Advance Registration Dates Are Released By Langford

Mr. Beryl Langford, registrar, has announced the schedule for advance registration for the fall semester of 1971. Advance registration will be conducted on May 17, 18, and 19, 1971. Students will complete registration including both trial schedule and permanent registration forms. Class attendance will be required of all students during advance registration. Current registration cards will be checked as students enter the registration area. All students should schedule a lunch period, as the cafeteria will be open from 11 a.m. to 1 p.m.

Each student must meet with his advisor during the week of May 10 to 14. He will select the courses in which he wishes to enroll for first semester and complete his trial schedule card. The advisor must check, sign and approve the card.

The student will report to the ballroom in the Pioneer Center with his trial schedule card from 8 a.m.-12 noon, and from 1-4 p.m. on the dates as follows.

Seniors—those with a minimum of 90 semester hours at the end of this semester: Monday, May 17, 1971.

The registrar will check the cards and record classes on the proper class rolls. When a class or a section of a class is closed, Dean Delmer K. Somerville will notify the Divisional Chairman, who will, in turn, notify advisors in their division.

After all classes have been recorded on the various class rolls, the student will complete the final registration form before he leaves the ballroom, including printing his advisor's name on the final form, the same as shown on the trial schedule card.

THE ISSUE AT HAND

WILL HIGHER FEES
WIPE OUT THIS PROBLEM?

Student Expresses Dismay Concerning Fee Increase

Dear Editor:

As an out-of-state student (northern Ohio) I was quite interested in the latest article in the *Mercury* concerning the increase in fees for all students. The approximately \$342.00 increase per year in fees for out-of-state students was met with some dismay as I perused the paper from a favorite reading spot.

However, on close examination of some of the surrounding conditions, obvious reasons for the fee increase were found close at hand, so to speak. It has been the complaint of many of the men's dormitory residents that the quality of the toilet tissue has gone steadily downhill in recent weeks. I have not conferred on the matter with any of the female residents on campus, but knowledge of the standardization of supplies at GSC leads me to believe that such is the case all over the Lighthouse on the hill. At any rate, I would tentatively place present supplies in a category reserved ordinarily for crepe paper. As a matter of fact, the individual roll wrappers are in great demand, for they are currently acclaimed as being softer than the actual toilet tissue they enclose.

As I have mentioned, quite a few of the residents are "sore over the matter" of fees increases, but in the light of such obvious need for better supplies, most are realizing that they might be quite a bit more "sore" (if I may attempt a joke) without the lack of adequate funding. I rest my case. The evidence lies in the hands of all the residents.

GSC Baseball Team Commended For Appearance, Manners, Etc.

Dear Dr. Somerville:

While dining at the Bonanza in Charleston this past Saturday, we had the pleasure of meeting your college baseball team. We were so impressed with the appearance, manners and conduct of these young men that we felt we should let your college know what a fine group they have to represent them.

We are sorry we do not know the name of the gentleman who took time to stop and talk with us. We would appreciate your relaying the message to him and his teammates that they gained five loyal supporters that day. The coaching staff is to be commended for the fine job they have done too. We all wish each of these lads success in both their baseball games and careers.

Literary Society Meets May 16

Catcher in the Rye, by J.D. Salinger, will culminate the series of discussion held by the Literary Society this year. Leading this final confab on Sunday, May 16 at 3 p.m. will be Frank Pfaff; Julia Murin, vice president; and Michael Ireland. Miss Murin will also provide refreshments. The meeting will be held in Old Louis Bennett Lounge.

Catcher deals with two days in the life of Holden Caulfield, who has run away from his prep school just before the start of the Christmas vacation. Unwilling to go home, he drifts about in New York, getting himself into a series of wryly humorous adventures. The sophistication and amazing, but credible, articulateness of this slightly unbalanced adolescent uniquely convey contemporary youth's dissatisfaction with adult society.

An election of next year's officers will be a part of the regular business session; these officers will, in time, meet to decide the works to be considered for next year.

Tom Jones Show Booked July 16

Tom Jones will appear at 8:30 p.m. in the Charleston Civic Center on July 16. Jones, whose recording of Paul Anka's "She's A Lady" has topped best selling lists around the country, is bringing a big show for the local date, including the Blossoms, vocal trio; Pat Henry, comedy star; Johnny Spence, his personal musical director; and the 30-piece orchestra, the Jeff Sturges Universe.

Jones has been the recipient of awards ranging from "Entertainer of the Year" (bestowed by the world-famous Friars Club) to "Most Magnetic Male," bestowed by the Hollywood Bachelorettes Society. Along the way he has sold millions of records, and has been called "number one singer in the world" by no less an authority than Frank Sinatra.

Tickets for the concert of the decade are available at the Civic Center office and all National Show ticket outlets.

Mr. Ratliff Addresses Ohio Mummer's Guild

Mr. Gerald Lee Ratliff, instructor in English and Speech, addressed members of the Mummer's Guild, honorary dramatic fraternity, of the University of Cincinnati May 7 as part of their cultural exchange program.

Mr. Ratliff presented selected scenes from his arrangement of "William Shakespeare: A Man For All Seasons" which will be presented on the Glenville State College campus May 19-21, and read "The Polemics of Effective Public Speaking Implemented By The Use of Music and Pantomime," a paper which he developed in Speech 101 and read at the national convention of the Speech Association which met in New Orleans this past December.

S.U.P.E.R. Meeting Is Scheduled for Thursday

In The Groove

by Dave Grapes

Album of the Week

It would seem probable, that a group that has been together as long as the Rolling Stones have, would have in some way changed their sound or style. However, Richards and Jagger think not. For after 15 million selling albums and as many seller singles, the group is basically unchanged, and their new album "Sticky Fingers" proves it. They still have that same brash funky blues sound that has made them famous. I am sure that there will be many people who buy the album strictly for its unusual cover, but even if that is the case they will not be disappointed in its contents. The best cuts are "Brown Sugar" and "Wild Horses." This is sure to be gold number 16 for the English group.

Record News

James Taylor has released his third album. It is entitled "Mud Slide Slim and the Blue Horizon."

Many people have asked me what the most valuable singles are, so I did some checking and found a few. Original copies of Bing Crosby, Bill Haley and the Comets, "She Loves You" by the Beatles on the Swan record label also a copy of Sgt. Pepper on the Parlophone label, and one of the most sought after records of all time an original copy of "Angel of the Morning." If you have any of these records, hang on to them as they might really be worth something in a decade or two.

Coaches shown informally discussing strategy for the coming football season include head coach Bill Hanlin, coordinator Earl Adolfsen, and offensive line coach, Bob Summers.

Down On The Corner

Merger....

News was released this weekend of the possible merger between the National and American basketball leagues. I am at a loss when it comes to this act. All that remains for the merger to be a reality is the approval of Congress. In one way I am in favor of this because the league will be great again. There will be no more of the college raidings if the merger goes through. However, on the other hand I think the ABA was much too inferior a league to play the brand of ball the NBA plays. It is also the ABA that has everything to gain.

Just my imagination....

I watched the middleweight title fight this week-end between Carlos and Nino Benvenuti. Monzon is the former champion. The first round of the fight was slightly won by Benvenuti. The second was Monzon, who sent Nino to the canvas once. The third round began and Nino was again sent to the canvas. (It appeared that he was pushed down rather than knocked down). Nino quickly jumped up and then I witnessed my most unbelievable moment in sports. Benvenuti's manager threw in the towel, which automatically ended the fight. I still can't believe it. How can a title fight end this way? Benvenuti clearly was not hurt and he admitted it. I feel that the fight could have gone for the full 15 rounds. There was little boxing, it was mostly rough-house tactics on the part of both fighters. It did not look championship from the start and certainly the finish should be classified as Bush. I have been associated with boxing most of my life and always felt that if you could not go the distance in a fight you should be counted out by the referee, but never beaten by throwing in a towel. Monzon will

now be forced to fight former champion Emile Griffith and you can best believe that Emile will not throw in the towel.

Rags to Riches...

The Glenville State Baseball team has completed its season and was very successful. The Pioneers battled for the Southern Division crown and the race went to the wire. At this point of the season last year, the Pioneers were glad it was over after experiencing a terrible season.

Above all—Keep that good attitude.

Cheerleader tryouts are scheduled for Thursday, May 20, 1971. Practice will be held in the gym at 4 p.m. beginning Monday, May 10, for all girls interested in trying out for the squad.

Only students presently enrolled at GSC may register May 17, 18, 19 for the fall semester. Others who wish to enroll must wait until regular registration in August.

The Glenville State College Housing Corporation will have a limited number of mobile homes available for rent to married students for the 1971 Summer School session. For additional information contact: Mr. Robert Gainer, Room 102, Pioneer Center.

Several Three-Year Lettermen Return For Spring Football Practice At GSC

Spring football began here with a real bang Saturday. The Pioneers had a short practice in pads and tennis shoes, and in the gymnasium. The practice field was all but washed out by the rain, but the gymnasium filled in capably.

The Pioneers have made a few changes this year both offensively and defensively. However, they will feature much the same look as last year. Several three-year lettermen will be back to lead the Pioneers. They are co-captains Clyde Stepp and Steve Stoffel, offensive tackle Craig Lipscomb, middle linebacker Carl Williams, and defensive tackle Gary Jones. Providing the Pioneers with hustle, desire, and determination is two time letter winner, guard Harland (Tarzan) Spencer. Other two year lettermen are halfback Carl Alloway, wide receiver Ran-

dy Modessitt, defensive tackle Bob Lipscomb, and outside linebacker Steve (Padre) Clendenin. Of course not to be overlooked is last year's All-Conference defensive back, Scotty Hamilton. An often overlooked, but never forgotten player is Glenville's very talented place kicker, Ray Swisher.

Quarterback is the spot that has the spot light at the moment and the Pioneers have two capable performers. Ed Suddath has come out of semi-retirement, (Suddath served as a student assistant two years) and gives the Pioneers a very knowledgeable quarterback. Randy Jeffries is back again for the third go-round. Jeffries served as Pete McDermitt's understudy two years and has the experience as well as a much improved throwing arm.

The Glenville coaching staff is led by head coach Bill Hanlin. Coach Hanlin has gone into spring ball very eagerly after spending all winter plotting, planning, and scheming his new strategy. Coach Earl (Whitey) Adolfsen is back once again as the defensive coordinator. Coach Robert Summers will again be the offensive line coach, while a newcomer to the football staff, head baseball coach, Jerry Milliken, will coach the defensive secondary. Student coaches are Mike Smith and Frank Marcinko. Student managers will be Doug Hozelton and Bill Nicholson. The trainers will be Darrell Atkins who is back on the tape brigade for the third year and Greg Nicholson who stepped up to train this year after two years as student manager.

The Spring drills will conclude on May 22, 1971.

Warm-up exercises take precedence in Spring Football practice as the players get in shape under the coach's supervision.

Passing the ball seems to be the order of the day while the practice hours get longer, the day grows hotter, and the season closer at hand.

Fall Semester's New Classes Include Human Ecology Lectures, Discussions

A new course entitled Human Ecology will be offered this fall. The course number will be Biology 350 and the credit will be two hours. Objectives of this new course will be to gain an awareness of the possible effects man's numbers and his style of living will have on his environment, and of course, on man himself. A basic knowledge of the interrelationship of man and his environment is something everyone, especially prospective teachers, should possess.

The course content will consist of one lecture and one discussion section per week. Lectures will be given by people from participating departments and divisions, and by guest speakers. Specific content will be population structure limits of the earth, food production, environmental threats to man, optimum population, birth control and population control, dealing with leisure and discussions on social, economic, and political changes necessary for man to live in harmony with nature.

Some speakers and proposed topics for the new course are: J. A. Chisler-'The Role of Glenville State College in Preparing Teachers in the Issues of Human Ecology'; R. D. Deal-'Food Production'; R. J. Phi Delta Phi Club Attends Convention

Members of Phi Delta Phi, Glenville State College home economics club, attended the West Virginia Home Economics Association Convention in Charleston, May 1. The organization participated in the State Scrapbook competition and won first place. The members are quite proud of their scrapbook and blue ribbon. Any interested persons may review the scrapbook in room 100S.

Theme for the college chapters this year was "Growth in Child Development." To carry out this theme the GSC chapter has been collecting coupons and mailing them to the Crossnore School for Needy Children in Crossnore, N.C. Phi Delta Phi also presented a display at the State Convention showing what the home economics program at Glenville State College provided for students in the area of child development. In this display much emphasis was placed on the nursery school and kindergarten activities provided here on campus.

Schedules Require Free Choir Hours

Since the main choral ensemble at Glenville is the Concert Choir, a group decided upon by audition, students should keep their schedules free at the appropriate time, if they desire to audition, according to Mr. James Baldwin, director.

Auditions will be held in the Fall, most likely during the first week of classes. Upon passing the audition, they merely add the course to their schedule.

It is most important, then, that the following time slot be left open: Mon., Wed., Fri., 12:00-12:50; and Tues. and Thurs. 12:30-1:20. Rehearsal is four times per week on days which present the least conflict.

The Women's Chorus, which meets Tuesday, 6:30-8:20 p.m., requires no formal audition. Any girl interested in singing should sign up.

Littered Walks Are Signs Of Student Apathy At GSC

by Karen Brady

Much has been written and said during the past year about apathy on Glenville State College's campus. I feel that there could be no greater sign of apathy than litter on our sidewalks, pop cans in our windows, and the sight of so much of our campus population wandering around in blissful peace, with little or no concern about what those radical alarmists call "environmental problems."

We as students need to be aware and make others aware of what we are doing to our environment everyday. What would our campus look like next week if our custodians would all take a week vacation? Litter is often not noticed until it is not picked up for a while, and is allowed to pile up.

But even though garbage is kept out of our way, temporarily at least, it is not far away...just out Mineral Road. Many students probably graduate each year and do not know it is there...or even that Mineral Road is there! The people who live on Mineral

Road know it is there, every one of them. Ask any one of them where the cans and bottles, you discarded last week are this week, and they'll tell you they lie at rest in a great ravine...right in their back door!

"Out of sight, out of mind..." not necessarily so. An authority on GSC's campus estimated that Glenville State College uses some 120,000 or more cans of pop each year in its vending machines alone. The next time you drink a can of pop, and toss the can somewhere, think about it. That can may still be there when your children are in college, as well as some 2,399,999 cans along with it.

Dr. D. K. Somerville Elected Chairman

Dr. Delmer K. Somerville, Dean of Glenville State College, was recently elected chairman of the West Virginia Advisory Council on Teacher Education and Professional Standards. This Council is a representative body of professional educators which serves in an advisory capacity to the West Virginia Board of Education through the State Superintendent of Schools. It provides professional opinion and advice to the Board or Superintendent on matters submitted for the purpose by them and makes recommendations concerning teacher education programs and standards.

Dean Somerville has been a member of this group since 1953. He stated that "the most significant work of the Council during this period was the complete restudy and revision of teacher preparation programs in the college during 1960-1965."

Mr. Beryl Langford, Glenville State College Registrar, is a current member of the Council as a representative of the West Virginia Association of College Registrars.

KERR COMPOSES POEM TO COMMEMORATE YEAR

Mr. Carl Kerr, associate professor of English and French, may likely be called "GSC's poet laureate." Upon the request by Dean Delmer K. Somerville, chairman of the Centennial, Mr. Kerr wrote the official Centennial poem, "A Poem Written on the Occasion of the One Hundredth Anniversary of the Founding of Glenville State College."

Mr. Kerr's poetry has won him several prizes including first prize in the West Virginia Poetry Society. Some of his poems have been accepted for inclusion in *Extension*, an anthology of avant garde poetry, and in the *Bulletin of American Association of University Professors*.

Mr. Kerr has also published two books of poetry, *Homages* and *Myriad Abode*.
