## Students Await Speech Festival

Several GSC students will participate in the State Speech Festival at Jackson's Mill, April 23, 24, and 25. The purpose of the festival is to allow state students to compete in speech events and to exchange ideas concerning speech and drama with students from other West Virginia colleges and universities.

During the three day festival, competition will be held in the following areas: oratory (persuasive speaking), oral interpretation (prose and poetry), radio announcing (readings), extemporaneous speaking (current events), drama (one act plays), and a debate will be presented concerning the topic, "Resolved: that the Federal government should grant annually a specific percentage of its income tax revenue to the state."

A drama workshop will also be held for the first time this year during the annual festival. The workshop will deal with technical theater and acting techniques.

Students who have already expressed interest in attending the festival in the various divisions include: oratory—Donna Needam, whose topic is "Need for Greater Censorship of Pornography;" Drama—John Ditlow in *Krapp's Last Tape* by Samuel Beckett; poetry interpretation—Sherry Erwin; prose interpretation—Darrell Wilmoth and Michael Ireland who will compete locally to determine who will participate in the state contest; radio announcing—David Grapes, Michael Ireland and Buddy Griffin who will also compete locally to choose which will go to state competition. Students representing the debate division include Patricia Wilmoth, Mary Cunningham, Mary Walters and Jim Balogh.

Mr. Ralph Kornegay, instructor in social studies, and Mr. James Murphy, instructor in speech, will supervise the debate and radio announcing section. Mrs. Judy Curtis, assistant professor in speech, will coach oratory and oral interpretation.

Any other students interested in competing who have already entered the different divisions should see Mrs. Curtis as soon as possible. All entries must be in by April 13. Students interested in attending the drama workshop should also see Mrs. Curtis.

Competition of the local entrants will be Monday, April 13, at 4:00 p.m. This local competition will determine which students will represent GSC at Jackson's Mill.

## Music Faculty Members Will Present Recital

Mr. Brian Bevelander and Miss Bertha Olsen of the GSC music staff will present a piano duet recital next Monday, April 13, 1970 at 8 p.m. in the College auditorium.

Compositions originally composed for one piano, four hands, by Poulenc, Schubert, Beethoven and Faure will be presented. All are invited. There will be no admission charge.

### CANCELLED

Due to the speaker's request, the regularly-scheduled lecture, "LSD and the Psychedelic Syndrome" has been cancelled. It was previously scheduled for 8 p.m., tomorrow night in the auditorium and featured Dr. David E. Smith, Medical Director of the Haight-Asbury Medical Clinic in San Francisco.

Dr. Lawrence Nuzum

## Lawrence Nuzum Speaks At Kappa Delta Pi Banquet

Kappa Delta Pi, national education honorary fraternity, will have Dr. Lawrence Nuzum as its guest speaker for its banquet Friday, April 10, at 7 p.m. in the College Cafeteria.

Dr. Nuzum is a professor of Education at Marshall University. He received his A.B. degree in mathematics and physical sciences from Fairmont State College in 1934; his M.A. degree in administration and supervision, and physical sciences from West Virginia University in 1939; and his Ed. D. degree in administration and supervision, curriculum and instruction, and teacher education in 1959.

From 1950-1958, Dr. Nuzum

served as treasurer for Phi Chapter of Kappa Delta Pi and has been counselor for that chapter since 1958. For his outstanding service, he was awarded the Kappa Delta Pi Honor Key by Phi Chapter in 1969.

In addition to his membership in Kappa Delta Pi, he is also affiliated with many other national associations including Association for Student Teaching, West Virginia Education Association, and National Education Association.

Before the banquet there will be a spring initiation ceremony at 6:30 p.m. in the Multi-Purpose Room. Names of the initiates will be released in a later issue.

## Administrators Discuss Programs; Very Few Students Attend Meeting

Seven administrators were ready to answer student's questions Tuesday morning, March 31. An audience of forty attended with their questions.

The seven administrators were: Dr. D. Banks Wilburn, President of the College; Dr. Delmar K. Somerville, Dean of the College; Jean S. Wright, Dean of Women; Dr. Alfred T. Billips, Dean of Student Affairs; Beryl Langford, Registrar; William Osborne, Business Manager; and David Gillespie, Librarian.

Dr. Wilburn commented that students must not think the administration has much information to give or the students did not need much information when he saw the audience of approximately forty. He also commented that he wanted better communication with the students and faculty.

One student requested information about summer school. Dr. Somerville answered this question. Summer school schedules are ready and are available to students. Summer school is nine weeks and the average load is nine semester hours. Students with a B average or better, or senior who will be graduating at the end of the summer term may carry ten or eleven hours.

Another student asked if there would be a Fine Arts Center at GSC sometime in the future.

Dr. Wilburn stated that there was a

list made here as to priority and when it was made GSC requested \$4 million for an Academic Center for science, music, and art. The Board of Regents only had so much that they could give, so GSC was only awarded \$2,100,000. A heating complex was requested to provide heating and cooling for the new wing on Women's Hall and the science building. A new science building is next but it is not known when the money will be available. The new science building will have a large lecture room not only for science but which could also be used for fine arts classes.

Someone asked about the problem of not being able to get state cars when one is signed up for a car.

In answer to this, Mr. Osborne commented that it may be necessary to have forms to be used for the signing out of state automobiles. It was mentioned that sometimes a switch is made with respect to whoever is making the longer trip.

It was asked whether or not plans were being made to change the calendar for next year.

It is presently being discussed by the faculty and the administration. There is now some data processing equipment on campus and if this could be used for grade reporting and registering then possibly the calendar

(Continued on Page Two)

## Annual Band Concert Tour Begins Through Three States

One week from today the GSC band will begin its annual concert tour. The band will be on tour from Wednesday, April 15 to Sunday, April 19. Performances are scheduled in southwestern West Virginia, Kentucky, and Ohio.

The first tour performance will be at Spencer High School in Roane County. From Roane County, they go to Mason County, where they will perform at Wahama High School. Point Pleasant High School, also in Mason County, will mark the band's last tour performance in West Virginia.

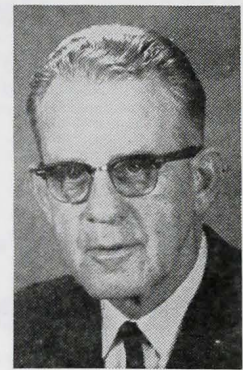

The band then will travel to Catlettsburg, Ky. After their Catlettsburg performance, they will travel to Coal Grove, Ohio for their final tour performance. While in Ohio, the band members will attend a concert in Cincinnati by the Cincinnati Concert Orchestra.

A variety of numbers will be done by the band. Three solos are included in the program. These solos include Will Piggott playing trombone accompanied by the band, Mike Barnhouse playing the piano accompanied by the band, and the percussion section accompanied by the band. While on tour, the band will also do a Tone Poem, a Spanish March, a contemporary piece, and a folk legend overture.

The contemporary piece to be done by the band was written by

Paul Wheor, a well-known band composer. Mr. Wheor is on the Marshall University faculty. The folk legend ballad was written by Jim Andy Caudal, a member of the Pikeville College faculty in Pikeville, Ky.

All programs presented by the band will open with the National Anthem.

Mr. Walter Gumbel

## Mr. Walter Gumbel Will Speak April 15

On April 16, Mr. Walter C. Gumbel from Fairmont, West Virginia will speak to students at Glenville State College. He will speak to Biology 101 and 102 classes and all other interested students in the auditorium at 8 a.m. The mayor of Glenville and members of the Town Council will attend the lecture, as well as townspeople and others who are interested.

Mr. Gumbel has been conservationist for Monongahela Power Company since 1946. His duties involve the promotion, development and coordination of water and forest conservation practices among agricultural, industrial and urban groups. He also supervises Monongahela's Street Fee program.

He is a graduate of Pennsylvania State University and has served as County Agricultural Agent, Rural Organization Specialist and Extension Soil Conservationist for West Virginia University. Prior to assuming his present position, he was State Conservationist for the Soil Conservation Service in Pennsylvania.

He served as president of Soil Conservation Society of America for 1961 and in 1962, was awarded the Louis Bromfield Gold Medal Award "for success in inspiring others to do something about the conservation of land, water, and man." He presently is serving as a member of the State Water Resources Board.

Since 1952 Mr. Gumbel has received the Award of Fellow from the Soil Conservation Society of America. One year later he received Honorary Life Membership from the West Virginia Soil Conservation Districts Association. In October, 1956, he was recognized for an outstanding article by the *Journal of Soil and Water Conservation*. The President Award was presented to him in 1961, by the Soil Conservation Society of America. The West Virginia Garden Club recognized him through the Meri-

## '... And the Band Plays On'

Dear Editor:

Recent letters might convey a mistaken impression of attitudes within the Department of Music.

Music faculty and students were indeed disappointed at the minimal attendance for Sunday's Band Concert. Similar feelings arose during the Tuesday and Friday events. It is understandable, however, that students would be very selective after two such exciting weeks of basketball.

The band will continue to participate in athletic events as long as "Dr. Dollgener and his boys" feel that it can make a contribution. The band is there for the same reason as the other students; to support our team. While it may be considered passe in many areas of life today, music and athletics are still founded on loyalty and responsibility. Dr. Dollgener, the involved coaches, and the athletes do thank us for appearing at their events. Members of our fine basketball team have frequently expressed appreciation to the band.

As regards the cultural activities, eight faculty members regularly attend concerts, recitals, plays and art exhibitions. Of these, three are athletic faculty. I would consider this a pretty high percentage. The day has long passed, if it ever existed, when athletics could be considered neanderthals. There is no reason to make culture and athletics mutually exclusive, and they are not on this campus. There are, in fact, physical education students in the band.

I do not want to discourage the young man who wrote in support of the Band. We need many more such avid supporters. However, his anger was, in this instance, misdirected.

David E. Harry, Chairman  
Division of Fine Arts

## 100-Year-Old Poem Has Modern Ideas

I sit and look out upon all the sorrows of the world, and upon all oppression and shame,  
I hear secret convulsive sobs from young men at anguish with themselves, remorseful after deeds done,  
I see in low life the mother misused by her children, dying, neglected, gaunt, desperate,  
I see the wife misused by her husband, I see the treacherous seducer of young women,  
I mark the ranklings of jealousy and unrequited love attempted to hid, I see these sights on the earth,  
I see the workings of battle, pestilence, tyranny, I see martyrs and prisoners,  
I observe a famine at sea, I observe the sailors casting lots who shall be kill'd to preserve the lives of the rest,  
I observe the slights and degradations cast by arrogant persons upon laborers, the poor, and upon Negroes, and the like;  
All these — all the meanness and agony without end I sitting look out upon,  
See, hear, and am silent.

—Walt Whitman

Is there anything really unique about the above poem? Not really. It could have been written yesterday; yet, the thoughts in it were expressed about a hundred years ago. The lyrics of Whitman's poem are quite universal and timely. Injustice is still a ubiquitous theme.

We have not, yet, removed "the working of battle" and the "degradations cast by arrogant persons upon laborers, the poor, and upon Negroes, and the like." However idealistic these accomplishments might seem, we are still looking upon the "sorrows of the world" and are "silent." Instead, we should expel apathy and become involved in the elimination of "oppression and shame."

—Keith Boyles

Mr. Toth

## Services Held For Mr. Toth On Thursday

"He was a loyal son, faithful husband, loving father, and a dedicated teacher" were the sentiments expressed by Dr. A. T. Billips and echoed throughout Glenville since word was received of the death of Frank Toth. Mr. Toth died on Monday afternoon, March 30, after undergoing surgery at West Virginia University Hospital, Morgantown.

Mr. Toth was well liked by all who knew him. Students will long remember the fairness and patience he displayed throughout his teaching career. A graduate of Man High School, Glenville State College, and West Virginia Tech, Mr. Toth also attended Marshall, Tennessee, Southern Illinois and Ohio Universities. He was also a veteran of World War II. In 1960 he joined the Glenville faculty as associate professor of science.

While at Glenville as a student, he became the first member of Theta Xi fraternity and the first student manager of the Pioneer Center student union. As a member of the faculty he served as treasurer of the alumni association, general parade chairman for '69 Homecoming and on the Teacher Education Committee and Faculty Welfare and Academic Freedom Committee.

As a hobby, Mr. Toth raised chinchillas including prize winners. He also served as president of the West Virginia Chinchilla Association.

Mr. Toth is survived by his wife, Charlotte; a son, Phillip, and a daughter, Anita, both of the home.

Funeral services were held Thursday, April 2, at the Spurgeon Mortuary. Rev. Edward Bayer and Dr. A. T. Billips, dean of student affairs at GSC, were in charge. Burial was in Meadow Lane Cemetery. Classes were dismissed at Glenville State College for the funeral services.

## Co-Chairman Thank MD Contributors

A total of \$313.87 was collected for the Muscular Dystrophy Association of America. We want to extend our warmest appreciation and thanks for all those who were volunteers and those individuals and organizations who donated money.

The sisters of Alpha Sigma Alpha and Delta Zeta Sororities and the fraters of Tau Kappa Epsilon worked through the day and night of Saturday, March 14, collecting money for this worthwhile fight against muscular dystrophy in Spencer, Grantsville, and Glenville. A Special thanks goes to the WGSC radio station for the telethon they conducted and the time and effort they put forth.

Rita Buchanan and Diane Christo  
Area Co-Chairman for Muscular Dystrophy

## Spring Fashions Colorful, Varied

According to releases on Paris fashions in *Vogue* magazine, hemlines are at your own discretion, girls. The word is "experiment", do your own thing. The colors match those of the rainbow: "violets, apricots, crimsons and ivory." Most popular color is violet matched with crimson. There is much revealed in evening wear, slinky fashions with shoestring strapped shoulders, patches of material covering the "bare" facts. Vinyl is being used for spring and summer with the "correges" look popular. Raincoats are matched with tall, kooky boots vinyl bikini sun-outfits with long jackets that just barely cover and form-fit boots that fit just so. The tailoring is great with attention given to the feminine curve. Makeup is pale and subtle - a return to nature. From Hollywood as indicated the *Journal*, sleep gowns as patio or evening dresses, the new thing is also pajamas in all fabrics for all occasions. Also there are bikinis that double as lingerie. Life reports designers seem to be favoring midi look. One man's opinion of new skirt lengths "The Midis remind me of old flannel nightgowns." This comment was made by a congressman, "I sort of feel momentary regret for the passing of a golden age."

In Chicago a girl in a micro-mimi becomes the style I'll commit suicide or murder. I'll stay out of the stores for four years if I have to."

## Convocation Held

(Continued from Page One)

would be changed. If possible second semester of the 1970-71 school year will be moved up. Then by the year 1971-72 a regular academic year would be set up.

The question was raised as to what construction is next to the college farm. This construction is the new Forestry Building. The next question was how in a year and a half a new Forestry Building is being built and why not some other building such as a new home management house which has been needed for some time.

Since the Board of Regents was established there has been a concern for the number of programs at our colleges and the number of duplications, commented Dr. Wilburn. The Board has been informed that when the new wing on Women's Hall is built the home management will have to be torn down.

The money for the heating complex and the Science Building come from a cash accumulation interest and on bonds.

Dr. Somerville commented that there are classes meeting on Tuesday morning between 9:30 and 11:00, and that there are to be no classes at this time. On Thursday morning classes may meet, but not on Tuesday.

Vickie Smith

## Vickie Smith Is Contestant

Vicki Smith, a 5-6 brunette from French Creek, W.Va. will compete for Miss GSC on May 7. Miss Smith has entered comical singing as her talent.

Miss Smith is an Alpha Sigma Alpha pledge. Sewing and knitting are among her list of hobbies, and she has a deep interest in children, accounting for her major in elementary. She also has an interest in motorcycles and golf.

Miss Smith has had no previous experience in a pageant. She is now a member of girls' choral union.

## Gumbel Will Speak

(Continued from Page One)

torious Service Award in 1961, and in 1963 he was given a Degree of Honorary State Farmers from the Future Farmers of America. The State Soil Conservation Committee awarded him in 1965 with a Recognition for Service award. He also received the Governor's Award for Conservationist of the Year. He served as editor of *Journal of Soil and Water Conservation* from 1947-1957.

Mr. Gumbel is a member of these organizations: West Virginia Department of Education; Northeastern Forest Research Advisory Council; Soil Conservation Society of America; West Virginia Chapter of the Nature Conservancy; and Epsilon Sigma Phi. He is the director of the West Virginia Forest Council.

## Vocal Group Scheduled

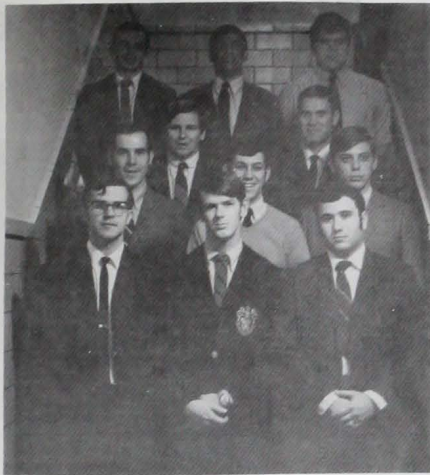

Eight exciting male voices, The Corman, will be featured on Thursday, April 16, at 8:00 p.m. as a part of the GSC Convocation-Lyceum Series. Under the director of singer-director Terry Danne, the group will present music from the songs of the 18th century to the theater songs of the 60's.

The Corman, highly skilled and polished male voices, brilliantly directed, and drawing from a repertory that encompasses three centuries and at least a dozen nationalities, will provide an incomparable evening of musical delight. Admission will be by I.D. cards in the auditorium.

## April Activities

April 10	Delta Zeta Mix, 8-12 p.m., Ballroom.
	Ed. Dept. Head Start, 9 a.m.-3 p.m. Ballroom.
April 13	Faculty Piano Recital, 8 p.m., Auditorium.
April 16	Lyceum-Vocal Concert, 8 p.m., Auditorium.
April 17	Lambda Chi Alpha Mix, 8:30-11:30 p.m., Ballroom.
April 18	Lambda Chi Alpha Dance, 9-12 p.m., Ballroom.
	Band Festival, 8 a.m.-5 p.m., Auditorium.
April 24	Theta Xi Mix, 9-12 p.m., Ballroom.
April 25	FAO Social-Dinner, Dance, 5-12 p.m., Multi-Purpose Room, Ballroom, New Cafeteria.
April 26	Mari Akagi-Piano Recital, 8 p.m., Auditorium.
April 27	G. E. D. Test, All day, Louis Bennett Lounge.
April 28	G. E. D. Test, All day, Louis Bennett Lounge.
	Science Club Movie, 3-11 p.m., Auditorium.
April 30	SEA-FTA Conference, 9 a.m.-2:30 p.m., Ballroom.
	Drama Dept. Play, 8 p.m., Auditorium.

Fellowship of Christian Athletes includes from left to right, Darriet Atkins, Bill Jones, Frank Marcinko; second row, Terry Taylor, Don Puckett; third row, Dick Werry, Coach Summers; and fourth row, Don Swisher, Mike Roscoe and Mark Smith.

## Baseball Season Will Open With Wesleyan Tomorrow

The GSC Baseball Pioneers will finally open the 1970 season tomorrow at Buckhannon against West Virginia Wesleyan in a double header. The game will begin at 1 p.m. Coach Miliken's club has been rained out in two previous attempts to open the schedule at home.

First on March 25, a double header with the Thundering Herd of Marshall University was postponed because of rain and wet grounds. This contest was scheduled for a later date but that was scrubbed because of wet grounds. These two games have now been cancelled.

Alderson-Broadus College was to invade on April 2 and again the weather man refused to cooperate as this game was postponed for the same reasons, rain and wet ground. This game has been rescheduled for April 15.

The home opener is now set for

Saturday April 11, with West Virginia Tech furnishing the opposition in a double header to begin at 1:00 P.M. Tech opened against Morris Harvey last Saturday and came away with a 3-1 victory missing a shut out in the last of the ninth when Morris Harvey scored their only run.

## Robinson Honored

Glenville's Jackie Joe Robinson along with four other WVIAC players received honorable mention recognition on the 1969-70 NAIA All-American basketball team.

Other members of the elite group from this conference include Spike Conley, Morris Harvey; Wayne Denham, Fairmont State; Tim Floyd, West Virginia Tech; Andy Jennings, Alderson Broadus.

## Red Devils Lead League

The Red Devils remain as the only undefeated team of the 30 teams participating in the intramural league. The Theta Xi Animals and Faculty I follow them closely with only a single blemish while supporting seven victories apiece.

Coach Carney expects to finish up the seasonal schedule this week and begin tournament play as soon as possible.

The records of each team are listed below according to flights.

I	W	L
Red Devils	8	0
Fire Dogs	5	4
6 Pack + 2	5	4
Faculty I	7	1
Portnoy's Complainers	1	7
High Ballers	1	7

Beer Brothers	4	5
Born Losers	3	5
TKE III	0	8
Boogierhole All Stars	6	2
TX Greeks	6	2
TX Spastics	5	3
Lambda Chi Alpha	7	2

## Powder Horn

By Butch Hays

We all know who the basketball players are and most of us know the football team. Even the men who compete with the baseball team are familiar faces on campus. This is all well and good that we recognize these people and reward them for their efforts and successes in their athletic endeavors.

We would like to take this opportunity to pay tribute to a small segment of our athletic corps which is not well known but who work as hard and as long to gain success in their fields. These men are the GSC bowlers and golfers.

The bowlers have given GSC her second conference championship of the 1969-70 sports season. They have worked hard and long to attain their goals. One plateau was reached when they won the state. The next step is the nationals and they have an excellent chance for success in Kansas City.

How did these champions do it? The bowlers started in November in the WVIAC postal league, bowling as many as forty games a week in league play and practice. They won the season championship with a 17 - 1 record. Now they must compete in a roll-off against Lynchburg and the University of North Carolina for the right to represent this area in Kansas City. The WVIAC has represented this area for the past seven years and we see no reason to stop now. So to Al Malone, Lynn Dawson, Wally Kesling, Steve Poling, Dave Grapes, and Ron "Candy" Sams we say congratulations and don't stop now.

The golfers of Coach Tim Carney are another hard working group. People look at golf and those who have never tried it think that its an easy game to master or that its stupid to hit a little white ball, chase it over hill and dale just to hit it again. Take it from one who knows, it isn't easy and it is not stupid. The seven men competing for the five spots on the golf team can be found out on the Glenville golf course seven days a week, rain or shine getting in their eighteen holes of "cow pasture pool."

Nothing can be more miserable than playing golf on a wet cold day and only the hardest, most dedicated individuals will even make the effort. This spring has been worse than most for bad golfing weather but our linksters have been out every day that the snow hasn't been too deep.

We wish Coach Carney and his team the best of luck in this weather-cursed season and sub-seventy rounds to Dan Wilson, Wayne Mencer, Charles Carpenter, Mike Rust, John Wymer, Jim Garrett, and Jim Willison.

**CAP & BALL DEPT** Spring football practice starts in May and this would indicate that Coach Carney and Coach Miliken should take lessons from Coach Hanlin when it comes to scheduling athletic activities. Coach Lilly and "Doc" Dollgener laugh at the weather. Basketball and bowling are played inside. Rain does hamper Coach Lilly's gardening efforts though. The West Virginia Tech Raft Regatta is to be held this month. Does GSC have an entry? With all of this rain, the water should be good for oil drums and other contraptions that float, sink or otherwise travel down the Kanawha.

Dr. Dollgener's keglers finished first in the W. Va. conference and will compete in a roll-off for the right to represent the district in Kansas City.

## State Bowling Title Goes To GSC Team

Glenville State College breezed by the other conference teams in winning the state conference bowling championship this past week-end at Oak Hill, W. Va.

Dr. Dollgener's keglers posted a very impressive victory in winning thirteen of fourteen matches in the two day tournament. The Pioneers finished 573 pins ahead of their nearest rival Fairmont State. The Pioneers had a combined team of 13,943 as compared to Fairmont's 13,370. Concord, West Virginia State, Morris Harvey, Beckley, and Shepherd followed respectively in the final team standings.

The high game in the tournament went to Gene Stone of Morris Harvey who rolled a 266. Stone also had the high series with a score of 2,735. Glenville's Lynn Dawson finished second with a score of 2,701 and team-

mate Al Malone was third with a score of 2,690. Other individual scores of Glenville team included Wally Kesling with a 2,608, Steve Poling 2,605, Dave Grapes 2,514, and Ron Sams 2,374.

Al Malone of Glenville was chosen bowler of the year. The Pioneers had three members of the eight all-conference bowlers. The representatives from Glenville were Al Malone, Lynn Dawson, and Steve Poling. Other members of the all-conference team include John Brown, Fairmont, Andy Bosso, Concord, Gene Stone, Morris Harvey, Chris Cutting, Morris Harvey John Creaturo, Concord.

Glenville will compete in a match this week-end to determine who will represent this area in Kansas City during the first week of May. The Pioneers will be bowling against the University of North Carolina and Lynchburg College located in Lynchburg, Va.

Dr. Dollgener says the team has been averaging a 193 score and if they bowl that well this week-end they should emerge victorious. He says North Carolina and Lynchburg usually carry a 183 to 185 average which is well below the Glenville team average. Dr. Dollgener also said that the team has been working hard since November with Kansas City in mind because they only lost the title last year by only 15 pins and were determined to win this year.

If Glenville wins the area play-off this week and goes to Kansas City this will be the first time a Glenville athletic team has gone since 1942. Trophies won are now on display in the gameroom.

## Seven Players Vie For Golf Positions

Golfing Coach Tim Carney has announced that seven players are competing for five positions on the Glenville State College golf team.

The seven players who are sparring for a position are: Dan Wilson of Parkersburg who is a transfer from Beckley and averaged 74 in last year's state tournament; Wayne Mencer who was the number two man last year; Coach Carney says he is capable of shooting in the low 70's; Charles Carpenter of Ellenboro who played third and fourth man last year; Mike Rust of Herbert Hoover High School where he was number one man last year.

John Wymer, the only non-West Virginian on the team who was number five man last year; Jim Garrett, a freshman from Point Pleasant who Coach Carney feels is capable of making one of the positions on the team; and Jim Willison of Sistersville who has laid out two years and is attempting to make the team this spring.

## Three Football Recruits Accepted For Admission

Coach Hanlin has announced that Tom Harvey of Bridgeport High School, Fred Le Master of Magnolia High School, and Kenny Morrison of Lewis County High School have been accepted for admission and will participate in football at Glenville State College.

Harvey plays offensive tackle and defensive end. Coach Hanlin says that he has the size, ability and intelligence to be a real fine college student and football player. Harvey weighs 206 lbs., is 6 feet tall and made All-Big Ten and All-County as a senior.

Le Masters is 190 lbs. and is 5 ft. 10 in. tall. Coach Hanlin says he has the ability to be an outstanding football player. Le Masters held down the halfback position during his senior year at Magnolia.

Morrison who is an end and line-backer weighs 185 lbs. and is 6 ft. 1 in. tall. Coach Hanlin believes that he has the size and desire to make a real good football player either offensively or defensively.

## Weekend Football Clinic Slated For April 10-11

Coach Hanlin has announced that Glenville State College will be host to a football clinic this weekend, April 10 and 11 at the Physical Education Building.

The clinic is open to all present football players of Glenville and all former Glenville State College football players. The speakers at the clinic will include such Glenville Alumni as Coach Frank Vincent of Charleston High School, Coach Ron Rice of Handley High School in Winchester, Va., and Coach Dick Ware of Point Pleasant High School.

Downtown Glenville

Tekes and Theta Xi's are shown during the recent cemetery clean-up. This is similar to activities of the planned Public Service Weekend.

## Fraternity Fraters Plan Public Service Weekend

The fraters of Tau Kappa Epsilon are making preparations for the National Public Service Week-end, April 25-26. The men will sponsor a playday for elementary students from Glenville and the surrounding communities. This playday will be held in the Gilmer County High School Gymnasium with the fraters and members of the Order of Diana supervising the activities. The members of the Order of Diana will also serve lunch to the children. Another project which the TKE's are planning for that week-end is either the washing down of Main Street in downtown Glenville or repairing to the banks of the new road near the Phys. Ed. Building. The PSW Committee has contacted the State Road Commission for possible assistance with this project.

On April 18, the fraters will manually pull a bathtub from Glenville to Parkersburg to collect funds for the March of Dimes. This trip will set a new international record for bathtub pulling, covering a distance of approximately 65 miles. This will be covered by the area news media.

Plans are also in the making for the 37th annual Court Ball which is scheduled for May 9. The "Satisfied Mind" have been contacted to play for the event.

The fraternity has organized a new committee called the Executive Committee which has the task of preparing the agenda for the meetings and carrying on of official business of the fraternity. Also, the Content Committee has been reorganized and is responsible for the initiation of guest

speakers to meetings and other occasions. At recent meetings President Wilburn spoke to the chapter on "The Value of Fraternities to the GSC Campus," and Mrs. Jean Wright, Dean of Women, spoke on "The Responsibilities of Being a Man." The purpose of these guest speakers is to give the fraternity men a more general awareness of their roles in life.

## Lambda Chi Alpha Takes Active Role

Lambda Chi Alpha has enjoyed a short but fast-growing existence, which began with the forming of Omega Kappa Phi on March 19, 1968. The purpose of the new fraternity, as stated in its Constitution, was "to provide... an outlet for academic, culture, social, and service-oriented interest..."

Omega Kappa Phi quickly became one of the most active Greek organizations on campus. The brothers successfully competed in Greek league bowling and basketball and began to sponsor major social events, the first being the Nog Ball. Omega Kappa Phi was also the first on campus to enter the annual oil drum regatta sponsored at West Virginia Tech. In the fall of 1968 Omega Kappa Phi's float tied for second place in GSC's homecoming parade.

That same fall the brothers of Omega Kappa Phi received a letter from the field secretary of Lambda Chi Alpha, who expressed his desire to meet with the brothers to discuss their progress since his previous visit in March 1968 and to examine their qualifications and possibilities of becoming a colony of Lambda Chi Alpha.

On March 15, 1969 Omega Kappa celebrated its first birthday in the Cloud Room at the Charleston airport with a banquet and ball. The brothers and their dates were presented brandy snifters embellished with the Omega Kappa Phi coat-of-arms. During the celebration they were informed that the Grand High Zeta of Lambda Chi had met and approved the colonization of Omega Kappa Phi to Lambda Chi Alpha. On Sunday afternoon, May 25, 1969, the brothers were formally initiated as a colony by the ritual team from Zeta Zeta Zeta, Marshall University.

Since colonization, the brothers have enthusiastically tackled their objective—that of obtaining full chapter status. In less than ten months, the colony has completed all of national's stringent requirements except two, membership and ritual equipment. With final purchases of ritual equipment and the boost of the two pledging periods, which now total twenty-two associate members, the achievement of chapter status will soon be a precious reality.

Smiles, tears and happiness filled the room as the presentation of the official charter of Delta Alpha Chapter of Sigma Sigma Sigma sorority culminated nearly two years of working toward this reality on Saturday, April 4, May, 1968 saw the formation of a third sorority at Glenville State College. Twenty-four girls and two advisors met and formed the local sorority, Nu Lambda Psi. After a year and a half of work and growth, the members decided they would petition Sigma Sigma Sigma national sorority. On November 21, 1969, the first step was taken on the road to national sisterhood with the acceptance of Nu Lambda Psi as a pledge colony of Tri-Sigma. The official pledging ceremony was held on January 10 and with it a period of learning the traditions and ideals of Tri-Sigma began.

During the next three months the pledges worked diligently, hopefully awaiting their initiation into the Sigma sisterhood. On the weekend of April 2-5, the dream was finally realized.

On Thursday afternoon the collegiate members of other chapters in West Virginia began arriving. The first chapter delegation to arrive came from Gamma Tau chapter at West Virginia Institute of Technology. Thursday evening the pre-initiation ceremony began the weekend of activities. Initiation for each girl was held throughout the day on Friday. It was easy to point out the new Tri-Sigma's as they were initiated because they emerged with a big smile and shiny indented triangle badge—the symbol of their vows of sisterhood.

During the day, the sisters from Psi chapter at Marshall University in Huntington and the sisters from Beta Delta chapter at Shepherd State College at Shepherdstown, W. Va. arrived, bringing with them the warmth of sisterhood that pervaded the entire weekend.

The delicious chicken dinner on Friday evening was furnished and prepared by the alumni members and patronesses of Delta Alpha Chapter. The final activity of Friday evening was the presentation of a skit night by the new Tri-Sigma's for their visiting sisters and national officers.

Saturday morning began with the initiation of the forty-ninth and last charter member of the Delta Alpha Chapter. Following officer conferences, the last pledge class served a buffet lunch to the sisters of Delta Alpha and the installation team. During the afternoon the installation of officers was held, installing as president, Susan Morrison; vice-president, Joyce Savage; recording secretary, Janet Alkire; corresponding secretary, Jill Coleman; treasurer, Janice Judy; and Keeper of the Grades, Jayne Beer.

The climax of the entire weekend came in the formal and impressive Installation Banquet held at 6:30 on April 4 in the new cafeteria. Among the guests for this event were President and Mrs. Wilburn; Dean of Women, Jean S. Wright; and the national officers and collegiate members of the installation team. The toastmistress for the banquet was Miss Iris Hudson, a 1969 graduate of Marshall University and last year's recipient of the Mable Lee Walton Leadership Award. Letters of congratulations were read from Greek organizations on campus, collegiate and alumni chapters of Tri-Sigma all over the United States, and an especially treasured note from Miss Mable Lee Walton, President Emerita of Sigma Sigma Sigma. President Wilburn spoke on the role of Greek organizations on campus.

Judy Arnold, immediate past president of the Glenville Tri-Sigma's, revealed the establishment of an annual award, presented to a member of the Delta Alpha chapter who has made the

greatest contribution to the sorority and who embodies the spirit of Tri-Sigma. This first award was presented to Miss Lana Turner, the first president of Nu Lambda Psi local sorority.

Miss Susan Morrison made the presentation of the Delta Alpha doll to the installing officer, Mrs. James F. McIntyre. This doll, made by the last pledge class and dressed in a mini-skirt and maxicoat, will be placed in a special corner of our National home, the Mable Lee Walton House in Woodstock, Va., along with dolls presented by every other installed chapter of Tri-Sigma.

The most dramatic point of the evening came when the installing officer, Mrs. James McIntyre, read the charter of Delta Alpha Chapter and presented it to the president, Susan Morrison. As a surprise to the national officers, the alumni presented a petition for a Tri-Sigma alumni chapter in Glenville. It will become the fifth such chapter in West Virginia.

Several gifts were presented to Delta Alpha chapter during the banquet. Among these were a complete silver tea service given by all the collegiate and alumni chapters in the central East region; and engraved silver tray, presented by Psi chapter at Marshall; a decorative purple glass vase presented by Gamma Tau chapter at W. Va. Tech; three decorated purple pillows and a scrapbook for the lounge from Beta Delta chapter at Shepherd College, and a goblet from Alpha Kappa chapter at Fairmont State College.

Dinner music for the banquet was furnished by Mr. Wayne Matthews at the piano. The banquet was ended as all Tri-Sigma's stood to sing "Stately and Royal."

Sunday began the last day of the weekend activities. The Tri-Sigma's attended the Trinity Methodist church as a group on Sunday morning. The final event was the reception for the new Tri-Sigma's, held in the Multi-Purpose Room from 2:00 until 4:00 p.m.

The members of the installation team were: the installing officer, Mrs. James McIntyre, a member of Sigma Sigma Sigma's executive council who serves as editor of the Tri-Sigma magazine, *The Triangle* from Pine Bush, N. Y.; Mrs. Harry P. Lehr, the National Extension director from Muncie, Ind.; Mrs. Jeremiah E. Halbert, Regional Extension Chairman for the North East Region from Flushing, Mich.; Mrs. David Sprague,

Mrs. James McIntyre

Regional Extension Chairman for the North West Region from Fort Wayne, Ind.; and Miss Iris Hudson. Other members of the installation team were the collegiate members from Psi, Beta Delta and Gamma Tau chapters of Sigma Sigma Sigma.

With its installation on April 4, Delta Alpha became the 72nd chapter of Tri-Sigma in the United States. It is the first chapter of the Delta role. Miss Linda Dorsey, National traveling secretary will be staying several days to help the new chapter begin efficient operation.

The 49 charter members of Delta Alpha chapter are: Collegiates—Janet Alkire, Judith Arnold, Jeanie Beachler, Jayne Beer, Kay Bickel, Sue Bumgarner, Jill Coleman, Melanie Devol, Lois Gill, Cathy Gumm, Cathy Hoffman, Melody Johnson, Janice Judy, Peg Kirby, Anne Knap, Juanita Miller, Susan Morrison, Julia Murin, Lucy Nakoneczny, Sharon Neely, Rosemary Phillips, Joyce Savage, Linda Scarles, Lora Weaver, Polly Wince, Marjorie Craddock, Darling Dye, Kathie Fox, Judy Jordan, Jenny Pitzer, Cathy Rader, Susie Siers, Bev Wood, Jeannine Worstell, and Mary Margaret White; Alumni—Norma Jean Barnett, Phyllis Lamm, Genevieve McDaniel, Mary Ann Osborne, Marilyn Phillips, Fraya Pugh, Gayle Strain, Lana Turner, Mary Alice White, and Susie Wolford; Members of the Alumnae Advisor Board—Sandy Cones, Diane Smith, Ruth McCreary, and Henrietta Miller.

## Theta Xi Conference Is Weekend Event

It has been announced by Tom Lyons that on April 11, Kappa Eta Chapter of Theta Xi fraternity is expected to send 20 brothers to the Third Annual Regional Conference in Huntington. The meeting will be held for three days.

Kappa Eta Chapter is an affiliate of Region Four, which contains chapters from both West Virginia and Pennsylvania.

The conference provides a forum for the discussion of fraternity problems and is a reservoir of informed opinions concerning fraternity matters. It is a vehicle for joint action in protecting and promoting fraternity interests, and is an important instrument for developing cooperation among chapters and the colleges of which they are a part.

Kappa Eta hopes that many new ideas will be brought back to the chapter in order that Theta Xi fraternity will help to enrich Glenville State College and the surrounding community in the upcoming year.
