Meeting Concerns Exceptional Student

Monday Oct. 27 at 6:30 p.m. there will be a meeting in Room 101, Clark Hall for the purpose of organizing a local chapter of the Student Council for Exceptional Children. The purpose of this organization is three-fold: first, to promote professional standards of a high order and improve the preparation of all professionals dealing with exceptional children and youth; second, to promote programs designed to attract students into the profession of special education; and finally, to disseminate information regarding educational needs at local, state, regional, and national levels to the public.

Any person interested in the education of exceptional children who is in full time attendance during the academic year at GSC is eligible for membership.

This organization was begun on the national level in 1963 and has since grown to include over 9,100 members in 1969. A student member of CEC is automatically a member of the national organization.

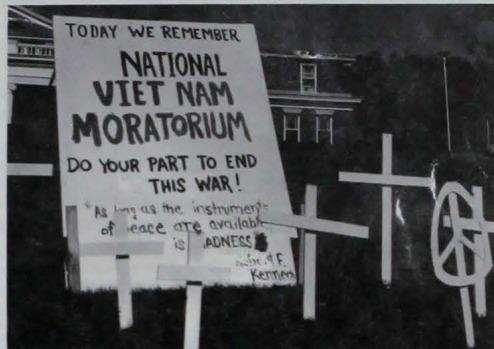

Mr. Nickolas Radeka, who is coordinator for the program at GSC will further discuss the organization at Monday's meeting.

Alpha Sigs Win First Place In GSC Float Competition

Alpha Sigma Alpha Sorority received first place award in the 1969 homecoming parade with their float, "Hansel and Gretel say, 'Cook the Bobcats.'" The float consisted of a house covered with candy with a roof of stuffed paper bags, a brick walk with candy cane fence and candy trees. Sharon Mason portrayed the Wesleyan bobcat burning in a black pot while Deanna Rexroad portrayed Hansel and Mary Joseph, Gretel. Hansel was dressed as a Pioneer football player and Gretel as a Pioneer cheerleader. Float chairman for the Alpha Sigs was Marilyn Smith. The first place award was an engraved plaque.

Delta Zeta Sorority won second place. Their float was a pink and green house with their 305 E. Main St. address representing their sorority house. A stork was resting on the chimney of the house. Sorority members dressed as different storybook characters and carried a banner of diapers with the theme, "We're Expecting a Pioneer Victory". Betsy Wingfield was float chairman.

Third place was captured by Tau Kappa Epsilon Fraternity with "The

GSC Moratorium Expressed As A "Learning Experience"

by Jack Albert

As George McGovern deemed it good, Gene McCarthy, that poet laureate, leader of the 1968 "Children's crusade" mounted the podium and blessed it, John Lindsay ordered flags to half-staff, Richard Nixon, whose policy in Viet Nam was being denounced, held a conference with advisors on Latin American Affairs.

Hundreds walked and talked, sang and told of war dead, students, businessmen, teachers, housewives, and just people formally registered their complaint with the nation's Chief Executive.

Glenville State College, that "campus 'mong the maples", participated in what news people have termed the greatest effort of its kind in the history of the nation.

From crosses and signs to black arm-bands and discussions the GSC campus had their own version of the Viet Nam Moratorium. The Pioneer Ballroom set the stage for a forum displaying what President D. Banks Wilburn termed "a dignified intellectual learning experience, an orderly organized affair directed and developed by the students".

There are, to be sure, many opinions about this conflict and about all wars. One of the principles of this country is the freedom to express those opinions.

At any given time, beginning at 8 a.m. Wednesday morning, at least 100 students could be found in the ballroom, listening to the discussions and lectures, led and given by members of social science and English departments.

Classes were conducted as usual during the day, but many spent free time in the ballroom.

Again in November the students of GSC are planning some means of expressing their anti-war sentiments.

Parking Committee Reports Illegally Registered Cars

The GSC Parking Committee reports that the problem of illegally registered cars by upperclassmen for those students ineligible to register their own cars is now being handled. Those students who have illegal permits will be asked to return the stickers at the loss of the \$1 purchase fee. Indications are that auto registration cards showing the license number and owner of the car will be required to be shown when purchasing a permit for the next academic school year.

I Wonder Who Knows

Five girls moved into the Home Management House Sunday as a requirement for graduation at Glenville State College. This 40-day stay is required for students who anticipate graduating with degrees in vocational home economics. Miss Beverly Ann Hurst is enrolled in Home Economics 403, which is a course carrying three credit hours. It is an arranged course and meets in the Home Management House.

Miss Hurst has also been appointed Assistant House Mother for Women's Hall in the leave of absence of Mrs. Eva Taylor, whose mother is ill. Mrs. Taylor left to be with her mother and will be gone indefinitely, depending on the health of her mother. Miss Alice Strader, former Assistant House Mother, took over the duties as House Mother and Beverly Hurst filled the position left open by Miss Strader.

A 20-year-old senior from Logan, Miss Hurst is carrying 14 credit hours. She was appointed to the position of Assistant House Mother at Women's Hall by Mrs. Jean Wright, Dean of Women. Miss Hurst traveled to Europe with Mrs. Wright and her daughter last summer, and last year was head monitor at Women's Hall. She has lived in the dormitory for only three academic years. Before moving into the first floor apartment formerly occupied by Mrs. Taylor, Miss Hurst lived at the Delta Zeta House, 305 East Main St., Glenville.

She will be in contact with and will have a certain authority over approximately 440 women, some of whom exceed her in age.

I wonder:

During that trip to Europe, did Mrs. Wright see certain qualities in Miss Hurst which qualify her for the position of Assistant House Mother which some students cannot see?

Do Miss Hurst's qualifications exceed those of the dormitory president or the present head monitor?

Will the requirements of the position of Assistant House Mother compensate for the work Miss Hurst is missing at the Home Management House?

Were the protests of several students in the Home Economics Department disregarded because they were invalid, or because once the selection was made, it remained, regardless of student opinion?

Will the fact that Miss Hurst is a sorority member influence her judgment and fairness as Assistant House Mother?

Is it not a state law that a full-time student in a state college shall not hold a full-time job with that college?

Will Miss Hurst be paid the same salary as Mrs. Taylor was paid?

Was it impossible to find another House Mother when the administration knew of a possible vacancy of that position last year?

How do the parents of the girls and the girls themselves know for sure that Miss Hurst is qualified for this position?

Why were two men, both over 25 years of age and both with military service backgrounds, denied the position of House Father at the TKE House? Are they not qualified to supervise 12 men, when Miss Hurst will have a certain authority over 440 women?

Is it coincidence that the Question and Answer Convocation was held at 10 a.m. and the announcement of Miss Hurst's position was made at 10 p.m. on the same day?

Who knows?

Special Education Assists Handicapped

Representing Glenville State College at the Council for Exceptional Children (Mentally Retarded) at the West Virginia Education Association in Charleston Oct. 16 were Mrs. Rosemary Elswick and Mr. Nickolas Radeka.

Accompanying Mrs. Elswick and Mr. Radeka will be the first two GSC students to do their student teaching in special education: Mrs. Margaret Flanagan Meadows and Miss Roberta Jean Shank. The women attended the meeting for further preparation in teaching the mentally retarded.

Mrs. Meadows is a native of Summersville. She decided to go into special education, "because I have a brother with a crippled hand and I have always been interested in handicapped children". Special Education was the closest thing to aiding the handicapped available at GSC," she added. Mrs. Meadows decided this was the field for her as a freshman, but the course was not offered until last year (1968-69). Mrs. Meadows does not plan to go into graduate work but plans on teaching in the area where her husband serves as minister.

Miss Shank, a native of Charleston, planned to enter special education when the class was first offered at GSC. Miss Shank was previously enrolled in elementary education. "At first, I thought special education classes would aid me in elementary, but after I began, my interest in the subject increased and now I plan to teach in this field. I've always wanted to help people and this is a good chance," she said. Miss Shank feels that a background in special education will provide her with more freedom in the classroom. She is planning to do graduate work after graduation this spring.

Special education is devoted to training students to meet the special requirements of teaching those who are either mentally retarded or the exceptionally bright students.

At the first meeting of Kappa Delta Pi, national honor society in education, plans were made to present two programs this semester, to be given in October and January. The formal initiation of new members and the banquet will be held in December.

Writing Contest To Offer Cash Prizes of \$5000

"Goals for America in 1976" is the theme for the 20th Awards Program of the Freedoms Foundation at Valley Forge. Everyone is eligible to submit his own, or any other person's expression on this theme.

The winners will receive \$5000 in cash awards and George Washington Honor Medals for the themes they have written or produced.

There are six categories that may be submitted: magazine or newspaper feature articles, magazine and newspaper editorials, campus publications feature article, or editorial, radio programs, and books.

All entries must be mailed in to the Freedoms Foundation, Valley Forge, Pa. 19481, not later than Nov. 1. The entries are judged by a selected jury and awards will be presented in Valley Forge on May 1, 1970.

Instructors Entertain French Club Members

Slides of various European countries, such as Denmark, Norway, and England, were featured at the Oct. 7 meeting of *Le Cercle Francais*, French Club. Mr. Douglas Smith showed and commented on the slides.

The constitution committee met and a new constitution was drawn up to be sent to the S.G.A. for approval.

The next meeting of *Le Cercle Francais* was scheduled for Oct. 21. Miss Jean Ellen Virgallito, instructor of English, presented slides at this meeting.

Homecoming is over and we can review the happenings, and some can even breathe a little easier. The weather was nice, the game was good and I suppose people were happy. A few freshmen missed the parade, about 475, but I'm sure they had things to do at home and certainly some needed a rest. Those who stayed were "de-capped" and all of three beanies were flung into the air. The half-time suspension of rules brings an end to Freshman Follies, and I for one hope that they will never be re-initiated. Last week the Secretary of the Student Government Association summoned over 100 freshmen to appear before that body (acting in loco juris) to answer the charges of "not speaking," and "failure to wear beanies." Further noted that the names of those not appearing would be sent to the Dean. I would therefore assume that "Kangaroo Court Contempt" carries with it the most devastating consequences. I feel that this is a gross misvaluation by SGA officers of their duties as prescribed in the Freshman Handbook. I recommend to your reading the first paragraph of that manual.

If Librarian Mr. David Gillispie can do as much for the State of West Virginia as he has done for the GSC Library, then I will support his candidacy for Governor in 1972. "Montani Semper Liberi."

Homecoming 1970 is nearly one year hence, but we're ready. The GSC Homecoming Banner is waving proudly across Main Street, Glenville. Keep up the good work, SGA.

For those of you who missed it, well you know, do your own thing. But indeed, the GSC version of the Viet Nam War Moratorium was a conscientious effort to explore and explain the GREAT ARMED CONFLICT, and was a refreshing plunge into the sea of something. As many of you well know:

For everything there is a season and a time for every matter under heaven... a time for war (the time has come and gone) and a time for peace (which is long overdue).

ing game. Ron Harmon intercepted two Bluefield passes while Mike Devol, Steve Clendenin and John Noland intercepted one each. The defensive front five also did a good job in handling the offensive line of the Big Blues.

The Pioneers' next game will be this Saturday at Rohrbough Field against West Liberty State College. West Liberty has a 4-1 won-lost record, including a 16-0 win over W. Va. State, last year's WVIAC champions.

As a philanthropic project, the pledges will send candy and story books to the Colin Anderson Center in St. Marys.

Marilyn Smith, a senior from Parkersburg, was recently elected to the office of secretary of Greek Council and corresponding secretary for the Ladies of the White Rose.

Another "sister" of ASA, Janet Posey, was awarded a trophy as the winner of the Go-Go Girl Dance contest at a recent Lambda Chi Alpha mix.

This evened the Pioneer record at two wins and two losses for the 1969 season. Glenville scored in every quarter while holding the Bobcats to two touchdowns in the second quarter.

Tom Haught led the scoring for the Pioneers with three touchdown runs. Haught opened the scoring on a nine yard run with 8:02 left in the first quarter. Ray Swisher kicked the extra point. Pete McDermitt passed 12 yards to Mike Roscoe for the second GSC score and Swisher again kicked the point after touchdown. This made the score Glenville, 14 and Wesleyan, 0. Then Wesleyan came back to score two touchdowns late in the second quarter and the halftime score was 14-14.

Sawmill Being Built For Forestry Students

In the near future GSC forestry students will have a chance to learn the basic fundamental operation of a sawmill. The mill was acquired from Army surplus and students are in the process of erecting it near the golf course. Currently students are pouring concrete footers for the foundations.

The mill will consist of a 52 inch circular saw, an edger, and a cut-off saw, all will be driven by electric motors. Hopefully the mill will be in operation by the beginning of the second semester.

Forestry students will have classes in logging techniques and forest products marketing and utilization. From these classes the students will learn the entire operation, from standing trees to sawed rough lumber. At present, logs will be cut on the college farm, but in the future they will be acquired from some other source.

GSC's "Miss Cheerleader" Will Be Chosen On Oct. 24

October 24, the student body will have a chance to 'cheer' their favorite GSC cheerleader in an all campus election. The purpose of the election is to choose a representative for the eighth annual Miss Cheerleader USA contest. Contenders for the campus honor and possible national title are Rebecca Law, Christine Creighton, Patricia Jay, Linda Felton, and Wilma Lake.

Head cheerleader, 19 year-old Rebecca Law is a 5'5", green-eyed, brunette, junior physical education major. Although this is her first year as head cheerleader, Miss Law served as a member of the cheerleading squad throughout last year. Her activities other than cheerleading are Delta Zeta Sorority of which she is assistant vice-president of membership, and the Majors Club. Spare time activities that Miss Law enjoys most are swimming, tennis and cooking. She is the daughter of Mr. and Mrs. Blem Law from Good Hope.

Enthusiasm crowds is 'old-hat' to 20 year-old, junior Christine Creighton. Brown-eyed, brown-haired Miss Creighton was a cheerleader throughout her junior high and high school days, also she has been a GSC cheerleader for the past three years. She is a member of SEA, and her major is elementary education. When she isn't busy practicing cheers, Miss Creighton enjoys her favorite hobbies of sewing and reading. She is the daughter of Mr. and Mrs. Dean Creighton and hails from New Matamoras, Ohio.

Patricia Jay, like Miss Creighton, is not a novice at the cheerleading art. Miss Jay was also a cheerleader throughout her junior high and high school. She was an alternate her freshman year at GSC, and she has been on the regular squad for the past two years. This petite, blue-eyed, strawberry blonde is a junior physical education and library science major. She is a member of Delta Zeta Sorority and the Majors Club. When she has free time, Miss Jay enjoys her

favorite hobby of sewing. She is the daughter of Mr. and Mrs. William Jay from Good Hope.

Green-eyed, auburn-haired Linda Felton is a junior physical education major from Belpre, Ohio. This is Miss Felton's first year of cheerleading, but she is accustomed to the excitement of a good performance. Before becoming a GSC cheerleader, she was a high school majorette for four consecutive years, and she was a GSC majorette her freshman year. In addition to being a cheerleader Miss Felton is a member of the Delta Zeta Sorority and the Majors Club. Her spare time activities include reading and horseback-riding. Miss Felton is the 20 year-old daughter of Mrs. Edward Ramer.

Being the only senior on the squad distinguishes Wilma Lake. Miss Lake will be doing her student teaching second semester in home economics. Besides cheerleading, she participates in Nu Lambda Psi Sorority and Phi Delta Phi. This petite, blue-eyed, brownette was a high school cheerleader for three years. However, this is her first year on the GSC squad. Her favorite hobby of sewing occupies much of her free time. Miss Lake is the 21 year-old daughter of Mr. and Mrs. Russell Lake of Wolf Summit.

Candidates for Miss Cheerleader USA must be enrolled in a college or university in the fall of 1969, and they must be a member of the cheerleading squad. The local winner of this year's contest will submit an entry accompanied by an 8x10 action shot in uniform and a head shot with a negative for each picture to the contest which will be held in Cypress Gardens, Florida. Judges will choose five finalists from the pictures submitted by cheerleaders throughout the United States. The finalists will be awarded an expense-paid four day trip to Cypress Gardens for final competition in December.

Home Ec. Majors Reside In Management House

Six home economics majors will begin their 40 day stay in the home management house on Court Street. Those who will manage the house this semester are Sharon Sumpter Morrison, a senior from Sutton; Linda Boswell, a senior from Flatwoods; Linda Bailey, a junior from Nicue; Beverly Hurst, a senior from Logan; Nena Foster, a senior from Charleston; and Sherri Backus, a senior from Mt. Lebo. The purpose of the stay is to give the girls practical experience in managing a house.

The divisions of responsibility which the girls have decided on include: financial director, dietitian, cook mate, upstairs mate, downstairs mate, and laundress. Each girl will serve in each capacity twice the stay.

Three special activities are required of the occupants while they are in the house. Plans are being made for these activities, one of which will be a buffet.

The girls are under the direction of Miss Elma Woofor, instructor in the home economics department.

On Tuesday, Oct. 7 Mrs. Lillian Chaddock and Miss Elma Woofor, of the home economics department, attended a "welcome aboard" dinner sponsored by the Home Service Department of Hope Natural Gas Company.

The dinner, with the theme "Showboat's a Comin'", was held at the Bridgeport Country Club. Area home economists and school principals attended the dinner given in appreciation for their cooperation with the gas company.

Question, Answer Program Initiated

At 10:00 a.m., on Tuesday, Oct. 14, a convocation program, "What Do You Want To Know?" was held in the auditorium by representatives of the administrative staff. President D. Banks Wilburn, Dean Delmer K. Somerville, Mr. William Osborne, Mr. Beryl Langford, Mr. David Gillespie, Dean Jean S. Wright, and Dean Alfred T. Billips represented the administrative staff.

President Wilburn opened the convocation program by stating that this was the first of two convocation programs on the operation, the future and the shortcomings of the college. The meeting consisted of a question and answer session between students and the staff members.

The following are questions and answers given:

Question: On Accreditation.

Answer: President Wilburn said that Glenville State College was no longer on private probation, probation dealing with the school personally, but had been placed on public probation because of state regulations and laws due to budgeting and local control. The college will be reviewed again within the next three year period.

Question by student: What could be done to continue to be accredited?

Answer: President Wilburn stated

that continued improvement in academic and social standards would help our accreditation. To be removed from public probation changes must be made on state level by legislature and the Board of Regents.

Question by student: What can students do to help obtain more financial aid and support for the school?

Answer: The President said that groups would not be as effective as individual students visiting their local representative to the legislature and telling him about the college's needs.

Question by student: How was the college able to sell bonds to provide money for trailers and for the housing project and yet are not able to sell bonds to build a new dorm for the men?

Answer: The bonds on the trailers are sold at about 6% interest and on housing project at about 5% interest. These bonds were supported by the Glenville State College Housing Corporation, which is made up of faculty and staff members. The dorm bonds were not approved at the same time as the housing bonds. The dorm bonds would be at least 7% interest on a million dollars in the present bond market and this would make it necessary to charge a much increased rate for occupancy in the residence hall. Furthermore, there is no money available to subsidize bonds for building the addition to Women's Hall.

Question by student: Why don't private or independent companies build dorms here similar to the ones at Fairmont State College and West Virginia University?

Answer: Mr. Osborne said that these companies were not interested in small towns. They cannot build on state land; they have to build on privately owned property. President Wilburn and Dean Wright added that revenue also had to be considered.

Question: Library hours on Week-end.

Answer: Mr. Gillespie said that the library was open 80 hours a week. He also stated that the library was opened from 8:00 a.m. to 5:00 p.m. on Saturday. He added that over 100 students are using the library every Saturday in contrast with 8 to 10 students that used the library last year.

Question: On parking
Answer: Dean Billips stated that poor parking conditions were due to the geographical location of land. Additional parking areas will be located around future buildings. President Wilburn sees the only solution to the parking problem is to have each person to pay for a parking spot.

At the end of the session Mr. Langford stated the fact that men on campus must request notification to their draft board concerning their draft status from his office.

Dean Somerville told the students that they need to see their advisors about registering second semester.

Dean Wright stated that the additional wing to Women's Hall would house 350 women. She said that Verona Mapel Hall would remain a honor hall for seniors and juniors with no hours.

Food Committee Meets To Elect New Officers

The Food Committee for 1969-70 met for their first meeting recently. The first order of business was to elect a chairman and a secretary. Dr. Billips was retained as committee chairman and Marlene Parsons was elected secretary.

Discussion was held on the possibility of buying a bread dispenser for the cafeteria. Also, the new china which has been purchased was discussed.

Mrs. Kulp stated that many students are cheating themselves by wasting food. Also, she said that students who are unable to eat because of conflicting classes should see President Wilburn about receiving permission to eat at another time.

The committee is open to suggestions for improvement by the students or by the faculty.
