LETTER TO EDITOR

Prof. Miller Favors Forum

Dear Editor:

I SHOULD LIKE to congratulate THE GLENVILLE MERCURY for its forward-looking editorial, "Cultural Wasteland," that appeared in the issue of Feb. 24. I am in complete agreement with you that a "College Forum" could do much to expand and broaden the intellectual life of the College Community.

AS I SEE IT, a "College Forum" could serve as a marketplace where the controversial issues of our day could be discussed by students, faculty, administration, and community. I am not prepared to admit that there is a "Cultural Wasteland" here. At the same time, I would not contend that everyone on our campus is a seeker after the truth. Indubitably, however, a "College Forum" would serve to bring together the various special interests and disciplines represented on a college campus, a place where the mood and temper of our time could be discussed.

SHOULD YOUR EDITORIAL arouse sufficient interest to assure the realization of a "College Forum," it occurs to me that that a varied and diversified program should be planned. Such a program conceivably would include speakers from off campus, lectures by faculty and students, panel discussions, and debates.

WHAT COULD BE MORE challenging than to hear candidates for governor or senator from the two major political parties discussing the issues of the campaign? Who is there who would not be interested to hear a leading clergyman discuss the moral issues of the day? What could be more profitable than to have the education philosophies of idealism and pragmatism debated?

I SHOULD THINK that lectures of symposia on modern versus classical art, modern versus romantic music, and traditional versus contemporary poetry would all prove to be informative, provocative, and meaningful.

YOUR SUGGESTION that a "College Forum" would not be in competition with our excellent Lyceum program, surely a force opposing cultural barbarity, or the lively and provocative assembly programs, is full of merit. I can see no reason why, if a forum is desired by enough people, a permanent committee should not be appointed to begin making plans for a "College Forum."

'Filler' Facts Inject 'Informal' Items, Add Touches of Humor to Newspapers

By Bill Dawson

Humor is everywhere if you just know how to see it. One place that it can be found is in the newspapers in the form of news "fillers."

Now a "filler" is exactly what the name implies. If there aren't enough major new items to fill the page, editors inject small news items of actual experience, or actual facts. Some are humorous from the standpoint that they are true situations with a touch of laughter; while others are nothing but ridiculous, humorous facts.

Charles Watt Is Lone GSC Senior On The 1959-60 White Wave Squad

Charles Watt, known to his friends as Charlie, is the only senior on the Pioneer basketball team this year. This marked his fourth year on the Glenville varsity. Watt saw considerable action as an alternate guard during his freshman year and took over a regular guard slot during his sophomore year. He injured his knee before the start of basketball season his junior year and sat out most of the season with the injury.

This year he completely shook the effects of the bad knee and became one of the teams best scorers toward the end of the season. He averaged 14.5 points per game in the last eight games to raise his seasons average to 9.7, fourth high on the squad.

Shot From Outside

Watt was the old hand who came through with the right play in the clutch for the Pioneers. He is a clever ball handler and was an important cog in the G-man fast break. Watt racked up most of his points on a beautiful high arching jump shot from the outside. Watt's experience and outside shooting will be missed by the Byrd-men next season.

Watt has been an active student during his time at GSC. He was the president of his class his sophomore and junior years. He was an active member of Kappa Sigma Kappa for three years and was named to "Who's Who Among University and College Students" his junior year. This year he is serving as President of the G-Club.

Hopes to be Coach, Teacher

Watt will be graduated this spring with an AB degree in secondary education with teaching fields in physical education and social studies. He hopes to secure a coaching and teaching job after graduation. Watt attended Clendenin High School; his parents, Mr. and Mrs. C. W. Watt, live in Clendenin.

Three Teams Tie For First Place In MAA League

In MAA games played on Monday and Tuesday of the past week, the Hot Shots beat the GMO Club, the Little Pioneers edged the Rebels, Holy Roller Court whipped RAR, and the Locals downed the Thunderbirds, however, scores and individual point totals were not available. The league is still ensnared in a three-way tie between the Odd Balls, Locals, and Little Pioneers. Each team has an identical six won, none lost record.

In games played Wednesday afternoon Kappa Sigma Kappa squeaked out a 45-43 victory over the Golden Greeks and the Odd Balls eased past the Warriors 32-25.

Bickel Leads Scoring

For Kappa Sigma Kappa their 6'6" center Dick Bickel was high point man with 20 points. Blake topped the Greeks with 14 points. The score was tied 22-22 at half-time and the issue was in doubt until the final seconds when KSK pulled out the victory.

Gene Lilly and Ed Gross led the balanced Odd Balls to their win over the Warriors with seven points each. Jim Booth paced the Warriors with 10 markers.

In the games played on Thursday, the GMO boys came from behind to trip the Restless Gunners 43-34 and the Wazoos took the measure of the Hot Shots 51-45.

GMO's Win

Bob Oliver lead the GMO club to victory with 30 points. Gutshaw was top man for the Gunners with 14 points. The Gunners led 19-13 at half time but the GMO boys came roaring back in the second half to cop the game.

Ben Lepley rammed home 14 tallies to lead the Wazoos to victory over the Hot Shots. The Hot Shots were led by Radcliff with 12 points. The Wazoos led all the way and held a 36-26 lead at half-time.

Kathryn Morgan

K. Morgan Receives Tournament Honor

Kathryn Morgan, GSC cheerleader, was recently named one of the three outstanding cheerleaders at the WVIAC basketball tournament held at the Civic Center in Charleston.

Miss Morgan was awarded a trophy at the final tournament game between the Wesleyan Bobcats and the West Liberty Hilltoppers.

Miss Morgan, the daughter of Mr. and Mrs. V. J. Morgan of Switzer, Logan County is a sophomore elementary student and has served as cheerleader for two years. She was a cheerleader at East Bank High School for two years; however she is a graduate of Logan High School.

Two other cheerleaders, one from Beckley and one from Morris Harvey received similar awards.

Ada Cox Receives 1960 Exchange Trip

Ada Cox, 1957 graduate of Glenville State College, has been named West Virginia's 1960 International Farm Youth Exchange. Miss Cox, a resident of Craigsville, is a teacher in Wood County. She has tentatively been assigned to Finland.

During her senior year at GSC, Miss Cox was named to "Who's Who Among Students in American" (Continued On Page 4)

West Liberty Clips Pioneers 71-70 Goes On To Take WVIAC Tourney

West Liberty put an abrupt end to Glenville's basketball season with a 71-70 victory in the quarter-finals of the WVIAC Tournament. The contest was played in the spacious Civic Center in Charleston. A large delegation of Pioneer rooters was on hand to watch their favorites battle the Hilltoppers. The game had a thrilling finish capped by a goal by West Liberty's Dick Pannett with 8 seconds left in the game to provide the victory margin.

The game was nip-and-tuck all the way with West Liberty holding a slim 36-34 lead at half time. Neither team was able to open a substantial lead during the second half. With two minutes to go the Hilltoppers were up 69-66. Then Senior Charlie Watt, playing his final game for the Blue and White, went to work. With 1:58 left Watt hit a long jump shot from the side and followed with another jumper from the top of the keyhole to put The White Wave ahead 70-69 with less than a minute to go.

Hilltoppers Control Ball

The Pioneers then stole the ball and the victory looked secure, but Bob Lambert was tied up and a jump ball called. The ball was tipped out of bounds and the same two men jumped again; this time Lambert got the jump and tipped the ball to Russ Shepherd. Shepherd took one dribble and was immediately tied up. Again the ball was jumped for and tipped out of bounds. On the next jump West Liberty controlled the ball and called time out with 14 seconds left.

Coach Byrd gave his men their defense instructions and the West Liberty coach planned their offensive strategy for the all important

last 14 seconds. The Hilltoppers put the ball into play at midcourt to their star-guard Dick Pannett. Pannett dribbled down the court and took a 15-foot-jump shot that swished through to give the Hilltoppers a 71-70 lead with eight seconds left.

Time Runs Out

In desperation the Pioneers raced back to the attack and Charlie Watt tried a 25-foot jump shot that rimmed the basket. Larry Gandee attempted to tip the shot back in but his attempt rolled lazily off the rim and the final buzzer went off a split second before Russ Shepherd tipped Gandee's attempt through the hoop with what would have been the winning goal.

Glenville out shot the Hilltoppers from the floor hitting 46.2 per cent to 41.3 for West Liberty. The rebounds were all even at 38 for each team. The difference was that West Liberty made fewer ballhandling mistakes and attempted more shots.

Smith Leads Scoring

Fred Smith led the Pioneer attack with 15 points, followed by Russ Shepherd with 13, Bob Lambert and Larry Gandee with 11 each, and Charlie Watt with 10 points. Franke with 12 and Pannett and Niggemeyer with 11 each were high for the Hilltoppers.

The Hilltoppers went on to knock off the top-seeded Morris Harvey Golden Eagles in the semi-finals and beat the regular season champ W. Va. Wesleyan in the finals to take the Championship. Wesleyan reached the finals by beating W. Va. State and Bluefield State.

The G-men ended their season with an 11 won, 14 lost record. The White Wave will lose only one player by graduation. They should be a strong contender for the league championship next season.

Plant Again Blooms In Chemistry Dept.

Amorphophallus Rivieroi plant, belonging to Dr. Byron J. Turner, grown in the chemistry department has bloomed again this year.

In comparison to last year's plant which grew to a height of 8 feet, this plant of 3½ feet seems rather small.

Amorphophallus, a member of the same family as cholla lily, jack-in-the-pulpit, and shunk cabbage, has its native habitat in Malaysia, India.

The plant was grown outdoors in Glenville last summer (and several previous summers) in Dr. Turner's garden. It produces a leaf stalk about three to four feet high and a large leaf structure with a spread of five to six feet.

In the autumn, the leaf dies or is killed by frost. The leaf is removed, and the corms are lifted in a dormat state and stored in a cool dry basement.

Develops In January

If the corm is large enough (four to seven years old), a flower stalk begins to develop in January or early February. The total height of the flowering stalk may vary from about three feet to eight feet.

The flowering part develops from stored food and water in the corm. The corm decreases noticeably in size and mass. In late April or May, it will be replanted in the garden.

Some common names of this plant are Snake Palm, Devil's Tongue, Black Lily of the Nile, and Sacred Lily of India. This year, the plant bloomed between Feb. 15 and 20.
