

## MERCURY MUSINGS

A Column of Highlights  
From Here And There  
And Everywhere

by E. Frances Myers

In a school cartoon, "They'll Do It Every Time," "our dear teacher" is portrayed prying over a text with a magnifying glass and plenty of light. He says, "Ah! Here's a nice piece of information they'll miss. I'll just slip that in the text, too."

Newspaper delivery will be restricted to just one day beginning May 15, in conformance with an order of the Office of Defense Transportation, to eliminate special trips and reduce trucking mileage. Groceries may send but one order daily to a home and there will be no special delivery mail by "vehicle." A vehicle is defined as "any rubber tired vehicle propelled or drawn by mechanical power or horse."

English newspapers have been reduced to four pages to conserve newsprint. For the same reason their circulation was "frozen" at the number circulated on the day Hitler walked into Poland, Sept. 1, 1939. Books in English papers point out that readers should save their copies and lend them to friends.

A Gunn, a Cannon, and a Warship were sent to the Nation's armed forces this month by Local Board No. 1, Waukegan, Ill.

The Gunn is Leo, 26 years old, of Waukegan; the Cannon is Eugene, 30 years old, of North Chicago, and the Warship is Eddie, 22 years old, of Waukegan. They are members of the same quota.

### "Memories That Will Linger"

Glenville College is a wonderful place. In the heart of a good old state and the memories of her I hold so dear, That with them no other can rate. I know not what the future holds, For me the coming years, But no matter how far away I may be, I'll be thinking of the "Pioneers." May the "Pioneers" always a record hold, That no others can excell, And their motto be as it has in past, "When you do a thing, do it well." As I go through this rugged, old world,

Whatever I do or see, These memories of G. S. T. C., I will carry along with me, by Kenneth Kendall

St. Olaf College (Northfield, Minn.) recently opened its \$300,000 alumni library.

## College Students Give Achievement Tests To Fourth, Ninth Grade Pupils

College students from H. Y. Clark's classes in Education 217 and 314 and from Miss Myers' class in Education 444 assisted Superintendent Marvin Cooper and his staff in giving Standard Achievement tests to all fourth and ninth-grade pupils in Gilmer County the past week.

Chief purpose of the tests was to check the progress made by pupils in these grades from the beginning of the year, when a similar test was given.

Forty-three rooms were visited and the number of pupils per room ranged from one to thirty-two, the average being about ten.

The College education department will supervise scoring of the papers, will interpret the results, make tables graphs and then give results to the county superintendent. A similar testing program will be conducted next year and until all grades have been tested.

College students who gave the tests were: Luveta Barker, Jean Brunon, Oma Brister, Inogene F. Bennett, Geraldine Craft, Margie Davis, S. Frances Myers, Reba Eller, Elizabeth Keller, Charlotte Hoyer, Maxine Pitzer, Evelyn Sprouse, Elsie Wolfe, Eldred Jimison, Lillian Hefner, Barbara Messenger, Mildred Ross, Madeline Payne, Mary

## RABBI GOODE IS GUEST SPEAKER HERE WEDNESDAY

Says Proper Emphasis Given To Religion Will Make Democracy Work

By Kline Bush  
Dr. Alexander E. Goode, Rabbi of Beth Israel Congregation in York, Pa., was firm in his belief that the best and only way for us to make democracy work as it should is to obey the Ten Commandments, when he spoke in assembly Wednesday on "In Our Democracy Is Religion in Action?"

Dr. Goode, a fluent speaker, observed that religion and democracy have developed along parallel lines, and said, "Religion reinforces democracy; democracy reinforces religion." He denounced theories that democracy originated in the Greek Church-State, said "democracy originated in the Bible," and that it could be found in action in the book of Moses.

Almost every ideal of present day democracy can be traced back to the teachings of the prophets," said Dr. Goode. "The European system stresses a form of autocracy—not democracy. Closer to our form of democracy is the English system."

He was firm in his opinion that democracy must and will live and be given to the peoples all over the world. "While governments have been more concerned about the extinguishing of democracies in Europe," he added.

## Sugar Rationing A Reality Here

Sugar rationing became a reality in Glenville yesterday with high and grade school teachers working co-operatively to complete their duties in accordance with federal regulations and instructions from the State Department of Education.

Trade registration was completed the past Tuesday and Wednesday, and civilian registration is being held in the elementary school today, tomorrow, and Tuesday.

School was dismissed yesterday and if necessary other periods are going to be taken until registrations are completed.

One ration book will be issued for each person in a household, adults and children alike, and two pounds of sugar will be the limit at the time of registration.

College students, however, will receive their ration books at Kanawha Hall, and will file there in the office of President E. G. Rohrbough. When students leave College, coupons for sugar will be removed and books returned to them.

by E. Frances Myers

"One, two, three—turn . . . Position! . . . Resuscitate!"

Class is ended but not the story of the professor, Mr. L. J. Greer, one of about forty National Red Cross field representatives who finished two weeks of teaching in an instructors' first-aid course here Friday night.

A tall, lanky North Carolinian, he sounded bored and looked hard boiled while directing class activities or lecturing, but when he relaxed, i. e., when he participated in conversation or talked about artificial respiration as applied to drowning, the sound of boredom changed to a southern drawl and the hard boiled look became one of weariness, or disappeared entirely.

"Back home," Mr. Greer is a lawyer and judge of his county court "on leave of absence from judicial duties." He was the youngest judge in North Carolina when elected, and still has that distinction.

Engaged in first aid work in 1927, his training and experience fitted him to resume active duty in it when called into service in March, 1942, to continue "for the duration."

In 1935, Mr. Greer led a canoe expedition of thirteen boys and four canoes 600 miles down Baltimore River to Georgetown, S. C., and back to Wilmington, N. C., in eighteen days. He operated his own summer camp for boys for five years at Lake Waccamaw, N. C., and served as

Walter Curtis, safety director, of Huntington, who returned to teach First Aid to various units of engineers; Virginia Skinner, Clara Bell Law, and Maple Sanders, Lewis County; and Frank Martino, Calhoun County.

## W. H. S. WHITE ON STATE MERIT SYSTEM COUNCIL

Appointment of W. H. S. White, S. N. '04, president of Shepherd State Teachers College, Shepherdstown, to the State Merit System Council was announced the past week by Gov. M. M. Neely.

Mr. White succeeds E. S. Maclin, president of West Virginia Institute of Technology, who resigned because of increased demands on his time by vocational training courses. Mr. White's term will end June 30, 1943.

## WILL OFFER TWO ONE-ACT DRAMAS HERE ON JUNE 2

Miss Robertson Directing Plays To Be Given Commencement Week by Seniors

College seniors will present two one-act plays June 2 as their part in the annual commencement program. The plays are "Star-Struck," a farcical comedy with a fast moving background, and "Workhouse Ward," an Irish folk play.

"Star-Struck" by Florence Ryerson and Colin Clements, conceded one of the cleverest husband and wife playwright teams, has a cast of nine seniors which includes Jean McMillian, Jean Brunn, Lillian Hefner, Rosanna Bennett, Eldred Jimison, Mrs. Imogene Bennett, Barbara Messenger and Clyde Dotson. The other member has not been chosen.

The second play, "Workhouse Ward," by Lady Gregory, a well known Irish playwright, is a folk play concerning two quarrelsome old men in a poorhouse. The three characters will be portrayed by Robert Fidler, Brooks Golden and Mary Jane Griffith.

Senior members of the production staff include Clyde Dotson, stage manager; Madelyn Conrad, assistant director; Rosalea Huff, property manager; and Forest White, business manager.

Miss Kathleen Robertson, director, is looking for back stage help, ushers and ticket sellers who will receive free admission to the plays for their toil.

The College Orchestra, directed by Miss Bertha E. Olsen, will provide musical entertainment between the plays.

One of the most important applications of vitamin knowledge will be the study of cancer, a University of Texas biochemist believes.

## Red Cross Instructor Has Background Of Experience For First Aid Work

by E. Frances Myers

"One, two, three—turn . . . Position! . . . Resuscitate!"

Class is ended but not the story of the professor, Mr. L. J. Greer, one of about forty National Red Cross field representatives who finished two weeks of teaching in an instructors' first-aid course here Friday night.

A tall, lanky North Carolinian, he sounded bored and looked hard boiled while directing class activities or lecturing, but when he relaxed, i. e., when he participated in conversation or talked about artificial respiration as applied to drowning, the sound of boredom changed to a southern drawl and the hard boiled look became one of weariness, or disappeared entirely.

"Back home," Mr. Greer is a lawyer and judge of his county court "on leave of absence from judicial duties." He was the youngest judge in North Carolina when elected, and still has that distinction.

Engaged in first aid work in 1927, his training and experience fitted him to resume active duty in it when called into service in March, 1942, to continue "for the duration."

In 1935, Mr. Greer led a canoe expedition of thirteen boys and four canoes 600 miles down Baltimore River to Georgetown, S. C., and back to Wilmington, N. C., in eighteen days. He operated his own summer camp for boys for five years at Lake Waccamaw, N. C., and served as

Walter Curtis, safety director, of Huntington, who returned to teach First Aid to various units of engineers; Virginia Skinner, Clara Bell Law, and Maple Sanders, Lewis County; and Frank Martino, Calhoun County.

## LABOR DIFFICULTIES CAUSES TEMPORARY LAG IN SCIENCE HALL WORK

Labor difficulties and failure to get supplies have caused a slow-up in the construction work on the new science hall.

At present brick and back-up tile have been laid to the fourth floor level, and when the difficulties are ironed out brick will be laid to the roof level where the cornice will be added. Orders have been placed for the cornice, but it will be the latter part of May before deliveries to the site will be made.

Shipments of salt glazed tile for the interior walls have been released.

Electrical roughing, plumbing, and heating fixtures are moving along at a steady pace.

## Liberal Furlough Policy Adopted By Army Headquarters

(Special to the Mercury)  
Washington, D. C.—With announcement by the War Department of a liberalized furlough policy for newly inducted registrants, National Headquarters has advised local boards to cooperate with Army Corps Area Headquarters and recommend leave for selectees who need time to adjust personal affairs.

These furloughs will begin not later than five days after induction and will not exceed 10 days, except that when an inductee lives at a considerable distance from the reception center a leave of up to 15 days may be granted.

National Headquarters' Memorandum (1-415) directs State Directors to inform local boards of this new Army furlough policy and adds, "Local boards should be advised to give full publicity to the policy in effect and to take necessary steps to inform inductee not to release his possessions or otherwise make final disposition of his financial and personal affairs before final action is taken by the Army Examining Board."

## EARL WOLFE IS OUTSTANDING BASKETBALL PLAYER IN CAMP

Word was received recently that Pvt. Earl Wolfe, A. B. '38, who is stationed at Fort Belvoir, Virginia, was voted the outstanding player in the basketball league there and was awarded a large trophy. While in College he was a member of the Pioneer squad. Wolfe also is a member of the camp orchestra which plays for dances three and four nights a week.

## MCCARTNEY SINGS AT FRESHMAN CLASS PARTY

More than 75 persons danced to the nickelodeon and some numbers by the Freshman Orchestra, or played cards or other games at the freshman party in the gymnasium Saturday night.

Pell McCartney, freshman, sang "Last Night I Said A Prayer" and "Someone's Rockin' My Dreamboat." Punch and cookies were served by Gladys Buzzard, Elvrie Osborne, Anna Payne Meyers, and Mamie Jo Bush, freshmen, acting as hostesses for the occasion.

David Fitzpatrick, freshman class president, had charge of all arrangements concerning the party.

## New Certificate Replaces S. N.

Applications for Standard Normal certificates will not be accepted after June 30, 1943, according to the West Virginia School Law, enacted March 6, 1941, Feb. 2, 1942, was the last time any student could start work toward a Standard Normal and have weeks enough to qualify in time.

Replacing the Standard Normal is a Third Class Elementary certificate, having the same requirements, but good for only three years, and entitling the holder to less pay than is received by a Standard Normal.

For Victory—Buy Bonds!

## PROFESSIONAL RELATIONS CONFERENCE FOR COLLEGE SENIORS WILL BE HELD HERE TOMORROW, STARTING AT 10 A. M.

Chief Speakers Will Be Mr. David Kirby, Secretary of the State Board of Education and Miss Winifred Newman of the SEA

## Bush Graduated In School of Medicine U. Of Pennsylvania

Kyle Bush, A. B. '35, was graduated Saturday at the University of Pennsylvania School of Medicine and plans to take his intern work in a Detroit, Mich., hospital next fall if he is not called into active service in the Navy, in which he holds a commission as Ensign. This summer he plans to work at the Myers Clinic at Philippi.

After being graduated from the College, Mr. Bush taught three years at Tanner and Cedarville, attended the University for two years, then went to the U. of Pa. to complete his study of medicine.

His sister, Marjorie Bush, A. B. '41, a teacher in the first grade in Glenville, attended the exercises. She left Glenville Friday evening and returned Sunday evening.

## Another Exchange Assembly Program Offered Thursday

College students who presented their second exchange assembly program of the year at Alderson-Brooks College Thursday were received enthusiastically by college officials and by the student body.

Robert Fidler, Glenville's student president, said Dr. J. W. Elliott, A. B. president, remarked that the program was good and "invited us back whenever we could come." Students said the program was different and they enjoyed it. About the band, they said it was really good and "you ought to organize a larger group." Mrs. Elliott told the Glenville group how much she had enjoyed the program and invited them to dinner.

The sixty-minute program included six numbers by the freshman orchestra "Study in Green," "The Same Sweet You," "If I Had My Way," "Blue Evening," "Woodchopper's Ball" and "Tuxedo Junction" featuring Russell Hugh McQuinn on the trombone.

Anna Mary Mearns and Margie Davis entertained with readings. Pell McCartney sang "Last Night I Said A Prayer" and "Someone's Rockin' My Dreamboat." Catherine Withers did a "Handsome Henry" tap dance routine in costume, and Russell Hugh McQuinn did impersonations of Ned Sparks, Joe Louis, and Step-N-Fetchit.

## Council Officers Will Be Installed At Meeting May 13

At a student body meeting to be held May 13, members of the Student Council of 1941-42 will receive pins for their services during the year, and members of the Council of 1942-43 will be given the oath of office by Pres. E. G. Rohrbough.

New members and present ones they replace are: President, Sterly Brown for Robert Fidler; vice-president, Katy Adams for James Heaton; secretary, Catherine Withers for Rosalea Huff; treasurer, Reynolds Brooks for Russell Redd, Jr.; sergeant-at-arms, Sol Levin for Brooks Golden. Class elections have not been held yet, but the presidents will be inducted at the same time if elected by them.

## HICKMAN ATTENDS ANNUAL ROTARY DISTRICT MEETING

Linn B. Hickman, instructor in English and journalism in the College and president of the Glenville Rotary Club, will return this evening from Wheeling, where he has been attending the annual 185th Rotary District Conference, which opened Sunday evening.

William Cain, former student, is visiting friends in Glenville.

Two prominent state educators will come here tomorrow to head up the program for a professional relations conference which is to give attention to problems to be suggested by College seniors and other students who plan to teach next year.

Scheduled for addresses at 10 a. m., when the conference will open, are Mr. David Kirby, secretary of the State Board of Education, and Miss Winifred Newman, president of the State Education Association.

The conference will comprise a general assembly beginning at 10 a. m. and after the more formal part of the program will take the form of an open forum, in which students and teachers will be invited to ask and assist in answering questions pertinent to the teaching profession.

The conference is one of about three being held in the state this month.

All students who plan to teach next year will be excused from their 11 o'clock and their afternoon classes so that they may attend. Other students having vacant periods will be at liberty to attend.

General chairman on arrangements is Dr. J. C. Shreve, head of the education department.

## Final Examinations Will Begin May 28

Last recitation for the semester will end at noon on Thursday, May 28, announces Dean H. L. White, and final examinations begin at 1:30 p. m. on that date and end the afternoon of Tuesday, June 2.

Students to be exempted from final examinations include seniors to be graduated this year, students who have major parts in the opera or other music program given as a part of Commencement exercises (list to be furnished by Miss Bertha E. Olsen), students who have roles in the senior play (list to be furnished by Miss Kathleen Robertson); provided, in all cases, the student's class grade is C or better.

## To Give Program At Unidis High School Assembly

Elma Emrick, Clyde Dotson and Richard Harper will constitute a "moral team" when they present an assembly program at Unidis High School, West Milford, Friday.

Miss Emrick will tell "What the Civilian Can Do in the Present Situation"; Dotson will talk about the "Background of the Present Situation"; and Harper will raise the question "Can Americans Fight?"

The trip is being made in connection with work in Education 300, class on propaganda, taught by Dean H. L. White.

## Ruth Shaw Gives Demonstration Of Finger Painting

Finger painting was demonstrated by Miss Ruth Paison Shaw, New York finger painting expert and inventor of Shaw paints, in the College lounge Saturday. About forty people attended.

Miss Shaw used not only her fingers and hand, but also her arm, to produce the desired effect. Since she recommended its use especially with children, she demonstrated with John Rohrbough, son of Coach and Mrs. A. F. Rohrbough.

On exhibit were paintings of her own work and some made by children from three months of age and older.

During recent years her works have been taught in schools and kindergartens with considerable success. The program was sponsored by the College art department.

## The Glenville Mercury

Published each Tuesday of the school year by the classes in journalism at Glenville State Teachers College.

Entered at the post office at Glenville, West Virginia, as second class mail.

### ANOTHER GOOD SPEECH

The past Wednesday we were privileged to hear another inspiring address, this one by Dr. Alexander E. Goode, Rabbi from York, Pa.

Rabbi Goode spoke on the parallelism of Democracy and Christianity. Conflicting claims notwithstanding, our democracy, the democracy which the whole world knows of, stems from civil-religious organizations under Moses, as represented in the Old Testament.

Our democracy, which we consider the best in the world, springs from the intense religious knowledge and convictions of our founding fathers, and this religious influence has permeated all our civil documents, as well as serving as a basis of our government organization.

Dr. Goode's observations are of particular value to us now when all we recognize as democratic and as Christian is threatened with extermination. This war is a clash between irreconcilable philosophies of life and government, and to lose all that we consider worth living for. When we realize Christianity is essentially democratic and that democracy is essentially Christian, and that each contributes to and supports the other, then we can more fully realize how fundamental is necessary is the Victory we must and will gain. —Richard Harper.

### CONFERENCE WORTH ATTENDING

The Professional Relations Conference here tomorrow will offer the seniors an excellent opportunity to gain practical advice on problems which may arise when they start teaching next year.

The guest speakers, Mr. David Kirby, secretary of the State Board of Education, should be familiar with Newman, president of S. E. A., who have a long experience in the field of education should be familiar with ideas from all over the state and should be able to answer questions on almost any phase of the teaching profession.

Also our own faculty members from the department of education will be there to help solve practical problems which seldom get proper attention in text books.

It would be advantageous to the seniors to plan for the conference by listing questions they might wish to bring up at the round table discussion, which certainly will be more valuable and more interesting if it be based on specific situations rather than generalizations. Experience, it is said, is the best teacher, and yet often, when it comes second-hand it is no less valuable. —P. D. R.

Measurements for caps and gowns for seniors were taken Wednesday by Carey Woofter, registrar. Faculty members were measured for the same yesterday.

### REMEMBER MOTHER'S DAY

People are often prone to overlook the value of parental care in making them what they are. Some don't forget, and to help all of us appreciate our mothers more, a day has been set aside in their honor. Next Sunday, Mother's Day, has been chosen as one day in which we can, in part, try to make up for honors and attentions we have neglected.

Mother's Day honors the one who has taught us to love the life we live. It is Mother who has ministered to our needs, encouraged us when we were gloomy, and provided the necessary boost that has caused us to persevere when we hesitate to take a step essential to success. When we triumph, she swells with pride and tells the neighbors, "That is my son." When we write home for money, "Mom" always greets us in return with an admonition to "keep your nose clean."

Another phase of motherhood that adds to our pleasure is the work of our "Church Mothers," women about the town who "adopt" college students and add those little touches of home life that are missed so much.

These things go to make up a plea to all of us who have deserving Mothers to take a few minutes, its least we can do, and thank them for the deserving work and love they have and always will give. —Earle Spencer.

### THEY DESERVE RECOGNITION

Almost every week some of our students quietly enter a recruiting office some place in the state and sign up for service with the nation's armed forces. Some of these young men have already been called; others are awaiting orders. Have those who have gone been missed? Will those who go later be missed? Definitely the answer is yes.

If one of the College graduates leaves to take a prominent position, much ado usually is made of his going; and yet, when a young College man enters the most important career in the country today, we seem to place little emphasis on his going.

Maybe we should have an assembly program or some sort of recognition party to emphasize our best wishes to all the college men who are leaving, or will soon. Let it be known that we do appreciate what America's young men are doing for America. —P. D. R.

### The LETTER BOX

A letter from Nicholas Murin, former student, located at Mathers Field, California, says "I finally got around to say that I have been receiving the Mercury and I certainly do appreciate it very much. I was glad to hear that Glenville won the Conference title and also the state tournament. I don't believe it would have been right if they wouldn't have won it. Tell everybody on the Mercury staff that it really is nice to get the Mercury and if all the other fellows get as much out of it as I do, they all feel that the staff is doing a swell job." Murin's work is directing traffic from the control tower so as to "Keep 'Em Flying."

James Woofter, A. B. '41, who is stationed at Jefferson Barracks, Missouri, writes, "I am well satisfied here, the climate is neither too hot nor too cold—we have had very little hot weather here so far. In a few weeks I will go to Lowery Field, Colo., where I will go to school for an eight-week period before entering upon my duties." Woofter has qualified as a technical and supply clerk in the Air Corps. In closing he writes: "... thank you for sending the Mercury. I appreciate it very much."

A change of address received for Laddie Bell, A. B. '39, who

## RADIO RHYTHMS

Brief Notes About Band Leaders—Hit Tunes of the Day

by Bill Wheeler and Jack Stalnakier  
QUESTION OF THE MONTH:  
"Are Girl Musicians The Equal of Men?"

Woody Herman, bandleader: "Up until about three months ago I would have answered this question very quickly and very snugly in the negative. Then I found and heard Billie Rogers. Now, well, let us say that now I am not quite so sure about it. Do you know what I mean?"

Jimmy Dorsey, bandleader: "No, I am afraid the girls are not the equal of men. Some girl musicians that I have heard are very good, some of them are cute, too, but if you ask me to name the great male musicians I know I'll call them off by the hour for you—if you ask me to name the great women musicians I know, I'll have to stutter a little."

Billie Rogers, trumpeter with Woody Herman: "Woody is just being generous. Women don't have the feeling for swing or for great symphonic music. They haven't any broad conception of what they want for music. Maybe strength has something to do with it, too. I don't know."

Les Brown, bandleader: "The answer is, no, of course. Women don't have the physical stamina or the patience to say with an instrument until they master it. Years of hard work are required and most women aren't willing to give that to music. There might be a few exceptions to the rule but I'll be darned if I can think of any right now."

### STUDENTS' CHOICE

Interest this week centers around the G Club Minstrel which is to be given Thursday night in the auditorium. Sandwiched in the array of jokes will be solos, trio numbers, and quartet numbers, as well as group singing of such hits as "Deep in the Heart of Texas," "Lazy Bones," and "G Club Jam-boree."

Now that it is too warm to stay inside and listen to your favorite radio programs, we recommend the use of a portable set (one that works) under one of the recently grooved shades on the campus.

### BRIEFS

Bob Hope blames the Senate film investigation on Bing Crosby. He claims, gave eight of his horses to the cavalry and they suspect him of being a Fifth Columnist. . . . Tommy Dorsey is thinking of adding a full string section (nine men) to his band. . . . Arturo Toscanini, of the classical world, recently recorded the national anthem. Not only did he rehearse it painstakingly, but when at last he was ready to record he insisted the entire orchestra stand at attention while playing. This is the first time a "cello" section has been known to stand while playing.

### Music Department Will Present Spring Concert

A spring concert will be presented by members of the College music department, in the College auditorium play 30 at 8:15 o'clock. Directed by Miss Bertha E. Olsen, instructor in music, and including seventy-five students, the program will be divided into two parts as follows:

Part I—Instrumental (band and solo). The band comprises 20 college students and will be augmented by 6 to 8 high school players.

Part II—Choral. Two groups of selections will be sung by the combined Glee Club and Choral Class, consisting of 55 members; two groups by the women's Choral Class and one solo group by Miss Roanna Gainer, College senior.

The program will be concluded by choral arrangement of Sousa's "Liberty Bell" with band accompaniment.

Other solo numbers are to be arranged later.

There will be no admission charge to the concert and everyone is invited.

has been transferred from Shepherd Field, Texas, to Fort Logan, Colo.

Isadore Nachman, A. B. '36, has been transferred from Jefferson Barracks, Mo. Present address not learned at press time.

HARVARD'S ENDOWMENT WOULD FURNISH EVERY MAN, WOMAN AND CHILD IN THE UNITED STATES WITH A ONE-DOLLAR BILL!

Notes from

### The Robert F. Kidd Library

By Charlotte Dorsey

A new story of Indian love is "Yellow Wolf, His Own Story," written by L. V. McWhorter, who was born on the upper waters of the Monongahela River, in West Virginia, and spent his entire life in the study of Indian lore and history. Yellow Wolf, the last great Nez Perce warrior, revealed to Mr. McWhorter the entire history of the Nez Perce's revolt against repression, their ultimate gesture against the loss of their immemorial homeland, as it culminated in this dramatic struggle.

A recent gift to the Library is "The Lives of Harrison and Moran," a book about which Miss Bessie B. Bell, College instructor, says, "We expect such books to be complimentary. It is interesting as an old sample of this type of biographical writing." Prior to all presidential elections, biographies of the candidates are written. In this one Harrison is termed "As a man, the noblest and purest of his times. As a citizen, the grandest of a nation. As a statesman, the idol of millions of people. In addition to Harrison's life it has seven appendices and a history of the Republican party."

In his latest novel, "Wild is the River," Louis Bromfield writes of an American scene, of the turbulent, gaudily colored life of New Orleans when Northern troops occupied the city during the Civil War. Northern Tom Bedlow found in this ancient and beautiful city a curious kinship of spirit. Agnes Wicks, Tom's Bostonian sweetheart, came South to save Tom from two women who were as ruthless, cruel, and hot-blooded as himself. How Agnes reached her objectives but was diverted from her purpose makes a story to fire the imagination.

The real heroine of George R. Stewart's powerful new novel, "Storm" is a great and devastating storm, a torrential downpour that sweeps across the Pacific, smashes down on the California coast, and transformed into a blizzard when it beats against the mountain ranges, buries mountain passes, power lines, and railroads under twenty feet of snow. Mr. Stewart spent more than two years collecting the scientific

A Column of Spice And Life for College Males And Females

Warren Lamb proves his honor roll grades are on the up and up as he makes the third highest that has been made so far on the Naval Reserve test. . . . Mildred Keener weeps long and loud as she receives word that Robert Butcher has joined up with the armed forces. . . . Eldred Jimison has made application for information on how to write a twelve-page letter to the Navy and not have a line deleted.

Ralph Cross cuts loose and escorts the fair Dorothy Waggoner from the lights of the city to the dark spots of the court house and pitches a little woo. . . . George Tharp takes up track and chases G. Buzzard, has little trouble in catching her. . . . Helen Light hasn't given up hope but intends to get her man, Billy Karantinos. . . . Joe Rodriguez proudly displays a picture of Peggy Gailner but it isn't the first time her portrait has been in Louis Bennett Hall.

Robert Fidler now has Anna Faye Moyers in the spot where she doesn't know whether to eat or stare at him. . . . Jesse Lilly gets in the groove of things and follows his roommate to the Withers mansion to see Ann. . . . Kline Bush longs for Doris. . . . Sammy Williams is staying clear of Emrick since they made this column the past week. . . . If you want to check up on the latest song hits and the best jokes of the week, follow the crowd to the G Club minstrel Thursday night.

### Worth A Laugh

(Via Clarkburg Exponent, April 29)

# SOCIAL EVENTS of the WEEK

## Ohningohow Players To Have Hamburger Fry

Members of the Ohningohow Players voted at their meeting Wednesday night to have a hamburger fry May 13, place to be named by a committee on arrangements. Said committee, appointed by president Richard Harper, made up of Lorene Lewis Wolfe, Margie Davis, Eunice Wilfong and Charles Heasley.

Six of the members, Donzel Betts, Margie Davis, Leonard McClain, Dorothy Queen, Nina Doris Snyder, and Lois Shelton, entertained with readings and monologues as the penalty for being absent from or tardy to the preceding meeting.

## YW-YM Members To Hear Conference Reports

Reports from the State conference held recently at Jackson's Mill will make up the program for a joint Y. W. C. A. and Y. M. C. A. meeting Thursday evening at 6 o'clock in the College Lounge. Those who attended the conference will meet at the home of Miss Wilhelmina White, 21 W. C. A. adviser, tonight at 8 o'clock to rehearse the program.

## Rotarians Attend Dinner at Grantsville

Twelve Rotarians and Rotarywomen among them Club President J. C. Greve, H. L. White and Linn B. Hickman, of the College faculty, attended a ladies' night program in Grantsville Friday night. Others who went were: Dr. and Mrs. Guy Stalaker, Mr. and Mrs. Roland Butcher, Mr. and Mrs. John E. Arbuckle, Dr. H. F. Withers, Elmer Shaver and B. E. McCullough.

## This Collegiate World

Dormitory students at Newcomb College, New Orleans, have devised a type of "sweetheart insurance" which, they believe, will eliminate rivalry in affairs of the heart.

Should a student suddenly become unpopular and wait to no avail for phone calls from her "steady", she can consult the dormitory "date book."

There in black and white, she may discover the trouble. For in that book are recorded all dates of dormitory girls, with the exact time of departure and return and the name of the escort.

Failure to sign out, or errors in signing, are taken up by the Campus Honor Society and delinquents are confined to the campus for several days.

There is a way to beat the game, however. If one girl's boy friend takes a fancy to another of the students, the "chislers" can have a strolling date on the large campus, in accordance with regulations, without recording the meeting.

Oma Britton spent the weekend at her home at Newberne.

## Standing Room Only

since he got an I-E-S lamp!

Normally everybody reads under it, because it gives better light—guards against eyestrain. But why stand like Pop? Get an I-E-S lamp for everyone in the family. See your dealer.

## Alpha Psi Omega Pledges To Meet

Five pledges to the Theta Alpha Cast of Alpha Psi Omega, national dramatic fraternity, were invited to attend a meeting of the organization Wednesday night. These pledges are: Helen Taylor, Lorene Lewis Wolfe, Roanna Gainer, James Dotson and Leonard McClain.

Their informal initiation has been set for the afternoon of May 16. Their formal initiation will be a feature of the program for the annual banquet scheduled for May 16 at the Whiting Tea Room.

Former members of the Cast will be invited to attend the banquet.

## 8-POUND SON BORN TO MR. AND MRS. SEXTON WRIGHT

Pvt. and Mrs. Sexton Wright, of Grantsville, announce the arrival of an eight-pound son, born Monday at the home of the maternal grandparents, Mr. and Mrs. Willis Haught. The baby, the first child, has been named Joseph Dewitt.

The father, a former student, assigned to the Quartermasters' Corps, U. S. Army, is home on a ten-day leave from his post at Augusta, Ga. The mother, Miss Juanita Haught, before her marriage was a senior student here the first semester. She plans to return for the summer school to complete work for the A. B. degree.

## SON BORN TO MR. AND MRS. HAROLD NOROSKI

Mr. and Mrs. Harold Noroski, of Munhall, Pa., announce the birth of a son, Raymond Charles, on April 22. The baby, the first child, weighed 7 1/4 pounds.

Mr. Noroski, A. B. '40, teaches in the high school at Munhall and coaches junior high football and basketball. Mrs. Noroski, who before her marriage was Miss Lucille Kemper, is a former student.

## Rohrboughs Entertain At Saturday Dinner

Dr. E. G. Rohrbough, president of the College, and Mrs. Rohrbough entertained at their home on College Hill Saturday evening with a dinner for Mr. and Mrs. Lloyd Jones, Atty. for Mr. and Mrs. Arlan Berry, and Miss Kathleen Robertson and Miss Ivy Lee Myers, substituting for Mr. and Mrs. Benjamin Tatterson. Mr. Jones, College financial secretary, Mrs. Jones and Mr. Berry are College alumni. Mrs. Berry teaches physical education in the College; Mrs. Tatterson teaches in Monongalia County.

Received a mailing address for Robert Leroy Davis, A. B. '39, who is stationed at Jefferson Barracks, Mo., Flight A., 357th Tech. Sq. Special.

## Color Pictures Are Displayed To Garden Club

Pictures of West Virginia gardens, which included some of the College campus, were shown by Mr. Charles Ruddle, of Parkersburg, whose hobby is color photography, before forty-one members and visitors at the Glenville Garden Club, Saturday night in the Gilmer County Court House.

Mr. Ruddle, a former student in the College and uncle of William Wheeler, sophomore, had photographs of Hawk's Nest, Seneca Rocks, Blennerhassett Island and other interesting places in West Virginia, as well as gardens in Parkersburg and Gilmer County. The audience was especially interested in those showing the lotus and water lily ponds in the Parkersburg City Park and in those showing the campus as it was last summer before construction began on the new Science Hall.

Mrs. Frank Poole and Mrs. Floyd Cunningham were in charge of flower arrangements, which included miniature bouquets and table, mantle and wild flower compositions.

## Woman's Club Will Have May Reception

Mrs. Thomas W. Haught, District Federation president, of Buckhannon will be present at a May reception to be given by the Glenville Woman's Club May 11, tentatively scheduled to be held in the Presbyterian Church. Each member will be charged 15 cents at the door.

The following officers will be installed for the coming year: President, Mrs. Linn B. Hickman; first vice-president, Mrs. Ruddle Reed; second vice-president, Mrs. Lynn W. Hoey; acting secretary, Mrs. Janet Fisher; corresponding secretary, Mrs. J. C. Bartram; treasurer, Mrs. J. H. Larkey.

## Physics Laboratory Means "Lab" But There's No Place For The "Oratory"

By Clifford Stalaker

War times give emphasis to the word "laboratory" and especially a physics laboratory, one of which is on the Glenville campus and just now happens to be one of the busiest places one can think of.

In "laboratory" one might note that "lab" signifies work; and the practice of such is restricted, with only the instructor free to exercise the proper use of the same.

In the basement of Administration Hall in a room once used as a gymnasium, is Glenville's physics lab. Here in one corner is a dark room to which was added this year the latest equipment for developing and enlarging prints.

A Camera Club, revived this year, gave emphasis to the dark room, consequently it is occupied usually from 1 to 5 p. m. daily, often in the morning and now and then at night.

In an opposite corner where one sees what looks and sounds like a miniature saw set—are a rip saw, planer, lathe, jig saw and five students in Physics 306 making apparatus, including inclines, planes, pulleys, printing frames and even a microphone to be used with tuning fork.

Here in the physics lab meet two math classes, five physics classes, and one class in health.

Mr. John R. Wagner, teacher and adviser, looks forward to moving into the new science hall where students and teachers may "spread out", where there'll be a place for everything in the way of equipment, etc.

Equipment now is stored, stacked, and one might have trouble finding just what he wants at the time; but not so with Mr. Wagner, who has grown up in this department and can pick in a moment the piece needed—even after Chemistry day, when everything is displayed and there is always a misplacing of this or that.

Seniors in a meeting the past week voted to hold their prom on May 28 rather than on May 9 as originally planned.

## Where Friends Meet —To— Play and Refresh Mac's Pool Room

## College Juniors To Entertain for Seniors

College juniors will honor members of the senior class with a nickel-odan dance May 23 in the gymnasium. Seniors will go free while undergrads will pay ten cents admission.

Refreshments will be served. The Freshman Band may play a few numbers and cards and other games will be provided for those who do not care to dance.

June Wilson, junior class treasurer, is chairman of arrangements.

## Will Take Part in Piano Recital Friday

Two College students, Janie Bingham and Jeanette Cunningham, will be among those persons who will take part in a piano recital to be given by the pupils of Mrs. John E. Arbuckle at the Glenville Presbyterian Church, Friday evening at 8 o'clock. The public is invited to attend the recital.

## TEAM LED BY WHETSELL AND MARRA UPSETS UNDEFEATED SPENCER-LAMB TEN IN COLLEGE SOFTBALL LEAGUE

Game Is First Major Surprise of the Season;  
Team Co-Captained by Golden and Reed  
Now Rating Only .286 Average

First major upset in the current softball league took place last week when Team No. 3, led by Whetsell and Marra, combined spectacular fielding plays with ten hits to knock Team No. 2, Spencer and Lamb, from the undefeated perch at the top of the league.

Results of the week's play were: Spencer and Lamb 8, Golden and Reed 5; Whetsell and Marra 9, Spencer and Lamb 7 (10 innings); Lilly and Radcliff 10, Golden and Reed 9 (eight innings); and Spencer and Lamb 15, Lilly and Radcliff 10.

Team No. 2, Spencer and Lamb, playing the third contest in four days before approximately sixty students and townspeople, made it two of three on Thursday by defeating Team No. 1, Golden and Reed, 8-5, for the latter's second defeat of the week. The winners smacked out eight hits to seven for the losers, but came out on the long end of the errors, seven to three. Beecher Reed led the hitting, driving out a double and two singles in five trips to the plate.

In probably the most exciting contest thus far, Team No. 3, Whetsell and Marra, came from the bottom to outscore the undefeated leaders of the league, Spencer and Lamb, 9-7, in three extra innings Wednesday. Clifford Stalnaker, bearing down in the clutches, kept ten hits well scattered while his team-mates were pounding opposing pitcher Warren Lamb for a like number of hits. The score was tied at five all at the conclusion of the regulation seven-inning game.

Going into the first extra inning, Whetsell and Marra scored two runs in their half of the inning only to have Spencer and Lamb push two across in the latter half of the inning. Both teams went scoreless in the ninth inning. In the tenth inning, the defense by the Spencer-Lamb team cracked wide open and Marra and Whetsell pushed over two runs. Taking the field with a two run advantage, Whetsell and Marra tightened up their defense and held the losers scoreless. Billy Karantonis, with three singles, and Arthur Short, with a homerun, double, and single, in five trips to the plate, led the hitting.

In an eight inning contest Tuesday, Team No. 4, Lilly and Radcliff, defeated Team No. 1, Golden and Reed, 10-9, in an extra inning contest. Sol Levin allowed the losing team ten hits but kept them well scattered. Beecher Reed and Robert Fidler each had a two-run homer, Reed's coming in the fifth and Fidler's in the sixth.

Spencer and Lamb defeated Lilly and Radcliff on Monday, 15-10. Bob Bolster hit two homers for the winners.

Total attendance for the four games was approximately 260 townspeople and students.

Games this week: Today, Golden and Reed vs Whetsell and Marra; Tomorrow, Spencer and Lamb vs Lilly and Radcliff.

### MUSIC FOR COMMENCEMENT PLANNED BY MISS OLSEN

Baccalaureate and commencement music will be provided by a twenty-six-voiced Women's Chorus and the College band, directed by Miss Bertha E. Olsen, instructor in music.

Selections to be sung for the baccalaureate sermon are "Ave Maria" (Latin) by Arcadelt and "I Waited for the Lord" by Mendelssohn.

For commencement the band will play "Determination" (overture) by Hayes; the chorus will sing "June Rhapsody" by Mabel Daniels. A solo is yet to be arranged.

### JOE RADCLIFF IS LEADING HITTER

Joe Radcliff, College freshman, from Weston, maintained his batting pace the past week to gain the lead in the race for individual batting honors, surpassing last week's leader, Warren Lamb, who dropped to third place. Sammy Williams, College junior from Spencer, climbed from last place to second. Billy Karantonis, Robert Fidler, and Ralph Cross were the newcomers to the 400 or better hitters. Names of the ten leading hitters follow:

NAMES:	AB	H	Pct.
Radcliff	22	14	.639
S. Williams	22	11	.550
Lamb	24	12	.500
Armstrong	22	11	.500
Groves	18	8	.460
Karantonis	19	8	.421
Short	24	10	.416
Fidler	17	7	.412
O. Wheeler	22	9	.409
Cross	22	9	.409

### LEADING HOME-RUN HITTERS

Short 3	Whetsell 2
Marra 2	O. Wheeler 2
Radcliff 2	Bolster 2

### TEAM STANDINGS

	W	L	Pct.
Spencer and Lamb	6	1	.857
Lilly and Radcliff	3	3	.500
Whetsell and Marra	2	4	.333
Golden and Reed	2	5	.286

### Dean White Will Give 3 Graduation Talks This Month

Invitations to Dean H. L. White to deliver commencement addresses have exceeded the availability of gasoline and rubber this spring. He has accepted three to them: One at Elizabeth on May 16 at 10 a. m., one at Red House on the same date at 8 p. m., and one at Circleville on May 21.

Though his subject will vary a little from place to place, the general field will be "Morale."

### Thompson's Rexall

### Rabbi Goode Is Guest Speaker

(Continued From Page 1)  
In telling how democracy got from Palestine to America, he said, "Our Pilgrim fathers left us records of where they got their ideas of democracy. They adopted laws of the Bible, word for word, for the civil law of the land." (From Pilgrim's Code of 1636).

"Among the things we can do as future leaders in preserving and strengthening our democracy," he said, "are: Be true to our own religious convictions, become stronger in religion, read our Bible, love our God and fellowmen, and obey injunctions of the ten commandments."

The Society of Sigma Xi, national scientific organization, is installing chapters this spring at Louisiana State university, Utah Agricultural college and Illinois Institute of Technology.

### Red Cross Instructor Has Background of Experience For First Aid Work

(Continued from page 1)  
camp director at various Boy Scout and Y. M. C. A. camps in North Carolina. He has had occasion to use most of the remedies he is now teaching in First Aid.

When asked for some particulars about his swimming, he gave this account:

"At sixteen, I attempted to swim the thirty-mile stretch between South Port and Wilmington, N. C., and failed, after traversing seventeen miles. Two weeks later I made my second attempt, and swam twenty-one miles.

"Four years later, at my third attempt, I successfully traveled the distance, and am the only person ever to have done so."

The thirteen hour and forty minute up-river swim was accomplished in the Cape Fear River Marathon Swim, which is now discontinued.

While in college, this versatile man was freshman varsity wrestler, vice president of the student body, on the student council three years, vice president of the Y. M. C. A. and secretary of the senior class at the University of North Carolina. He was a member of an honorary society, the Order of the Golden Grail, and vice president in law school. His degrees are A. B. and L. L. D.

Apparently accustomed to interviews, he remembered to say, with a note of sincerity in his voice, "I like West Virginia, especially around Glenville, and the people in my classes here."

The schedule of schools ahead of him includes Marlinton, where he is now teaching, Kingwood, Welsh, Fayetteville, and Bluefield, in the order named. On June 15, he will go to Nashville, Tenn., to be an as-

stant camp director at a National Aquatic School for Negroes. After persistent prodding from a bystander to tell his marital status, Mr. Greer replied, "I am very much single and thirty-one years old."

He concluded the interview with his slow smile and commented, "That's all very unimpressive, but you asked for it."

The Greatest Air Army in the World  
Needs Flight and Ground Crew Officers

## NOW FOR COLLEGE MEN A NEW OFFICERS' TRAINING PLAN

★ New Deferred Service Plan Allows You to Continue Your Education ★

In the skies over America the mightiest air fleet in the history of the world is mobilizing for victory!

So fast is it growing that there is a place here—an urgent need here—for every college man in America who can qualify for Officer's Training.

The U. S. Army Air Forces need Flying Officers and Ground Crew Officers. And many of them must come from the ranks of today's college students—men who make their plans now for the necessary Aviation Cadet training.

Thanks to a newly created Air Force Reserve plan, men of all classes—aged 18 to 26, inclusive—can enlist for immediate service or continue the scholastic work required for graduation before being called to active duty.

You must meet the requirements for physical fitness, of course. In addition, you take a new simplified test to determine your ability to grasp the training. A college man should pass it easily.

### \$75 A MONTH DURING TRAINING

Those accepted who wish immediate duty will go into training as rapidly as facilities permit. As an Aviation Cadet, you are paid \$75 a month, with subsistence, quarters, medical care, uniforms, equipment.

In 8 months you can win an officer's commission as a bombardier, navigator or pilot—and be well started on your way to serve America and advance yourself in aviation.

### Three Enlistment Plans for College Men

Juniors—Sophomores—Freshmen  
May Continue Their Education

1. A new plan allows Juniors, Sophomores and Freshmen, aged 18 to 26, inclusive, to enlist in the Air Force Enlisted Reserve and continue their schooling, provided they maintain satisfactory scholastic standings.

All College Men May Enlist for Immediate Service

2. All college students may enlist as privates in the Army Air Forces (unassigned) and serve there until their turn comes for Aviation Cadet training.

3. All college students may enlist in the Air Force Enlisted Reserve and wait until ordered to report for Aviation Cadet training.

Upon graduation or withdrawal from college, men will be assigned to active duty at a training center as facilities become available.

If the necessity of war demands, the deferred status in the Army Reserve may be terminated at any time by the Secretary of War.

The new Army Air Force Enlisted Reserve Plan is part of an over-all Army Enlisted Reserve Corps program shortly to be announced. This program will provide opportunities for college men to enlist in other branches of the Army on a deferred basis and to continue their education through graduation if a satisfactory standard of work is maintained. In case of necessity, the Secretary of War shall determine when they may be called to active duty.

It is understood that men so enlisted will have the opportunity of competing for vacancies in officer's candidate schools.

This plan has been approved in the belief that it will develop capacities for leadership. (Reserve enlistment will not alter regularity regarding established R.O.T.C. plans.)

### MANY BRANCHES OF SERVICE

There are also commissions awarded in ground crew service. College men particularly will be interested in the requirements for Armaments, Communications, Engineering, Meteorology, Photography. If you have engineering experience your chances of getting a commission are excellent.

As a Second Lieutenant on active duty with the Army Air Forces, your pay ranges from \$183 to \$245 a month.

### ACT AT ONCE

If you want to fight for America, this is where your blows will count.

If you want the best training in the world, and years of solid achievement in aviation—the great career field of the future—this is where you belong. Your place is here—in the Army Air Forces.

If you plan to enlist immediately, start getting your necessary papers ready for the Aviation Cadet Examining Board when it meets in your locality. For complete information, see your Faculty Air Force Advisor. You can take your mental and physical examinations the same day you apply. Get further information now.

NOTE: If you wish to enlist and are under 21, you will need your parents' or guardian's consent. Birth certificates and three letters of recommendation will be required of all applicants. Obtain the form and send them home today—you can then complete your enlistment before any Aviation Cadet Examining Board.

### SEE YOUR FACULTY AIR FORCE ADVISOR FOR FULL INFORMATION

(Or Apply to Your Local Recruiting and Induction Station)

U. S. ARMY RECRUITING AND INDUCTION STATIONS ARE IN THE FOLLOWING CITIES: Charleston, Bluefield, Clarksburg, Huntington, Parkersburg, Wheeling.
