'Look Back In Anger' Cast Prepares For Presentation

By Michael Ireland

John Osborne's first play, **Look Back in Anger**, is scheduled for production by the GSC drama department March 6, 7 and 8, according to Mr. Stewart Beach, director. The three-act play stars David Lough as Jimmy Porter who, like the play's author, is an "angry young man."

Jimmy's anger seems to stem mostly from witnessing the slow, painful death of his father from a war injury when Jimmy was ten: "I learned at an early age what it was to be angry - angry and helpless. And I can never forget it. I knew more about love... betrayal... and

death when I was ten years old that you will probably know all your life," says Jimmy to his wife. Highly intelligent and savagely articulate, Jimmy Porter vents his anger upon his uneducated Welsh crony, portrayed in the GSC production by William Lewis. But the main stream of Jimmy's torrent of invective is directed at his submissive and long-suffering wife, Allison (Connie Montgomery). She is the daughter of a retired Colonel (Robert Preston Browning) and Jimmy never forgives her for being of a higher social class than he or for being too refined to feel or openly express any raw emotion.

So continuous is Jimmy's abuse that when Helena (Mary Anne Wolfe), an old friend of Allison's appears she persuades the pregnant Allison to leave Jimmy and calls the colonel to take Allison home. In the final act, Helena is living with Jimmy but when Allison, whose baby was stillborn, reappears, Helena sees what she would eventually become by staying with Jimmy and walks out, whereupon Allison falls at Jimmy's feet saying she can never love anyone else. But Jimmy and Allison will obviously not live happily ever after.

The deadline for applying for financial aid for next year is March 1, according to Mr. Larry Lamb, financial aid officer.

Date of Talk Set March 4

Dr. Cornelius E. Klots of the Oak Ridge National Laboratory in Oak Ridge, Tenn., will speak on the "Fundamental Processes of Radiation Chemistry," before the division of science and mathematics on March 4.

Dr. Klots received his doctorate degree in chemistry from Harvard University where he specialized in measurement and theory of chemical reaction rates; excitation processes under charged particles impact. Dr. Klots is the second speaker under the Traveling Lecture Program for the current year and two more speakers are expected at a later date.

Dr. Morris, MU Speaker, Is Kappa Dekta Pi's Guest

Kappa Delta Pi's formal initiation will be held Friday, Feb. 23, at 6:00 p.m. with Dr. Woodrow Wilson Morris of Marshall University as guest speaker.

Dr. Morris is presently the chairman of the department of education and has been acting dean of the Teacher's College at Marshall where he has taught since 1950. Dr. Morris received his A.B. degree at Glenville State, his M.A. at Duke University and his Ph. D. at Ohio State University.

Dr. Morris will discuss the graduate program at Marshall. He will be accompanied by his wife, Bemice. They are originally from Summersville and have three children. One of their

children is Mr. Jerry Morris instructor of art at GSC.

Kappa Delta Pi is the education honorary on campus requiring a 3.0 over all average, a minimum of 58 semester hours, and a field in teacher education.

The following students will be initiated: Shirley Hardman, Linda Barron, Anne Gerstner, Virginia Sue Jones, Jo Ellen Luzader, Sandra McKinney, Barbara Miller, Margaret Rigney, Donna Riley, Sheryl Jameson, Karen Utt, Sharon Yoak, Roger Tinnel and Erven Rowan.

The initiation will be held in the New Cafeteria. Those attending should notify Mrs. Jean Wright, dean of Women today.

Marjorie Craddock

Registrar Notes 6% Enrollment Rise

Beryl Langford, GSC registrar, has announced the enrollment for the second semester of 1967-68.

There are 1414 students enrolled at Glenville State or an increase of six per cent over second semester last year. Of these students, 1348 are enrolled full-time and 56 part-time or extension students.

The break-down of classes are as follows: freshmen, 273 men and 229 women for a total of 503; sophomores, 182 men and 155 women for a total of 337; juniors, 125 men and 107 women for a total of 232; seniors, 118 men and 102 women for a total of 220.

Enrollment one year ago included 540 freshmen, 289 sophomores, 250 juniors and 177 seniors for a total of 1,256 students.

Wind Ensemble Sets Concert Tomorrow

The Music Department will present the GSC Wind Ensemble in concert tomorrow Thursday, February 22, at 8:00 p.m. in the auditorium. The Wind Ensemble is really a select concert band, select in that participants must have passed demanding auditions to obtain a chair in the ensemble. There are 40 members in this year's group and they are: Jean Burggraf, Cheryl Carr, Debbie Campbell, Mike Sullivan, flutes; Shirley McIntyre, Richard Spiker, Christy Howard, Lois Ingram, Jackie Pitts, Karen Brannon, Carol Folger, Dave Lough, Mr. Vineyard, Mary Ball, Judy Counts, clarinets; Theresa Parder, oboe; Larry Ball, bassoon; Diane Christo, Linda Bamett, Don Melton, Judy Keys, Stan Pittman, saxophones; Dr. Swanzy, Jim Ross, Bryan Thompson, Larry Williams, Merlin Trichett, comets; Mike Boggs, Don Black, Bill Blaine, Shirley Hardman, French horn; Will Piggott, J. B. Butcher, Nelson Elliott, trombone; Jerry Black, baritone; John Collins, tuba; Chuck Nichols, Carol Nichols, Lyn Stotler, Shirley Cunningham, percussion.

The program for the February 22 features two outstanding selections for soloist and concert band. Richard Spiker, sophomore clarinet major from Parkersburg, will perform "Concertino" for clarinet and band by Von Weber. "Concerto for trombone and band" by Rimsky-Korsakov will be performed by Will Piggott, freshman trombone major also from Parkersburg. Other numbers on the program

will be "Crown Imperial," a coronation march originally written for the coronation of King George VI in 1937; "First suite in Eb for Military Band" by Gustav Holst; "Finale from Fifth Symphony" by Shostakovich, a work fast becoming everyone's favorite symphony; and "Suite of Old American Dances" by Robt. Russell Bennett, which is a collection of quaint, rhythmic dances set in a light and moderately contemporary style.

One of the selections features Dr. David Swanzy, chairman of Division of Fine Arts, as trumpet soloist. This number is "Valdres" (Norwegian March) by Johannes Hanssen. Selections from 5 countries will be aired tomorrow night (Thursday) in that Rimsky-Korsakov and Shostakovich are Russian, Holst and Walton are English, Hanssen is Norwegian, Von Weber German, Bennett, American. Concluding the program will be Carmen Dragon's arrangement of "America the Beautiful."

Directors of the Wind Ensemble are Ronald D. Ross and Edward M. Vineyard.

Mr. Laveme Anderson associate camp director of the YMCA Camp Storer in Toledo, Ohio, will visit Glenville on Feb. 27, not Feb. 28 as printed in the last issue of this paper.

GSC Wind Ensemble in rehearsal.

Cast the First Stone

What have we made of the world? Have we ever stopped to look around at the world and try to see what we have done to better it? The world has changed even in the lifetime of a college student. Today we have the war in Vietnam, demonstrations and riots throughout the U.S. And now a lot of emphasis has been put on the flower children, hippies, beatniks and other such groups. The race problem has grown to large proportions as well have different problems.

In colleges and universities a lot of problems are arising. Students have demonstrations, burn draft cards, sell dope, etc. But we cannot condemn only the students. In some places others are worse than the students. They even dress "wilder" than the students would ever attempt to dress.

Things in the world are not all so bad, but what is emphasized are the worst such activities. No matter how conservative we think we are, we could still stop and look at ourselves to see what we are making of the world.

Sharon Dutton

Billy Student Victim Of Dormitory Steps

Dear Editor:

As Billy Student entered Louis Bennett Hall through the side door, things began to happen. The fellows in the hallway laughed and pointed, his roommate would not let him into the room, and the counselor had a long talk with him.

Billy was "soupy" from his head to his feet, "nothin' but his little eyes buggin' out." The long and important term paper Billy carried was muddy and got even dirtier as he took it from his loose leaf to examine the damage. A change of clothes, a rewritten term paper, and a harsh scolding were in store for poor Billy Student. It was obvious that the little boy had been playing in the mud.

The change of clothes and the rewritten term paper was easy for Billy once he got into his room. The scolding had gone by so the major problem was getting into his room over his roommate's objection. Billy went back through the side door and when he got in plain view of the four floors of LBH, the guys looking out the windows mocked and teased at him. Billy hurried to the security of the lounge, but when he entered the back door and walked toward the desk, the bridge-players laughed and the picture of Louis Bennett chuckled and bounced merrily from its hanging place on the wall. At the desk, Billy found no answers to his problem. He then returned to his room only to find his roommate gone. A well-groomed Billy and a rewritten term paper emerged from the room two hours later.

"Oh! My goodness!" exclaimed Billy, "I'm five minutes late." Down the hall he dashed and up those steps toward the dangerous walkway, he ascended and then he stopped. Foot by foot, Billy began to outwit the disastrous stones in the walkway. One foot here... and... one foot... there—No, Billy! Not there—SPLURSH!!! Oh Billy... That disastrous thing has happened again.

"But I'm ten minutes late," thought Billy, "better go on to class." As Billy Student entered the classroom things began to happen. His teacher screamed, his classmates laughed, and poor Billy sighed. The term paper was filthy and as he produced it from his notebook it got even dirtier. It was obvious the little boy had been playing in the mud.

Poor Billy Student—Do you think repairs on the dilapidated sidewalk in front of the construction area would help matters at hand???

ASA Introduces Mud Ball; Esquires Will Play March 8

Dennis the Menace is getting all excited about the upcoming Mud Ball. When interviewed by your ASA Mercury reporter, he stated that the Esquires were playing for the Mud Ball on March 8. The Esquires were scheduled to come on campus in September but were unable to come because of an automobile accident.

The fall pledge class has been busy completing stars and pillows to present to their big sisters.

Hazel Kuhl was elected by the ASA sister to represent the sorority on the campus cover girl contest.

The sorority would like to congratulate Sharon Dutton on her new job as editor of the Mercury. Due to the extra work for Sharon, Mary Ann Crissman has been appointed as Mercury reporter for ASA.

Ten Committees Will Direct Contest

Ten committees have been chosen to direct the GSC campus preliminary contest for the Miss America Pageant. Mr. Kermit Kinder director of guidance and counseling is chairman of the entries and screening committee which is responsible for selecting the ten or twelve preliminary entrants.

The production committee which is headed by Mr. James White, mathematics instructor will set up the program and rehearsals for the entrants, their acts, and in general, produce the pageant.

Mr. Keith Smith is responsible for the attendance committee which will handle pre-ticket sales and refreshments during the contest.

Mr. Jesse Huff who is in charge of the awards committee will help in selecting scholarships and in buying trophies for the winners.

Dr. Alfred Billips dean of student affairs is heading the publicity and advertising committee. This committee is largely responsible for promoting the pageant and making it well-known over this area.

Preparing programs for the event will be the job for the committee under Mr. Vince Miller.

The committee which selects and advises the judges will be directed by Mr. William Osborne.

The budget and finance committee working under Mr. Harless Turner will be taking care of expenditures and trying to maintain a balanced budget.

Alpha Sigma Alpha was the first of the organizations to decorate the showcase in the Student Union this year. The first section was dedicated to the fun activities of the Alpha Sig's. Colored activity pictures surrounded a composite of the sisters. The second section of the show case included the letters Alpha Sigma Alpha in white and a jeweled pin on a red velvet background. The third and final section was dedicated to the pledge program. A pledge paddle, book and star framed the silver pledge pin of the sorority.

Warren Is Installed

Officers for 1968 were initiated by Theta Xi Chapter of Delta Zeta Sorority on Feb. 18. They are president Candace Warren, New Brunswick, New Jersey, vice president of Membership, Roberta Shank, Charleston; of Pledging, Myra McKee, Clendenin; recording secretary, Vicky Brown, Weston; corresponding secretary, Gloria Halbert, Parkersburg; social chairman, Connie Montgomery, Parkersburg; historian, Sandra Davis, Pennsboro; treasurer, Judy Lamon, Pennsboro; activities chairman, Karen Boston, Parkersburg; standards chairman, Judy Elkin, Sheffield Lake, Ohio; and scholarship chairman, Darlene Barnes, Parkersburg.

Future fund-raising projects for Delta Zeta's pledge class include a raffle and selling toothbrushes. Initiation will be held Saturday, March 2.

Keefe Heads Teke Officers

The Iota Omega Chapter of Tau Kappa Epsilon fraternity elected new officers at a formal meeting held in the old Louis Bennett Lounge on Monday, Feb. 12. The new officers are:

Prytanis - David Keefe. Keefe is a senior majoring in social studies and speech. He has given several talks on Napoleon and is a 1964 graduate of Point Pleasant High School.

Epiptanis - Thomas Dent. He is a sophomore majoring in social studies. He is also a representative to the Greek Council and a 1961 graduate of Wirt County High School.

Histor - Robert Cribbs. Cribbs, a junior majoring in social studies and English, is a 1964 graduate of Aliquippa High School, Pa. He is a representative to the Greek Council and News Editor of the Mercury. Cribbs is a transfer student from Point Park College in Pittsburgh.

Crypsophilos - Michael Bumgarner, a 1965 graduate of Wirt County High School, is a junior majoring in business administration and history. He is also a member of Alpha Delta Epsilon.

Grammateus - Edison Ball Jr., a junior majoring in social studies, is a 1965 graduate of Ripley High School.

Hypophetes - Larry Williams. Larry, a senior majoring in music, is a 1965 graduate of Clay County High School.

Hegamon - Robert Marshall. Marshall is a junior majoring in speech and social studies. He is a 1965 graduate of Clearfield High School, Pa.

Pylartes - Charles Smith, a 1964 graduate of Tyler County High School, is a junior majoring in physical education and social studies. He transferred from W. Va. Tech, Montgomery.

House Stewart - Gail Plum, a 1966 graduate of Glenville High School, is a sophomore majoring in physical education and social studies. He is a transfer student from W. Va. Tech and is the youngest officer on the new slate.

Left to Right front row; Larry Williams, Gail Plum, David Keefe, Robert Marshall; row two; Charles Smith, Hancel Ball, Michael Bumgarner, Thomas Dent and Robert Cribbs.

Members of the basketball team are: First row, Jerry Wolfe, James McNeish, Gene Watson, Gary Keefer, Steve Spicer, James Archer, Willie McGhee, Coach Blizzard; Second row, Jackie Robinson, James Lilly, Dave Peal, Larry Grzyb, Charles Thomas, Bill Perry, Coach Lilly; Third row, John Wymer, David Barnes, Bob Groves, Kenneth Fisher, Marion Gordon, Ernest Williams, David Kuhn.

Heart Disease Affects All Students, County Residents

The sooner good dietary habits are begun, the better the youngster's chances of avoiding or delaying a heart attack in his or her adult years.

1) Replace saturated fats in your diet with polyunsaturated fats as much as possible. Polyunsaturated fats are largely liquid vegetable oils such as corn, cottonseed, soybean and safflower oils. Fish and poultry also contain polyunsaturates. This type of fat tends to lower blood cholesterol.

The goal in regulating fat in the diet is to raise the proportion of polyunsaturates to saturated fats. For example, one can eat more fish and poultry in place of meat. Use of skimmed milk in place of whole milk and cream is advisable as a valuable source of nutrients. In cooking, use vegetable oils instead of butter and lard.

2) Eat less food that is high in cholesterol. Cholesterol is a substance which our bodies manufacture and which is also present in the foods we eat. It is found in large quantities in egg yolks. Shellfish and organ meats (such as liver and kidney) contain high amounts of cholesterol. When we take in more cholesterol than our bodies need, the excess may be deposited in the arteries and may add to the build-up of atherosclerosis.

3) Count calories, remembering that obesity often begins early. Regulate the quality and quantity of the food eaten by your children so that they will be neither overweight nor underweight, but rather at normal "As the twig is bent, so is the tree inclined."

(Continued on Page Four)

As I See 'Em . . .

by Ken Clurroughs

Wednesday evening at 6:30 Glenville State College takes the floor of the Charleston Civic Center to meet the sixth ranked WVIAC team, W. Va. Tech. Tech, who split with Glenville, has shown the last half of the season that they are not a team to be taken lightly. Tech, who had not won a conference game until they defeated Glenville, went on to defeat Fairmont, State and Morris Harvey, the three leaders in the conference. Later in the season Glenville avenged the earlier defeat by knocking off Tech at Glenville, at the time Tech was riding high.

The Pioneers finished the season with two conference defeats at State and Morris Harvey to end up in the 19th position with a 9-14 conference record. The Pioneers lost the three games to conference champ Fairmont by a total of six points and lost to State by 12 and Morris Harvey by only 5 in the last encounters.

Tech's leading scorer Tim Floyd, who had 38 points in the toss victory of the Pioneers missed the last ball game with Davis and Elkins but expects to be back for the tournament. Floyd's presently 16th in the scoring with a 27.4 average according to latest NAIA releases.

Even without Floyd, Tech massacred Davis and Elkins 97-75 and Floyd's replacement, freshman, Bob Ruffner, tossed in 22 points, while four other Techmen were in double figures.

On the other hand, the Pioneers have the 55th scorer in the nation, Jack Robinson, with a 23.8 average. They have a fine young team that could show up well in Charleston this week.

Playing in the tournament at Charleston will be teams and individuals who are members of these teams that have gained national recognition in the latest NAIA statistics. Fairmont is the 15th ranked team in the country and West Virginia State is number 20.

In team offense W. Va. State is ranked second with a 109.3 average per game while Fairmont is 6th in defense holding opposition to 63 points.

Tim Floyd (Tech) is 16th in scoring with a 27.4 average. Dave Hamilton (State) is 32nd with 25.1 and Jack Robinson (Glenville) is 55th with 23.8 average.

State is 13th as far as winning margin points go, outscoring opponents by 18.3 points and are 23rd in field goal shooting (.510) while Bluefield is 17th with .520.

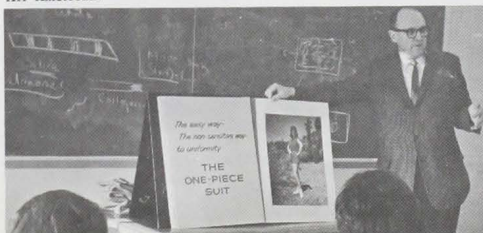

The individual rebounding department lists three WVIAC players in the top 15, headed by Fairmont's Wayne Durham has an average of 22.3 rebounds per game. Dave Hamilton of State and Andy Jennings of A & B are 11th and 13th with 20.4 and 20.1 averages respectively.

Dave Hamilton (State) has the 12th best field goal shooting average at .639 and Tech's Al Toothman is 6th in free throw shooting at .888.

It is obvious that the tournament will contain some of the outstanding players and teams in the nation and should be well worth seeing.

Fairmont's football star fullback Larry Blackstone has inked a \$14,000 plus \$500 bonus contract with the AFL Champion Oakland Raiders.

Blackstone led the Falcons to the NAIA National Championship, gaining 1,278 yards in 12 games as fullback and was selected NAIA All American.

Mr. Osner, representative of the Moore Company, displays potential suits for Majors Club members as they anticipate purchasing new uniforms.

Golden Eagles Nip Pioneers

Glenville came up against a well-balanced Morris Harvey team in their final game of the regular season and came out on the short end of a 72-67 verdict.

The Pioneers had tied the score at 15-15 before Gerald Martin hit a shot from the corner to give the Golden Eagles a lead they never relinquished. By halftime Morris Harvey had increased their lead to six at 34-28.

At the onset of the second half the Eagles continued to increase their lead to 13 before the Pioneers came back and cut the lead to only four. Again Morris Harvey built on their lead and rolled to their biggest lead of the game at 14 points. The closest Glenville could get after this was five as the game ended at 72-67.

Jack Robinson again took game scoring honors with 25. The only other Pioneer in the double figure column was Jim Archer with 18.

Tech had four players in double figures led by Steve Quinn with 17. Mike Curry, Gerald Martin and Spike Conley had 14, 13 and 11 respectively.

W. Va. State Stings Glenville Pioneers

Glenville put on a desperate second half rally in an attempt to catch State before finally falling 95-83.

The Yellow Jackets pulled ahead 48-35 by the end of the first half and were slowly taking on more to the lead when Glenville came to life. The Pioneers pulled to within five points on three occasions but could get no closer before State opened the lead to its final 95-83.

Jack Robinson led all scorers with 35 points. He hit on 15 of 25 shots from the floor for an excellent 53.6 average. Besides Robinson, Bill Perry had 18 points and Jim Archer had 10.

Dave Hamilton with 33 points led State followed by Edward Davis, who came off the bench to spark State at crucial moments, with 24.

Theta Xi Banquet Held; Actives, Initiates Feted

Kappa Eta Chapter of Theta Xi held its formal initiation on Saturday, Feb. 17, at 9:00 p.m. Coinciding with the initiation, a banquet for the active members and initiates, was given at 6:00 p.m. preceding the ceremony.

Along with the pledge class, Mr. Roy Hays, a charter member of Kappa Sigma Kappa, and Mr. Robert Bence, present advisor to Theta Xi, were initiated. Also Daniel Kellison, Richard Brammer, James Potts, Joseph Badgley, Greg Boso and Michael McCoy, formerly holdover pledges, entered into the bonds of Theta Xi.

Forthcoming plans of Theta Xi include a regional conference of all chapters within the state; rush, beginning in March; Closed Ball in May; and several dances.

Mrs. Jean Wright, Dean of Women, has requested that posters not be taken down until after the event has taken place.

Many Attend Dec. Project

According to summary reports "Operation Native Son," a special program held in Parkersburg on Dec. 28 was a success. The program was sponsored for college juniors and seniors who were interviewed by representatives of business, industry and education in regard to future employment. The major purpose of the project is to provide graduates who live in the Mid-Ohio Valley an opportunity to find employment in their home area.

"Operation Native Son," will be conducted again next December according to a statement by Dr. Delmar K. Somerville, dean of Glenville State College and president of the Little Kanawha Regional Council and the Chambers of Commerce of Greater Parkersburg, Marietta and Belpre. Dr. Somerville served as co-chairman of the "Operation" along with Blaine Gallagher of the Greater Parkersburg Chamber of Commerce.

Although hampered by a heavy snowfall, 152 college students from 32 different colleges and universities registered at the Field House of Parkersburg High School. The discussion of the group centered around future employment with the personnel of 20 industrial and business firms of the Mid-Ohio Valley area. More than 100 others who had pre-registered could not attend because of the bad weather.

Glenville State College was well representative by 25 students participating in the event. Students from the college who attended were: Nancy Eberhardt, Roger Foutty, C. R. Hinkle Jr., Linda Wood, Philip Pitt, C. Vance Weekly, Harold Sinnott, Carl Doddrell, Richard Wyatt, John Cox, Virginia Stump Bland, Melvin Neil Jameson, Calvin C. Ferrell, Jr., Susan Stacy, David Pitt, Michael Sullivan, James W. Cumpston, Dale Prim, Clyde Edward Beary, Louise Mace, Timothy Stockert, George Engelke, Douglas Butler, Larry Richards and Foster Kerby.

SMALL FARMS DECLINE

The Agriculture Department reports that small farms have declined a little more than 20 per cent in the last seven years. There were 4,097,000 farms in this country in 1959, but the report shows only 3,252,000 in 1966.

Kathryn J. Perrich Is '68 Heart Queen

Miss Kathryn Perrich, a Glenville State College freshman from Parris Island, S.C., was crowned Gilmer County Heart Fund Queen at the Heart Ball Saturday night. Runners-up were Miss Judy Post and Miss Nadine Woodford, both of Glenville.

The Heart Ball, a benefit for the dance county Heart Fund, was held at the Gilmer County Recreation Center from 8 p.m. - 12 a.m.

Door-to-door canvassing began Sunday on a county-wide basis; however, due to a shortage of workers, much of the county and of Glenville were not canvassed.

Registration Is Required

The National Teacher Examinations are required for teacher education students before graduation. Those completing the requirements for a degree in June, 1968, must register with Dr. Alfred Billips, Dean of Student Affairs, before March 12 to take the NTE April 6. Students who have not taken the test and who expect to complete degree requirements in August, 1968, must do so July 6. Registration with Dr. Billips for the July 6 test must be completed by June 10, according to Dean Delmer K. Somerville, Dean of the College.

Elementary education majors must take the Common Examinations and the test on elementary education. Secondary education majors must take the Common Examinations and the Teacher area Examinations in one teaching field. The Common Examinations and the Teaching Area Examinations in one teaching field cost the testee \$11.00.

Of the 268 seniors only 227 have been measured for caps and gowns. Seniors must be measured for their cap and gown by March 15.

but will be covered next Sunday, Feb. 25. Those people who were not asked to contribute and/or who were not at home Sunday, are asked to have donations ready for next Sunday's workers, envelopes were left in the doors of those not at home. If contributing, please mail these to Kanawha Union Bank, or prepare for visiting workers next week.

All organizations, businesses and individuals who wish to contribute and have been missed by workers, please contact Mr. Jack Stalnaker, treasurer, at Kanawha Union Bank or Mrs. Yvonne King, Heart Fund Chairman, at Glenville State College.

It is anticipated that the county's goal of \$1,000 can be met in February, rather than extending the campaign into March, if all will cooperate. Since contribution envelopes are not permitted in county schools, as of this time, parents are asked to consider that only one contribution per family is being requested this year.

Second Helpings Permitted

At a recent meeting of the Food Services Committee, new policies regarding the food services in the college cafeteria were discussed.

Students will receive second helpings upon request. This policy will be in effect, with two exceptions. First, second helpings will not be granted at breakfasts. The second exception includes deserts at all meals. Only three glasses of milk per meal will be allowed.

Heart Disease Is No. 1 Killer; Give So More Will Live

This ancient maxim is something to remember when you consider the forces which in later years will shape your children's susceptibility to heart attack.

If good heart and health habits are begun early in life and retained, the individual's risk of heart attack is vastly improved. In the preceding installment, we discussed the importance of normal weight and the desirability of getting a larger percentage of fat requirements from polyunsaturated fats.

In this final article, your Heart Association advocates regular and moderate exercise, the need to avoid cigarette smoking, and finally the value of regular physical check-ups.

The amount, character and frequency of exercise varies with age and with the individual. Generally, it can be stated that children with healthy hearts need have no fear of frequent and strenuous exercise. Adults,

Jaycees Sponsor Miss America Show

On Friday, April 26 in the Glenville State College Auditorium, the Glenville representative for the Miss America Pageant will be chosen. Any interested organizations who wish to submit an entry should contact Mr. Kermit L. Kinder, Director of counseling and guidance. An entry fee of \$10 is payable to Mr. Kinder by April 1.

Selected through a series of competitions at local, state and national levels, the Miss America title is limited to girls from 18-20 years of age.

Miss America receives a \$10,000 educational scholarship to continue her college education or any special training she desires. She will be paid approximately \$75,000 net by those civic and commercial organizations who sponsor her public appearances during her reign as Miss America.

The pageant itself is a non-profit civic corporation of the state of New Jersey with headquarters in Atlantic City. The

corporation was first founded in 1921 by a group of civic leaders with the two fold purpose of creating good will for the resort and to select the ideal American girl. In 1945 a third purpose was inaugurated: to further the education of nation's youth through a program of scholarship grants to young women of merit who participate in the local, state and national competitions.

The cost for adults to see the contestants from the Glenville area compete are \$1.50 for adults and \$1 for children, at the door. Costs for advance tickets are \$1.25 for adults, and children, 75 cents.

Interviews Slated

The following school systems and businesses will have representatives on our campus to interview prospective employees. If students desire appointments for interviews, please contact Mrs. Jean Spurgeon in Dean Somerville's office.

Mr. Jack A. Petry will be representing Cumberland, Md. today from 11 a.m. to 3 p.m. Also appearing today is Mr. Herbert J. Saunders from Manassas, Va. He will be on campus between 9:30 a.m. and 4:40 p.m.

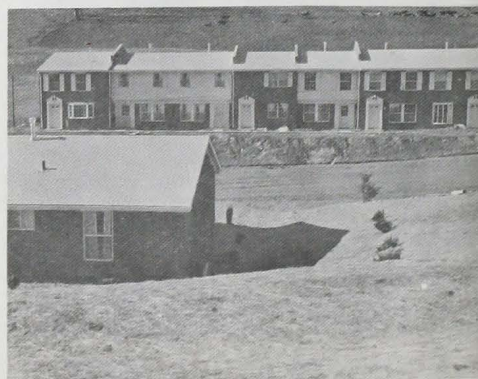

Between 10:30 a.m. and 2:30 p.m. on Thursday, Feb. 22, Miss Dorothy May Gibson from Bakersfield, Calif. will be at GSC.

Mr. George B. Hettinger from Warrensville Heights, Ohio will be on campus on Wednesday, Feb. 28 from 10 a.m. to as long as needed.

7 Science Faculty Members Visit State, Ohio Colleges

Over the semester break seven faculty members of the science department visited colleges in Ohio and Pennsylvania for the purpose of inspecting science facilities, buildings and equipment.

Those taking the trip included Dr. Max Ward, Ralph Bame, Dr. Bryon Tumer, James Peterson, Frank Toth, Dr. John Chisler and Bernard McKown. They visited Baldwin-Wallace College, Ashland College, Wooster College, Oberlin College and Muskingum College, all in Ohio and Slippery Rock in Pennsylvania. Several of these instructors also visited the facilities of West Virginia State College at Institute and Morris Harvey College at Charleston.

College Park
