## Campus Organizations Honor Mothers at Sing

Women's Hall Choir begins practice for Mother's Day Sing.

### Alpha Sigma Alpha Sponsors Competition; Amphitheatre Is Scene of All Concerts

As Mother's Day nears, student groups are practicing selected songs in hopes of winning first place in the Mother's Day Sing, May 14 at 2:00 o'clock in the amphitheatre. The competition is sponsored by Gamma Kappa Chapter of Alpha Sigma Alpha. Students and their families are invited to attend.

Tekes, Theta Xi, Delta Zetas, Women's Hall Choir, Verona Mapel Choir, Majors Club and Alpha Sigs are all practicing and will be in competition for first and second places. Trophies will be awarded for the top two contenders.

The entrants will be judged on the appearance of the group, performance, originality and appropriateness of the selections, yet they do not have to be directly related to Mother's Day, and the percentage of the group participating. There must be at least twenty-five members in the dormitories' choirs except Verona Mapel, which must have fifteen. From zero to five points will be given in each of the categories.

The judges are Mrs. Jean Wright, Dr. David Swanzy and the Reverend Father Thomas McElhinney. Mr. Milton Kern will be master of ceremonies for the sing.

The decorations will be daisies. Daisies will also be used for decoration at the tea for Alpha Sigs and their parents following the

sing. Women's Hall is having a tea in their lounge for students and their parents. There will be open house at the Delta Zeta Sorority House from 2-4 o'clock that day. Tau Kappa Epsilon and Theta Xi will also have open house. Refreshments will be served.

### TAX CREDIT BILL TO AID STUDENTS

The United States Senate has approved by a 53-26 vote a plan to provide a federal income tax credit of up to \$225 for tuition, books and fees paid by students in colleges, universities and other post-high school institutions. Final enactment of the plan probably will depend on the decisions made by a Senate-House of Representatives conference committee.

Under the amendment offered by Ribicoff and accepted by the Senate, the tuition and fee credit is 75 per cent of the first \$200 paid 25 per cent of the next \$300 and 10 per cent of the next \$1,000. The credit is subtracted from the income tax owed the government.

The credit is available to any person who pays the tuition. Thus, it would be available to working students and wives as well as to parents and other relatives. Parents with more than one child in college or graduate school may get a separate credit for each. "Over two-thirds of the benefits of this amendment would go to families earning less than \$10,000 a year," Ribicoff said. A formula reduces the amount of the credit available to high bracket taxpayers.

## Group Hosts Mothers Are Honored; Choral Fest Pop Concert Given

The sounds of spring as found in choral music will be heard on the GSC campus on Saturday, May 13, as college chapter number 537 of the Music Educators' National Conference presents the Second Annual High School Choral Festival all day in the auditorium.

Participating in this year's festival will be: the Buckhannon-Upshur High School choir, James Knorr, director; the Parkersburg High School choir, Mrs. Jean Singer, director; Spencer High School choir, Mr. Karl Brown, director; St. Mary's High School choir, Daniel Allman, director; Gassaway High School choir, Mrs. Rosemond Worley, director; Ravenswood High School choir, Mary Jo McDaniels, director; Williams-town Junior High choir, Presley E. McKinnis, director; Calhoun County High School choir, Ronald J. Wilt, director; and the Ripley High School choir, Frederick Batten, director.

Mr. Robert Ellis, Festival Chairman, has announced that the adjudicator for the affair will be Dr. Scott Stringham, Assistant Professor of Music at West Virginia University. Stringham holds degrees from St. Olaf College and Cornell University and is presently the director of the West Virginia University Singers.

Following lunch on Saturday, all high school choirs will participate in a choral clinic held as a part of the festival.

The Choral Festival will not be a competitive event, Dr. Stringham will critique each choir after their performance. The public, students and townspeople are invited.

William Kenneth Sewell, assistant professor of history, attended the annual convention of the Organization of American Historians held in Chicago, Ill. April 26-29, 1967.

On Sunday, May 14 at 6:30, a Pop Concert will be presented in the auditorium as a culmination of the Mother's Day activities.

The concert band will perform under the direction of Mr. Ronald Ross. The newly-formed stage band directed by Dr. David Swanzy and the Choral Union under the direction of Mr. Robert Ellis will supplement the performance of the concert band.

Pieces to be featured by the concert band are: "Jazz Suite," a suite of contemporary jazz pieces very idiomatic for band; "Am-parito Roca" (Spanish March); "The Stars and Stripes Forever"; "Lassus Trombone," which will be played by the trombone section with a solo; and "The Sound of Music." Dr. David Swanzy, accompanied by the concert band, will present a sole feature entitled, "Ode For Trumpet."

The Choral Union accompanied by the concert band will present "You'll Never Walk Alone" and "The Battle Hymn of the Repub-

lic." "The Pop Concert is becoming a G.S.C. spring tradition after last year's full house," stated Mr. Ronald Ross.

### Madrigal Singers Give Performances

The GSC Madrigal Singers, under the direction of Mr. Robert Ellis, performed Tuesday morning at 10:00 in the auditorium, when Rabbi Volkman lectures on the topic "What I Believe." They will also perform at the GSC Alumni Banquet on Saturday, May 13.

# Letter Labels Library 'Paradise, Passion Pit'

Madam Editor:

During the past term it has become necessary that I do a great deal of research work in our new Robert F. Kidd Library. After being there quite often, I have found the following to be true:

(1) There are not enough seats for the students to use for study. There are many desks but no chairs.

(2) The temperature of the building is often at a level too warm for any person to study.

(3) Most copies of the magazines from 1960 to 1964 are missing.

(4) The second floor could be turned into a student union. All that is needed is the refreshment stand.

(5) The basement of the library could easily be changed to "passion pit" or "lover's paradise."

The only alternative in solving these problems would be to turn the library into a recreation center. However, this would bring about the grave problem of keeping it open during weekends.

Sincerely,

James O. Bull

Dear Editor:

In several of the past *Mercury's* there have been letters to the editor criticizing Glenville State College. I would now like to offer a few words of encouragement to students.

First of all, while prospective students are visiting GSC they will probably become acquainted with the entertainment activities on campus. The weekend dances, it will be quickly observed, are almost entirely sponsored by the Greek Organizations. These fraternities and sororities do many other things besides providing the student body with entertainment.

## SENIORS SELECT GOODING, DAVIS TO LEAD '68 CLASS

Junior class officers were elected at a recent meeting for the coming year. Daniel Gooding, president of Theta Xi fraternity, was selected by popular vote to fulfill the duties of president of the senior class. Gooding has been quite active in student government and during the past two years has been a reporter for the *MERCURY*.

Barbara Davis, present editor-in-chief of the *Mercury*, will serve in the capacity of vice-president of the senior class. Miss Davis is a member of Kappa Delta Pi, national honorary education fraternity.

Secretary for the coming year is Kate Johnson from Spencer. Miss Johnson is a biology-general science major.

Frank Hughes, president of Chi Beta Phi, was selected to handle all financial transactions under the direction of the other class officers.

### K. Smith Heads Club

Meeting on April 19, 1967, the GSC Cosmopolitan Club elected new officers for the coming academic year, 1967-68. Kenny J. Smith succeeded Heber Vealey as president of the club. Present treasurer Thomas Daniels was elected vice-president, and Bernard Shackleford retained his secretarial post for the coming year. Dennis Cunningham was elected treasurer, and Terry Butcher is the new parliamentarian.

In the coming year the club hopes for greater membership and ability to understand world affairs. Its members want to become "cosmopolitan" both socially and intellectually.

but I do not wish to discuss those activities because freshmen do not pay activity fees to help people in surrounding communities in times of disaster as these organizations do.

Although a few instructors may downgrade these organizations students quickly discover that without them there would be no weekend activities on campus. Of course, activity fees will still be required from all students.

The administration does not pay any attention to these instructors because they are proud of the Greek Organizations. The administration usually supports the clubs in all of their activities.

Students on campus also are quite interested in the Greek Organization. They do not travel home every weekend because they want to support the various activities. Of course, these students know that if they do travel home on weekends, their activities fee would be a waste of money.

So, students, whether or not you decide to pledge the Greek organizations, please join with your fellow colleagues and the administration in supporting Greek activities. Remember, the Greeks go on!

Robert S. Cribbs

Dear Editor:

Little is said or written about the commuting student who may travel as much as 120 miles a day to attend classes on GSC's campus. Why do these people not live on campus or somewhere in town? Why do they put themselves under additional pressure by driving back and forth every day?

First of all, the commuting student attends classes because he is interested in obtaining a college degree. He wants to prepare himself for a better life. He may commute because he has a full or part-time job, or is married with a family.

Others prefer commuting to living on campus because they have more freedom and independence. They feel that campus students take college life for granted and do not work to the best of their ability. In addition, some students

## Phi Delta Phi's Meet

The weekend of April 28-30 was devoted to a state Phi Delta Phi convention at Jackson's Mill. Thirteen women from the Glenville chapter attended. They included: Carol Bell, Beverly Carmichael, Kay Childers, Ruth Cosner, Connie Hamrick, Karen King, Ellyn Meadows, Sara Moore, Karen Nestor, Marilyn Smith, Virginia Sue Taylor, and Juliann Taylor. They held an informal get-acquainted party for all women and served as ushers for the entire convention.

The emphasis of the convention was on family living and development. Dr. Jarvis, a guest speaker, spoke on the future role of home economists in the country. A college style show was presented in which Karen King, Sue Taylor, and Beverly Carmichael represented GSC as they modeled their wool costumes of matching suits and coats.

Saturday evening a banquet was held in honor of the officers of the West Virginia Association of Home Economics. Connie Hamrick, a sophomore from Sutton was initiated as state vice president of Phi Delta Phi. The Dean of the Teachers College of Marshall University was guest speaker at the banquet.

Seated around a table in the Louis Bennett Lounge are the new officers of the men's dorm: president, David Bennett; vice-president, Jack Albert; secretary, Robert Bailes; and treasurer, Thomas Cox.

find it less expensive to commute. They would not be able to get a college education if they had to pay for living expenses on campus.

One student commented that "I leave home just after daylight, and I don't get back until after dark." He still wants to attend classes, however, even if he must sacrifice leisure activities and dates.

Another commuter commented, "I like the independence I have, and I feel that living on campus would take away from my determination to excel in classes because of all the other activities that would be around me."

Commuters, in general, have more determination to succeed in college because they are making more sacrifices to be here in the first place. Most of them are paying for their own education and are not relying on their families for financial support.

There is nothing more enjoyable on a snowy, cold morning than putting chains on the car before coming to school. As a matter of fact, it can be a long drive home after the library closes at night, too.

Monia Dean

## BENNETT NAMED TO HEAD LB HALL

Louis Bennett Hall held its election of officers for the 1967-68 year on the evening of May 2. The following men were elected: David Bennett, president; Jack Albert, vice-president; Thomas Cox, treasurer; and Robert Bailes, secretary.

David Bennett, a junior from Point Pleasant, is majoring in speech and art and is a member of Tau Kappa Epsilon. From Belle, a freshman from Parkersburg, is an art and English major.

The newly-elected officers hope to improve the dormitory by such proposed plans as the sponsorship of dances, formation of political parties within the dorm, the rental of rooms for study, better use of activity fees and possible amendments to the constitution to change the vice president to a separate office of election. Also, they hope to devote at least one board meeting a month for the purpose of airing student complaints.

"We hope to improve Louis Bennett Hall to function more smoothly as a unit," stated Jack Albert, vice-president.

## DZ's Raffle Album, Prepare For Sing

Karen Brown, a sophomore, was the winner of an L.P. Album sponsored by the Delta Zeta pledges. The drawing was held on April 20.

Deans Somerville and Billips, along with their wives, attended a family style dinner at the Delta Zeta Sorority House on April 19. Mrs. Ewing was the hostess for the dinner.

Delta Zeta's are preparing for the Mothers' Day Sing which will feature many of the organizations on campus. An open house will be held at the sorority house following the Mother's Day Program.

Mrs. Lockard, the Delta Zeta Sorority house cook, was involved in a fatal automobile accident on April 22.

## DATA PROCESS COURSE OFFERED

The Mining and Industrial Extension Service of West Virginia University will offer next fall on the GSC campus a course in basic data processing, automation office practice. The course will be taught two nights a week for three months, October through December.

No college credit will be given for the course, but a certificate will be awarded to those who complete the class. It is an opportunity for college employees, business students, and citizens of the community to get basic training in data processing.

Costs for the course will be approximately \$10 to \$15 for books and supplies. Actual enrollment for the class will not take place until next fall.

## ADE, TKE Win Awards

During the past year, there has been an endeavor on the part of the Student Council to develop school spirit among students. As a result, a contest was originated to publicize campus activities. Several organizations participated by supporting G.S.C. in athletic events. This was done with posters, cheering sections, banners, and numerous other means.

Based on points accumulated during the year and the vote of council members and coaches, the following professional organizations won "Spirit Awards": First place-Alpha Delta Epsilon, business fraternity, Second place-Wesley Foundation, local unit of the Methodist Student Movement.

Greek organizations receiving awards included: First place-Tau Kappa Epsilon, Second place-Theta Xi, and Third place-Alpha Sigma Alpha.

## Modern Dancers Utilize Bodily Expressions

Creative expression with the use of the body is one of the objectives of the modern dance class now being taught at GSC by Miss Carole Banik.

The modern dance class taught every term is not just for those who have had dancing before. Others can do well if they are willing to work. This class is not for women only. Men may think it is sissified, but they can also benefit from the class. It teaches body control and takes a lot of activity. The class helps the students learn how the body can be used in expression, as well as creative expression. Someone who is willing to experiment with putting into movement emotion or thought can do well in the class.

Modern dancing is not pantomiming. It is expression stretched into abstraction. The students have studied the elements, the use of space, floor patterns, and others. They are now studying the qualities and working with pendular, sustained and percussive movements. They do group studies and give individual reports.

Records are used merely to relax the students and to stimulate them in making up dances. One of their assignments was to find a picture and a poem that would stimulate them to dance.

Men and women can both benefit from this class.

## 'G' Banquet Scheduled; Guests Here

sity. The banquet will be highlighted by presentation of awards, letters and sweaters.

## Thinclads Organized

The 16 candidates and events they are participating in are as follows: Rick Dayhuff, pole vault; John Lough, 440 and 880 yard runs; Jim Sprague, 100 yard dash and 440 yard relay; John Noland, 220 yard dash, 440 yard and mile relays; Mickey Hartley, 100 yard Sam Halstead, 440 yard relay; Sam Halstead, 440 yard relay; Jerry Wolfe, 880 yard run; Dave Hughes, 880 yard and mile runs; Harvey Woodson, 440 yard run, hurdles, broad and high jumps; Frank Hughes, 880 yard and mile runs; Jim Curry, discus; Bob Hickman, hurdles; Bob Minnieweather, 100 yard dash, 440 yard run, and broad jump; Joe Painter, shotput and discus; Steve Seals, shotput and discus.

## CCHS Presents Musical Revue

"Sentimental Journey," a musical revue presented by the Music Appreciation class of Calhoun County High School, directed by Ronald J. Wilt, was presented in the GSC auditorium on April 24 at 2:30 p.m.

Such old-favorite numbers as "There's no Business like Show Business," "Take Me Out to the Ball Game," and "Side by Side" were presented by the visiting high school students along with such contemporaries as "If He Walked Into My Life" from *Mame*, "Alfie" from the movie *Alfie*, and "The Motherhood March" from *Hello Dolly*.

Described by the director as "a teacher-aid program used for fund raising," the show is put together by the Music Appreciation class of Calhoun County High School.

The program included: "In the Good Old Summertime (Shields-Evans), "Take Me Out to the Ball Game" (Monroe), "It Takes a Woman" (Herman), "Elegance" (Herman), "The Motherhood March" (Herman), and "Side by Side" (Woods). Also performed were: "I'm an Indian Too" (Berlin), "Buttons and Bows" (Livingston-Evans), "If He Walked into My Life" (Herman), "Put on a Happy Face" (Adam-Strouse), "You" (Donaldson), "Five Foot Two" (Henderson), an interpretive dance to the theme from "Gone With the Wind" (Steiner), "Georgia" (Butler),

"There's no Business like Show Business" (Berlin), "Alfie" (Kopita), "Nothing Like a Dame" (Rogers-Hammerstein), and "Put on your Sunday Clothes" (Herman).

The revue starred the Mistys, the girl's chorus of the high school. Mrs. Martha Hall assisted in the direction. Master of ceremonies was John Anderson, and accompanying music was furnished Ronald J. Wilt on piano, Pat Hall on drums, and by record.

The revue, an annual affair, was presented on April 15 at Calhoun County High School as a "fund-raising project." It was described by the director as "a teacher's aid program" presented mainly by the Music Appreciation class of the high school.

Dean Somerville has announced that seniors who plan to graduate in November of 1967 should report their intentions to the Dean's Office immediately. It will be necessary to check each senior's records this month to insure his graduating on time.

Students who are planning to do their student teaching during the fall term of 1967 should make application by May 17, 1967, secondary applications should go to Mr. Nelson Wells or Mr. James Brown, and elementary applications should be made to Mrs. Jean Adams.

## TKE Announces Spicer In International Contest

Stephen Spicer, a physical education and social studies major, is one of the fifteen finalists in the 1967 Typical Teke contest. The contest is held by the international fraternity annually.

To qualify for Typical Teke, a candidate must fill out a form listing all varsity sports, intramural sports, school offices and awards, Teke chapter offices and honors, and all extra curricular activities both in and out of school.

Among Spicer's activities are: 1967 *Who's Who in American College's and Universities*, Sergeant at Arms of the Student Council, freshman and junior class president, pledge and activities chairman of Tau Kappa Epsilon Fraternity, L'il Abner in 1964-65, Co-Editor of the freshman handbook, two all-campus plays, Men's Athletic Association, G-Club, and the varsity basketball team.

The son of Mrs. Carlton Spicer of Gauley Bridge, Stephen's picture will appear in September issue of the Teke National Magazine. This is the first final contest Glenville State's TKE Chapter has

had in the history of Iota Omega Chapter.

## Ex-Student Receives Aid

Johnnie Joe Evans, a Glenville State College graduate, has received a Shell Merit Fellowship for advanced study this summer at Cornell University. Presently, Mr. Evans is a chemistry and physics teacher at Lewis County High School and is one of the 100 outstanding high school science and mathematics teachers from the United States and Canada selected to attend the 1967 graduate seminars at Stanford and Cornell universities.
