12 Measures Are Put Into Effect To Conserve Energy In Crisis

Many of you are probably aware of the energy shortage which has swept across this nation. Here at Glenville State College a meeting was held recently to determine what we could do to preserve energy.

Most of you have been in the Administration Building or certainly the dorms and have noticed that the lights in the corridors are out or partially out to preserve energy.

Below is a list of measures which were put in effect as of November 15:

1. Thermostats in all buildings are to be lowered to 68 degrees.
2. The use of electric floor heaters is to be curtailed.
3. Lights in all rooms not in use are to be turned off.
4. The number of lights and/or wattage of lights is to be reduced in corridors and exterior locations to the minimum level for maintenance of safety and security.
5. Make use of natural light by raising blinds and drawing

6. Turn off all electrical appliances when not in use.
7. Reduce the use of maintenance vehicles.
8. Discontinue the use of the large college bus for transporting small numbers of individuals if other means of transportation are available and economical.
9. Reduce the number of approved field trips involving State owned, private and commercial vehicles.
10. Consolidate the use of college automobiles for the purpose of student teaching supervision by transporting more than one supervisor per car.
11. Reduce the maximum driving speed of automobiles to 50 miles per hour.
12. Consider the use of private car pools by both student commuters and employees. Now that you have viewed the above, you can see that if these twelve measures are followed then maybe there will be enough energy to last for a while.

Financial Aid Meet Held In Auditorium

On Tuesday, Dec. 4 a meeting was held in the auditorium to discuss the procedures for students who will but have not applied for financial aid for next year, 1974-75.

The procedures are: all students must fill out a financial aid application; all students applying for financial aid must fill out the ACT needs and analysis form; and all forms or applications must be in the financial aids office by March 1, 1974. Both the applications for financial aid and the ACT forms are in Mr. Larry Lamb's office at Firestone Lodge just below the Administration Building.

All those students who are now receiving SEOG loans or grants will have their aid reduced by \$75. for next semester. However, this \$75. will be added to the National Direct Student Loan (NDSL) Fund. This is due to a lack of federal money.

Mr. Lamb would like to clear up a misunderstanding concerning student checks. Rumors are the checks will not be here by Dec. 19 prior to Xmas break. But, Mr. Lamb says everything is being done to see that the checks are here by the 19th. Barring some unforeseen act, checks will be here according to Mr. Lamb.

Anyone having missed the meeting Tuesday and having questions concerning their financial aid is asked to see Mr. Lamb in his office as soon as possible. Anyone unable to see him can reach him through Ext. 249.

Sigma Sigma Sigma sorority is sponsoring a boutique Dec. 10, 11, and 12 in front of the old cafeteria. Gifts, novelties, and freshly baked goods will be sold daily.

HUMAN ECOLOGY 380 OFFERED NEXT SEM.

A new class entitled Human Ecology 380 will be offered next semester as a two hour night class. There are no prerequisites. The class will meet once per week for lecture by different speakers followed by a question and answer session. Some of the topics for lectures will include: man as an organism; human population; birth control; human overpopulation and energy crisis—fact or fiction. One test will be given and a paper will be required. In the paper one will describe an ecological problem in his hometown.

The College Choir is shown in rehearsal for the Christmas Concert with Dr. Jones directing.

Maze Gives Finals Dates

According to Dean Clarence Maze, Jr., final examinations will be Dec. 17, 18 and 19. Finals will be given during regular class periods according to the following schedule:

Classes meeting at 8, 10, 12, and 2 MWF will hold any final examinations on Monday, December 17. Whether you meet again on Wednesday is optional with the faculty member.

Classes meeting at 9, 11, 1, and 3 MWF will hold any final examinations on Wednesday, December 19. All classes meeting on TTh will hold examinations on Tuesday, December 18.

Night class finals will be held during the last meeting of the class.

Classes that do not meet at one of the regular periods detailed above should hold finals whenever they can be scheduled.

If a faculty member feels that he needs more than one hour for his final examination, or if he wants to meet the class again after he has given the final, he can use one of the class periods during the week previous to the final week of school.

The Christmas Band Concert scheduled for December 13 is cancelled.

Students interested in visiting their home high schools during the semester vacation for the purpose of discussing Glenville State College with prospective college students are invited to attend a special organizational and information meeting to be held in the auditorium on Thursday, December 13 at 3:30 p.m.

This will be the third year in which GSC students have represented the College in their home high schools. The visits are informal and designed to acquaint high school seniors with the Glenville campus and academic programs.

NTE Is Scheduled On Campus In June

The National Teachers Examinations will be administered on Jan. 26, 1974 at Glenville State College which has been designated as a test center.

According to Mr. K. L. Kinder, many college seniors preparing to teach and teachers applying for certification, licensure, or those seeking positions in school systems which encourage or require the NTE will be taking the test. In addition, the designation of Glenville State College as a test center for these examinations will give prospective teachers in this area an opportunity to compare their performance on the examinations with candidates throughout the country who take the tests, Mr. Kinder said.

Last year approximately 100,000 candidates took the examinations which are designed to assess cognitive knowledge and understanding in professional education, general education and subject-field specialization. The examinations, which are prepared and administered by Educational Testing Service of Princeton, New Jersey, are limited to assessment of those aspects of teacher education that are validly and reliably measured by well constructed paper-and-pencil tests.

Bulletins of information describing registration procedures and containing Registration Forms as well as sample test questions may be obtained from K. L. Kinder, Director of Guidance and Counseling, Glenville State College, Glenville, West Virginia or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton, New Jersey 08540.

Traditional Carols To Be Sung Dec. 9

The 1973 edition of GSC Concert Choir will hold its annual Christmas program on Sunday, December 9 at 8 p.m. The program will be held in the college auditorium.

The program will consist of some traditional Christmas carols such as: "O Come, O Come Emanuel," "A Child is Born in Bethlehem," "The Star Carol," "Away in a Manger," "Hark the Herald Angels Sing," "The First Noel," "It Came Upon a Midnight Clear," "O Little Town of Bethlehem," "O Come, All Ye Faithful," "Silent Night, Holy Night," plus many others.

Other numbers will be traditional Christmas Carols changed into Christmas works by famous authors and they are: "Holy, Holy, Holy," by Mendelssohn; "Ave Maria," by Tosquin; "Born Today," by Sweetinck; "A Great and Might Wonder," by Sowerby; "The Virgin's Slumber Song," by Reger; "Virga Tesse," by Bruckner.

There will be a few numbers installed into the program for audience participation with the highlight of the program being a candlelighting ceremony led by Dr. Wilburn followed by a candlelight Processional.

Miss Shirley Campbell

Christmas Dinner Planned By AAUW

The American Association of University Women of Glenville has planned their second annual Christmas dinner for Wednesday, December 12 at 6:30. It will be held in the Pioneer Center Ballroom.

The program for the evening will feature Ms. Shirley Campbell, Extension Specialist-Women's Programs at West Virginia University. Ms. Campbell, a native West Virginian, received her A.B. degree in Vocational Home Economics at Marshall University and her M.Ed. degree in Adult Education at North Carolina State University. A member of numerous organizations, she is the president of the American Association of University Women in Morgantown. Ms. Campbell is listed in: Personalities of the South; Who's Who in American Women; Worlds Who's Who in Women-1974; and Who's Who in the East-1974. At the "View of the Future of American Association of University Women" hearings in Atlanta, she was selected to represent West Virginia.

The public is invited to the dinner and program. Cost of the dinner is \$3.75 per person. For reservations, call Ms. Karen Fredin, 462-8867 or Ms. Susan Welcker, 462-8867 by Thursday, December 6.

Shown here are our students participating in the send-off for our NAIA bound Pioneer football team.

GSC's Contribution Is Patriotic

For us cold blooded, homo-sapiens with less than 20-20 vision in the dark who like to have all the conveniences we've been conditioned to expect, the measures taken to preserve energy by Glenville State College have created quite a hassle. BUT lest my intentions be misconstrued, it is a hassle that can easily be adapted to, and one that is well worth its motivation.

Assuming that everyone knows that America is in the midst of a battle with a monster labeled the "Energy Crisis," background information can be eliminated and we can try to analyze some of the aspects of conserving energy on a personal level.

Probably the two most drastic steps Glenville has taken towards eliminating waste of energy are to: 1) lower all thermostats in all buildings to 68 degrees and 2) to reduce the number of lights in all corridors and exterior locations to the minimum level for maintenance of safety and security. As with everything that even hints of contradiction these measures have become good topics for debate. "68-ice freeze!" "Aw, it's just right," and the next, "I think even 68 is too warm." Being one of the hapless souls that freeze at 75 degrees, I fully sympathize with these complaints, which probably were uttered loudest by me. Also, no lights was, at first a novelty. One could do all sorts of nifty things, like jumping out of corners and scaring people (you know, the sophisticated type of activities that sometimes interest college students.) Then the serious side of the matter comes to light, we become a little bored with the novelty of the situation and all of the sudden we don't think it's funny anymore. After all, a person could hurt himself groping around in the dark and who's to define "minimum level of maintenance of safety and security." When it's your safety that minimum could self-indulgently attain maintain a relatively high level these are only two of twelve steps taken, all inconvenient to sometimes selfish natures, yet all very worthwhile.

Consider for a moment, Glenville State College in relation to a whole (the United States) to us our twelve steps are simply another "hassle" to cope with. Yet, by initiating positive, concrete steps and complying with the requests of the government, GSC has strengthened the overall objective of the U.S. to stifle the Energy Crisis. Sense a touch of patriotism? It was meant to be there. After all, we must not only accept the energy crisis for what it is, a frightening, awesome reality of which we ourselves have created with our waste and self-indulgence; but also accept as mature, educated citizens our responsibility to correct the situation. The solution can only be achieved through one comprehensive unifying effort. So-GSC is important, as for example, RCA's 45 percent fuel consumption reduction and also General Motor's reduction of 20 percent in its energy consumption at its facilities.

Most of us like to complain for lack of something better to do. This may be a shot in the dark, but I believe that each of us is essentially aware of the problems, our individual strive to create unity, and our importance in maintaining the drive toward rebuilding the stores of energy that have been wasted. So, gripe if you must, it's a good way to let off steam. But, pause once in a while to consider the possibilities and then be grateful that there's still time to alter and repair the damage done. With a different attitude, and a little imagination those dark hallways will become cheerful and colorful, and 68 degrees could mean springtime.

Julian Goes On Rampage Against Li'l Ol Student And Lib. Ignorers

Editor, Fellow Students, Faculty, Staff:

I find it necessary to respond to Little 'ol' student's letter pertaining to the closing of the library on Sunday, November 25.

First, I can assure you that the library was not closed in order to meet the expenses of the weekend playoff.

Secondly, I think it is necessary to emphasize that no person with whom I am acquainted who serves on the Robert F. Kidd Library staff is interested in permanently closing the building and turning it into a memorial. Rather, we all would like to see enough usage so that the hours would have to be extended. Unfortunately, this is just not the case here at Glenville. I seriously doubt that the majority of the students are as truly interested in searching for knowledge as you think they are.

I have been working as a student assistant in the library for three years and never have I seen a volume of students using the library on a weekend whether or not it was after a holiday. I have seen an empty building on Friday afternoons, Saturdays, and Sundays. The only time that the library receives maximum usage is on the eve of a large class assignments. Very few students use the library after coming back on campus after a holiday or for that matter after any usual weekend. Thus, this year the library was closed after Thanksgiving.

Another important factor to consider is that the library places a sign in the window at least a week and a half prior to the period in which the building is to be closed. Thus, my dear friend if only you had planned your time, then you would not have been "left out in the cold."

I feel that based upon past experiences, the librarian was completely justified in closing the building on November 25. To Little 'ol' student I direct these words: No doubt, your assignments are going incomplete and you are reasoning why because you are waiting until the last minute to complete them. Learning to budget your time and effective planning is the answer for you. Quit your bellyaching, you're only fooling yourself!

Brother Bob Werry again won the A.H. award last week, while Chuck Celejewski received the chapters award for Undistinguished Courage and Kindness, and associate member Gary Dobson won the Lambda Chi Wino Award.

Sigma Sigma Sigma initiated Pam Brown, Robin Kennedy, Kathy Poling, Janie Glover, Debbie Spies, Vicky Romano, and Bev Yeman at 7:30 p.m. Sunday, November 25 in the ballroom. A reception was held afterwards.

Model pledge of the 1973 fall pledge class was Debbie Spies. Kathy Poling received the honor for having the best scrapbook.

Tri Sigmas are now busy making articles to be sold at the Sigma Christmas Boutique to be held Dec. 10, 11, and 12 in front of the old cafeteria.

Installation was held Monday for the new officers. Those installed were Kim Jones, Pres.; Susie Cottrell, V.P.; Phoebe Sunderland, Treas.; Cayla Hunter, Recording Sec.; Jeanie White, Corresponding Sec.; and Pam Lipscomb, Scholarship Sec.

Theta Xi Fraternity has elected new officers for the Spring semester 1973-74. They are: president, Ken Vannoy; vice president, John Lilly; pledge master, Bob Maynard; assistant pledge master, Mike Smith; secretary, Joe Mills; and scholastic officer, Phil Tharp.

Discussed in the weekly meeting was a Christmas party for the underprivileged children of Gilmer County, a Christmas house party on Dec. 14, and a magician show to be held in late January.

Phi Delta Phi Fraternity Elects Robinson Pres.

Installation of officers for Phi Delta Phi was held October 16. President is Margaret Robinson; First Vice-president, Debbie Cavender; Second Vice-president, Pat Thomas; Recording Secretary, Phyllis Barnhart; Corresponding Secretary, Pam Lipscomb; Treasurer, Billie Beth Bonnett; Scrapbook Chairman, Linda Smith; Reporter, Mari Beth Pileggi.

The 1973 pledge class includes Karen Froendt, Shelia Tenny, Susan Mc Cloud, Donna Carder, Priscilla Holder and Sandy Arbough.

Phi Delta Phi meets the first and third Tuesday of every month. Membership is open to all home economics majors and minors.

OFFICERS ELECTED; PLEDGES INITIATED

Major's Club held their initiation for new members on Dec. 3. Those initiated were Diane Bach, Marsha Broadwater, Judy Lieveing, Phyllis Taylor, and Brenda Chevront. The new officers for Major's Club are: Jane "Chippy" Archer, Pres.; Stephanie Hunt, V.P.; Zandra Lyle, Sec.; Debbie Brown, Treas.; and Karen Goodall, Intramural Chairman. Guests attending the initiation were advisor Mrs. Sandra Piercy and Dr. Robert Dollgener.

People Incorporated Presents First Show

Promptly at 5:30 a.m. Friday, Nov. 30, six students, one theatre instructor-director, and one bus driver set out as ambassadors of good will, from Glenville State College, to the newly consolidated Liberty High School in Clarksburg. After a, to be kind, uncomfortable, freezing two hour drive, (on the forestry bus) the group, People Incorporated, arrived at its destination intent on acquainting Liberty High School students with Glenville by presenting a road show of choral readings, slides, music, multi-media, duet acting, and oral interpretation. The show, *Memos and Encounters*, was presented to two groups of approximately 450 students each. The audiences were warm and receptive as were the faculty and staff at lunch after the show.

This was the first of several shows that People Inc. will present to area high schools. The class, taught and directed by Ms. Jeanne Kobuszewski, consists of David Brown, Sherri Catalano, Roberta Luikhart, Celia McCoy, Barbara Stemple and Dean Stout.

Class Withdrawal Procedure Stated

After the withdrawal period from classes with a "W" ends, students may withdraw from a class with a "WP" or "WF" only for the following reasons:

1. Medical Reasons. Must be substantiated by a written statement from a medical doctor stating that continuation in a class or carrying a certain number of hours is likely to be detrimental to the mental or physical health of the student.

2. Circumstances Beyond Control of Student. Must be investigated and substantiated by a written statement from the Office of the Dean of Student Affairs describing some most unusual circumstances that have developed that make it advisable that the student reduce his class load by one or more courses for the remainder of the semester.

The procedural steps for withdrawing from a class with a "WP" or "WF" are:

1. Student presents written statement from medical doctor or Dean of Student Affairs to his advisor.

2. Advisor assists the student in deciding what course or courses to drop and issues drop slip.

3. Student takes drop slip and substantiating statement to Dean of Academic Affairs for approval.

The above clarification of the "WP" - "WF" withdrawal policy was adopted by the Committee on Academic Affairs on November 13, 1972.

If the person will return the large Glenville State jacket picked up in the cafeteria some two weeks ago, he may identify his small jacket and receive his back. See cook in cafeteria to make switch.

On Dec. 12, 9:30-10:30, the Internal Revenue Service will be on campus interviewing students in Business. These students may sign up for the interviews at the Placement Office.

The Glenville State College Housing Corporation has for rent a mobile home lot at College Park. The lot is not suitable for a mobile home with natural gas requirements.

On or about February 1, 1974, the Corporation will have available a three-bedroom, unfurnished home and possibly a two-bedroom, unfurnished apartment, both located in College Park.

For additional information concerning any of the above mentioned vacancies, contact Mr. Robert Gainer.

G-Men Become Runners-Up

It's a game of inches. The Glenville Pioneers dominated the NAIA championship playoff for fifty minutes and then out of the blue, Northwestern Iowa completed a 66 yd. touchdown pass to break 3 to 3 defensive struggle. The Red Raiders receiver caught the ball over the fingertips of an outstretched defender; then he tight-roped down the sideline, slipped away from a tackle and raced into the Pioneer end zone to give Northwestern a 10-3 victory.

The Hanlin men displayed the best defense that Northwestern had encountered all year. In the first half alone Jerome Fruit intercepted a Red Raider pass and returned it to the NW 47 yd. line. Mark Reger recovered a fumble on the North-30 yd. line. Reger recovered another fumble on the Iowans' 14 yd. line.

Cornerback Ted Williams starting his first game ever, recovered a fumble at the 49 yd. line of Glenville and also intercepted a pass at the Pioneer 20 yd. line to stop a Red Raider drive and end the first half.

The defense caused five turnovers and what did Glenville have to show

for it; a 3-0 half time lead. Once Glenville fumbled on Northwestern's 16 yd. line. Later in the half Glenville was stopped on a 4 and 1 situation on Northwestern's 1 yd. line. Also in the first half the Pioneers missed two field goals inside the 40 yd. line. We finally scored on a 29 yd. Jay Chambers field goal with 6:20 to play.

Five chances and 3 points, it kind of makes a person realize that Glenville didn't have a whole lot of luck going for them Saturday; (a missed call on a touchdown should show you that). Now on to the second half.

The second half started off much like the first. Glenville's Scotty Hamilton blocked a punt to give the Pioneers the ball on their 35 yd. line. Glenville drove to the 15 of Northwestern but they were again stopped on a 4 and 1 situation. The Red Raiders then drove down to the Glenville 17 yd. line where they kicked a 34 yd. field goal to tie up the game. A pattern was emerging, in that we couldn't get that big play inside the Northwestern 20 yd. line.

On the first play of the fourth quarter Bob Hardman picked off a pass and ran it to the Northwestern 38 yd. line. Glenville couldn't move and the Red Raiders got the ball on their own 20 yd. line. Minutes later tragedy struck. On a 3rd and 18 situation Curt Krull lofted a long pass to the far sideline where the receiver caught the ball to score. The score then stood, 10-3 Northwestern's favor.

Glenville then drove down to the Northwestern 14 yd. line but a fumble on the hand off stopped the G-men. Instrumental in the drive was Chris Anderson's passes totaling 42 yds. Glenville had one last chance but a fumble on their own 34 yd. line ended the Pioneers hopes.

Jim Carter set an NAIA record for 140 yds. rushing. Don Brady came off the bench and gained 53 yds. in 10 carries. Mark Reger was voted the outstanding lineman of the game. Ted Williams and Don Evans starting their first game also played well.

Remember, "WE HAVE NOTHING TO BE ASHAMED OF."

Tailback Jim Carter (42) attempts to go outside against Northwestern. Watching is Chris Anderson (18).

Dr. Dollgener has announced that students at Glenville State College may use the swimming pool from 3 until 4 o'clock Monday thru Thursday and 7 to 8 o'clock on Tuesday and Thursday.

The Glenville State bowling teams will play against the former GSC bowlers, 1 o'clock Saturday December 8 at the GSC bowling lanes. Ground rules are as follows: all former graduates must wear cement shoes and blindfolds.

1973 GLENVILLE STATE COLLEGE BASKETBALL TEAM

Muckraking

by Dave Bunton

It seems to me that the Pioneers are getting, as Mr. Murin would say, "the proverbial shaft" in many of their athletic contests. Read several of these examples and maybe you'll understand what I mean. Ex. I: Nov. 29 at the Pioneer gymnasium, with 17 seconds left on the clock W.Va. State took the ball in from out of bounds in their own territory, when the ball crossed half-court there was 4 seconds to play but no 10 second violation called. Ex. II: Sat., Dec. 1 Fullback John Pratt crosses goal line but official out of position misses call; Pioneers fail to score. Ex. III: Late in the game a Northwestern receiver lands out of bounds-official out of position misses call-Northwestern scores and wins 10-3. You think that this sounds bad? I urge everyone to come to this year's conference tournament and see why the Pioneers often lose the close games. Maybe the officials are afraid of hurting the feelings of the conference coaches in the West Virginia Inter-collegiate Athletic Conference.

During the year I saw many great performances by Pioneer players. Jim Carter was tremendous against Northwestern in picking up 140 yds. on the ground; a new NAIA record. Another thing I was impressed with was the guts of fullback John Pratt.

Pratt had suffered a severe ankle injury on the first play of the game but still, after getting heavily taped, played most of the contest. Pratt has been injured all year with bad shoulders and a sprained ankle. Paul Frederick was injured in the Northwestern game. Let's all hope his knee recovers fully.

The Pioneers lose 13 of the best football players ever to hit this campus due to graduation. Everyone should remember that these men had quite a few people asking where Glenville was. Who can forget the exciting running of John Pratt, Mike Robison, and Jim Carter, or the excellent blocking of Irv Braniff, Tom Harvey and Larry Chapman or see the brilliant secondary play of Brian Taylor, Scott Hamilton, and Ed Williams, or the pass rush of Mark Reger and Marcus Rice, or the receiving of Ken Morrison or the pressure kicking of Jay Chambers. Thanks fellas, you guys have been great.

Coach Adolphson's wrestlers open their season after Christmas break. With several returnees, the Pioneers could have a successful season.

Glenville's basketball team plays the Fairmont Falcons tomorrow night. Maybe the Pioneers can get it together and we can make Jojo hang it up.

Defense was in order as Pioneers Scotty Hamilton (20) and Marcus Rice pound on the Red Raider ball carrier.

B.U.T. I Named Volleyball Intramural Champs

Intramural volleyball champions for 1973-74 is B.U.T. I. They defeated the Animals in the semi-final and then downed the Veterans in the finals. Members of B.U.T. I are: Earl Hawkins, Eric Makle, Rushon Colin, Dave Merchant, Jerome Fruit, Doug Lee, Randy Datcher, Darrell Bartley, Jeff Jackson and William Hudson.

Final standings were: 1st place,

B.U.T. I; 2nd place, Veterans; 3rd place, Animals; and 4th place, Faculty I.

Forms are now available in Coach Carney's office for intramural basketball. Entry fee is \$1 per team and play will begin Dec. 10. There are 16 teams so far and more teams are needed. Deadline date is Friday Dec. 10.

Pioneers Defeated In Home Opener

The Glenville Pioneers dropped a close contest to West Virginia State last week by the score of 69-65. The game was a hard-fought physical affair. Several times Glenville had chances to score and tie the game on foul shots, but each time the Pioneers failed to convert.

Earl Hawkins and Dave Merchant led the Pioneers in scoring with 17 points each. Freshman Will Stewart chipped in 12 points and Eric Makle and John Hudson added 11 and 6 points respectively. All five starters for the Pioneers had at least 10 rebounds with Hawkins as the leader with 13. Foul shooting hurt the Pioneers, where they could convert only 13 of 30 charity tosses.

In the first half the Pioneers played what head coach Jesse Lilly termed "our best half this year." The Pioneers led by as many as 9 in the half and took a 37-30 lead to the dressing rooms at halftime.

Midway through the second half State's height and bench began to tell on the Pioneers. Slowly the Yellowjackets whittled the Glenville lead down until the game was tied at 55 all. From then on the lead changed hands with State holding a 67-65 lead with 20 seconds left in the game. State stalled and the Pioneers had to foul, but the Yellowjackets hit both freethrows and won 69-65.

Students Offered Program For Travel and Study

Each year for six weeks of the summer, a program is offered to students in the U.S. and Canada to travel and study in Spain. Last summer, 74 students from 25 states, Cuba, Canada and Puerto Rico departed from Logan Airport in Boston and flew to Madrid. As part of the program, a trip was taken to Southern Spain, visiting famous cities as Cordoba, Sevilla, Granada, Malaga and two days were spent in the beautiful Torresmolinos Beach. The tour went through Moorish Mosque and Christian Cathedrals, Moroccan night clubs, flamenco dances, etc. Along the road they saw a battle fortress and watchtowers that seemed to tell stories by themselves.

Plans are already in progress for the 10th Summer Program in Spain 1974. All persons interested should write to Dr. Doreste, Augustana College, Rock Island, Illinois 61201 as soon as possible. Space is very limited.

Seniors: Pick up your Credential forms at the Placement Office. You may take the forms home over Christmas vacation and return them to the placement office in January.

Mr. Mack Samples has asked that students see their advisors as soon as possible.

Freshman Will Stewart lays the ball in for two points against State as Dave Merchant looks on.
