Graduation! Time Of Reminiscence

An editorial should be a current thing. It should be dynamic, clear, original. It should explain, interpret, and/or state an opinion of current news. And it should never, never be sentimental.

But, it's graduation! Everyone is leaving! Where are they going? Do they know? Come back! Do you remember when...no, that's no good, go on, leave. An editorial must never be sentimental.

You have jobs, homes, families, waiting for you away from this "Campus among the maples." You have a new life out there, and this is a part of your past now. Funny, isn't it? You are part of the history of Glenville State College, and Glenville State College is a part of your history. "The moving finger writes, and having writ, moves on." There are other things to go into Glenville's history, and other things to go into yours. May Omar Khayyam's "moving finger" write only good things in your history.

The tapestry of your life is on the loom. Threads of it often seem to lead nowhere, or to be going in a senseless direction. But someday you shall see how this thread of Glenville State College fits into your tapestry of life. And may it be a wonderful tapestry, with a rich design, and a beautiful silver thread called Glenville.

I shall not say "remember when," for no two of you will hold dear the same memory. I shall not say "see you later," for not all of you will be back for alumni banquets or visits or anything. I shall not say "goodbye," because we might indeed cross paths, again, somewhere in the future. I shall not say "think of Glenville," for that is only a poor disguise for living in the past.

What is there left to say? Be wise, for you alone decide what the "moving finger" writes. Be careful, for threads break, and many a tapestry has been left unfinished. And this above all: "To thine own self be true," and everything else will fall into its proper place.

THE WHITE HOUSE
WASHINGTON

TO THE 1973 COLLEGE GRADUATES:

I am inclined to be sparing with words of congratulations, advice, and challenge to this year's college graduates, for you hear more than enough of them at commencement time, and you are eager to turn from words to action.

From early childhood, for the most part, the classroom has been your world. Now the world becomes your classroom. The education you have gained so far is precious capital. As you invest it in the service of mankind, it will continue to grow and pay you rich dividends.

Your opportunities for service and achievement are wide. For the first time in your lifetime, the world is on the threshold of an era of lasting peace. The United States is astride with the forces of a profound renewal -- social, economic, political -- and reaching for new possibilities in its third century of independence.

The coming age will belong to you. America is grateful for what you are, and much in need of what you can become. I wish you Godspeed on the great adventure that lies ahead.

GSC To Offer Two-Year Assoc. Science Degree

Beginning in June 1973, Glenville State College will offer a new Paraprofessional Education Program. This two-year terminal program leads to an Associate in Science Degree.

The 64 credit hours comprising the Paraprofessional Program for Teacher Aides have been selected to afford the student a beneficial combination of theoretical and practical course work. Upon completion of the program, the student will have received adequate background and experience to function effectively as either a clerical or instructional aide in the public schools. The program is designed to accommodate the professional interests of the student in that he may concentrate on becoming an early childhood, elementary, or secondary school paraprofessional.

The new offering in Paraprofessional Education will be of interest not only to those prospective students aspiring to become paraprofessionals in education, but also to those persons presently employed as teachers aides who wish to upgrade their employment status. A unique feature of this new program is that the course requirements leading to the Associate in Science Degree may be readily applied to the four-year Baccalaureate Degree if the student should later elect to seek a teaching degree.

Frosh Orientation Week Features Picnic & Band

Freshman Orientation week will start Aug. 19. Dr. Alfred T. Billips is preparing a schedule of activities for the freshmen that he hopes will be enjoyable as well as beneficial. He has asked that the Student Congress help in planning a picnic on Verona Maple Lawn. The Student Congress is hoping to have a band on the Verona Maple porch for entertainment. Instead of having the usual organization booths in the ballroom Student Congress is considering having the booth outside with the picnic.

The residence halls will be closed on Saturday, May 12 at 5:00 p.m. and will be opened for Summer School on Sunday, June 10 at 12:00 noon. The residence halls will be opened for Fall Semester 1973-74 on Sunday, Aug. 19 at 9:00 a.m. (Freshman Week Activities) with regular registration being held on Thursday and Friday Aug. 23 and 24.

THE 1973 GLENVILLE STATE COLLEGE BASEBALL TEAM

Have You Heard?

by Mike Rust

I would like to congratulate Coach Milliken and his baseball squad for sweeping their last two games of the season. It could not have come at a better time for it marked the first time in quite a while that the Pioneer batsmen have defeated the Fairmont Falcons in a twin bill. Four seniors ended their college careers. They are: Ken Swisher, Rob Church, Dallas Walen, and probably one of the best ever to play the game here at Glenville State, Jim "Turk" Garnett. The team ended the season with a 5-7 record.

Former Glenville State College football star Tommy Haught has been named head football coach at Tyler County High School. Haught had been head basketball coach at Doddridge County.

West Virginia State won the WVIAAC track championship this past weekend. The Yellow Jackets had a team total of 170 followed by West Liberty, 124; Fairmont, 94; West Virginia Wesleyan, 74; Shepherd 34; Salem 16; and Alderson-Broadus 12. Glenville State will be competing in track next season. Coach Hanlin will be in charge.

This ought to make Dr. Dollgener smile, Willie Carsten 17, of San Francisco, bowled successive perfect 300 games last Sunday.

Another interesting sports note happened in Boston. In an unbelievable golf feat, playing partners William Cole and Mike Blaze got holes-in-one

on a par 3, 180 yard hole.

Kevin Joyce, Olympic star from the University of South Carolina was arrested Tuesday and charged with possession of marijuana and amphetamines.

Warren Wells, former Oakland Raiders' wide receiver, has been arrested for investigation of public drunkenness, disturbing the peace and residing arrest after an apparent verbal run-in with two police officers in a Berkeley California restaurant.

Mark Harmon, who quarterbacked UCLA to an 8-3 record last season, broke his collarbone in a spring scrimmage. Coach Pepper Rogers said he expects Harmon to be ready by fall.

Four former sports greats have been inducted the West Virginia Sports Writers Association hall of fame, including 12 time state amateur golfing champion Bill Campbell.

Other inducted at the group's annual Victory Awards Dinner Sunday were George Cafego of Oak Hill, former football star at the University of Tennessee, and long-time high school coaches Clay "Mud" Hite and Arthur H. Clyde, both honored posthumously.

Bob Wilson of Glenville has been named to the All-Conference golf team. Wilson finished third in the

conference tournaments with rounds of 74 and 80.

Alpha Sig

Celia Rose McCoy and Sandra K. Bowling were initiated into the sisterhood of Alpha Sigma Alpha, April 26, at 6:30 a.m. Pat Burrough's is the new ASA scholarship chairman.

The ASA sisters had a banquet May 3 in the multi-purpose room. The mother patronesses were invited and ideal pledge was announced.

The sisters will be selling different items at the annual Folk Festival held in Glenville this summer.

Lambda Chi

The brothers of Beta Beta Zeta were visited by Eric Hackenson traveling secretary, who came to discuss a summer rush program with the brothers.

The brothers took part in the annual Tech raft race last weekend and placed sixth.

The brothers graduating are: Bill Webb, Joe Parton, Jim Bennett Dale Cox, John McKinney, Bob Childers, Larry Legg, Bob Suski, Randy Gregg, Steve Brown, Mike Bennett, and Roger Turner. Brother Chuck White will be attending West Liberty State College in the fall with brother Daniel Taylor assuming the duties of High Beta.

The brothers would like to take this opportunity to wish everyone a safe, prosperous and pleasant summer, and will see everyone in the fall.

Soc. Service Study Added

Glenville State College will implement a new two-year program in Social Service Technology beginning in August 1973. Students are now being accepted for admission into the program.

Students completing the two-year curriculum will receive the Associate in Science degree. This course of study will prepare students as Social Service Technicians who would qualify for work in a variety of agencies which provide social services to the community.

Graduates would be prepared to work as assistants in social welfare agencies, municipal recreation programs, social development projects, church-sponsored youth programs and other private or public projects of a human welfare nature. They would also be prepared to continue their education, if they so desired.

Those persons wishing to enroll in the program or desiring additional information should contact the Office of Admissions at Glenville State College.

Correction.

Mrs. Bessie Bell Scott was not a member of the 1923 Glenville State College graduating class as was erroneously stated in last week's Mercury. She graduated in 1908.
