## Kennedy, Somerville, Clark Speak at Principal's Meet

Dr. Eddie C. Kennedy, Mr. Delmar Somerville, and Mr. H. Y. Clark, of the college education department, discussed the student teaching program at a meeting of the County Principals' association, Monday, September 22. The meeting was held at the board of education office.

## First Onningohow Play To Be Given At An Early Date In College Auditorium

"Mr. Barry's Etchings", a three act comedy by Walter Bullock and David Archer, will be presented in the near future in the college auditorium by the Onningohow Players.

Date for the presentation will be announced later.

The action is concerned with Judson Barry (Hobart Childers) an artist who decides to print a series of fifty-dollar bills after his own design because he does not like the expression on the face of General U. S. Grant, as portrayed on the legitimate currency.

However, troubles galore descend on the unsuspecting group of players when, in a fit of pique over adverse events in the community, Barry donates by mail all the phony bills to local institutions which put them in circulation. This brings to the scene of action a gang of counterfeiters interested in his superb craftsmanship and also Treasury investigators looking for the source of the money.

Barry's widowed sister is played by Wanoma Davidson, and her daughter by Bonel Poling.

## Terrill, Gray Are Queen And Pioneer

By JEAN ADAMS

Preliminary plans for the 19th annual Glenville State homecoming football celebration on October 11 have been made by the Alumni Association and the Student Council.

In voting last week, Dorothy Terrill, senior from St. Marys was elected Homecoming Queen and Holt Gray, senior from Cowen, was designated Pioneer for the event. Election of class princesses was set for this week.

At an alumni association meeting held Sept. 30 committees were appointed to get Homecoming underway in full swing. A general committee with Robert Butcher as chairman will have over-all authority of the Homecoming planning and may designate other committees that they feel needed. The following people are members of this committee: Lloyd Jones, Fred Wells, Jack Luzader, Bernice Bell and Muriel Currey.

The dance committee will have charge of the selection of the orchestra, ticket sales, decoration of the gym, and supervision of the dance. This committee is headed by J. W. Beall with Richard Whit (Continued on Page 2)

## 40 Students Enroll In Ag. Department

Thirty freshmen and ten sophomores have enrolled in agriculture this term, according to Prof. Warden Lane. This shows an increase of twenty-three students over last year's enrollment.

These students come from the thirteen counties of Wood, Calhoun, Ritchie, Gilmer, Roane, Braxton, Upshur, Greenbrier, Raleigh, Webster, Harrison, Lewis, and Clay.

### Sophomores To Transfer

Since there is only a two-year curriculum offered in agriculture at this school, Professor Lane said that the ten sophomores would be transferring to West Virginia University at the end of this year.

The Ag students have been busy since school started, doing such work at the college farm as cutting hay, digging potatoes, and other general farm work.

According to Professor Lane, all produce from the farm is used in the college dining hall.

This charming little family has as neighbors Bud, a boy of twelve (John Rehnbrough), Marvin Pritchard, Evelyn's fiancé (Don Weaver) Carrie Stanwich, an old maid huskybody, (Joyce Georgalls), Mrs. Griswold, wife of the town's undertaker and political big-wheel (Bertha Turner) and Sam Jordan, political aspirant (Bill Boram).

Visitors from out of town who share the spotlight with this group are members of the counterfeiter's ring, Fifty Ferris, the leader of the crooks (Claire Bowles) and her henchman, Sawbuck Sam (Chick Zakarian) followed by U. S. Treasury Investigator Tom Crosby (Bob Milligan) and his slightly-befuddled assistant, Daisy Dayton (Claudette Heffner).

Kenneth Plunkett, a Hollywood producer (Frank Fultineer) brings the difficulties to a happy ending in his efforts to purchase the "Judson Barry Story" for the movies.

This is the first play to be offered by the dramatic group this season. Two more plays are scheduled to be given during the school year.

## Statement Of Policy

With the beginning of a new school year for The Mercury, we feel the need of a short discussion concerning the policy of the paper and the method of operation this year.

In the first place, this is a student newspaper, written by students and published in the interests of the students of Glenville State College.

We must go on the assumption that the administration of the school and the student governing body are acting in the behalf of the majority of the students and are trying to do the right thing at all times. Therefore, to dispel any doubts which might arise, we declare from the outset that The Mercury stands firmly behind the administration and the student council.

Until proof is shown that either of the school governing bodies is acting for interests other than those of the school, we will ally the paper with the policies presented by these groups.

Should either the council or the administration act in a manner detrimental to Glenville State College, it would be our duty as a representative of the students to point this out.

We are satisfied with the personnel of both the student council and the administration. We are certain that any decisions they might make would be in the best interests of the school.

In the past, it has been a common practice by some to censure both the student governing body and the administration. For this reason, we will attempt to report accurately just what each group is doing.

We will work closely with the student council this year. It seems just "the thing to do" for many college newspapers to constantly be at odds with the student governing group of their school. We find nothing particularly relishing about a situation of this sort and therefore will avoid leveling any negative criticism unless we are forced to.

The Mercury has never attempted to give one club, individual, or school department any more publicity than another. Although we have been accused of this, the practice of favoring one group has never been intentionally carried out. There will be no change in this policy during the coming school year. Of course, some groups are more active than others; for this reason, we will not play down the more active groups, but will publish any story concerning approved activities.

One important point that many fail to comprehend is that The Mercury editorial staff and faculty adviser must be the final judge of what appears in each issue. It does little good to send a story to the office with the demand that it be published as is, because if we do not approve it, it will very likely be filed in the nearest trash basket.

Our reasoning for this is very simple—we are held responsible for everything that appears on the pages of The Mercury. Another factor that enters is that we take it for granted we know more about what is news than does a person untrained in journalism. Because of this, we must state that the final say of what goes into the school paper will be dictated by those responsible for publishing it.

Throughout the school year, the college student newspaper will do its best to serve its readers. As in the past, we realize mistakes can be made, but we promise a publication that will be as good as the staff can possibly make it. We welcome any suggestions or comments any reader may wish to make. Any constructive signed letter to the editor will be printed, and any suggestions will be seriously considered.

We are attempting to begin the school year "squared away" and will appreciate any cooperation tended the campus student newspaper in any form.—WAB.

## George Firestone, Fabled Janitor, Receives Memorial

The memory of George Firestone flames anew on the campus of GSC. The fabled janitor, who for some 45 years faithfully served Glenville State, and for whom Firestone Lodge was named, has again been dutifully honored, this time by the erection of a memorial in the form of an archway at the entrance to Verona Mapel hall.

The memorial consists of two brick pillars 7 feet high erected on each side of the sidewalk. One of the pillars contains a concrete plaque bearing the inscription, "In Memory of George Firestone, Faithful Janitor, Glenville State College. 1894-1939." Above the plaque and on each pillar a light will be placed so as to illuminate the epitaph.

The memorial was a pre-war idea of the college's alumni association, who had ordered a bronze plaque with a similar inscription only to be foiled by a war priority. The some \$105 that had been collected was placed in a savings fund and now forms the basis for financing the present structure.

And so, the deserving George Firestone is once again recreated in the heart of the school that his heart seemingly never forgot. It is a fitting tribute to the man who became the legend.

## Twenty-Three Students Are Attending College By Virtue Of Scholarships

Twenty-three persons are attending Glenville State college by virtue of scholarships awarded them by individuals and organizations throughout the area. The scholarships, which total \$2,846.48, range from \$50 to \$450.

Two of the scholarships are offered anonymously, furnished by individuals who are interested in assisting students of high scholastic rank to continue their education. Receiving these anonymous awards are Velma June Higgins, St. Marys, \$450; and Nora Ann Kennedy, St. Marys, \$330.

Recipient of the third annual C. W. Marsh award of \$350 is Janet Conley of Zona, Roane county. Janet is a graduate of Walton high school, majoring in English.

Kathleen Quinn, of Wheeling, has been awarded a West Virginia Daughters of the American Revolution scholarship of \$250 to be used at a college of her choice. Kathleen received her award by winning the DAR essay contest.

# Rams Gain 21-6 Win Over White Wave

## Tennant To Godfrey Pass Clicks For Lone Touchdown

Pioneers Falter After Taking Lead

An outmanned but always dangerous Glenville State college football team fought the Shepherd Rams to a standstill for two quarters Saturday but faltered in the second half to drop a 21-6 decision to a rival which outweighed them 15 pounds to the man.

The Pioneers scored first in the opening canto when, following the recovering of a Ram fumble on the Shepherd 40, sophomore quarterback Jack Tennant led a drive that was capped when the Fairview flash rifled a 20-yard pass to fleet halfback Ron Godfrey who went all the way for the TD.

Shepherd scored their only first half touchdown in the second quarter when Emery rifled an aerial to Heyser for six points. The remainder of the first half was a close, hard-fought battle with neither team gaining the advantage.

Weight of numbers began to show in the third quarter, however, when the Rams, heavier and deeper in reserves, pushed across two tallies to insure the victory.

After recovering a Pioneer fumble, the Eastern panhandle boys sent Totts over from four yards out. Their final score was racked up when Emery sent a 35-yard aerial to Hedeman who then crossed the goal line for the Ram's last marker. Lock kicked three extra points for the winners.

Glenville's ground attack was stalled by the weightier Shepherd line, but Tennant's passes to Godfrey, Bill Hanlin, and Don Merriman enabled the Pioneers to gain 14 yards and rack up eight first downs. Shepherd gained 192 yards and had 14 first downs.

A game but outmanned White Wave defense led by Charley Spencer, Frank Vincent, Paul Lanham, and Gene Spadaro kept the Pioneers in the game the first half.

### On Strike—Maybe

Joe—"I'm a self-made man, that's what I am."

Harry—"If you ask me, you knocked off work too soon."

### Let's Get This Straight

A GANGLING YOUTH walked to the clerk of the court and announced he wanted a marriage license. "Certainly," said the clerk. "Where's the bride-elect?" "What d-ya mean, bride-elect?" asked the youngster. "There wasn't no election—this gal appointed herself."

### What She Meant

THE "HIGH-BROW" GIRL student was trying to freeze out the young man who wanted to marry her.

Said she: "Circumstances compelled me to decline a marital arrangement with a man of no pecuniary resources."

"Er—" he stammered. "I don't get you—"

"That's what I'm telling you" was the icy reply.
