Pre-Registration Scheduled Jan. 12

The Administrative Council has approved the procedure for advance registration which will be conducted January 12-15, 1970. Students will complete registration including trial schedule and permanent registration forms. Those students who pay their tuition and fees prior to Jan. 31, 1970 will not be required to return to campus for the second semester until Feb. 5, 1970, the day classes begin. Class attendance will be required of all students during advance registration. Students will register during their vacant periods. Registration cards for the first semester will be checked as students enter the registration area. All students must schedule a lunch period (no exceptions). Dining rooms will be open from 11

p.m. to 1 p.m. during the second semester.

Each student must meet with his advisor prior to the week designated for advance registration. He will select courses in which he wishes to enroll for second semester and then complete his trial schedule card. The advisor must check, approve and sign the card.

The student will report to the Ballroom in the Pioneer Center with his advance enrollment card from 8 a.m. to 12 noon, and from 1-4 p.m. on the following dates: seniors with more than 89 hours as of September, 1969 on Monday, Jan. 12; juniors with more than 58 hours as of September, 1969 on Tuesday, Jan. 13; sophomores with more than 28 hours as of September, 1969 on Wednesday, Jan. 14; and freshmen with less than 28 hours as of September, 1969, on Thursday, Jan. 15.

The Registrar will check the card and record on the class rolls the classes for which the student is scheduled. When a class is closed, Dean Delmer K. Somerville will notify the Divisional Chairman, who will in turn notify the advisors.

After the student has been placed on the various class rolls, he will complete his final registration form in the Ballroom, including printing his advisor's name on the final form. The form will be approved by the Registrar and by Delmer K. Somerville, Dean of the College. The student will then report to the Business Manager for the payment of fees. If the student does not wish to pay his tuition during advance registration, he will leave his registration form at the Registrar's Office. However, he may pay his fees during the regular working hours at the Business Office until Jan. 30, 1970. Those students who do not pay their fees by this date will pay their fees as scheduled during the final registration.

The time schedule for seniors who are in the Educational Block and Forest Technology will be announced at a later date.

Black Out Occurs On GSC Campus

On Wednesday evening, Dec. 10, the main cable which carried electrical power to Science Hall, the Pioneer Center, the Robert F. Kidd Library, and President Wilburn's home snapped, thus cutting off the electrical current to these buildings. The loss of electricity, however, was not the major problem created by the broken cable. Approximately 3500 volts of electricity which was still coming through the broken cable became a potential killer to anyone who came within 20 feet of the area. The power was cut off at its source and workmen soon were able to temporarily patch the broken cable. Permanent repairs were impossible because of the amount of water which was present; therefore, there was still a chance that the splice would break before permanent repairs could be made.

According to a spokesman from the College Maintenance Department, it is believed that the cable was damaged by a construction company which had been working in the area of the cable recently. Apparently, the rather heavy rains of the preceding days caused the cable to short out at the damaged point, thus causing the cable to break.

Votes Surpass Record As SGA Increase Fails

In the all-campus election held on Dec. 11, a record breaking vote was made concerning "Operation Entertainment." Two polls were set up in the entrances to the new and old cafeterias where 830 students voted for the increase of \$5 per semester to support "Operation Entertainment." Voting against the measure were 192 students.

However, 793 votes were needed or 50.1 per cent of the student body before the proposal could have been recommended to the Board of Regents.

Although the proposal will not be recommended to the Board, it will become a part of the SGA Constitution since 76 per cent of the students voting favored the measure. It needed to be ratified by only 66 2/3 per cent according to the SGA.

Dr. Wilburn Addresses SGA; Committee Presents Report

Dr. D. Banks Wilburn spoke at the Dec. 11 meeting of the SGA concerning "Operation Entertainment." The proposal, submitted by the Greek Council, asked for an additional increase in fees of \$5 per student, per semester. At the all-campus election, 639 voted favorably whereas 192 voted against making this proposal an amendment to the SGA Constitution. However, Dr. Wilburn had previously sent out a letter to all members of the Student Council stating that he would not present this increase in fees to the Board of Regents: "As you are aware, no changes in student fees may become effective without my recommendation to the West Virginia Board of Regents, and the Board's subsequent approval. Therefore, in order to be assumed that a majority of the student body wishes to have the proposed fees approved for collection by the Business Office, I shall recommend to the Board of Regents the approval of either or both proposed fees only if 50.01 per cent of the eligible voters (full-time students, which is 1587) vote favorably. In other words, 793 students must vote for the addition of the proposed fees." This letter was sent to the Council members on Nov. 17, at the time of the proposed library and activities fees were in discussion.

"Operation Entertainment" has become a part of the SGA Constitution, even though it will never go into effect. Had 793 students voted in favor of the \$5 increase in fees, the proposal would have been submitted to the Board for their approval. Then it would not have gone into effect until Sept., 1971.

Jack H. Albert, Jr. appeared before the Council to submit a report from the Who's Who Committee. Besides relating what was accomplished by the local Committee, Mr. Albert also stated the functions of

the National Committee and recommendations for selecting future members to become members of Who's Who in American Colleges and Universities.

Recommendations are as follows:

1 - Selection of the Committee should be made in the academic year immediately prior to the selection of Who's Who Among Students in American Colleges and Universities nomination.

2 - The students should be juniors during their year of service. This would better prevent a possible conflict of interest.

3 - This Committee should be composed of four (4) students, two male and two female.

4 - This Committee should be composed of two (2) Greeks; two (2) Independents; and one (1) of each sex.

5 - Information blanks for this Committee may, and should be, improved or revised or perhaps even re-written and should be distributed at registration.

6 - A point system should be established to handle campus activities in the event more students apply.

7 - The validity of investigating the academic standing of an individual should be questioned as a prerequisite to selection in this organization.

The Inner-Residence Council submitted its Constitution to the Council and it has been tabled until the next meeting. According to Kenneth G. Davis, President of the organization, "If the students will cooperate, we will be able to have Christmas parties, end-of-the-year parties and things of this nature, and we will be able to obtain more for our money."

Officers of the Inner-Residence Council are: Kenneth Davis, president; Ruth Snyder, vice-president; Melody Johnson, secretary; Emily Warren, treasurer; and representatives, Greg Morgan and Judith Arnold.

OFFICE OF THE PRESIDENT

Dear Students:

As you are now about to leave the campus for the Christmas vacation, I wish you much happiness and joy at this Christmas season, and extend to your families and friends at home and abroad my best wishes.

It seems that the spirit of Christmas should cause us to reflect much upon the many aspects of life in our world today. There are the problems of peace in the world. There is the need to make certain that people everywhere have the privilege of governing themselves as they see fit, and of rearing their families in an environment which will be conducive to an ever-increasing grasp of recognizable standards of worthwhile living. Here at home there must be greater concern expressed in positive action for the poor, for those often afflicted by disease, for the plight of the elderly who too often must live in humiliating circumstances, and for those for whom it seems there are too few opportunities to participate fully in the cultural, educational, and social self-sustaining endeavors that are aspects of the personal aspirations of all persons.

All of these problems should challenge you to be a part of the great positive force of mankind which is required in order to solve these and many more unrecognized problems of the present and the future. Your best chance of being able to accept the challenge is to make certain that you secure now the best possible preparation during the years that you are at Glenville State College. This must be your first concern. It must be revealed through your eagerness to learn, to question your own ideas, those of your fellow students, and of the faculty. You must be willing to accept new ideas about your worth and that of those around you. You must learn to test that which seems new in order to gain security in recently acquired ideas. This must be if your educational endeavors are to cause you to become the kind of men and women who can accept the challenge of today and tomorrow in the spirit of Christmas.

You often say, "What can we do now to make the spirit of Christmas become a reality?" The community Christmas tree on the campus, the party for underprivileged children, and other expressions of generosity and love are most commendable and efforts in a positive direction. But why not seek now, the remainder of this year and next year, to make the spirit of love become a reality everyday? This, you are able to do if you just look around. Why not find a child or youth who needs tutoring in order to succeed in school?

Scores of students here in College are not succeeding with their studies. They, however, wish to succeed very much. If they do not receive assistance, they may be denied the opportunity which you have. Why, then, not find a fellow student who may have a better chance to succeed because you are giving assistance? Why not make student activities in drama, music, and other cultural activities available to children and youth throughout the year?

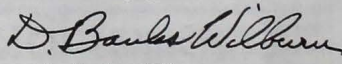

Dress rehearsals surely may have audiences if it is not possible to provide an additional performance.

Why not find groups of children and youth in the community who need a planned recreational program, and provide it? Why not find elderly persons who may, because of some assistance which you may be able to give them, have brighter days throughout the year? These are only several among many actions which you may take to make the spirit of Christmas live everyday in your life and the lives of others.

Just a personal remark in conclusion. May you, this Christmas season, give more than a casual thought to those friends, relatives, and thousands with whom you have had no acquaintance who are in your midst and in far distant places performing many kinds of tasks, the objectives of which are to bring a better way of life, including human dignity, to more and more people.

Best Wishes for the Christmas Season.

Cordially yours,

D. Banks Wilburn
President

Have a good Christmas, and may the snows of heaven blanket your backyard. May the true spirit of Christmas fill your heart and mind and not just your stomach.

And may Santa Clause take a back-seat this year and may the Star of the East not brilliantly glow over the commercial crystal of cities.

May Jesus somehow be allowed to break through the tinsel trappings and golden wrappings of this year's neon Christmas.

As we commemorate the birth of Jesus this December 25, let us also remember and honor the teaching of this man of most common origin. This most different man, with long hair, and beard, and a robe (probably not a Brooks Brothers of Rome), taught uncommon ideas, and ideals, love, peace, and human harmony.

Yet when his teachings alarmed men in the hierarchy of the Structure, he was crucified. And we celebrate his ascension into heaven as Easter. He promised to come back again and rumor has it that he will still be teaching love, peace and human harmony. PAX.

Rumor has it that Mr. Nick Radeka got car-sick Tuesday morning while in search of a campus parking spot.

OVERHEARD—"According to the cartoon on the bulletin board in the Pioneer Center, 'Who's Who' carries a lot of weight."

'Under Milk Wood' Billed For January

The Glenville State College Theater will present its' first production of the year on Jan. 7, 8 and 9. *Under Milk Wood*, a play by Dylan Thomas, has often been called a play for voices. Each member of the cast portrays several different characters in the production. These characters range from prostitutes and bigamists to children. Members of the cast are: Kenneth Coleman, Trava Dotson, John Ditlow, David Grapes, William Lewis, Julia Murin, Anna Phillips, Judith Shumaker, Darrell Wilmoth, and Betsy Wingfield.

Dylan Thomas completed *Under Milk Wood* one month before his death in 1953; and, consequently, there was no time for final revision of the text. Thomas, however, had worked on the manuscript since 1943 when it began as a short broadcast talk about a small Welsh sea-side town. Deciding to attempt a work of the same kind of background, Thomas first visualized *Under Milk Wood* in the form of a stage play, then a comedy in verse, and finally a radio reader's theater play. On the afternoon of the first performance of Thomas was returning to his hotel to rewrite the second act when he was waylaid by a friend who took the always willing Thomas on an extended pub crawl. Beating curtain time by only a few minutes, Thomas typed the revised Act Two as the audience was being seated.

Under Milk Wood is Thomas' outpouring of love for small Welsh towns and the imagination and insight of their inhabitants. The play concerns itself with the conflict between the eccentric, strong-willed individuals who represent the best of the free spirit of Llaregub, Thomas'

representative town, and the supposedly sane persons who sacrifice themselves to the outside world's notions of conformity.

The play begins with the dreams and ghosts of the before-dawn sleepers, moves into the hurly-burly realities of their day, and closes with the rain of dusk which brings on the bawdy night. Throughout this imaginative evocation of life in Llaregub, Captain Cat, the blind sea-captain, serves as eyes and ears for the audiences own realization of Thomas' world.

Curtain time for the play will be 8 p.m. Admittance will be by ID cards.

Veterans Must Report Address To Post Office

The Veterans Administration would like to advise all veteran students enrolled under the G. I. Bill at Glenville to make arrangements with the Post Office to forward their checks during the Christmas vacation. This should be taken care of before the vacation break starts in order to benefit both the students and the Veteran's Administration. This will ensure prompt delivery of their checks. If these checks are undelivered they will be returned to the Treasury and cause further delay in their delivery.

G-Club Proposes Plan

This year at the WVIAC conference tournament each school will have the opportunity to raise money for the conference. The G-Club is trying to raise money to donate from Glenville State College.

The idea is for the G-Club to get 100 signatures from students here at Glenville. Each signer promises to pay \$2 for the signature. The names must be turned in by Jan. 5.

Judy Lathey Returns From 4-H Congress

Miss Judy Lathey, a 19-year-old elementary education major from Leart returned Dec. 4 from a week's all-expense paid trip to Chicago. Miss Lathey was awarded the trip to the National 4-H Club Congress when she won the state 4-H Club style review held at Jackson's Mill in August.

Twenty-eight 4-H state winners from different areas of competition accompanied Miss Lathey to Chicago. The National 4-H Club Congress consisted of 1,602 4-H winners from the fifty states and Puerto Rico.

Miss Lathey stayed at the Conrad Hilton Hotel during her week in Chicago along with other members of the Congress. Delegations representing Missouri, Puerto Rico and Wisconsin stayed on the same floor as Miss Lathey's delegation. Miss Lathey commented that she made many new friends and met a lot of wonderful as well as famous people during her stay in Chicago.

Some of the highlights of the Congress included speakers such as Ken Curtis (Festus on 'Gunsmoke') and Clifford M. Hardin, Secretary of Agriculture. Members of the Congress were also treated to several tours through places such as the Museum of Science and Industry and the Field Museum of Natural History, and they were entertained by such celebrities as Arthur Fielder and the Chicago Symphony Orchestra, the accordionist from the Lawrence Welk Show, "The Establishment," and "The Brothers and the Sisters."

The Grand-Ballroom of the Conrad Hilton set the stage as Miss Lathey modeled a white dacron coat and dress ensemble in the Dress Review competition with fifty other girls on Dec. 2. She commented that modeling before the delegation did not make her nervous at all, and that she enjoyed every minute of her trip.

The Simplicity Pattern Co. sponsored Miss Lathey's trip. She has been involved in 4-H Club work for the past ten years, and she has completed a wide range of projects. On campus, Miss Lathey, daughter of Mr. and Mrs. Adrian Lathey is historian of SEA, member of the collegiate 4-H Club, and former member of the concert choir.
