### Winter Convention Held For WVSEA

The West Virginia Student Education Association Winter Conven-tion-Workshop was held October 11-13 at Millsop Center at Bethany College. Delegates from Glenville were Chuck Julian, Shelia Young, and Jackie Barrett, alternate. Davis and Elkins, Shepherd, State, Bethany, Fairmont, and West Virginia Univerwere also represented.

Mr. Robert Lindsey, Jr., superin-

tendent of Brooke County schools and treasurer of the West Virginia Education Association, spoke to the delegation on teacher preparation on Friday. A role-playing activity later in the day illustrated the channels local chapters can follow to initiate new policies and encouraged leader ship qualities.

Of special interest was the arrival of the "Magic Bus" - an innovative learning station on wheels. This rennovated school bus is a state Ohio Student Education Association project, and is also supported by the national association. Two Kent State students lead a tour of the bus and showed related slides and transparencies. The "Magic Bus" houses various audio-visual aids. Ohio Student Education Association members from Ohio colleges and universities can u the bus for tutoring and expanded classroom experiences at elementary

schools. The bus exposes the younger children to new media and experiences and gives the OSEA members early teaching experiences.

Saturday the delegates unanimously passed a resolution to sup-port the West Virginia Education Association in its stand to demand its staff members to abide by its mandates. Also, Larry Messner of She-pherdstown was elected president-

### **Unanswered Letter Leads Students** To Doubt Justifications Involved

Around the first of October of this year I received a letter from a concerned instructor who applied for a teaching position at Glenville State College. He applied for this position not from a bulletin or letter written to him but he

rned of the vacancy from a friend, who was a former instructor at GSC. In this letter, the writer was somewhat concerned because he had written the college twice and has yet to receive an answer. His explanation for not receiving a reply was due to the fact that Mr. X was black. The word black itself creates a problem, let's say, in itself because as far as I know and records show, there have been no black instructors here at Glenville State College.

Mr. X also made the statement that he believed that Glenville State College did not care to have any black, qualified instructors teaching at GSC. Another point brought out was that Mr. X understood there was quite a bit of trouble at Glenville, which was blamed on the black students.

From my position as a black person and president of the black'organization on campus, I have heard of no problems of which Mr. X speaks. This is one section of the letter with which I do not agree. His last statement was "I do not expect a reply to this letter because you have been so inconsiderate thus far, I expect you to be even more biased and racist in your dealings with

blacks.

As I looked into the problem further to find an answer as to why the letter wasn't answered and I found myself questioning Mr. C, the head of the department involved. I was very shocked after talking with Mr. C.

My first question when found with Mr. C, was why the letter written by

Mr. X wasn't answered. Mr. C replied that the letter wasn't answered because it was unsolicited, which means, no one has sent a letter or notice to any college, hometown or school where Mr. X lived or worked and asked for an instructor to contact Glenville if they were qualified to teach this certain

When asked, seeing that the person was black and no black instructors were at GSC, wouldn't this have given you even more incentive to write Mr. X and at least inform him that the position was filled. His reply was, "the letter was unsolicited and I have one to two hundred letters in my files that are unsolicited," and he wouldn't answer them because if all his time were spent answering un-solicited letters, he couldn't have time to teach any of his classes.

Mr. C made it quite clear that I had no authority to come in his office and question judgement or whatever like an FBI man. At this point he proceeded to ask me who I was to come into his office and ask him this type of questions. My reply was rather simple, I told him I was so and so, and was representing myself, the black group on campus and the entire student body

When I asked him exactly when the person's letter or application who now fills the vacant position had been accepted, this is when all broke loose. His first reply was, "I don't think that's any of your business."

Inst reply was, "I don't think that samy of your owners."

Mr. C however, showed me a file containing letters from people who had written just as Mr. X had done and they too had not been answered. After talking on the subject of black itself, Mr. C assured me that he was for blacks or tried to help blacks and most of all, he wasn't prejudiced. He even told me that I could ask a former student of GSC, a Miss Phyllis Jackson how he was for blacks. To show you how much he really observed the person mentioned -her name wasn't Phyllis Jackson but happened to be Gail Jackson.

I have a mixed attitude about the whole situation because from Mr. X's standpoint, I would be upset if no reply was sent in answer to my letter, especially after knowing there were no black instructors at GSC. From Mr. C's viewpoint, I understand his position because as he says if he spent all his time answering the unsolicited letters, then his time would be limited to

I would like to clarify one point: I have nothing whatsoever against the new instructor who has filled the position because I have no right or quarrels to condemn him or her for something not in their power or of their doing. As far as I am concerned, this person is as welcome as the next. I found that Mr. X's letter was indeed ahead of our present employee, but no reply was sent.

Is the reason for this that Mr. X is black?

Mr. C went so far as to call Mr. X a "Racist" and a "Nut." This upset me somewhat because after all, all Mr. X was trying to do was get a reply from his letter requesting the vacant position. I would hardly classify a person with Mr. X's education, experience, qualifications, and references a "Racist"

My statement to this is, is there any justification for such an act as described throughout the article written concerning the unanswered letter sent by

Mr. Jeffrey Jackson

I'M NOT ONE TO POINT AN ACCUSING FINGER, BUT I THINK WE HAVE AN INFORMER IN THE GROUP!

## Anonymous Reader Beefs About Vacancy

Homecoming Saturday's revival of that lost era -- the look and sound of the turned out to be a pretty good idea after all; the Tri-Sigma's parade project didn't seem to suffer all that much from favoritism. In fact the parade by and large, well received by we mortals and the sisters can breathe a well deserved sigh of relief. The Sisterhood has our thanks.

However, we came not to praise Sigma, but rather to bury it. to cause social comment upon one of its most important members. In all act uality we are simply questioning the vacancy of unit number 19 in the parade line-up: Miss GSC. Also a Sigma, our lovely representative to the Miss West Virginia Pageant deemed it proper and prudent to be absent upon that once-a year observance (Homecoming) to take part in a hometown event which may, or may not have dripped more glory upon the head of Glenville State Colleg

This in itself is no sin. 'Lord knows that Glenville needs representaion at any and every event that comes along. But when that same representation infringes upon those functions already planned by and for this campus, we simply cannot agree that Miss GSC should shun the very people she supposedly represents. After all, were unit number 19 not "Miss GSC" seriously whether she would have been invited to attend a local barbecue much less another parade 75 miles from Glenville.

Much to her credit, our present Miss GSC is one of the most talented, and certainly one of the most physically endowed young ladies to ever occupy this position. Our only criticism lies in the above paragraphs; unfortunately these are valid and serious circumstances to consider: Shouldn't the student body expect to see Miss GSC in the Homecoming parade?

### Committee Votes To Keep Brumage, Yearbook Staff

An open meeting of the Publications Committee was held on Wednesday Oct. 17 at 3 p.m. in the Little Theatre.

Purpose of the meeting was to allow concerned students to appear in defense of or in opposition to Mr. Bruce Brumage's re-employment as Kanawhachen editor.

A petition was presented on Mr. Brumage's behalf with students commenting both pro and con. Various ideas were discussed in regard to future yearbooks. Mr. Steven Nichols, year-

book advisor, declared the yearbook should be of a photographic essay format.

After discussion among students and members of the Publication Committee, the Committee then went into executive session and voted unanimously to retain Mr. Brumage and the present Kanawhachen Staff.

## Pioneers Are Victorious Over Bluefield

The Glenville Pioneers used a fired up defense and a consistent to crush the Bluefield Big offense Blues. The win vaulted Glenville into first place in the WVIAC division lead and dropped Bluefield into second.

The Pioneers struck early against Bluefield when Paul Nettles blocked a Big Blue punt on their own 8 yd. line. After Jim Carter had gained 6 yds. in 3 carries, John Pratt punched the hall into the Bluefield endzone on a 4th and 2 situation. Jay Chambers added the extra point and with 11:20 to go in the first quarter, Glenville

With the Glenville defense containing Bluefield offense, the Pioneers got good field position after a Big Blue punt wasdowned on the Glenville 43. Carter and Pratt helped move ball to the Bluefield 38 where the Pioneers were forced to punt. However, Bluefield jumped offside and Glenville had a first down on the Bluefield 33. Two plays later quarterback Chris Anderson found Steve Buffington in the Big Blue endzone and hit him with a 24 yd. aerial strike. Chambers again added extra point and the Pioneers held a 14-0 advantage

The rest of the quarter and the first half was dominated by the

#### **G-MEN REARRANGE DIVISION STATISTICS**

The Pioneers visited Bluefield State College Saturday and came away with a 34-7 victory. Bluefield was ranked No. 1 in the Southern division and leading the division with the No. 1 defense. However the Pio neers proceeded to rearrange the Southern division statistics.

The Pioneers netted a total offensive game of 344 yards to the 88 yds. of Bluefield.

For a total of six games this sea son, the Pioneers are undefeated and have had some interesting statistics. On offense led by quarterback Chris Anderson, the Pioneers have a six game total offense of 1,890 yds. while their opponents have gained 1,062 yds. The Pioneers have scored 176 pts. to their opponent's 35 which averages out for the Pioneers 29.3 pts. a game while the Pioneer De-fense has held the opponents to an average of 5.8 pts. a game. The Pioneers, in total offense, have averaged 315 yds. per game while the Pioneers' defense has 177 yds. per game against

If the Pioneer Spirit is as great as the first six games, West Liberty may

be in for the game of the season. We urge that all of the student body show up and cheer the Pioneers to another victory over the West Liberty Hilltoppers

At press time, the sports department was informed that the Pioneers are first in defense and second in offense in the WVIAC.

defense and Chambers' gifted toe The defense throttled the Bluefield offensive thrust with a strong pass rush and an airtight defensive se condary. Chambers added two field goals of 34 and 36 yards and by the halftime intermission, Glenville had a

20-0 shutout going.

For most of the third quarter neither team generated much offense Pratt, Carter, and Don Brady ran well, but Glenville was unable to keep a drive going. Bluefield's defense helped set up the Big Blues' score when they recovered a fumble on the Pioneers 29 yd. line. A pass interference call gave Bluefield a first down on the Glenville 15. On the next play, Bluefield scored on a 15 yd. pass and with 3:20 to go in the third quarter, Glenville led 20-7 After the Glenville defense stopped the Blues again, the Pioneers drove to the Bluefield 18 vd. line, but unluckily they fumbled and Bluefield recovered.

At the beginning of the fourth quarter Glenville started a scoring drive from their own 46 yard line. Anderson hit tight end Ken Morrison for a 17 yard gain. Then Carter gained 7 yards in two carries and Pratt 6 yards. On second and nine on the Bluefield 27, Carter took a

hand off from Anderson and after breaking four tackles he galloped into the Blues' end zone. Chambers extra point try was good and Glenville led 27-7.

With four minutes to go in the game, Rick Lemley took a Blue punt on his own 27 and raced 73 yards for Glenville's final score. Lemley returned a punt last week for a 59 yd. touchdown so he has to be one of the most feared punt returners in the league. The final score was Glenville 34, Bluefield 7. The final

The Pioneers completely dominated the game's statistics. The Glenville defense only gave up 88 total yards to Bluefield, 22 yards on the ground and 66 yards passing. Williams who recently broke into the starting lineup is playing exceptionally well. Glenville led in first downs 20-6, piling up 250 yards rushing and 131 passing. Carter gained 109 yards in 25 carries and work horse Pratt picked up 86 yards in 17 totes. Anderson hit Pioneer receivers on 12 of 21 throws for 131 yards. Glenville's record this year is 6-0 and currently the Pioneers are 5th in the nation. The Hanlin men face West Liberty in Glenville this Saturday. West Liberty beat highly regarded Shepherd last weekend with a convincing 33-10 triumph.

Last weekend the Pioneers took giant step toward landing a berth in the conference playoffs. The Pioneers not only defeated Bluefield who was top-ranked in the southern division but they did it so convincingly. The G-men dominated every important statistic. Only a fumble and then a pass interference penalty against the Pioneers enabled the Big Blues to The Glenville defense playe its usual superb game and really every player on the squad deserves mention. Mark Reger, Willie Marshall, Marcus Rice, Bernie Buttrey, Bob Hardman, Paul Frederick, Brian Taylor, Scott Hamilton, Roger Bonnette, Jerome Fruit, and Ed Williams must have seemed invincible to the Big Blue offense who rolled up a "big 66 yards in total offense. As usual offense led by Jim Carter, John Pratt, Chris Anderson, Steve Buffington, Les Facemyer, and Ken Morrison gained the big yardage and provided the Pioneers with points. A pleasant surprise this year has been the punt

returning of Rick Lemley. Lemley has scored a touchdown in each of the last two games on long punt returns. The Pioneer running backs surely appreciate the blocking job done by the offensive linemen. Dave Neuner, Bob Maynard, Irvin Braniff, Tom Harvey, Larry Chapman, Steve Deem and Mike Brown have been consistent in providing the Pioneer backs with big openings in the opposing defensive lines.

Tomorrow's game with West Liberty may be a lot closer than most people think. The Hilltoppers have an All-American receiver in 6'4" Randy Little and as usual a hard hitting defense. The Pioneers have a great chance to go undefeated this season but one must remember that you have to play a football schedule one game at a time.

It looks like Fairmont or West Liberty will represent the northern division come play-off time.

The two foes play each other in two weeks and the winner will probably capture the northern division

Who would believe at the start of season that Glenville would be undefeated and number five in the nation. Barring any unforseeable bad breaks or injuries, Glenville very well could have the best year they've had in 15 years. The last time a Pioncer team captured the conference crown was in 1958 when they with an 8-1 record.

Saturday's game will start at 2 p.m. at Rohrbaugh stadium with an overflow crowd expected.

#### Dormitory Representatives To Be Selected

At the October 10th meeting of the Student Congress, it was decided that the recent dorm representative elections should be voided due to various faults of the mechanics of the election. The new election for dorm representatives will be held October 22 and 23. The deadline for filing is October 18. Three positions are vacant from Louis Benett Hall, and four representatives are to be elected from Pickens Hall.

Also at this meeting, Mr. Gary Gillespie, chairman of the Lyceum Convocation Committee, offered a proposal that would allow the Student Congress to use one-half or roughly \$6,500.00 of the Convocation Lyceum Committee budget to provide contemporary and popular entertainment for the student body. This measure was approved unanimously by Student Congress. This action will be of great significance to the student body in that it will allow, students to have more control over the expenditure of student activity fees, as well as provide total student input in the selection of contemporary entertainment for the campus. The new style of operation will also help to alleviate some of the burden of the Lyceum-Convoc-

## MOST LIEUTENANTS IN

THE MARINE CORPS
END UP TEACHING ENGLISH

### AND MATH, AND SCIENCE, AND HUMAN RELATIONS

That's right, because most Marine Lieutenants lead platoons of 40-50 men for whom they have accepted responsibility. Not just on the drill field, or in the jungles, but in every phase of life. And the men they lead haven't all had a perfect education. Many need to improve their language skills, their math skills, their social skills - to be better Marines. They all need to continue learning advanced military skills; new concepts in human relationships; the latest political events. That's why it's not unusual to find Marine Lieutenants preparing lesson plans, making training aids, giving classes, or grading papers. As Marine Officers, of course, they are expected to continue their own educations too through off - duty education, correspondence courses, formal military schools, and advanced degree programs.

Talk to your Marine Officer Selection Officer - on campus the 23 rd and 24 th of October, or call collect (304) 744 - 4355.
