

## PIONEERS MAY GET INVITATION TO NATIONAL INTERCOLLEGIATE BASKETBALL TOURNAMENT TO BE HELD IN KANSAS CITY

State Champions Attract National-Wide Attention; Have Won 57 Out of 59 Games; Undeclared This Year In Conference

### BULLETIN

Coach A. F. Rohrbough said yesterday afternoon Glenville State Teachers College had definitely been invited to participate in the National Intercollegiate Tournament at Kansas City, Mo.

The Glenville Pioneers may be headed for their first national intercollegiate basketball tournament.

This statement was made by an Associated Press news release of Sunday which states that Gordon C. ("Pop") White, of Salem, Va., and director for this district, said "the Pioneers would have the opportunity to enter the tournament this spring if they desired."

The tournament is to be held at Kansas City, Mo., the week of March 13 to 18, and is rated as a top-notch show throughout the nation. Teams must be champions in their own conference before they are invited to enter the national meet.

The Pioneers in two years have won 57 out of 59 games. Last year they won the state conference, were champions in the state tournament at Clarksburg and were declared Tri-State champions by the Pittsburgh newspapers. This year they are again conceded to be conference champions. They have won 19 consecutive conference victories and have lost only two games, both to out-of-state teams, Akron and Toledo. They have scored more than 1000 points this season and two games remain to be played, Bethany here Tuesday, and Fairmont there on Friday.

High Point College of North Carolina has been invited to the Kansas City meet. Last year Glenville defeated the High Point team here 77 to 43. This year the two teams did not meet.

Coach A. F. Rohrbough, who admits Glenville has a tough schedule ahead in the state tournament, says he has had no word from the Kansas City officials.

A surmise that the Pioneers would withdraw from the state tournament should they get a bid to Kansas City was confirmed by Coach Rohrbough today.

## James Musser, Athlete and Honor Student, Will Be in Senior Procession This Spring

Son of The Rev. and Mrs. J. C. Musser Attains High Campus Rating In Four Years of College Work

An athlete and an honor student is James Musser, of Glenville, who will receive his secondary degree in social sciences and English here this spring. Eight years of secondary and collegiate education in Glenville will be thus completed, for Glenville High School is his alma mater.

Two years of basketball and three years on the football team have been the high points of Musser's athletic career. A broken shoulder kept him from active service as left end during his freshman year.

But sports has not been the only interest of this young man whose seventy-three inches of height permits him to look down on the expanse of campus affairs. Participation in three operettas and membership in five clubs are included in the four years of campus life. The clubs and the official positions held in each are as follows: Glenville Club, new secretary after three years of membership; G-Club, and their representative on the social committee; Holy Roller Court; Current Events Club; and Jim Club, young college social organization. He has also been on the Mercury staff.

Musser's freshman year was quite eventful. He served as vice-president of the class, as representative on the social committee, and was selected as an outstanding member of his class.

Honor roll rank in scholastic pursuits has been several times in number. His grades consistently approach this level.

Off the campus he teaches a Sun-

## Will Elect a 'King of Swing' At W. V. U. Dance

Down at the University this spring the males will become "ladies" for a night at a Goldiggers' ball—a dance where the strong men turn to the meek and where the campus 'he-men' sit out as wall flowers in case they don't choose to 'cut in'.

Instead of the men having to pay cab fare, buy corsages and other accessories, the inviting lady dig up the cost of the party, calls on her date, walks on the outside, makes the introductions and supervises all the other formalities that ordinarily the men perform.

Also instead of the usual election of a "Belle of the Ball" the women will 'gang up' and elect a "King of Swing."

All in all, the party is to be something new and very different, and it is to illustrate the adage, as the University students say, that "every dog has his day."

## College Offers Directed Teaching in Physical Education for Women; Eighteen Enrolled

### Pupils In Training School Will Benefit From Work; Mrs. Boggs In Charge of Classes

Each week on Monday and Wednesday from 1:10 to 1:50 p. m. the first grade children in the College training school have the time of their young lives in a physical education class directed by eighteen College girls. Supervisor of the work is Mrs. Earl Boggs.

The children are divided into two groups of fourteen each and taken to the College auditorium where they go through the forward roll and other activities under the supervision of four student teachers, while the others of the class observe. Each group of children performs for twenty minutes with different teachers for each group. In this manner all of the training teachers are allowed to teach once a week, and to observe the other students when they are teaching.

This is the first time that any students in the College, but from the response made by the youngsters, it will not be the last. When asked if they liked the course, two little girls smiled broadly, nodded their heads vigorously and replied in non uncertain tone, "Uh huh."

These girls, who compose the Physical Education 302 class will teach in the first grade for three weeks, then in the second grade for three weeks, and in as many other grades as time will permit. The nature of the physical education taught the children involves not only physical action but teaches games that involve coordination and group play.

## Current Events Club Names Party Committee

Tentative plans for a party to be held in the gymnasium sometime the latter part of March or the early part of April were made the past Tuesday evening at a meeting of the Current Events Club. The nature of the party has not been decided. A committee of five was appointed to make the arrangements. They are: Chairman, Dorothy McClung; Tulsa Hinkle, Elbert Backus, Agnes Wright, Clifford Garrett.

The program for the evening consisted primarily of a forum quiz given by Dorothy McClung, past president of the Club. General topics discussed were: "United States Takes A Stand" by Jack Francis, and "After The New Deal," by Frances Myers.

### 39 CHILDREN PLAY IN COLLEGE RHYTHM BAND

Miss Bertha E. Olsen, instructor in music in the College, conducts a rhythm band made up of thirty-nine children of the training school every Thursday afternoon at 3 o'clock. Boys and girls of the second grade bring their chairs to the stage of the auditorium for a one hour practice period. Children of the first grade practice with the toy instruments each Friday morning at 11 o'clock in the first-grade room.

## Will Build First University Center On Sandwiches

EVANSTON, ILL.—(ACP)—The first building in the world to be erected on a foundation of sandwiches will shortly rise on the campus of Northwestern University.

The building is Scott Hall, the new student social center and community auditorium to be erected at a cost of \$750,000 as a tribute to Pres. Walter Dill Scott, who will retire next fall. In a very real sense it will be built on a foundation of sandwiches, for a \$200,000 Women's Building fund, which was begun with sandwich sales in 1911, has been turned over to the Scott hall fund by the Woman's Building association.

Determined coeds chose November 29, 1911, as the first of a series of "Sandwich Days" on the campus. On sandwich auditions the male students and faculty members were persuaded by feminine tactics to eat sandwiches for the benefit of a social center for women.

### MASTERPIECES TO BE SHOWN

The exhibition which is valued at \$30,000,000 will include the best work of practically all the master painters from the middle ages to the early nineteenth century schools.

## R. E. Freed Speaks On International Understanding

As a part of a Rotary Founders' Day address Thursday, Raymond E. Freed, instructor in the social sciences, read messages of "Fellowship" and "Internationality" as prepared by George C. Hager, Rotary International president, and Paul Harris, founder of the organization. Concluding his address, which dealt mainly with the plea for "a better understanding among mankind," Mr. Freed proposed that Glenville take steps toward organizing a Public Institute of International Understanding.

The Club approved his suggestion and President J. C. Musser named Freed chairman of a committee to proceed with the plan. In turn, Mr. Freed named Dr. C. P. Harper and Dean H. L. White members of the committee to work with him.

Speakers for the next three weeks will be Lionel Fell, March 2; Pres. E. G. Rohrbough, March 9; and H. V. Clark, March 16.

## RICHARD DYER IS ELECTED MOST OUTSTANDING SENIOR; MARJORIE CRADDOCK VOTED THE MOST ATTRACTIVE GIRL

Hamilton Named Most Handsome Man, James Croner Musser Most Respected, Davies Leads as Best Athlete; Three Students Tie for 'Most Versatile'

Seniors and members of the College faculty went into a huddle here the past week and conducted their annual election of campus personalities.

Voted most outstanding in the senior class was Richard Dyer, son of Mr. and Mrs. J. E. Dyer, of College Street, Clarksburg. Dyer, sports editor of the Mercury, president of the Student Council and publicity director of the athletic department,

also shared other honors in the election by tying for the most-likely-to-succeed person, and the most versatile.

Clifford Garrett and Richard Dyer were chosen as the most likely to succeed. Mr. Garrett, son of Mr. and Mrs. George Garrett, is Pioneer of the College, and past president of the Canterbury Club and the Y.M.C.A.

Elected as the most attractive girl was Marjorie Craddock, daughter of Mr. and Mrs. B. W. Craddock, of Glenville. Miss Craddock is secretary of the Student Council and president of the Canterbury Club.

William Hamilton is the most handsome, according to the election. He is the son of Mr. and Mrs. George Hamilton, of Minnora.

Marjorie Craddock and Clifford Garrett tied for the honor of having the most pleasing personality.

Chosen as the best athlete was Robert Davies, son of Mr. and Mrs. W. F. Davies, of Munnah, Pa. Mr. Davies is co-captain of the College basketball team and was president of the sophomore class two years ago.

The honor of being the most versatile went to three students, Kenton Berry, Paul Collins and Richard Dyer. Mr. Berry, son of Mr. and Mrs. Homer Berry, of Glenville, was formerly enlisted in the U. S. Navy. Mr. Collins, son of Mr. and Mrs. F. W. Collins of Frank, is student manager of the College and president of the senior class.

James Croner Musser, Jr., son of the Rev. and Mrs. J. C. Musser, of Glenville, received the highest number of votes for the most respected senior. Mr. Musser has been a member of the football squad for four years and was on the basketball squad for three years. He is president of the Jim Club and secretary of the Canterbury Club.

The student with the highest scholastic standard is to be determined, soon, by the register of the College, as was designated on the ballot.

### MRS. BERKHUSE ELECTED PRESIDENT OF AUXILIARY

## STATUE OF LIBERTY IS STILL GREATEST THRILL, SAYS GOLDEN

Fairmont Teacher-Journalist Depicts Situations In European Countries As He Saw Them

By Max Ward  
Though Max L. Golden, who spoke in Glenville the past week, has collected hats from the far corners of the earth, it does not of necessity follow that he finds all countries wearing a high hat. The custom itself arose from a desire to try on the other person's hat, particularly at parties and social gatherings. It was all the more fun to exchange the hat of a Swiss yodeler—if you chanced to have one about.

But there is perhaps more to be seen under the hats of the world than in the various domes themselves. One sees the simplicity of certain peoples and the pointed arrogance of others.

"The Germans," said Mr. Golden, "are growing to think from about every standpoint that they are the creators of the earth. The Italians are obsessed with the view that they can whip the world. The Russians

are convinced that they are doing a heavy piece of work, a great deal for a great many. . . . All can't have, so they don't permit a few.

"The Germans are out to exterminate the Jews, and the Catholics are next." The source of the trouble, believes Mr. Golden, is the preaching of extreme nationalism at the time differences in languages and customs.

The state of the European peasant class is deplorable. "In Russia one notices the lack of intelligent looking faces. Life for them is serious. To some their Plan has a great future, to others it is a colossal failure. Obliteration of their illiteracy goes little beyond ability to read and write one's name."

"I have never thought for a minute that European 'isms' will come over here. . . . It is crazy to assume this," Mr. Golden said.

But the dictators roar on, and their conferences make hazardous the purchase of an atlas, but in Europe affairs Mr. Golden thinks "the English must know what they

By Richard Dyer  
Glenville's basketball legions, by virtue of three spectacular victories the past week tightened their grip on the West Virginia Conference leadership, a position that they have held throughout the present campaign.

To date the Pioneers have participated in twenty-two games, have won twenty-eight, and have lost only two. These setbacks were received from Toledo and Akron, the only out-of-state teams the Pioneers will play this year. Glenville has evened the count with Akron but will not get a second chance with the Rockets.

This week Coach Rohrbough's charges will wind up their 1939 card, meeting Bethany's Bisons at home tonight and Fairmont there on Friday. In earlier games Glenville registered wins over both of these outfits.

Speaking of finales, two Pioneers, Captains Albert Lilley and Robert Davies, Glenville's ace point-getters, will be playing their last home game against the Bisons tonight. Since matriculating at Glenville in 1935, Lilley and Davies have featured prominently in the Pioneers' court warfare and have been outstanding in the defensive branch and have also led the scoring parade in their four year regime. At present Lilley is first with 297 points and Davies second with 254.

Following the Fairmont game Friday, Glenville will focus attention on a pair of post-season collegiate tournaments. The Pioneers are already

entered in the fifth annual West Virginia Intercollegiate meet to be held at Clarksburg, March 6 and 7. Being the No. 1 seeded team, Glenville will open this year's classic, meeting West Virginia Wesleyan in the first session.

Another tournament that Pioneer officials will be considering is the National Intercollegiate meet to be held in Kansas City, Mo. March 13-18. Gordon C. White, athletic director of Roanoke College, a team that went to the finals in the 1938 meet, says that Glenville, because of its outstanding record this season, is being considered as a possible entrant and will more than likely get a bid.

Just what meet the Pioneers will actually participate in remains to be seen. This department frowns on the Clarksburg setup but highly endorses the national meet, despite the fact that Kansas City, Mo. is 900 miles westward. Participation in such a classic would bring inconceivable publicity and recognition regardless of whether you win or lose. On the other hand, the West Virginia tourney carries nothing more than the conference title, an honor that Glenville can unquestionably claim right now.

## PIONEERS BEAT CATAMOUNTS AND D.-E. SENATORS

Lilley Scores 27 Points  
At Elkins and 15 Against  
Potomac State Here;  
Rhoades Gets 11 and 18

The Glenville Pioneers continued to mow down State Conference foes this past week when they sent Davis Elkins down to defeat at Elkins on Tuesday, 74 to 59, and the Potomac State Catamounts on the local court Thursday evening, 74 to 55.

Putting the pressure on in the early minutes of the contest, the Catamounts of Keyser, threw a scare into the Pioneers by scoring several field goals to lead 9 to 3. Realizing that they were pitted against a host of clever sharpshooters, the Pioneers flashed their fast breaking offensive attack and tied the count at 11 all after eight minutes of the first half had been played. Two successive field goals in rapid order by Ayersman of Potomac put the Catamounts out in front again, 15 to 11. Louie Romano and Noroski, Pioneer guards retaliated with a marker each to again tie the score at 15. Finding the opposition getting stronger as the game progressed, the Potomac combination wilted and the Pioneers forged ahead to lead 38 to 32 at the end of the half.

Headed by Junior Rhoades, who recently recuperated from an attack of influenza, the Blue and White hoopers led by a comfortable margin with seven minutes left. Coach A. F. Rohrbough sent his reserve crew into the contest to play the rest of the game.

## New Pickaback Scholar Plan Used at Harvard

CAMBRIDGE, MASS.—(ACP)—Pointing the way to what may become a new system of U. S. education, Harvard University authorities have declared successful the experimental plan of training high school graduates by "undergraduate faculties."

Designed to aid high school graduates who cannot attend college, the nation's oldest university has created classes that are taught by students. Under the new system, 50 Boston High School alumni have followed college courses under the volunteer tutelage of 100 Harvard undergraduates, most of them honor men.

Classes in the unique course meet at night in the dormitory rooms of "faculty members." There they have relayed on to them the material that the "teachers" have learned in their college courses.

The "pickaback scholar" plan is being continued this semester, and has interested National Youth Administration officials, who are considering offering this work to college students who now receive government aid.

Besides learning in evening classes, the "pickaback scholars" watch experiments in the university's laboratories and have full use of the university's libraries.

## SALEM TIGERS GO DOWN AGAIN; SCORE IS 61-49

Pioneers Put On Last-Minute Drive to Defeat Opponents Second Time This Year

Scoring 29 points in the last ten minutes of the second half, the Glenville Pioneers defeated the Salem Tigers 61 to 49 at Salem Saturday night to increase their string of victories to eighteen in the West Virginia Conference race.

Approximately 1000 persons jammed into the Tigertown gymnasium to witness the game. Glenville eked out a 57 to 53 win over the Tigers here earlier in the season.

The game, a typical Glenville-Salem struggle, was packed with thrills and kept the Salem cheering section in an excited mood for the first three quarters.

But in those final ten minutes of play the Glenville machine began to rally and turned on the pressure to forge ahead 32 to 31 for the first time since the opening stages of play. Under the pressure of this magnificent rally the Tiger floormen wilted and Salem's band of ardent supporters' hope for victory had become a "Lost Cause."

With Rhoades, and co-Captains, Lilley and Davies, Pioneer ace sharpshooters leading the pack, the Glenville basketweavers increased their lead to an eighteen point margin with the score at 58 to 41. Shooting accurately from all points of the court, these three veterans scored 49 points, which was as many as Salem collected during the evening.

Glenville was weak at the foul line in the first half of the contest, missing thirteen out of sixteen free throws; while the Salem five made good nine out of eleven tosses. The score at the half was 23 to 19, Salem.

Canterna turned in a great performance for the Tigers and was high-point man of the thrill packed evening with 19 points. Lilley and Rhoades each made 17 points for Glenville. Davies was next high with seven field goals and a foul for 15 points. Even though he failed to score, Louie Romano was the chief defensive gun for the Pioneers before he went out on personal fouls early in the second half.

## GROUP MEETINGS HELD FOLLOWING ASSEMBLY

Assembly period Wednesday was mostly devoted to a monthly meeting of the student body with Richard Dyer, president, in charge.

Pres. E. G. Rohrbough commented upon the importance of assembly attendance by upper class students, as well as freshmen, and expressed the hope that there will be an improved attendance without resorting to assigning seats.

The general session adjourned early to provide for meetings of the various classes. Following these, there was a meeting of all N.Y.A. students.

## Campus Wit Picks Joe Louis As Best Athlete

By Ernestine Harrison  
In the midst of the senior class dweils a wit, not a nitwit, nor a Hartford Wit, but a person who was at his wit's end when he glanced over the long list of seniors from whom to choose campus personalities. Out of his brain bemuddled with world affairs and holidays ensued the following outstanding individuals: George Washington, most outstanding; Grover Cleveland, most likely to succeed; Martha Washington, most attractive girl; Abraham Lincoln, most handsome man; Mussolini, most pleasing personality; Joe Louis, best athlete; F. D. Roosevelt, most versatile; and Abraham, most respected. And as a climax the intelligentsia of the Mercury staff nominates Charley McCarthy for the "senior" with the highest scholastic standing.

## LOVE ALWAYS FINDS A WAY

By Associated Collegiate Press  
"Love always finds a way" or "Courtship under supreme difficulties." That ought to be the title for this tale about a certain Holy Cross College student who was struck with the loveliness of a co-ed pictured in *Collegiate Digest*. It was love at first picture, as it were.

As the co-ed was not identified in the caption describing the photo, this inventive lover just clipped the picture, pasted it on an envelope and wrote the name and location of the college beneath the clipping. Inside, of course, was a request for an answer, etc.

Yes, believe it or not, Lucille Trudeau, a student in Mundelein College's skyscraper on the shores of Lake Michigan in Chicago, received the epistle promptly.

And now there's quite a steady flow of letters between the Windy

are about." To him it looks as though it will be necessary for the democracies to unite.

Still there are things to see in the world in addition to political aspects. Quite impressive was Mr. Golden's audience with the Pope last summer. Yet, for the traveling journalist who had climbed Venetian, gazed in awe upon the Tower of Silence in Bombay, took a Kelley trolley to the Kaiser at Doorn, and strolled pensively through Stratford, the visit to Lenin's tomb in Moscow was among the most impressive. "Just the feeling it stirred up inside me. . . I went through twice."

Yet the greatest thrill of any of Mr. Golden's two world trips and other trips to Europe was the sight of the Statue of Liberty. It suggests, says the teacher - journalist, the American appeal: "Freedom of thought, of speech, and the knowledge that a person can come and go as he pleases and talk as he chooses."
