Holbert Directs Winning Play At Drama Meet

Harry Holbert, assisted by Mrs. Leah Fox, Sutton High School English teacher, directed the winning play "Breaking the Bread" given at the GSC Regional Drama Festival held on campus March 16. Holbert, a student teacher at Sutton last term, cast the play and spent many hours in preparation for the festival. The play cast was composed of two members, James Hissiam and Johnny Cutlip. Both were placed on the All-Festival Cast and both were honored as two of the three best performers in the festival.

From the Regional Festival, Holbert took his cast to the State Drama Festival at Morgantown March 24, where the play received an "excellent" rating. Only two other performances rated higher. James Hissiam was granted one of the three four-year dramatics scholarships offered at the festival each year.

Judy Thomas of Grantsville was chosen best actress at the GSC Regional Drama Festival. Performance (Continued On Page 4)

Library Week Observance Presents Various Displays

By Carolyn McCullough

This week the Robert F. Kidd Library and Glenville State College are observing National Library Week. Attention is being focused on the vital role of printed words in our national life. National Library Week increases awareness of the importance of the library as a major community resource, fosters reading activities in the home, school and vocations, and inspires our nation to more thoughtful reading. National Library Week was first inaugurated in 1959 under the National Book Committee.

Local observance of National Library Week features the attractive window display at Midland's Store, plus various displays at the Robert F. Kidd Library. Paying tribute to the occasion is the Library Staff who assembled the downtown display for the week's observance and who are on duty from 8:00 a.m. — 5:00 p.m. weekdays and 8:30 — 12:00 on Saturdays.

Staff Is Presented

After casual stroll into the Robert F. Kidd Library one will find Miss Margaret Spicer, assistant librarian, answering numerous questions, directing desk duties and supervising student assistants at their various responsibilities. Her graciousness gives the library a friendly atmosphere for study and research, leisure reading, or listening to records.

Wanda Stump, student assistant, checks in the morning mail, files catalog cards, and types and takes inventory. Nancy Strickland, an-

He studied in Hollywood with the late Lester Horton, discoverer of Carmen deLavallade.

Green Light? Red Light?

IN THE PAST TWO ISSUES of the MERCURY, letters from students and a faculty member have been published concerning the formation of a "College Forum". We do not think that these letters indicate unanimous approval of either faculty or students. We do, however, feel that it is evident that interest in the forum has been aroused and that a "College Forum" could be organized on campus.

NOW THE IDEA of a forum is at the crossroad. Faculty and students have expressed willingness to organize the forum. Where do we go from here?

PERHAPS OUR ORGANIZERS are waiting for the "green light" from the administration. The MERCURY would welcome an expression of attitude from our administrative staff concerning this proposed campus organization.

WE FEEL CERTAIN that the administration would not give a "red light" to an organization that is an attempt to help West Virginia rid herself in a small way of the reputation of "Cultural Wasteland."

SUCH A "COLLEGE FORUM" would be an addition to the intellectual life of the campus. Students and faculty would informally discuss the broad aspects of modern life. Discussions would be on such topics as art, music, Broadway plays, books, poems, current events, presidential candidates, philosophy and ethics.

THE FORUM should be organized on a permanent basis and a nucleus for the forum would be an appointed committee of faculty and students who would plan meetings, secure speakers, select the topic or topics of discussion for the meeting which might be held at night once each month for the convenience of off-campus students and community people.

STUDENTS and FACULTY are ready to help launch such a program on the GSC campus. Administrative staff will you give the proposed "College Forum" a green light or a red light?

Old MacDonald

FACILITIES FOR PIPED MUSIC in the dining hall have been available since the Student Union was completed in the fall of 1957; however, dinner music has seldom been played except for the Thanksgiving and Christmas dinners.

Recently dining-hall employees have at intervals provided recorded dinner music. However, the type of music being played is unsoothing, out-of-taste and a joke among GSC women, men and dining-hall employees.

SOME OF THE SELECTIONS PLAYED are "Old MacDonald," "For He Is A Jolly Good Fellow," "Precious Memories," "Let My People Go," and "I've Been Workin' On The Railroad."

If an out-of-state visitor should come to the dining hall and hear this type of music, he would surely agree with Roul Tunley's report that West Virginians have been accused of being "remote, backward and dangerously provincial."

After he has listened to the "quacking" and "mooring" of "Old MacDonald," he can hardly say that he has enjoyed his city chicken and waldorf salad.

"Old MacDonald" is applicable for the elementary school room, and the "Squarance Jitterbug" is acceptable for square dancing but neither is appropriate for dinner music.

IF WE ARE TO CONTINUE HEARING music during the lunch and dinner hours, let us have selected music. There is a dining-hall committee; let them be responsible for these selections. Records might be borrowed from the music department record library or from students.

STUDENTS DO ENJOY DINNER MUSIC and such music can make the meal much more enjoyable. Let us either have "dinner" music or "no" music.

Odd Balls Defeat Locals In League

The Odd Balls downed the Locals 44-27 to force the MAA double elimination tournament into a final game with winner-take-all. These two teams are the remaining ones of the 14 that started firing in the tournament several weeks ago. The Locals had beaten the Odd Balls could have walked off with all the marbles if they had taken this one, earlier in the tournament and walked off with all the marbles if they had taken this one.

The Odd Balls were not to be denied as they got hot in the second half to force the showdown. Results of the final game were not available when the MERCURY went to press.

Have Big Second Half

The game was slow the first half with neither team able to show a consistent scoring punch. At half-time the score was 14-9 in favor of the Odd Balls. The Odd Balls had it pretty much their own way the second half as their superior depth and consistent fast breaking began to tell on the fast tiring Locals. The Odd Balls outscored the Locals 30-18 during the second half and won going away.

Ellsworth Buck paced the winners with 14 points, 12 of which came in the second half. Donnie Hughes topped the Locals in scoring with 13 tallies.

With basketball out of the way the MAA athletes will turn their attention soon to the softball league.

(This reporter thinks that Coach Byrd's secret ambition is to make the trip to Kansas City some year with Coach Ratliff . . . and the boys) . . . Nancy Greenleaf left her purse in the Union and an honest student returned it (There was no money inside — just a picture of the folks and one-half stick of Dentyne gum) . . . Miss West had lunch with Mr. Whiting in the Student Union (They were drinking orange juice).

Mother Misunderstands

They are never alone that are accompanied with noble thoughts. —Sir Philip Sidney
