glenville 40 and raced to the Glenville 20 before he was downed. Aided by a fifteen yard penalty, the Shepherd outfit penetrated the Glenville 5-yard line, only to lose the ball on downs.

Edwards and Bennett were the outstanding stars in the Pioneer backfield, as was Martino, Fuls and Howes on the line. For Shepherd, Hanna and Storage turned in fine performances. Gibson, Pioneer scoring ace, failed to tally in this contest, but put the ball in scoring position several times after spectacular dashes through Shepherd's forward wall.

CAPTAIN PAUL FULKS and Sam Whitman will be playing their last game for the Blue and White Saturday when they take the field against Wesleyan. Fuls's football career is marked by the fact that during four years of play he has never missed a practice.

WE ARE ANXIOUSLY waiting to see how the Pioneers will stack up against the highly-touted Bobcats. This is the final stepping stone for Glenville in the march for the state conference championship.

PIONEER OPPONENTS have scored only 6 points this year. West Liberty gained the only touchdown against the Glenville machine.

LOOKING AT the other side of the picture—the Pioneers have scored 167 points. Gibson is leading the attack with 54 points.

PAUL MASON, veteran guard, lost four teeth in practice last week and "Bull" Summers, giant tackle, is out for the rest of the season with a broken hand . . . Hillis Cottle's knee has failed to improve enough for him to report for practice . . . We hope those knees take a turn for the good before court season arrives . . . Remember Lilly and Porterfield also are suffering from the same ailment.

WHAT'S ALL THIS we hear about intramural basketball going to start next week? Let's hope it is a fact . . . That volleyball seems to have fallen by the wayside . . . And while we're on the basketball side of the fence, we should mention that there will be a game November 23, between two physical education classes.

DO YOU KNOW that Coach A. F. Rohrbough plans to schedule Ohio University for December 16? Of course, it isn't definitely decided, but those are the whisperings . . . Well, folks, we'll see you at the Wesleyan game!

Game Will Close Season For  
Glenville — Many to  
Attend

The Pioneers will travel to Buckhannon on Friday to take on the Wesleyan Bobcats in the last game of the current season. Many college students and local sports fans plan to attend.

Having defeated Duquesne, Catholic University, Waynesburg and Salem, the Bobcats are favored to conquer the much lighter Glenville eleven.

Only once in the history of the two institutions have the Pioneers registered a win over the Methodists, that being in 1911, when Mark Gardner booted a field goal to win 3-0. In 1931 a scrappy Glenville team held the Bobcats to a 21-21 tie.

Several former high school teammates will meet once again when the squads take the field. Mowrey, Martino and Bohensky, and Keniv Moore of Wesleyan wore the same colors for Washington Irving High School. Captain Paul Fuls and Nelson Peterson used to play together at Weston, while Jack Labay of Wesleyan and Edwards of Glenville are both graduates of Wheeling High School.

Two Physical Education Classes  
To Clash Monday\* Vacation

Monday night, Nov. 23 at 8 o'clock the 1 o'clock physical education class will meet the 2 o'clock physical education class in a "grudge" basketball game in the College Gymnasium.

Members of the classes have been arguing among themselves for the past month about who has the better team. The game to be played will settle the argument.

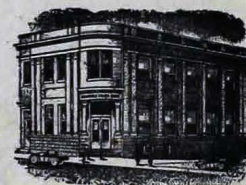

The 1 o'clock class will choose a team from Albert Lilley, Harold Noroski, Junior Rhoades, William Chokey, Edward Marple, Paul Naylor, Lonnie Wiseman, Keith Miller, Harold Winters, and Robert Davies.

The 2 o'clock class will pick a starting line up from Frank Martino, Hillis Cottle, John Harra, Earl Wolfe, Louis Romano, Richard McKinney, Evert Robinson, and Charles Surr.

Marvin Lee, A. B. '32, teaches biology in Clendenin High School and is assistant coach of football and basketball.

Victor Hyre, Edward B. Marple, William Kidd, and B. W. Peck, students in the College, visited their parents at Burnsville the past week-end.

## Craddock Gives Glenville High School Speech

Continued from page 1  
in time of struggle between  
Glenville High School and  
"up-hold the right, fight for it."  
"The United States," he said, "has  
progressed to a position of command-  
ing influence in the affairs of the  
world. The American nation today  
stands erect more powerful and bet-  
ter equipped to protect the rights  
of man than ever before."

Pointing out that this country has  
always gone forward, he declared,  
"America was born in a revolution,  
and it has only been the indomitable  
spirit of the nation's leaders and the  
loyalty of the people as a whole that  
has made the United States what it  
is today."

He referred to John Marshall "as  
the one man who had more to do in  
establishing the security of this gov-  
ernment than any other American."  
"John Marshall," he said "was the  
greatest lawyer of all times."

Frequent references were made to  
the recent lecture by Irina Skaria-  
tina as Mr. Craddock drew an an-

alogy of the return of the Russian  
soldiers from their defeat at the  
front in the World War and the re-  
turn of the American soldiers,  
"who," he said, "came home proud  
and brought with them that glowing  
spirit which had carried them  
through the struggle."

"At the close of the war," he  
added, "every American, regardless  
of politics, joined together to out-  
law war, and no American was  
against whatever could be done, or  
should be done, to insure peace.  
That is the spirit of America."

He cited college football as an ex-  
ample of fair play and the spirit of  
America and said that "a country is  
like a football team—alone, one is  
nothing—but together a group is in-  
vincible."

"In America every man and every  
woman is a sovereign, but none dares  
wear a crown," he said, and added  
"in America every man and every  
woman stands on a basis of equality.  
That is the spirit of America."

In conclusion, Mr. Craddock as-  
serted, "America has gone forward  
from its foundation, gradually some-  
times, but always forward, and the

history of today is a shining light  
that points to the time of 'the per-  
fect day.'"

Mr. Craddock was presented by  
Robert T. Crawford, instructor in  
education and mathematics in the  
College. Mr. Crawford is a World  
War veteran and saw service abroad.
