President Heflin Endorsed For WVEA Presidential Seat

AHE Will Back Heflin As Candidate; Election Set For Assembly On May 2-3

Dr. Harry B. Heflin, president of Glenville State college, has been unanimously endorsed by the West Virginia Association of Higher Education as a candidate for president of the West Virginia Education Association. This was announced by AHE President Ralph Brabban, head of the department of education, Morris Harvey college.

Action was taken at the fifteenth annual meeting of the Association here March 28 and 29. The state president will be chosen at the delegate assembly of WVEA on May 2-3, in Charleston.

Since 1934, when he assumed his first teaching position in a one room school in Ritchie county, Heflin has had a varied experience in the schools of West Virginia. His wide experience has given him a thorough experience with the problems of education in the state.

Born in Ritchie county, Heflin received his public school training there. He earned his A. B. degree at Glenville State college, his M. A. degree at George Peabody college, and his Ph. D. degree at th University of Pittsburgh.

He is a member of the West Virginia Education Association, the National Education Association, and the Association of Higher Education. He is at present a member of the committee on tax education and finance of the WVEA.

In presenting Heflin as a candidate for the office of president of the WVEA, the Association declared that the forthcoming year will be a critical one for education and that dynamic leadership is essential. The Association believes that Dr. Heflin will furnish that leadership.

Three Students Get Positions

Three Glenville State college students, William Ice, Larry Gainer, and Kenneth Pratt have been accepted for employment with Kopper Company, Inc., of Pittsburgh. They will be employed in the operating department of the engineering and construction division.

Ice, who will graduate this spring will begin work around July 19. Pratt, who will graduate in August, will begin work soon after graduating. Gainer, who has one more year at Glenville State college, will be accepted for the position as soon after graduation as possible, and his position, too, hinges on the passing of a physical examination.

The Kopper Company Inc. interviewed students from Ohio State University, Pennsylvania State college, University of Pittsburgh, and several other colleges to fill 12 vacancies. Of the 12 chosen three were Glenville State college students.

Campus interviews for the positions were arranged by Prof. John R. Wagner.

There were representatives from eight high schools attending the conference. These included Clay, Calhoun, Burnsville, Gassaway, Sutton, Sand Fork, Normantown, and Troy.

The F. F. A. members were judged on their public speaking, parliamentary procedure, and manuscripts.

School Year Is Reviewed

Heflin Gives 'State Of The College' Address

President Harry B. Heflin's annual "State of the College" address was given in an all-school assembly in the college auditorium April 3. In his short talk, President Heflin gave an overall picture of the school as it is at the present.

Commenting on the report made by Dean Marion Rex Trabue, Penn State college Dean who evaluated the college earlier in the year, Dr. Heflin explained that the evaluation was conducted in order that we all may learn of the school's strong and weak points and added that the complete evaluation report is available to any student or instructor at any time.

Dr. Heflin, in discussing present school enrollment, gave figures showing how Glenville State has managed to fare much better than other West Virginia colleges in this respect. He pointed out that, where as most of the other schools are having trouble maintaining their present enrollment, we actually have more students now than at the beginning of the year—experiencing a gain of two students over the September enrollment of 340.

Debate Team Wins 1st Place

Glenville State debate team won first place in a four-way meet at Morris Harvey college in Charleston March 25. Other schools represented at the tournament were Concord, Marshall and Morris Harvey.

Glenville State affirmative speakers were Gerald Kress and Alexander Jokay and the negative team was Taylor Phillips and Jack McCarty.

Question for debate was, Resolved: that the federal government should adopt a permanent program of wage and price control.

Mercury Musings

By BILL BORAM

It is our desire to begin a series of guest editorials with the next issue of the Mercury. These editorials will be student-authored contributions. Look for them—they promise to prove interesting.

Coming events to look forward to: the annual G-Club Minstrel and the Holy Roller Court spring formal—always two of the year's highlights of the social calendar.

It wasn't hard to tell what was uppermost in the minds of campus dormitory residents before last week. Lights burning and typewriters in constant use until the wee hours were ample evidence that another term was drawing to a close and the student body was making that last minute rush for tests and term papers.

Today a year ago:

The Mercury reported the organization and visitation schedule.

(Continued On Page 2)

Expressing gratitude for co-operation shown this year by the student body, Dr. Heflin commented on the friendly attitude and willingness to work and gave examples of visitors to the college who have expressed surprise at the congenial campus atmosphere.

Explaining the situation concerning added costs in the future, the president said that much depends upon how the school enrollment changes. He emphasized the fact that if enrollment is down next year, costs may have to go up, and he urged the student body to take responsibility in seeing that new students are attracted.

Dr. Heflin showed how the Glenville State student body is receiving benefits because of our faculty. The president declared that, "... the best faculty we have ever had as far as size, experience, and training is concerned." He also added that our staff of instructors includes six Ph.D.'s and seven more who need only to finish their dissertations to receive their degree, saying that "the abilities of our instructors can be evidenced in the num-

Other members of the cast were Lloyd Jordan, William Boram, Donald Deal, Hobart Childers, and Charles Dodrill. Speech instructor Prof. Marjorie Skelton also accompanied the group to the festival.

Five new girls have moved into Verona Mapel hall and three have moved into Kanawha hall for the spring term.

Benefits For All

Progress on the Gilmer county recreation center is an encouraging sight for all who have an interest in the welfare and advancement of the community. Started last year when Dr. Michael Joseph's recreation class drew up preliminary plans for such a project, the center has been taken over by ambitious county and school groups and is rapidly nearing completion.

Construction of the project to date has been achieved by donations of money, materials, and labor by many individuals and organizations. Thus far, picnic and playground area, softball diamonds, and a recreation center headquarters building have had partial work done toward their completion.

As a part of the Gilmer county community, we of Glenville State college have a part in this project. Upon completion, the center will offer many new benefits for us as well as for Gilmer residents. Its construction is also as much our responsibility as it is the townspeople's. The constructing of such a project offers opportunities for college groups and individuals to volunteer money and labor toward its completion. Some school groups have already taken an active part in the work of this project—others have the opportunity to do so.

Working toward such a commendable goal as this is evidence of farsightedness and a genuine interest in the welfare of the community by its townspeople. The recreation center project is an important step forward for the community. Any efforts extended toward its completion is worthwhile endeavor for a much-needed improvement.—WAB

Important Election

With the beginning of April, Glenville State student leaders again prepare for the annual student council election of officers for the following year. Candidates are nominated first by the student council and then additional ones may be nominated by the student body. The actual voting will take place some time within the next few weeks.

In the past, only a small percentage of the student body has taken an active interest in the important election. Last year, Mercury Editor William Harper published a front-page editorial decrying the lack of interest in the election. This along with more emphasis being put on the election from every angle, probably had much to do with the resulting increase of voters who turned out.

It goes without saying that the student council officers election is an important matter for every member of the student body. The persons elected as a result of voting this spring will be the ones who will make the important decisions that will affect the entire school next year.

Last year's increase in voters turning out for the council elections was gratifying. It was evidence that more of the student body was interested in seeing that their school government was in capable hands. We hope this year's election will result in a similar increase.—WAB

Chatter

ACROSS THE TABLE

By GENELDA HARDWAY

Amid the sobs of fellow staff members (grades come out this week) we shall try to collect our thoughts and control our tears (we are writing on onion skin) and get this column ready for the press.

Spring is surely here. Evidence is the softball being played on the lawn in front of Verona Mapel hall (there are a few passes being made behind the bushes too) and the marbles being played behind the gym.

Ella Ruth Brown and Pete Kostyk seem to have developed a very pleasant relationship in the library.

We hear that Betty Hill and Claudette Hefner have been making frequent trips to one of the down town barber shops. The reason is—well, we don't know yet.

Al Hodges is still carrying the torch for cute, petite, and gone Kenna Strothers.

Bob Poole and Betty Dobbins still frequent a certain place in the lounge of Verona Mapel.

Orchids go to the debate team for winning the debate tournament at Charleston. The team was acting under the excellent direction of Prof. Marjorie Skelton.

Welcome to "Senator" Boone Waldo who was back on the campus for a few days last week. Seems as though he just can't stay away. Could you tell us why, Karen?

Our Verona Mapel personality personified, Jitterbug Heron, has turned her attentions from the boys on GSC's campus to the boys back home. The life of some lover!

It has been reported that Roy Skidmore has been feeding Betty Casbourne vitamins.

As steady as ever are Norene and Otis, Doty and Ken, Shirley and Jack, Frank and Margaret, Carlyle and Jane, Loretta and Ron, Virginia and Dickie, Faith and Charlie, Claire and Hodge.

Some of the gals have been sporting Court pins around lately. Among some of these lucky fems are Rosalie Edwards, Martha Gainer, and Winona Hall.

We saw Nancy Simms, a transfer to WVU, back on the campus for a visit. We didn't see much of her though. "Jeep" Lilly seemed to keep her occupied most of the time.

Carol Hughes and Bill Hanlin seem to be sailing stormy seas again. This is becoming a habit.

Dorcy James reports that she spent a very enjoyable week-end in Glenclen.

Jean Reed is spending her afternoons in the florist shop, shopping for a wedding in April. Mabel Moore plans to be married sometime, too.

Welcome to Mary Frances Somerville and Wanda L. Taylor who have returned to school after a term's absence.

Apologies for the April Fool issue which did not come out this year. Stick around until next.

Programs Are Given By College Choir

Glenville State college choir made two appearances in Glenville last week. On Thursday night they sang for the Glenville R. T. A. Monday night the choir sang for the Glenville Civic Club.

The quartet composed of Don Arbogast, Myron Mason, Charlie Dodrill, and Joe Arbogast sang a group of numbers. Prof. Harold Orendorff also entertained the group by singing a selection of his own.

The choir plans to make an appearance at Widen High-on April 17

Water color, and crayon designs added a special dash of color to the display.

WAVE PREPARES FOR INITIAL DIAMOND PLAY

Six Lettermen, Fifteen Newcomers Begin Practice For First Game April 17

Monday, March 2, marked the first outdoor practice for the Glenville State College baseball team.

The squad will be dominated by newcomers with only six returning lettermen.

Because of bad weather, candidates have been working out in the new physical education building preparing for their first game of the season on April 17 when they entertain the Marietta Pioneers.

So far, little can be predicted concerning the season's outlook. Barring bad weather, continuous outdoor workouts will better reveal the team's prospects. Johnson and Stout are sure to see a great deal of mound duty, but no other positions have been definitely decided.

Returning lettermen include pitchers, Paul Stout and Cecil Johnson; infielders, Don Merriman, Dick Barrett, Joe Riddle, and Ronald Butcher; Newcomers to the squad are Jim Mullins, Bob Poole, Boone Summerville, Ervin Hull, Frank Buckland, Joe Floyd, Pete Kostyk, Frank Vincent, Dean Hupp, Lon Weaver, Glen Vannoy, Bill Rumbach, Paul Lanham, Jack Tennant, Ron Godfrey, and Don Deal.

Court Plans To Form Alumni Association

Judge Jack Lilly has announced plans that are in operation for the forming of an Alumni association for the Holy Roller Court.

The plans for the organization were discussed in the meeting of Feb. 12, and a committee was appointed at that time to be in charge of organizing the campaign. The committee's chairman is James Bail, and the following members will serve on the committee: William Ice, Don Merriman, Lawrence Gainer, Frank Fullinier, and Carl Galgani.

A mailing list of over 150 names has been secured by Chairman Bail for the purpose directing the invitations that are to be sent out.

The reason for the organizing of the alumni, as reported by Bail, is because the present members feel that such an organization would be beneficial to both the old members and the present membership, and that it would serve as a means of renewing and retaining friendships that were formed during college days.

Marjorie Hardman And Bob Poole Win Honors As Most Valuable Performers

A field goal by Brent Cool and a foul shot by Fred Gainer gave the senior men the 1952 class tournament championship Thursday night by a 67-65 margin over an inspired freshman team. The game was close throughout the first half. At the quarter it was 18-18, and at half time the seniors had edged ahead 31-28.

Then, in the third period the seniors began to hit, with Lennie Spencer, Fred Gainer, and Jack Lilly showing the way. The seniors were on top 53-40 at the third quarter mark. However, in the last period, trailing 54-45, the frosh began to hit, Cecil Johnson and Lennie Spencer fouled out during the desperate freshman attack. The frosh lost Ervin Hall and Oliver Hunt in the hectic last quarter.

The seniors were able to hit just enough to win. Lennie Spencer, Fred Gainer, and Brent Cool were high for the seniors getting 20, 14, and 12 respectively. "Big Bob" Poole was nearly unstoppable as he dunked in 35 points to the Frosh to run his two night total to 86 points.

The first round men's games were unevenly matched as the seniors and freshman scored at will. The seniors won 98-70 over a game sophomore squad in the opening men's game.
