Eighty bus type lockers have been installed in the new dining hall building and a counter for the snack bar for the student union has also been set up, according to Pres. Harry B. Heflin.

Dr. Heflin said that the lockers were installed mainly for commuting students, but any student may use them to put supplies in safe keeping.

The first program was presented last Saturday, which consisted of a five minute history of the college and a ten minute interview about the new dining hall and student union. Silas Hicks, manager of the student union was interviewed. Also on the program were Jim White, Nancy Wilfong, Pat Christian, Phyllis Young, Jerry Kress, and Dorsey Scott. ## Thermometer At Publishing Point

Glenville will have a KANA-WHACHEN this year!

Student spirit at Glenville State was at an all-time high last week when the drive for the yearbook ended with 303 subscriptions, three over the minimum goal of 300.

At noon on the last day for the drive, the scene was somewhat dismal with only 250 subscriptions accounted for, but by midnight the additional 50 had been acquired and the yearbook staff was, "in business."

### Dr. Doyle Is Adviser

However, Dr. Joan Doyle, adviser to the yearbook staff, stressed the fact that this is only a starting point and that student interest and support will still be needed if the college wants a yearbook.

Rose Gwinn is editor of the staff with Randolph Stein acting as assistant to the editor. Other staff positions are filled by Dave Wethren, sports editor, Connie Sams, copy editor, Bill Deel, picture editor, Bonnie Gorrell, art editor, and Jearl Stump, business manager.

## Little Minds, Little People?

On the humorous side of the segregation scene comes the report from Kentucky's six-term Congressman Frank Chelf that officials of the nation's three major radio and television networks are "censoring, rewriting, and banning from the air" such great native classics as Stephen Foster's masterpieces "Swanee River," "My Ole Kentucky Home" and "Old Black Joe."

At that time Representative Chelf introduced a resolution pointing out that radio and television broadcasters operate only under government license, that censorship "is abhorrent to our democratic concepts and repugnant to our constitutional guarantee of free speech" and since it appears that major radio and television networks have undertaken to ban certain references in songs traditional and part of the wealth and original literature and music in the United States and have undertaken to rewrite literary works, let's pass a resolution to determine whether the Federal Communication Commission has a right to prohibit such arbitrary censorship.

So, House Resolution 9115 is now before the Committee on Interstate Commerce and will come up in January. This one imposes fines and jail sentences on radio and TV networks executives who "censor, edit, delete, change or modify" any "song, verse, lyric, manuscript," etc., without first getting an okay from the Federal Communications Commission for their proposed changes.

The Kentucky Congressman had something when he said:

"If we follow the same logic and reasoning of the networks in banning 'Swanee River' and 'My Old Kentucky Home' from the air, then we may have to change the name of the White House because this might conceivably be classified as discrimination."

"Who is behind the decree—this pious decision? Might it not be an insult to our fine American Indians if that old ballad known as 'Red Wing' were sung over the air waves? It makes just about as much sense, banning 'My Old Kentucky Home' and 'Swanee River' as it would be to ban that beautiful old song 'Mother Machree' on the basis that it might be insulting to our fine Irish people."

"According to the networks' philosophy and their line of reasoning, 'Chinatown, My Chinatown' ought to be banned because it might offend the many fine Chinese people residing in the United States. On the same theory 'Silverthreads Among the Gold' ought to go for fear it might be an affront to the elderly people of this great country."

"To say that my 'Old Kentucky Home' and 'Swanee River' either or both of them were written by a prejudiced, narrow mind, would be like saying that Kentucky had no blue grass or thoroughbreds; that Boston had no Paul Revere or Old North Church; that a ball game had no umpire and no 'rhubarb'; that a hot dog had no mustard or a bun; or that the American flag had no Stars and Strips, or any red, white and blue."

## Why Don't They Think?

Today, when counties throughout West Virginia are continuously screaming for delicious and more beautiful educational pie topping in the form of new buildings and better equipment, it is seldom that one can find a person who looks not at the topping, but the filling of the pie—the basic substance of the educational system—the curriculum.

The October issue of "The West Virginia School Journal" recently printed an article written by Assistant Professor Carl A. Kerr, in which the Glenville English and French instructor points out that "There is no longer any doubt that herds of college freshmen cannot read—in the broadest meaning of the word; that they cannot think logically or coherently; that they lack the mental and intellectual disciplines and attitudes essential to acquiring not only an education, but wisdom and sane judgment as well."

Why can't they read? Why don't they think? The answer is simple—it is because they have not been prepared to do so in the elementary and secondary schools of West Virginia. Hiding under the mysterious and allusive title of Progressive Education, classroom teachers in our Mountain State have sugar coated the sometimes nasty but all too necessary fundamentals, until it is almost impossible to find beneath the coat of veneer any but the slightest actual concepts of what this learning process is all about.

College freshmen as Kerr sees them, "lack the foundation knowledge and mastery of skills—again those abhorrent 'fundamentals'—that will enable them to complete successfully the courses of study we hope will make them happy and useful members of our society." This student agrees entirely, knowing that after four years of attending college, she is almost ready to enter college. —Joyce Jackson

## Library Offers Vast Privileges

By DOROTHY BUTLER

Vast opportunities for interesting reading are offered to GSC students by the Robert F. Kidd Library. Besides the magazines, fiction books, and biographies, there are many features which should not be overlooked.

Browsing through the "New Books" section brings attention to all types of books.

"The Trial of Peter Zenger" by Vincent Buranelli a penetrating account of the trial of the German immigrant printer who was tried for sedition in colonial New York.

The stories of nine Japanese from all walks of life who were at Hiroshima and Nagasaki when they were bombed are told in "Nine Who Survived Hiroshima" by Robert Trumbull.

"Scribbling, Drawing, Painting" could be classified as being somewhere between the love of children and psychology of art or between love of art and psychology of children.

Education classes are reminded of the wide collection of education periodicals available for their use in the reading of the library.

"Music Journal" and "The Instrumentalist" are among the literature which would interest a music major.

Persons in business education will find "Today's Secretary" entertaining reading; drama enthusiasts will enjoy "Theatre Arts"; botanical journals and "The Biological Bulletin" will keep the scientific-minded up-to-date; the literature and history fields are also well discussed in various booklets. Home economics, agriculture, and physical education are not omitted.

Any person, regardless of interests, should be able to find many hours of enjoyable reading in the library. Glenville State students are urged to make use of the library for studying, doing research work, or just relaxing with a good book.

## Pioneers End Season With Salem; Play Wesleyan Saturday Night

The Glenville Pioneers will put the finishing touches on the 1957 Gridiron season when they meet the Salem Tigers at Rohrbough field Friday afternoon Oct. 25. Glenville lost to Salem last season on a rain-drenched Sistersville High School field 19-7.

Coach Nick Murin's men will be looking for a win to get even with the Tigers in this years contest. This might well prove to be the high point in a so far mediocre season for the Pioneers.

Salem has been hampered by a great many injuries during the entire year. The Tigers record stands at two losses, no wins. Their game with Wesleyan had not been played when the MERCURY went to press. Salem's first loss came at the hands of the West Liberty Hilltoppers 7-6. Their second loss was to Potomac State 27-6.

### Played D-E

The Pioneers have a record of 1-2-1. Their first game of the year saw the White Wave tied with the Potomac Catamounts 6-6. Glenville's two losses were at the hands of West Liberty 25-6 and Fairmont 32-13. The win was over the highly touted Concord Mountain Lions 14-13. The GeeMen played Davis-Elkins the past weekend but the MERCURY went to press before the results of this game could be obtained.

Oct. 19 will see the Pioneers meeting the Wesleyan Bobcats under the lights at Buckhannon. Wesleyan squeezed by the White Wave last year on West High School's field 7-6. The Bobcats, as usual, are expected to give the locals quite a workout in defense.

### Line Is Strong

Glenville's line was much stronger against Concord. Much of the added strength was due in part to the fact that no injuries were reported among linemen. Freshman Bill Neely from Arthurdale, starting his first game for the Pioneers, was responsible for much of the lost yardage which plagued the Mountain Lions.

All regulars are expected to be ready for action against both Wesleyan and Salem. The probable starting line-up for the pioneers will be Neely and McMillan at end, Borro and Dotson at tackle, Pritt and Orth at Guard, Cox at center, Campbell at quarterback,

Stanley and Armstrong at half-back, and Stonfer at fullback.

Wilson, Harris, Elkins, Peters, Martin and McKown will be ready to take over should they be needed. Elkins, a freshman from Meadow Bridge, will be called upon to do most of the point-after-touchdown kicking. His two conversions in the Concord game proved to be the all important winning point.

## 6 GSC Seniors Will Complete Football Play

Six men on Coach Murin's 1957 football squad end their college football careers when the Pioneers meet the Salem Tigers at Rohrbough field Oct. 25. These men are Albert Kokoski, Keith Pritt, Carl Cox, Paul Hughes, Trent Busch and Eddie Armstrong.

Keith Pritt, a 190 pound, 22 year old guard, is a son of Mr. and Mrs. D. D. Pritt of Rand. Pritt has played four years of football at GSC. He was graduated from Dupont High School in 1953. While in high school he made the Chemical Valley Conference second team.

On campus he is Vice President of the senior class, President of the G-Club, Clerk of the HRC and an active member of the Science Club. Upon graduation Pritt plans to coach or attend physical therapy school.

## Gillisple Captures W.A.A. Title Again

WAA had their regular volleyball games on Oct. 8, at 6:30 p.m. with Nancy Gillisple leading again.

Marty Douglas got an outstanding score of 24 points to boost Captain Nancy Gillisple's team to victory over Captain Helen Hype's team. Gillisple's team got off to a good start with a half-time score of 32-3 and was able to maintain this lead to win the game 51-11. The remaining players of Gillisple's team were Joyce Jackson, Hester Reed, Mida Bailey, Bonnie Gorrell, and Christine Bush.

Hype's team was able to win over Captain Dorothy Pauley's team 30-20. Members of Hype's team were Sue Click, Isabel Brady, Delores Stanwick, Caroline Heeter, Virginia Davis, Carolee Singleton, and Pat Starkey.

Gillisple won her second game of the evening over Captain Hazel Webster 29-17. The loser's team consisted of Flora Dyer Geneva Moss, Dorothy Butler, Betty Smith, Connie Sams, Beverly Crooks and Phyllis Starkey.

Webster's team lost their second game of the evening to Pauley's team 41-17. Dorothea Isch was the star of the game for Pauley's team by getting 12 points. Not far behind her were Roma Starcher and Annabell McHenry both with eight points each. Patty Mace, Mary Jo Chisler, Sandy Stevens, Linda Mayo, and Virginia Mick also helped to push their team to victory.

ball. He is a member of the G-Club, and Kappa Sigma Kappa. He is a physical education major.

## White Wave Wins Homecoming Tilt

Freshmen Bob Harris, Junior Wilson and Emory Elkins accounted for 14 points to give Glenville State their first win of the 1957 football season in the Homecoming contest, Oct. 5.

Another freshman, Bill Neely, starting his first game for the White Wave, came through with several vicious tackles which threw the Lions for losses they could not regain.

With the Pioneers trailing 7-0 midway in the second quarter Harris intercepted a Concord pass on the Mountain Lion 20 and ran to the five yard line. A carry of three by Larry Stanley put the ball on the two. Harris carried over for the TD. Elkins' conversion put the GeeMen on even terms.

Concord scored again in the same period and no scoring action was seen until late in the final quarter.

### Elkins' Kick Is Good

With nine minutes remaining in the game, Glenville took possession on their own 23 yard line. Quarterback Jack Campbell made first down on the GSC 43. Ronnie Peters picked up 13 yards for a first down. Wilson carried for 20 and another first down. Peters gained five more yards and Wilson went 19 yards around end for the touchdown. Elkins converted to put the Pioneers ahead 14-13 with only five minutes to be played.

Concord picked up two first downs before being forced to punt. Glenville moved to the 45 where a fumble gave the ball to the Mountain Lions. Concord moved on the ground for two first downs. Pass interference was called on the Pioneer 12 but the game ended before the men from Athens could retaliate.

Payne from Cairo. Mrs. Pribble is "mother" to 59 girls in Kanawha hall this year, and Mrs. Payne looks after 84 girls who are living in Verona Mapel.

Mrs. Mabel S. Payne, new house director of Verona Mapel Hall, is a former resident of Cairo, Ritchie County, and is an alumnus of Cairo High School.

Mrs. Payne is a member of the Presbyterian Church at Cairo and is a past worthy matron of Cairo Chapter No. 39 of the Order of Eastern Star.

Although she has not had any previous experience as a house director, she has taught for three years in an elementary school in Ritchie County, previous to her marriage. She was employed, four years ago, as a clerk for the Cairo Post Office.

### Has Three Children

Mrs. Payne has one daughter and two sons; Mrs. Roy Zinn Jr., who resides at Newberne; William E., a construction worker and a resident of Parkersburg; and J. ## Jerry Woolter Goes To Canada

Jerry Woolter, 19-year-old junior English major from Weston, recently returned from a 15-day tour of Canada and the New England states with Glen Floyd, owner of the Floyd Funeral Home in Weston.

Being interested in history, Woolter found the many important landmarks a wonderful experience.

He traveled the famous route from Lexington to Concord where the first shots of the American Revolution were fired. However, the only shots Woolter fired at the Old North Bridge were the ones taken with his camera.

Nevertheless, no trip is made without some difficulty. Floyd and Woolter became lost while touring Quebec.

They asked another tourist, who was from Canada, where they were only to discover the Canadian was also lost. Neither Floyd nor Woolter could speak French and the Canadian could not speak English.

Finally the three gave up, with laughter, trying to break the language barrier. The Canadian said, "Merci!" "Thank you too," replied Woolter.

The rest of the trip was without incident.
