House Action Encourages Planning Of Dormitory For Glenville State

Recent action by the W. Va. House of Delegates indicates that Glenville State College can soon begin construction on a new dormitory according to Dr. Harry B. Hefflin, GSC president.

This action authorizes the State Board of Education to proceed in negotiations for the preparation of plans, specifications and preliminary data for the construction of dormitories on the campuses of Glenville State College and the West Virginia Institute of Technology.

Prepare Plans

Dr. Hefflin reports that Greife and Daley, Charleston architects, are already preparing plans for the dormitory. Prospective sites for the building are now under consideration; also, a request for a government loan to help pay for the building has been filed.

Two-thirds of the \$50 registration fee (effective this July) of state colleges will be placed in a common fund; the State Board of Education will decide where this

Plans For Election Are Set By Council

Plans for the '59 Student Council election have been set reports Ray Ellis, SC president. Platforms of all candidates must be submitted to the Student Council by April 1.

Candidates will present these platforms to the student body Thursday, April 2, in an assembly. Election will be held April 16 in the Student Union from 9:00 to 4:00 under the direction of the Student Council.

Although no candidates had officially filed for office when the MERCURY went to press, student interest would indicate a full ballot to be presented to the student body for their vote.

Students voting in the election last year represented 66 per cent of the student enrollment, much better than the 31 per cent poll-turnout in 1957.

Vacation Begins

Easter vacation for Glenville State College will begin Thursday, March 26, at 12:15 p.m. and will end Tuesday morning, March 31, at 8:00.

Third term will also end Thursday noon and fourth term will begin Tuesday morning.

Dr. Miller is a native West Virginian, graduating in 1939 from West Virginia University with a B. S. degree in animal husbandry. He became assistant agricultural agent in Ritchie county and two years later agricultural agent in Nicholas county.

After three years military service Dr. Miller enrolled in Michigan State University. In 1947 he received an M. S. degree in rural sociology and was named Michigan's first extension rural sociologist.

In 1952 he made a nation-wide health survey and served as chairman of President Truman's commission on health needs of the nation. From this study, Dr. Miller wrote his book, "Community Health Action: A Study of Community Contrasts."

He received a Ph. D. degree in sociology from Michigan State in 1953.

The theme for the fourth annual conference will be "Methods and Teaching of Area and Community Development" and the sessions will be open to the public. Representatives from the high schools in this area have been invited to participate.

Of Turtles and Men

Sticking our editorial heads out cautiously, we find that reverberations from a recent editorial have subsided and the time is right to take a few hasty steps before someone calls out the proverbial 'red light'!

To the careless readers who gave the editor credit (or blame) for the last editorial, we must point out that the article was carefully quoted. Likewise in the Feb. 11 issue; Feb. 25 we really played safe and didn't have an editorial.

Turtles cannot progress without sticking their necks out. Neither can people.

Sometimes people *do* stick their necks out and *do* take chances. Sometimes these 'chances' are predictions.

Our prediction: If GSC students are unconcerned about who is on the Student Council and their duties and problems, future student-body groups may not even have such a governing group. We wonder if there would be any struggle at all if the administration decided arbitrarily to dissolve the Council. Would there be?

Matter of concern to some students: Isn't it an insult to our maturity when anyone concludes that if one dormitory has a soft-drink vender the other dorms would have to have one too?

A small (if you aren't hungry) problem has been mentioned: Why 'buck the line' in cafeteria? Get in place and stay there; liver (or ham) will still be there when you arrive.

Anyone desiring a platform plank for the SC election can always promise to put up a handrail on the steps at Firestone Lodge: those are icy in winter.

Another idea advanced: Why couldn't some students be granted stack-permits in the library? Most students aren't interested enough in the research they are doing to *want* to enter the stacks, yet some more studious, perhaps more scholarly, students would appreciate such privileges.

Since students obviously won't or don't read bulletin boards (some announcements aren't posted anyway) is there another way of disseminating information on campus? Public announcements on a microphone in the cafeteria during meal hours *might* work. Easier yet, we could train ourselves to read bulletin boards.

Should we make assembly-attendance compulsory? The scattered few who attended the recent assembly are exceptions. It

Dear Editor...

MERCURY Editor
G.S.C.
Glenville, W. Va.
Miss Butler:

I've been trying for some time to figure out a way to bring this subject to the attention of the general student body.

Since I have d-jayed several of the student mixes this year many students have approached me with inquiries such as, "Why don't you have another mix soon?" or "Why don't you hold a mix every other weekend?" I've explained that I can't myself call a mix unless some organization applies to the activity committee two weeks in advance or unless Miss Pickens, or head of the activity committee, takes the action of calling one. This she can do at anytime so I have been told.

I would be quite willing to help in anyway necessary to see that there is some activity (an all-student mix) held so there will be something to do on campus.

I think the MERCURY would be the most logical way to present this problem to the students. If reactions are favorable, as I expect them, I'm sure some favorable action will be taken on the matter.

Yours sincerely,
Marilou Locke

The above letter (signed, incidentally) was placed in the MERCURY box in the Union a few weeks ago. We couldn't agree more — there is no reason why we shouldn't have a mix every two weeks if that's what the students want.

Only thing missing is a sponsoring organization. With sixteen active organizations listed for this campus, no one group would be ov-

Artist In Action

Landscape Artist Janet Fields Does Water Colors, Oils; Is Painting VMH

Janet Mae Fields, blue-eyed blond from Gendeeville, is an aspiring young artist who does what so few persons can do; she puts paint on a canvas and the result is pretty, orderly, and neat.

According to Miss Fields, she started this hobby at an early age. Beginning with crayons and coloring books, she soon advanced to water colors. She began using oils while in high school. She has had two classes in oil painting at GSC — Introductory and Advanced.

ings and water colors in the May 10 sidewalk art display to be sponsored by the Palette and Brush Club. Miss Fields is recording secretary of this organization.

Miss Fields says she likes to do landscapes in preference to other types of art work. Her two favorite paintings are at home; one features a large black horse in a snow-scene, the other is a log cabin in an autumn setting.

When asked if she did portraits Miss Fields replied that she had tried them, but that they didn't 'turn out.' She is now working on a painting of Verona Mapel Hall.

Miss Fields graduated from Walton High School, third in a class of 55. She is a member of the Xi Beta Tau Sorority. Her roommate, Shirley Conrad, says Janet is the "best roommate I ever saw" and that she is "very easy to get along with."

The Locals, a team of Glenville athletes, won the regular season MAA Intramural Basketball League with a perfect 5-0 record announces Athletic Director Carlos Ratliff. Mr. Ratliff, under whose supervision the intramural program is carried out, cut short the regular season play in order to get the double elimination tournament underway.

Trailing the champion Locals in regular season play were the Oddballs "T", Sportsmen, and Rebels, each with identical 4-1 records. The remaining twelve teams finished the season with less respectable records.

Top Teams Seeded

As a result of the standings, the top four teams in the league were top seeded in the tourney which begin on March 3.

At the present time 30 games have been played under the double elimination system and only four teams remain out of the starting field of sixteen.

The Locals, winners of the regular season play, are no longer in contention as they were eliminated last week. The tournament should be completed this week and the powerful Oddballs "T" looks like the best bet to sweep the post-season honors.

No doubt the persons who have been active in planning and carrying out the most successful mixes we've had this year would volunteer their time and services in helping another organization sponsor a successful mix.

How about it? Will we do anything, or are we just talking?

'59 Football Schedule Is Released; Concord Will Play Homecoming Tilt

Faculty 'Hot Shots' Snow 'G' Club Stars In Miserable Game

In a benefit (for whom we do not know) ?basketball? game played in the College Field House March 10 the high flying Glenville State College Faculty defeated the "G" Club by a convincing 57-28 margin.

The Faculty "Hot Shots" displaying a perplexing brand of ball (or so it seemed to the officials and the "G" Club) jumped off to an early lead and were never headed. Led by the fancy shooting of "Flash" Caltrider and William S. E. (Swish 'Em) Coleman the rebounding and defensive play of "Hooks" Byrd and the sterling floor play (at least that is where they spent most of their time) of Maze, Bumgardner and Hardway the Faculty was not to be denied. isn't very encouraging to have an assembly which should be of interest to all students and find yourself performing for a small percentage of GSC students.

Too many campus organizations are ineffective and exist in name only. We lack leadership on our campus you say? We may lack leadership, but there is just as big a lack of active followers. No man is an island; no man can work alone.

One last word—if anyone happens to miss the little white box that has been in the Union all year, here is the explanation: that was an editor's dream—a way of obtaining reader-reaction—that just didn't work. Either everyone missed the articles explaining how the box was to be used—or else no one was particularly concerned.

And if anyone happens to miss a MERCURY editor, you may find she has pulled her neck back, tucked her head down, and retreated to the nearest cave to play it safe for a time.

Drama Students Enter Festival

Dates for try-outs for the State Collegiate Drama Festival will be announced in the near future indicates William S. E. Coleman, associate professor of speech.

"The Lesson" by Ionesco is scheduled for presentation at Jackson's Mill, May 7, for the Festival.

Marilou Locke and Paul Rippe will serve as student directors of the three-act "There's Always Juliet" by John Van Druten for campus presentation later this spring.

'Madonna' Is Revived

Coleman indicated that "Portrait of a Madonna," the Festival entry two years ago will be revived with Mrs. Barbara Whiting again playing the lead. "Portrait of a Madonna" and "The Lesson" will both be presented here later this spring.

Coleman pointed out that there will be one try-out for both the festival play and "There's Always Juliet."

And then I hasten with my work,

On Campus With Willie Shakespeare

By Bill Dawson

I guess you would call it 'suppos'n'. I once had a friend who would always say, "Suppose you reached into your right pocket and found 35 cents, and supposed you reached into your left pocket and found 25 cents. What would you have?" And I'd probably have said "Somebody else's pants on," but the important thing here is this 'Suppos'n' kick.

The other day I was sitting in my 8 o'clock class doing nothing (it's no secret, my instructor will vouch for this), but I sat there just suppos'n and I came upon the thought "Suppose William Shakespeare lived in this day and age, and suppose further still that he is a freshman here at GSC." Well we've supposed this far let's not quit! Let's take young Willie's sayings and put them into around-campus situations.

"Accurs't, unhappy, wretched, hateful day! Never was seen so black a day as this" (Romeo & Juliet)—Our hero has just arisen from his cot ready to face Monday morning.

"'Twas a rough night" (Macbeth) Mr. Shakespeare is referring to his sagging mattress.

"Oh me, poor man, how pale and wan he looks" (Comedy of Errors)—He glances at his roommate still sleeping soundly.

"Was it so late, friend, ere you went to bed, that you do lie so late?" (Macbeth)—he asks as he shakes the covered form.

"If it were then 'twere well it were done quickly" (Macbeth)—Willie remarks as he waits in turn to use the sink.

"More light, more light." (Romeo

and Juliet)—seems our hero isn't too pleased with the 20 watt bulb over the sink.

Menu Matter

"O, speak to me no more! These words like daggers enter in mine ears." (Macbeth)—A friend has just informed our Willie that they are having liver for lunch.

"A horse! a horse! My kingdom for a horse." (King Richard III)—he shouts as he wearily trudges from a class in the Administration Building to a class in the Health Building.

"What is my name? Whiter am I going? Where do I dell? Am I married man or a bachelor?" (Romeo and Juliet)—Even Shakespeare has his nervous moments when it comes to getting in front of a class and delivering a report.

"'Tis true; he rides me." (Comedy of Errors)—his Folk Dancing instructor seems to pick on him in class for throwing in a few modern steps.

"Think, how thou stab'st me in my prime of youth." (King Richard III)—He has three night classes.

"The bow is bent and drawn; make ready for the shaft." (King Henry IV)—He has just received, through the mail, his grades from last term.

Ailments Cured

"Here is a sick man that would speak with you." (Romeo and Juliet)—Willie calls upon Ma Fest. He has an ingrown toenail.

"Oh me." (Romeo and Juliet)—Ma swabs his throat with an awful brownish goo, gives him red, white, green pills to take, one every four hours.

money is to be spent. One-half of the cost of a dormitory for GSC will be paid from this fund.

The other half of the money required for dormitory construction will be borrowed from the government, to be repaid through room rentals.

According to Dr. Holfin, first work on the building should begin in the spring of 1960. When this dormitory is completed use of Kanawha Hall will be discontinued.

Faculty 'Hot Shots'

Caltrider scorched the nets for 22 rallies and was closely followed by Coleman with 18 markers.

For the frustrated "G" Club, Bud "Zorro" Minner and "Jumpin" Gene Alkire paved the way with 8 and 4 points respectively. The famed fast break of the "G" Club which is led by Rod Oldham and Pete Spencer never had an op-

portunity to get up a full head of steam and thus severely limited the Club's offense showing.

As the participants were leaving the floor, the winners were holding their backs and moaning in misery while the "G" Club could be heard muttering the famed Flatbush cry of "Wait 'till next year."

of a Small Business will be discussed April 23 by S. J. Troutman, general manager Junior Mercantile Stores, Inc., Omar.

Dinner Meet Planned

Dr. James H. Thompson, director Bureau of Business Research, College of Commerce, W. Va. University, will lead the discussion on April 30 on Local Economic Outlook and Trends.

The eighth and final session will be a dinner meeting in the college cafeteria on May 7 and certificates will be awarded at this time.

"See now she leans her cheek upon her hand! O, that I were a glove upon that hand, that I might touch that cheek." (Romeo and Juliet)—Our hero spots a young female that arouses his romantic heart.

"Thou hast thine own form." (Comedy of Errors)—he isn't too pleased with her sack dress.

"What's in a name? That which we call a rose by any other name would smell as sweet." (Romeo and Juliet)—It doesn't seem to matter to our boy that this girl's name is Patsy Pritchett; and he hints that she smells good too.

"Where shall we dine?" (Romeo and Juliet)—He asks her for a date.

"She speaks. O speak again, bright angel, for thou art as glorious to this day as is a winged messenger of heaven." (Romeo and Juliet)—She accepts.

"How can'st thou hither? The orchard walls are high and hard to climb, and the place death, considering who thou art, if any of my kinsmen find thee here." (Romeo and Juliet)—It appears this young lady has gained entrance to his room and he is worried that the rest of the boys will see her. He doesn't realize that it is Open House.

"My lord, to step out of these dreary dumps." (Comedy of Errors)—Willie and his flir are leaving the Pioneer Theater after sitting through a double feature western.

Curfew Panic

"What hour now? I think it lacks of ten. No, it is struck." (Macbeth)—The evening comes to a hasty halt as Big Ben sounds for all young ladies to head for their room.

"The lady doth protest too much, me thinks." (Macbeth)—She don't go in for 'necking'.

"O, wilt thou leave me so unsatisfied." (Romeo and Juliet)—Our Willie finally persuades his date to grant him a peck on the cheek.

"Stony limits cannot hold love out." (Romeo and Juliet)—He shouts as Housemother Mrs. Flora Pribble ushers him out the door.

"Hence will I go to my ghostly cell." (Romeo and Juliet)—He shouts as he walks back to Louis Bennett Hall.

There seems to be a little bit of William Shakespeare in all of us. Here, I'll prove it to you. "Good-night dear Patsy wherever thou'rt art."
