The American Arts Trio

American Arts Trio Will Play in Lyceum

GSC's fourth Lyceum program of the year will feature the American Arts Trio in the college Auditorium at 8:00 p.m., Thursday, April 14. As artist trio-in-residence at West Virginia University, the group is made up of piano, violin, and cello players.

Formed in 1955 in Washington, D. C., the group came to Morgantown in 1959, and their reputation has gained more lustre with each appearance since that time.

The Trio has presented concerts in Germany and Mexico while on tours under the auspices of the State Department. Other concert tours have taken them from coast to coast and include appearances at the World's Fair in Seattle and performances in Washington, D. C., New York City, Philadelphia, Boston and many other cities.

Television is not foreign to the three musicians, either, because they have presented a regional network television series, as well as another series produced for national distribution by the National Educational Television and Radio Center.

The members of the American Arts Trio appear as soloists with orchestras, for chamber music societies, and for colleges and uni-

versities. Their repertoire includes an extensive selection of piano trios by contemporary composers as well as those from the standard piano trio literature.

"All that remains to be said," commented a German reviewer, "is that the three are distinguished masters of their instruments." Such praise is quite common to Jon Engberg, who plays the cello; Donald Portnoy, the violinist; and Amo Drucker, the pianist; for their performances have been described as "artistic," and as showing "glittering accomplishment" and "captivating freshness."

Mr. Portnoy and Mr. Engberg are owners of fine instruments made many years ago by famed Italian cello and violin makers. Mr. Engberg's cello is the older of the two, being made in 1700 by one of the greatest of cello-makers, Matteo Goffriller. Approximately 50 years later, Petrus Guarneri, of the famed Guarneri family, made the violin which Mr. Portnoy now plays.

When the Trio plays here on April 14, students will be admitted free of charge by presenting their activity cards. Admission charge to others will be \$1. This presentation is the last of the 1965-66 Lyceum series.

Kappa Delta Pi Is New Campus Organization

Recently 18 students and four faculty members were installed as charter members of Kappa Omicron Chapter of Kappa Delta Pi National Honor Society in Education in a ceremony conducted in Louis Bennett Lounge.

Dr. Esther McCune, National President, came to the campus to install the charter members as well as the newly elected officers. Dr. McCune is a member of the staff at State University, Oneonta, New York.

Also on hand for the ceremonies and the granting of the charter was Dr. Richard McElheny, National Executive Administrator, who is in charge of keeping all documents at the national headquarters at West Lafayette, Indiana.

Participating in the charge of ideals ceremony were Dr. McCune, Dr. Wilburn, Mrs. Jean Wright, Dr. A. T. Billips, Mr. John White, and Mr. Hale, a faculty member at Fairmont State College.

GSC Kappa Delta Pi officers installed were Sam White, president; Carolyn Hudkins, vice-president; Judith Blake, secretary; Ann Heater, treasurer; Charles Duffy, historian-reporter; Dr. Wendell Hardway, counselor; and Miss Virginia West, co-counselor.

Other members initiated were Anna Bafes, Johanna Coleman, Loretta Dwell, Kristine Fulmer, Sharon Meade, Lana Moss, Dudley Mullins, Sue Murin, Judith Musgrave, Nancy Reed, Nila Rollins, Ann Stukey, Nancy Wilson, Mr. William Douglas, and Mrs. Ruby Charles Higginbotham.

Faculty members transferring membership to Kappa Omicron from another chapter are Dr. Wilburn, Mrs. Wright, Dr. Delmer K. Somerville, and Dr. Billips. Following the ceremonies in Louis Bennett Lounge, a reception was held in the Ballroom of the Pioneer Center. Miss Sandra Salyers served as hostess for the reception.

Other off-campus guests included Dr. and Mrs. James Rowley. Dr. Rowley is vice-president of Morris Harvey College, and Mrs. Rowley is a member of the education department. Joyce Metheny, Morris Harvey Chapter of Kappa

Delta Pi president, and Joan Thompson accompanied the Rowleys.

The purpose of Kappa Delta Pi is to encourage high professional, intellectual, and personal standards and to recognize outstanding contributions to education.

The establishment of Kappa Omicron Chapter followed a meeting the past fall of a group of students representing the social fraternities and sororities on campus with President Wilburn to discuss the founding of an educational society on the GSC campus in order to further stimulate and give recognition to academic achievements in the field of education. This project was followed up by Dr. Wendell Hardway, Chairman of the Division of Education, and several energetic students who proceeded to correspond with Kappa Delta Pi.

REVIEW TEAM WILL VISIT GSC

A three-member review team for North Central Association of Colleges and Secondary Schools will be on the GSC campus for two days beginning Sunday evening, April 17.

This visit is part of a regular program of North Central, under which all colleges and universities accredited by the organization are visited periodically. Glenville State College, first accredited in 1949, must be reviewed approximately every 10 years.

The team will send a report of their findings to the Association's office in Chicago. On the basis of this report and one sent earlier this year by the college, a committee will make recommendations for improvement of the school. The committee will also make a decision upon the continued accreditation of GSC at a meeting in August.

Reports to the Chicago office include basic institutional data such as admissions, finances, student life, preparation of the faculty, and the program of study.

Chairman of the review team to be on the GSC campus is Dr. James H. Albertson, president of

Rose Ball Is Apr. 23

For the last four years it has been the custom of Delta Zeta Sorority to sponsor "The Annual Rose Ball." This year will mark no exception to this custom.

On April 22 and 23 the "Rocking Riverias" from Alderson-Broadus College, Philippi, will be on the GSC campus to provide music for the weekend's activities. The "Riverias" also played for the "66 A" go go held early in the year by the Delta Zetas.

On Friday, April 22, there will be a mix in the Ballroom of the Pioneer Center.

Saturday, April 23, is the day of the traditional "Rose Ball" for which the "Rocking Riverias" will again play. Featured in the center of the Ballroom in the Pioneer Center will be a wishing well. As a no other decorative attraction, couples will stroll through a beautifully decorated arch of roses when entering the Ballroom.

Attire for the dance, which is from 9 to 12, will be either formal or semi-formal. Tickets may be purchased from any Delta Zeta member before the dance for \$2.50 a couple or they may be purchased at the door.

For one of their projects, the Delta Zeta pledges have been making roses from pink crepe paper which will be used in carrying out the "Rose Ball" theme and will also convey the sorority colors of pink and green. Pledges working on the project are Candy Warren, Connie Montgomery, Pat Tice, Teresa Boggs, and Judy Dobbins. Activities chairman Jean Goudy is in charge of organizing all plans for the mix and the ball.

During the week before the ball, April 18-22, Delta Zeta members will take orders for corsages in the student union. For \$2.25 one may order a three-rose-bud corsage in his choice of color.

Wisconsin State University at Stevens Point, Wis. Members of the team are Dr. Virgil W. Adkisson, dean of the graduate school at the University of Arkansas in Fayetteville, Ark., and Dr. Hoke S. Greene, vice-president and dean of faculty at the University of Cincinnati in Cincinnati, O.

QUALIFICATION TEST SLATED

The Selective Service College Qualification Test will be administered in 18 locations throughout West Virginia on May 14, May 21, and June 3, Brig. Gen. Gene H. Williams, State Director of Selective Service, announced today.

Applications are now available to students at Selective Service Local Boards and at the following universities and colleges in West Virginia where the tests will be administered: Concord, Bethany, Bluefield State, West Virginia Wesleyan, Morris Harvey, Davis and Elkins, Fairmont State, Glenville State, Marshall, West Virginia State, Potomac State, West Virginia Institute of Technology, West Virginia University, Parkersburg Branch of West Virginia University, Alderson-Broadus, Salem, Shepherd, and West Liberty State.

Applications for the test must be postmarked no later than Saturday, April 23. To be eligible, an applicant on the testing date must be a registrant who intends to request occupational deferment as a college student or must not previously have taken the test.

The test, which will be taken on a voluntary basis, will provide Local Board members with an additional criterion for granting student deferments.

The criteria for student deferment will include full-time status, satisfactory progress, relative class standing among male students, or the test score on the qualification test. The decision regarding classification will still be the responsibility of the local board members.

Since the testing will be on a voluntary basis, the absence of a test score in a registrant's file does not mean that he will not be deferred, since a student may be deferred on the basis of his class standing. However, a high test score and a low class standing might qualify a registrant for deferment where a low class standing without a test score would not.

Dean: Women Hold Meeting

At a meeting of all women students on Tuesday, April 12, the committee that has been working on changes in the women's handbook will report its suggested revisions. The meeting will be in the Auditorium at 9:15 p.m.

Many changes have been made in the handbook, some of them major alternations, announced by Mrs. Ruby Charles Higginbotham, Dean of Women, earlier this week. All the girls who worked on the revisions should be on stage in the Auditorium by 9:10 the night of the meeting.

Mrs. Higginbotham also announced that freshmen girls will have 9:00 permissions each night during the present term but that they must still sign out after 6:30 p.m.

Students who changed their classification at the end of the third term will not receive the extra privileges given students in their newly-acquired rank, however, because such privileges are granted only at the beginning of a semester. Therefore, a girl who became a junior at the end of the term will still abide by sophomore regulations, and a new senior must obey the rules for juniors.

Another important announcement concerning women's rules is that no late permissions will be given on Sunday nights. Sunday night will be considered a school night, and all girls will have to be in by 10:00 p.m.

In the past, dormitory women had been allowed to stay out until 11:00 on Sunday nights if they went to the drive-in. The extra hour took one ten from the following week.

A gold 17-jewel ladies wrist watch was found some time ago on the GSC campus. The owner of the watch may claim it by identifying it to the secretary in the Office of Student Affairs.

TKE's Raffle Off Car, Begin Spring Pledging

SORORITY ELECTS NEW OFFICERS

Gamma Kappa Chapter of Alpha Sigma Alpha held its election and installation of its new officers for the coming year on Monday, March 21.

Sandra LeGrande will preside over the chapter for the coming year, Sandy Whiston will serve as vice-president. Ruth Conrad will act as recording secretary; while Becky Stalnaker will serve as corresponding secretary.

Pat Deal will fulfill the duties of the office of treasurer. Grace Noeldia will lead the chapter in religious and ritualistic activities as the chapter chaplain. Donna Pittman will be editor for the new year. Carolyn Hudkins will fulfill the duties of membership director.

The chairman of vital committees dealing with chapter work were appointed by the new president on March 28. Sandra Salyers was appointed rush chairman; Cheryl Lee, magazine chairman; Jackie Pitts, music chairman; Jo Ann Rogers, scholarship chairman; Diane Cochran, program chairman; Carol Houman, social chairman; and Barbara Gainer, parliamentarian.

The annual Mother's Day Sing will be held on May 8. Reminders concerning participation in this event have been sent out to all organizations urging them to enter and participate in the Sing. Every mother is honored at this Sing. ASA hopes that the students and faculty members invite their mothers to the Sing.

The West Virginia State Day for Alpha Sigma Alpha will be held in Glenville this year on Sat., April 30.

On Saturday, April 2, the Alpha Sigs made their annual trek up Town Hill to change and paint their rocks. The girls toted up brooms and weed cutters with them.

A swimming party was held by the girls in the college swimming pool on April 2. The event was the monthly social activity for the chapter. Refreshments followed the swimming.

A car raffle is now being held by Iota Omega Chapter. The car is a red 1960 Ford Sunliner convertible that is in excellent condition. Tickets, costing \$1. apiece, can be purchased from any TEKE or TEKE pledge.

Iota Omega Chapter of Tau Kappa Epsilon has begun its spring pledge period with 33 men, which constitutes the largest pledge class in the history of Iota Omega. During the course of the pledge period the "recruits" will engage in various civic action and training programs.

TKE pledges include: Richard Westfall, Don Black, Steve Zeigler, Charles Sovine, Jim Ross, Dick Fisher, Austin Boswell, Joe Davis, Gary Cross, Sid Hanson, Jim Archer, Terry Dyer, Don Treadway, Bob Hammel, Bob Marshall, Tom King, Dave Rogers, Tom Dent, Ralph Summers, Walt Turner, Jerry Starcher, Chuck Mills, Dale Campbell, Charles Smith, Charles Jones, Ed Dover, Barry Arnott, Bill Elswick, Millard Carper, Butch Heinlein, and Dan Shumate.

DZ's Canvass For Easter Seal

Sunday, April 3, Delta Zeta sorority held an Easter Egg Hunt on the Administration Building lawn for faculty children. Chocolate bunnies were given to the children.

Delta Zetas had a "Lily Day" on Saturday, April 2. They collected money for the Easter Seal Fund in downtown Glenville. Containers were also placed in the stores and dormitories.

Money will go to help crippled children. Delta Zetas are especially interested in this project since one of their philanthropic concerns is helping crippled children. President D. Banks Wilburn is chairman of this area.

Two Delta Zetas were nominated for two national awards. Cynthia Bennon was nominated for the Florence Hood Award given to the junior girl judged outstanding in college activities, character, leadership, scholarship, and Delta Zeta service. The award is accompanied with a \$100 check. Nancy Wilson was nominated for

The men pictured above constitute the largest pledge class of Iota Omega Chapter of Tau Kappa Epsilon. (Mer-photo by Dougherty)

Order of Diana Nets Over \$75 in Sale

The Order of Diana would like to thank anyone who bought sandwiches at the Sandwich Sale during the week of finals. Elaine Cangeloso, chairman of the sale, announced that because of the success of the sale, the Order was able to present the Tau Kappa Epsilon Fraternity with a check for over \$75. The money will go toward the purchase of a fraternity house. A delegation, consisting of Elaine Cangeloso, Penny Sackett, and Diann Truex, presented the check to the fraternity at a recent meeting.

Because the GSC Order of Diana is the only Order in West Virginia, the girls decided they

the Grace Mason Lundy Award given to a senior girl exhibiting loyal service to Delta Zeta. Also she should be outstanding in activities, character, leadership, and scholarship.

would set the example for any other Orders that may be formed, by having their composite picture entered into the Kanawachen. They also hope to mount this year's picture in the Student Union with the other organizations on campus.

On May 2 the Order of Diana is planning a Carnival to be held tentatively on Verona Mapel lawn. There will be contests, booths, lunch baskets will be sold, etc. More about the carnival in the next issue of the MERCURY.

Methodist Students Will Study Leisure At MSM Conference

Members of the Glenville Wesleyan Foundation will attend the annual spring conference of the State Methodist Student Movement, April 15-17. This year's Conference will be held at Camp Caesar, near Webster Springs.

"Implications of Revolution in Leisure," the Conference theme, will be developed in three lectures by Dr. Daniel Mortimer Schores, Jr. Dr. Schores is Professor of Church and Community and Director of Field Education at Duke University Divinity School.

Any person who is interested in attending the conference, for which the student cost is \$2.50, should sign his name to the list in the Wesleyan Foundation social room.

Charles Morris, a GSC junior, is president of the State MSM this year.

12 LISTED IN ED. PROGRAM

Dean Somerville in cooperation with the Education Department has announced twelve students who have been admitted to Teacher Education Program. They are as follows:

Charles Wayne Ankrum is a senior from Evans. His fields of concentration are social studies and biology. He also attended Morris Harvey College. Fenwick is the hometown of Delford Franklin Chaffin. Physical science and math are his major and minor fields. Glenn Wesley Clutter is an elementary education major from Walkersville.

Charles Dwayne Duffy is a junior from Summersville. His fields are math and physical education. Belington is the hometown of Margaret Ann Glenn, a junior. Her major is business education and her minor is social studies. Michael Vaughn Guiles is an art major from Nashville, Tenn.

Jack Hale Langford, a senior, is an art major from Pullman. Weston is the hometown of Sandra Sue LeGrande. She is a business education major. Patricia Louise Morris is an elementary education from Burnsville.

Math and physical science are the fields of Lana Louise Moss, a junior from Clendenin. Nancy Elizabeth Roop is a home economics major from Summersville. Glenville is the hometown of George Bradford Summers. Physical science and math are his fields.

These five Delta Zeta Sorority Pledges have been busily planning for the upcoming Rose Ball. They are Connie Montgomery, Judy Dobbins, Pat Tice, Candy Warren, and Teresa Boggs. (MER-photo by Dougherty)

Fishermen 'B' Win Tourney

Among the athletic events on campus in recent weeks were the intramural basketball championship games. The two teams making the final bout were the Fishermen "B" and Richwood. Both teams came through the season without being defeated. The game was played on the main floor of the Health building.

Mike Blake opened the scoring and put Richwood ahead as he made good for two points. The Fishermen "B" were quick to retaliate and they grabbed the lead and held it throughout the first half of the game. Larry Queen paced the Fishermen as he made good for nine points in the first half. Larry Williams led Richwood's first half offensive as he dumped in seven points.

The second half saw Richwood make a fine come back and a ball game bid as Mike Blake found the rim. Blake scored twenty points in the second half of play. The Fishermen "B" were determined not to drop the championship game and they carried on a fine well rounded second half offensive game.

Larry Queen made good for ten points in the second half. Fulmer had five second half points. Thompson had nine, and Hutchins made good for nine. With this balanced attack the Fishermen "B" were able to take a 79-58 decision. Mike Blake was high point man for the game with a fine 22 points. High point man for Fishermen "B" was Larry Queen with 19 points.

V. A. BENEFITS BEGIN JUNE 1

7800 West Virginia veterans are expected to take advantage of the educational provisions of the new GI Bill in its first year. The program will not begin until June 1, 1966.

In general, the educational program will be open to all veterans with more than 180 days active duty service any part of which occurred on or after February 1, 1955. Veterans will be eligible for one month of education for each month or fraction of a month that they were on active duty.

Servicemen with at least two years of duty may participate in the educational program. Their assistance payments will cover the institutional charges for tuition and fees or \$100 per month for full-time courses, whichever is the lesser. Whether or not the veteran has an income will not affect his monthly payment from VA.

Wilfong, Harper & Potts Baseball Tri-Captains

The Glenville State College baseball team will have three seniors back this year. The three boys are Pat Wilfong, Orville Harper, and Gary Potts. These boys will serve as tri-captains of the team.

Pat Wilfong is a three year letter winner from Buckhannon. Pat attended Buckhannon-Upshur High School where he played baseball for three years winning his letter each year. Wilfong has played shortstop and second base for the Pioneers. In his sophomore year his batting average was .329, and last year he batted a fine .340. In addition to winning his letter each year, Wilfong was team captain last year and also made the All-Conference honorable-mention listings.

Orville Harper is also a senior and one of the tri-captains for this year's team. Harper is from Circleville, W. Va., and he attended Circleville High School. While in high school Orville played four years of baseball for Guy Props, Circleville coach. He won three letters while in high school. Since he has been playing for Glenville, Orville has won three letters, and last year he was selected as All-Conference, third baseman.

Gary Potts rounds out the tri-captain capacity. He is also from Buckhannon, and he attended Buckhannon-Upshur High School. Potts played three years for the Buc-Ups and earned his letter each year. Potts has played three years for the Pioneers as a first and second baseman, earning his letter each year. He has also done a fine job in the batting department. His sophomore year he batted .245, and last year he boasted a fine .320.

If past actions prove anything for the future, all can expect an excellent job from these boys this season.

State Drama Audition Held

Auditions for HONEY IN THE ROCK, will be held at Woodrow Wilson High School in Beckley, on April 9 from 9:30 a.m. until 4:30 p.m.

Approximately 65 actors will be needed. The show will run its sixth season from June 25 through September 4. Rehearsals will begin on June 6.

Cast members are paid commensurate according to experience and selected roles. They will receive free classes during the summer. The stage director, choreographer and musical director will be present for auditions.

Actors seeking roles in the play should be prepared to present a one-minute monologue, singers should bring their own music and dancers will need practice clothes.

THREE RETURN TO GOLF TEAM

Coach Nicholas Murin has announced that all men interested in playing on the 1966 Glenville State College golf team should see him immediately. It is very important that those interested see Coach Murin in order to give him some ideas about the size of the team.

There are three returning faces from last year's team. Mike Blake has three years experience, Gary Blake has two years experience, and Ed Johnson is a one year veteran. These men have been practicing for about three weeks. Those wishing to practice must pay their \$10.00 course fee, which allows them the use of the course any time for one full year.

Last year's golf team competed in six rounds, playing a total of 29 matches. Some of the teams competed against included Davis and Elkins, Fairmont State, West Virginia Wesleyan, and Marietta College. Glenville placed fourth in the state tournaments held at Oglebay Park.

Other interested men having already talked to Coach Murin include Henry Fuller, Delmas Barb, Charlie Duffay, Jim Collins, Terry Dyer, and Page Shanklin.

COMPLETION OF W.H. SCHEDULED FOR SEPT.

Two new floors on Women's Hall are now scheduled for completion by September of this year. Previously it was thought that the stories would not be ready for occupation until later in the year.

Work on the addition was stepped up, though, and it now appears that it will be completed by the opening of the fall term.

Because of the extra space, more room applications can be accepted. Therefore, any student who wants a room for the 1966-67 school year should apply to Mrs. Ruby Charles Higginbotham, Dean of Women, as soon as possible.

Most of the cast will be selected in Beckley.

From the scene above, one might speculate that baseball season on the GSC campus was well underway. (MER-photo by Dougherty)

Basketball Team Wins Sportsmanship Trophy

Who said GSC girls could not win trophies? Well, just look around and you will find a large trophy the GSC team won in Charleston for their sportsmanship. These girls really held GSC's friendly reputation as they dashed across the floor after receiving a 36-34 tilt.

The GSC Women's Basketball team travelled to Charleston March 24-26 for the YWCA West Virginia Women's Basketball Tournament.

The starting line-up for GSC was: Patty Paugh and Carla Davis, stationary forwards; Garnett Duffy and Ann Priester, stationary guards; and Jackie Kafer and Roberta Downs as roving players.

Sandy Lynch played most of the second half after Kafer was injured and forced to leave the game.

Glenville jumped to an early lead of 14-6 as the game advanced with Dawes Mercantile, the opposition. At half-time the opposing team had climbed within two points of the well-organized "Pioneerettes." GSC managed to hold the lead until, with three seconds left to play, the score was tied. The girls fought hard but at the final tally, Dawes Mercantile walked away with the victory.

High scorer for the game was Roberta Downs with 16 points who was followed by Carla Davis at 13. Other scorers included Sandy Paugh with one point.

"The GSC women's team would like to express its appreciation to Miss Sandy Mick for her fine

coaching job in the tournament. Due to much work and talk, Miss Mick made the trip to Charleston possible.

Debate Team Is Victorious

On March 26 Mr. Milton E. Kern, debate coach, took four debaters from Glenville State College—Deloras Brown and Tom Abies, affirmative; Paula Cottle and Sharla Gladwell, negative—to West Virginia State College at Institute for a tournament with West Virginia State and Marshall University. Morris Harvey was also scheduled to debate but withdrew prior to the contest.

With the remaining three teams competing, the Glenville Affirmative Team defeated both Marshall and West Virginia State's Negative Teams to win the tournament. As a result of this win, they were invited back to participate in a final tournament with the winners of two previous tournaments held at West Virginia State.

In this forthcoming tournament, Glenville will be debating Marshall University and West Virginia University.

At the tournament on the 26th, Deloras Brown was selected as the outstanding speaker in the debate. She scored forty out of a possible fifty points, ten points above the nearest contender.

GSC Women's Basketball Team show off their trophy which they won for their sportsmanship during the recent West Virginia Women's Basketball Tournament in Charleston. (MER-photo by Dougherty)

Dr. John A. Chisler is engaged in a research project dealing with Fusarium, a disease which causes wilt in tomato plants. The apparatus beside him is the Warburg Constant Volume Manometer. (MER-photo by Dougherty)

Dr. John A. Chisler Undertakes Research

By JUDITH MUSGRAVE

If you are planning to set out tomato plants in your garden this spring, you should find Dr. John A. Chisler's research project most interesting. Dr. Chisler, assistant professor of botany, is working with *Fusarium oxysporum f. lycopersici* which is a fungus causing a wilt disease of tomato plants.

Working under a research grant from the Department of Health, Education, and Welfare, Dr. Chisler wants to know how some fungus cultures will cause the wilt disease and some cultures of the same fungus will not. His approach is to find out what the cellular difference is in the fungal cultures.

Working as undergraduate research assistants with Dr. Chisler in the Fusarium research project are Richard Frame and Jim Meads. Both are sophomore biological chemistry students. Frame is a graduate of Nicholas County High School, Summersville, and Meads is a graduate of Spencer High School.

Certain enzyme systems produce toxins or poisons which damage tomato plants. However, in some of the cultures of *Fusarium* there

is a difference in toxin production, therefore, a difference in their ability to cause disease. This study hinges around the virulence factor or the ability of the fungus to cause disease.

In a program outlined for a two year period, Dr. Chisler later wants to study various types of proteins formed in the fungus. If the cells are different, their proteins should be different.

At this time, Dr. Chisler is mostly concerned with measuring respiration of the fungus. By using the Warburg Constant Volume Manometer, one can measure the production of carbon dioxide and the use of oxygen. Manometry, as the process is called, is measuring this gas exchange.

In connection with the biological chemistry of the respiratory process of the fungus, Dr. Chisler plans to determine the effect of different kinds of food on the fungus to see how they will affect the respiratory rate. These metabolic intermediates will be sugar-like compounds.

By going through this process, he hopes to be able to say what type of respiratory system the fungus has. This may be a major factor in learning how the fungus becomes attenuated — loses its power to cause a plant disease — and how some types are able to cause a wilt disease in tomato plants.

Another important piece of equipment used in this research project is the Refrigerated Centrifuge which is used to wash cells free from contaminating substances. In later studies Dr. Chisler plans to crush cells and fractionate them by separating various parts of the cell. Also, a Spectrophotometer is used to measure rates of individual enzyme reactions.

A native of Daybrook, Dr. Chisler is a graduate of Lost Creek High School. For two years he was a Glenville State College student majoring in forestry and biology. Dr. Chisler received a Bachelor of Science Degree in Botany from Ohio State University. He holds both a M.S. and a Ph.D. Degree in plant pathology from Ohio State University. During his graduate studies at OSU Dr. Chisler became interested in the *Fusarium* wilt disease of tomatoes.

In 1962 he was appointed assistant professor of botany at Marshall University, Huntington, where he taught bacteriology, plant pathology, and cellular metabolism. In 1964 he was a participant in the National Science Foundation Summer Institute for Research Participation for College Teachers at New Mexico Highlands University, Las Vegas, New Mexico.

Dr. Chisler is married to the former Betty Ruth Creasy, a graduate of Glenville. The Chislers have two children—Jennifer Kay, five, and Judy Lou, two.

Students Must Pay Own NTE Costs

Effective July 1 of this year, all students in teacher education will be required to pay their own fees for the National Teachers Examination.

This test is a requirement for graduation in the field of teacher education, and until now the fees had been paid by the college. However, the State Board of Education passed the new ruling at the meeting on March 10-11.

Average cost to the students for the exam will be between \$11 and \$14, depending upon the optional portions they take.

Forty Students Teach In Surrounding Schools

Forty students from Glenville are student teaching in seventeen high schools in the area. They are as follows:

Judy Bishop of Huntington is teaching speech and physical education at Bridgeport High School. Teaching social studies and speech at Buckhannon-Upshur High School is Deloras Brown from Buckhannon.

Jack Moore at Glenville is teaching mathematics and social studies at Burnsville High School. Sue Eddy of St. Marys is in the music department at Emerson Elementary School and Parkersburg High School.

Six GSC students are doing their practice teaching at Glenville Elementary School. Marianna Griffith, Dorothy Rhoades, Leanna Boggs and Ethel Frum all from Glenville are teaching there.

Sharon Cavendish of Hico and Sherry Jo Caldwell of Oak Hill are teaching there, also.

Teaching at Glenville High School are Anna Bates from Reedy, Patricia Morrison from Richwood, and Nadine Harrison from Arbovale. Miss Bates and Miss Morrison are teaching English and social studies. Mrs. Harrison is teaching mathematics and physical science.

Lee Willis, Glenville, Lois Nichols, Parkersburg, and Stephanie McCulty, St. Marys, are teaching at Greenmont Elementary School.

Mary Mackey from Burnsville is teaching art at McKinley Elementary School and Parkersburg High School. Glenn Samples from Big Otter is teaching social studies and mathematics at Norman-town High School.

Sally Jo White of Glenville and Ardella Boothe of Nettie are teaching at Park Elementary School in Parkersburg. Ellis Wallenberg of Parkersburg is teaching physical education and speech at Parkersburg High School. Fred Collins of East Rainelle is teaching mathematics and physical science there, also.

Richwood is the hometown of Dudley Mullins who is teaching physical science and social studies at Parkersburg. Michael Conley of Spencer is teaching biology

and mathematics at Parkersburg High School.

Paul Henry Paugh of Lost Creek is teaching mathematics and physical science at Roosevelt Wilson High School. John Hoover of Pinch and Thomas Stalnakier of Linn are teaching mathematics and physical science at Spencer High School.

Edgar Buster of Charleston is teaching social studies and physical education at Spencer High School. James Johnson of Sand Fork is teaching social studies and physical education at Sutton High School. Garnet Duffy from Summersville is teaching mathematics and physical education at Washington Irving High School.

Martha Horner, Donna Hall, Carol Meredith, and Delores Greene are teaching at Weston Central Elementary School. All are from Weston except Miss Greene whose hometown is Sutton. Six students are teaching at Weston High School and Junior High School. Steven Kee of Charleston is teaching physical education and social studies. Richwood is the hometown of Karen Beth McClung, who is teaching business occupations and English.

Ann Jeanne Priester of Lookout is teaching physical education and social studies. Judith Ann Woofert of Cox's Mills is teaching business occupations and English.

Glenville is the hometown of Howard Frymier, who is teaching business education. Rita Cross from Pinch is teaching home economics and social studies.

W. Va. Board Of Education To Visit Here

The West Virginia Board of Education will visit two college campuses during the first day of their two-day meeting scheduled April 14th and 15th.

In the morning the group will be at the Fairmont State College, and then they will come to GSC in the afternoon. They are scheduled to arrive here at about 3:30 on April 14.

Opportunity to meet the staff and faculty will be provided by a reception in Louis Bennett Lounge

Acts Win 20 COMPLETE REQUIREMENTS In Show

The G-Club talent show, held on March 29 in the college auditorium, proved to be an immensely successful program. The 12 acts entered in the competition were all equally talented and were thoroughly enjoyed by the audience. Unfortunately, in a talent contest, a distinction has to be made to determine the best of all the performing acts. This arduous task was performed by the "Dean Trio"; Dean Higginbotham, Dean Billips and Dean Deel who chose the three best acts.

The ten dollar prize for first place was awarded to Shirley Daugherty who, representing Women's Hall, enacted a comical monologue entitled, "The Crooked-mouth Family."

Second place and five dollars was taken by "The Wanderer's Three," a folk-singing trio made up by Bonnie Beane, Jim Bush and Woody Wilson. "The Wanderer's Three" sang two folk selections, "Cryderville Jail" and "The Old 79."

Woody Wilson, representing Tau Kappa Epsilon Fraternity, sang a Viet Name war song and an Irish Folk ballad. Wilson was awarded the third place prize money—three dollars.

The G-Club would like to thank all of the persons who entered acts in the contest and extend a special note of thanks to the theatrical group from Alpha Psi Omega. Harold Dougherty master of ceremonies), Bill Monk, Richard Dawson, Gene Nesbitt and Gary Farnsworth performed a series of comedy presentations and were largely responsible for back-stage organization. Without their assistance the show would have been greatly lacking, so, the G-Club says, "Hats off to Alpha Psi Omega!"

at 4:00. After the reception, Board members will be given a tour of the campus and a chance to view the building construction. Then at 6:00, they will be the guests of the college at dinner in the cafeteria.

This visit is part of a plan under which the Board of Education will eventually visit all college campuses in the state of West Virginia.
