FTA to Visit Career Day

A one-day Teacher Education Career Planning Seminar will be held on campus next Saturday, Nov. 2 for more than 200 high school student members of Students For Action (SFA) and National Honor Society.

The ballroom of the Pioneer Center will be the scene of the meeting which is designed: 1) to help students become familiar with college curricula, in the areas of early childhood, elementary, secondary and special education; 2) to help them become familiar with the opportunity for obtaining positions of employment in each of these areas on these levels; 3) to help students to see what college life is like, and to better prepare high school students with information concerning college facilities and campus organizations.

Dr. Clarence Maze Jr., Dean of Academic Affairs, will speak to the group concerning requirements for admission, admission procedures, and financial obligations.

Dr. Woodrow Morris, Chairman of the Division of Education, will present an internal view of the elementary and special education fields.

Dr. Palmoneda Brown and Mr. Gary Adkins will speak on early childhood and secondary programs respectively.

Questions and misconceptions concerning job placement is the topic of Mr. Joseph Hickman.

Division Chairmen will conduct discussions in detail concerning their specific areas. Following these discussions college program packets will be distributed in order to clarify points in question.

Lunch, to be served in the college cafeteria, follows the Divisional discussions.

Dr. D. Banks Wilburn, President of Glenville State College, is the featured luncheon speaker.

Following President Wilburn's address, the high school guests will be treated to free admission for the Glenville-West Virginia State football game.

Students from each of the following schools will be present: Philip Barbour H.S., Calhoun County H.S., Liberty H.S., Bridgeport H.S., Lumberport H.S., Ravenswood H.S., Shinnston H.S., South Harrison H.S., Washington Irving H.S., Notre Dame H.S., Jefferson H.S., Sissonville H.S., Newberg H.S., Pennsboro H.S., Parsons H.S., Princeton H.S., Bufalo (Putnam) H.S., Harrisville H.S., Wayne County H.S., and Waterford H.S. from Washington County, Ohio.

OPPORTUNITIES SEEN FOR SOC. WORK DEGREE

Glenville State College is considering the feasibility of offering a Bachelor of Social Work Program as an addition to present degree offering at the College. One major part of this feasibility study is some assessment of the interest among students in having such a program offered at the College.

If you think you might be interested in entering this Program, would you please come to the Faculty Offices, Room 318, in the Administration Building and indicate your interest. Your indication of interest is an important part of this feasibility study.

Questions concerning this matter may be addressed to Buford Young, Room 318, Administration Building.

Pictured above is Queen Susie Chapman and her train-bearer, Tracy Samples, as they rode in the homecoming parade.

Educa. Bill for Veterans

US Senator Jennings Randolph (D-W.Va.) has appealed to President Ford, through top White House staff, to sign the recently approved education and training bill for Vietnam era veterans.

The West Virginian advised the White House that, in addition to the unquestioned merits of this measure and the urgent need for veterans to have these increased benefits, a signature by the President will strengthen the confidence of citizens in his Administration. "It will provide him with the opportunity to fulfill his pledge of cooperation with the Congress, since the total cost of the bill has been reduced substantially," Randolph noted. Further, the Senator said a veto coming soon after the President's amnesty decision will be misunderstood.

Randolph, who handled Senate approval of the Conference Report on behalf of the Veterans' Affairs Committee, said he is "confident there is strong feeling in the Committee that the President should sign this vital legislation."

He declared that money spent on the GI bill is perhaps one of the best investments this Nation can make. "The experience of the World War II and Korean-conflict GI bills has been that, for every dollar extended on this program, from \$3 to \$6 in additional tax revenues—resulting from the veterans' higher earning capacity—have been returned to the Treasury," Randolph pointed out. "Certainly, a key to the problem of inflation today rests in increasing the productivity of our Country and an educated populace contributes greatly to that increased productivity," the Senator continued.

He pointed out that unemploy-

ment among Vietnam era veterans continues to be substantially higher than for non-veteran counterparts. Unemployment among young veterans is approximately 10 percent with minority veterans ranging up to 20 percent.

"Young veterans tend to be the last hired and the first fired," Randolph said, adding that any downturn in the economy in the near future will undoubtedly have tremendous impact on the already aggravated employment situation for Vietnam-era veterans. "Many of these veterans lack skills and need additional education or training through apprentice on-the-job programs," he concluded.

King Lear Viewed By English Group

On Thursday, 35 faculty and student body members traveled to West Virginia University and the Creative Arts Center for a production of King Lear.

As part of their King Lear Festival Week, Mr. Morris Carnovsky, one of America's foremost Shakespearean actors, will play this leading role.

He is serving as artist-in-residence at WVU this month, and is regarded by most theatre critics as the best "Lear" in the United States. Mr. Carnovsky's acting experience has covered over 50 years.

The play is essentially about two foolish old men, Lear and Gloucester, who are nearly destroyed by the ungrateful acts of their children.

The participants in this field trip sponsored by Sigma Tau Delta, GSC

Downtown Parade Contributes Variety

Starting off the 1974 Glenville State College Homecoming Parade was the US Army Color Guard. They were followed by the Parade Marshall, Mr. Fred Barnett and his wife. Next were the Student Congress officers.

The first band in the parade was GSC's own Pioneer Marching Band, 74 members strong. Following the band was Miss GSC, Sherry Helvy, along with the auto bearing Alumni President, Elizabeth Turner and her husband, Byron.

President D. Banks Wilburn and his wife were the next prestigious participants of the parade. They were followed by the second participating band, The Marching and Drinking Society Schizo Group, who provided nostalgic tunes for the benefit of the alumni.

Next on the agenda were the Boy and Girl Scouts of Gilmer County, who were followed by the Lewis County High School Minute-Men Band. Riding in a fire-truck from the era of the Godfather were the spirited GSC cheerleaders, headed by Miss Faye Kuhl.

The first float of the parade was the Alpha Sigma Alpha float, which followed the theme 'The Day That Bluefield Died,' which took 3rd

place. Their float was followed by the Gilmer County High School Titan Band, who provided a street maneuver to the tune of "Tea for Two." Also representing GCHS was Queen Jill Roberts and her Homecoming court.

The next features of the parade were the Ohningohow Players and the 1974 Master of Ceremonies, Mr. Roy Law and his wife.

The Homecoming Queen's Float, made and designed by the Freshman class, bearing Queen Susie Chapman and her court was followed by the Montrose Award Winner, T. Scott Hamilton.

With their 2nd place float Sigma Sigma sorority presented the viewers with some dancing beauties depicting the swinging era of the 20's. Following the Sigma's came the TKE officers, TKE Sweetheart, The President of the Order of Diana, and the 1st place float. The number one float carried Pioneer Rick Pierson, who demonstrated his skills by "Making Bluefield an offer they couldn't refuse."

The brothers of Lambda Chi Alpha presented a float which was followed by the Ladies of the White Rose. The Delta Zeta's followed in the parade in an antique car full of young "con women" ready to pick off the Blue's of Bluefield. The final entry was the area members of the Gilmer County Trailriders who demonstrated their riding skills.

Horticulture Is Approved

The West Virginia Board of Regents at its October, 1974, meeting, approved the addition of a program in Ornamental Horticulture at Glenville State College with the first students being admitted to the program in the fall of 1975. The course of study will be for two years leading to an Associate in Science Degree.

The program will provide preparation for many employment opportunities in a wide variety of positions in private business or with public agencies. Great shortages exist for technicians in tree and other plant nurseries, turf and lawn businesses, shade tree care and maintenance, greenhouse operations, and government research organizations. More specific, employment opportunities are supervisory positions with golf courses, grounds keepers (schools, colleges, parks, industrial plants, highway de-

Historians to Meet At Duquesne Univ.

The Eighth Annual History Forum, sponsored by Duquesne University in Pittsburgh, Pa. will be held from Oct. 30-Nov. 1 at the Pittsburgh Chatham Center Motor Lodge. Among those historians scheduled to participate in the panel discussions is Dr. Bruce Flack on "Futures for the Teaching of History" on Nov. 1.

The Forum has grown from a one-day meeting consisting of less than a half-dozen sessions to a three-day affair with 42 different sessions offered. It is expected to attract over 1300 people this year, with more than 300 professional historians from across the nation addressing and at-

(Cont. on page 6)

Tonight, Miss Eleanor Steber will present a program of operatic selections in the auditorium.

Dorm Regulations Obsolete?

Dear Editor:

Are you totally satisfied with the present dorm regulations and policies, such as, all unmarried students under 21 years of age who do not commute and who do not reside with their immediate families. . . are required to reside on campus in the College's residence halls as long as space is available. . . ; the college reserves the right to make room inspections periodically to insure compliance with rules and regulations whether or not the occupants are present; 11:00 room checks; the limited open house policy which states that doors must remain open; \$5.00 fines for not having your room neat; no smoking in Pickens Hall Lounges; and the utilization of a demerit system which can possibly result in camping a student. Are you content with these regulations?

As small as this college is, we, the students should unite and strive for our academic and student freedom. We should push for equal representation in the formulation of the policies and regulations in which we must obey. We are the ones who are restricted under these policies. We are the ones who must benefit from our college experiences not only academically but socially. Our college social life should aid in developing our maturity. We should be granted more privileges so that we can develop a sense of responsibility.

This institution has you locked up. It seems to play the role of Mommy and Daddy. We are adults now; not children. We are responsible for our own welfare and living habits. How can we develop any maturity if we are not given a chance? Here I am referring to the open dorm policies. Why can't we have open dorms every day or every weekend? And why must all doors remain open during this period? The answers to these questions are obvious. It is because we are not trusted by the administration. Why do you as a student think they insist that doors must remain open? This is only a fragment of our complaint for change. What are we going to do to better the situation? How long are we going to sit back and allow this aged and bizarre system to continue? The old adage, 'If a student doesn't like our rules, let him go elsewhere', is no longer acceptable as a solution. And the student who accepts all rules that are handed down by the administration as the law of his university (or college) life is a passing phenomenon. Dialogue is now the method, with student and teacher searching together for new insights. This is what is most productive, we feel, and what brings about the greater development of a growing mind. Yet this is also what brings about requests for greater freedom on college campuses.

This campus is in a crying need for a reform movement. This generation is not used to being separate from their opposite sex. To not allow men in the rooms of the women and vice versa is not natural. In today's society there is no room for separation of sexes especially in the societal setting of a college. Students must reserve such freedoms in order to live under normal situations and circumstances.

When are we going to demand a change so that it is more acceptable to us? I am aware that many people feel that it is a futile effort in trying to alter the system; and some of you may say it won't accomplish anything. But I don't agree with that reasoning, I believe that if we want to improve our college social life and conditions that we must act now. Take action now! Write to WVSPRG, or Board of Regents, President of the College, the school newspaper, home newspapers. Express your personal opinion of this school. Inform others of any complaint that you have concerning this institution. If we don't act now, how much longer will we have to suffer under the authority of the administrative staff? There must be some form of "Student Power." Student Power does not refer to provoking riots or strikes, it merely implies that students must unite and be heard by the administrators. If you don't want to write to the president, newspapers, or Student Congress, you can write to me and I will make it a point that your opinion is voiced. If you want to keep your name concealed, that will be perfectly alright. I urge you as a student to open your eyes to our problems and the regulations that should be out dated. I am looking forward to receiving some feedback from the student body. Don't be an isolate! Get involved and express yourself. Be sure that when the survey sheets are submitted that everyone turns them back in to the information center or to me. Thank you.

Mr. Tony S. Franklin

Credit Where Credit's Due

All too often the labors and toil of others are overlooked, sometimes due to the fact that the activity involved operates too smoothly, if that is at all possible.

This seems to be the case involving our Homecoming this past weekend. Appreciations and congratulations should be extended to the Student Congress for without their many hours of toil and mental anguish there certainly would have been no Homecoming.

Another organization deserving praise is the GSC Alumni Association; who, according to reports, managed to provide one of the most enjoyable and successful Alumni Receptions in Glenville Homecoming history.

In my opinion our Homecoming was a great success. A memorable parade, a beautiful queen, and a Homecoming victory by our seemingly Bowl-Bound Pioneer football team all provided for a very enjoyable and memorable occasion.

Once again, congratulations to all involved in the 1974 Homecoming festivity.

Greek News

Alpha Sigma Alpha
The sisters of Alpha Sigma Alpha have acquired two pledges in open rush. They are Ms. Debbie Sweney and Ms. Joyce Hall.

Their National Field Representative, Ms. Diane Yencic, will visit their chapter November 3-10.

Lambda Chi Alpha
The Glenville Lambda Chi Chapter initiated six girls into their auxiliary this week in a formal meeting at the Wesley Foundation. They were Cindy Taylor, Cayla Hess, Grace Hanson, Ann Hamric, Debbie Elder, and Cathy Gregory.

Sigma Sigma Sigma
Election of new officers was held. The new officers who will be installed in November are: President, Sherry Helvy; Vice-President, Pam Lipscomb; Secretary, Becky Watson; Treasurer, Vicky Romano; Membership Chairman, Sue Wilson and Education Director, Becky Cummings. Other chairmanships will be appointed after the installation of the new officers.

Tau Kappa Epsilon
The fraters of Tau Kappa Epsilon are proud to report a very successful weekend, highlighted by winning first place float in the 1974 Homecoming Parade.

In lieu of the absence of cheerleaders at the upcoming West Liberty-Glenville tilt, members of the Iota Omega chapter have volunteered to serve as cheerleaders.

Delta Zeta
The Theta Xi Chapter of Delta Zeta sorority will hold their Founders Day Ceremony on Sunday, October 27.

The pledges held a "Come-as-you-are" party for the actives on Monday evening. They are also making plans for a cake-walk.

Theta Xi
Sadie Hawkins day plans and activities were finalized in the weekly meeting of the Theta Xi. Big Brother Day plans were also discussed.

Bloodmobile Unit On Campus October 30

October 30, 1974 is the date, remember it. It could be the day you help save the life of a friend, a relative, or quite possibly a total stranger. How important is a human life? Is it worth one hour of your time? One hour is the total time needed to donate a pint of the precious, life-giving fluid.

The Tri-State Red Cross Blood Center in Huntington, through the cooperation of the Calhoun County Red Cross Chapter, will be sending its Bloodmobile unit here to GSC on October 30, 1974. The unit will be set up in the Pioneer Center between the hours of 10:00 a.m. and 4:00 p.m.

Besides knowing that someone is living because you donated an hour of your time, there are other advantages to donating blood. A plastic blood donor identification card with the donor's name, address, and blood type is mailed to the donor shortly after his contribution.

Secondly, all blood is tested for disease. Often times a student is unaware that a disease is present in the blood. Also some people have a rare blood type and are completely unaware of it.

Last year the goal at GSC was to have 20% of the college community to donate one pint of blood. If the 20% donates this year, blood coverage will be extended to all faculty, staff, and students as well as their parents, parents-in-law, and anyone in their family under the age of 18, for a period of one year.

Anyone in good health, weighing 110 pounds or more and between the ages of 18 through 65, may donate blood. Seventeen year olds are now eligible, with parents' consent, to give blood.

I Took It With Me

A mild mannered utopia reigned in the auditorium for the Moss & Hart play, **You Can't Take It With You** when the meeting of a pair of inhibited socialites are confronted with the prospect of their son marrying the most sane member of a snake charming, rocket building, tax evader family.

The multi-character family was held together by the general tolerance of each other to "do-their-own-thing," a philosophy born out of the transitional remarks of "Grandpa," played by David Brown.

Mixed about with humor of misfits was the moral that "there's more to life than the 9-5 routine" or "if there's a saxophone in your closet, play it."

The major characters of Penny, Grandpa, Alice and Tony carried the show but big laughs were enforced by the antics of the supporters.

My special congratulations go to Bob Dye, Stan Mechinsky, Joe Boyd, Kyle Wilson, Peggy Collins, and Brenda Maylee in these roles.

The set was the kind you hate to tear down, not unlike the housewife who produces a seven course meal from leftovers.

The mother Penny, as a writer, was the logic of orgies in the monastery and sex and the single army. Ann Isenhardt played this part and there was always a touch of honesty to her insanity. This made her emotions as a mother seem quite realistic.

Miss Jill Cummings was Alice Sycamore, the only member of the clan currently employed and in touch with the outside world. Those of us that know Jill off the set wonder how she got the straight role.

Dave Day, who looked like he just stepped off a George Raft set, played the part of the debonaire rich kid to a "tee".

"Grandpa" Dave Brown did a fine job maintaining the gleaming air of an "old-timer" as he maintained the family spiritually and politically.

The play was a great success and we're looking forward to more of the same.

Chuck White, Editor-in-Chief

Waller Feels TKE's Are Slighted

As an alumni as well as an active (an inconvenient-at-times distinction) of Tau Kappa Epsilon fraternity, I take great pride in our accomplishments on the Glenville State College campus. For this reason and others it hurts me deeply when these accomplishments are ignored.

Although I have not objected too strenuously before about the seeming prejudice shown by the school against TKE, I feel that an accomplishment such as a victory in the annual Commodore Bowl game championship should rate better than one illustration, particularly when that picture is, in my (and my fraters) opinion, in poor taste.

Before the game I saw numerous pictures of other fraternities at their practice sessions and said nothing. There was a picture in last week's paper of another fraternity's personnel during the game and again I cannot really complain. But to demote the champions to one drawing, (again in my opinion in bad taste), I feel is demeaning not only to my fraternity but also to the spirit of fairness. Even a small statement of written congratulations would have assuaged the angry feelings. But there was none.

Is fairness and an unprejudiced press dead on this campus?

Rick Waller

On The Bench

by John Lilly

The Glenville Pioneers moved one game closer to playing in the 2nd annual Shrine Bowl in Parkersburg November 16th when they beat the Bluefield Big Blues in last Saturday's Homecoming game. The Shrine Bowl, for people who are unfamiliar with this event, is the championship game between the Northern and Southern Division of the West Virginia Conference. It could very well be the same two teams playing in this event as was last year, the Fairmont Falcons and the Glenville Pioneers.

In the Pioneers' first four wins, three of those victories have been come-from behind. Only the first win over WV Tech was not a comeback, but the rest were. The Pioneers second victim was Fairmont, 27-7. The Falcons led 7-6 at half time. Glenville's third victory was against WV Wesleyan and the Bobcats were 17-7 with less than five minutes left in the game. And last week Bluefield led 14-3 at one stage of the game, but the Pioneers came back. Through this observation, one is safe to say that the Pioneers are a second half team, meaning that they most generally play better football the second half of the game.

In the Bluefield game the Pioneers only threw for 23 yards, but this was not because they could not throw. It was because they were running so well against the Big Blues. Sophomore Don Brady got untracked after getting over some early season injuries and ran for 83 yards and two touchdowns. Rick Lemley ran well also with 44 yards on the ground and 42 yards in punt returns. Steve Buffington, who is known for his pass catching, picked up 50 yards on the ground with the flanker reverse. Another outstanding runner in the Bluefield game was freshman Leandis Hodges who picked up 44 yards in 8 carries.

Defensively, Tim McCartney and Bernie Buttrey played an outstanding game, getting to the opposing quarterback numerous times. Tackle Dan

Clevenger jolted some Bluefield runners in that game also. Middle linebackers, Dave Harsh and Rick Reidl clogged up the line which helped shut off the Big Blues running game the second half.

Rate 16th in Nation

The Glenville Pioneer football team is back in the national rating tied for 16th in the NAIA Division II poll. This poll was released before the Bluefield game, so we might be a place or two higher with our win over the Big Blues last Saturday.

Alumni Cage Game

Coach Jesse Lilly has announced that there will be a basketball scrimmage against the alumni on Saturday November 2. It follows the Pioneer-WV State football tussle at 7:30 p.m. The alumni team will be composed of the more recent alumni cagers: Earl Hawkins, Steve Datcher, Ron Jones, Jim Spicer, Gene King, Dale Tawney, Ken Ledbetter, Dave Merchant, Marion Gordon, Rosey Lynch and Jackie Joe Robinson.

Mr. Soothsayer

Mr. "Sooth" is just like a rookie playing in his first season in the NFL, each game the rookie gains a little more experience until he becomes a top professional. Well, "I" seem to be following in the same pattern, after a few so-so weeks of forecasting, I seem to gain more experience in the field of soothsaying. In the last two weeks my record is 9-3 making my season record of 23 right and 16 wrong.

Here goes this week! Salem 27-WV Tech 7. The Tigers are just too tough for the Golden Bears.

Fairmont 21-Concord 17. The Mt. Lions might scare the Falcons. Bluefield 21-Shepherd 3. The Big Blues bounce back. WV Wesleyan 17-Wayneburg 13. The Bobcats win their first.

Ohio Northern 17-WV State O. The Yellow Jackets just don't have the sting. Glenville 21-West Liberty 10. The Pioneers win their fifth.

Quarterback Joe Mitchem dives for extra yardage in the Pioneer Homecoming win over the Bluefield Big Blues.

Pioneers Win Over Bluefield

The Glenville Pioneers made their third comeback victory of the season as they scored two second half touchdowns to take a 23-12 win over the Bluefield Big Blues last Saturday afternoon.

The Pioneers jumped off to an early lead when they moved the ball down to the Bluefield 20-yard line on the opening series of plays. But the Big Blues held and the G-Men had to settle for a 37-yard field goal by freshman kicking specialist, Bob Casto. Steve Buffington set up the field goal when he scampered 30 yards on a flanker reverse.

Bluefield began to move the ball late in the first quarter when quarterback Mike Gablemann hit six of six passes for 64 yards in the march. The last completion was to John Monroe for a 14-yard touchdown.

The Big Blues increased their lead midway in the second quarter when they recovered a Pioneer fumble on the Bluefield 46 yard line. Ten plays later Stanley Rogers dove over from one yard out and Ron Spencer kicked the extra point to make the score 14-3 in favor of Bluefield.

The G-Men were not dead though as they took the ensuing kickoff and marched 61 yards in 13 plays to hit pay dirt with only 1:11 left in the first half. Sophomore running back Don Brady plunged over from the one-yard line for the score. The extra point was missed when the snap from the center was high and Mitchem was forced to run with it.

The second half was all Glenville as they marched all over the Big Blues. With 4:31 left in the third stanza Brady again plunged over from the one-yard line for his second score of the day. Casto kicked the extra point putting the G-Men in the lead for good, 16-14.

A final Pioneer touchdown, which secured the GSC victory, came with 12:08 remaining in the game when freshman running back Leandis Hodges galloped seven yards around the right end for the score. Casto again added the PAT to make the final score 23-14. This Homecoming victory upped the Pioneers record to 4-1 in conference play and 4-2 overall.

Statistically the Pioneers had a total offense of 305 yards compared to Bluefield's 169 yards. Mitchem connected on 3 of 8 passes for 23 yards. The leading ground gainers for the G-Men were Brady with 83 yards, Lemley and Hodges with 44 yards each, Buffington with 50 yards, Wilson with 31 yards and Mitchem with 30 yards for a total rushing yardage of 282.

399-01 Tech. of Basketball Officiating will meet next week. For further information see Coach Summers.

Women Conduct Tourney

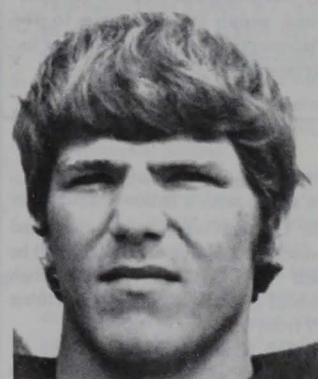

The Women's Intramural volleyball tournament has been underway since Monday, September 23. Each Monday four games are played, two at 6:30 p.m. and two at 7:00 p.m.

The participating teams are: Majors I, Majors II, Alpha Sigma Alpha Angels, Delta Zeta Turtles, Sigma Sigma Sigma, The Group (the faculty members), and Scotties (members of women's dormitory).

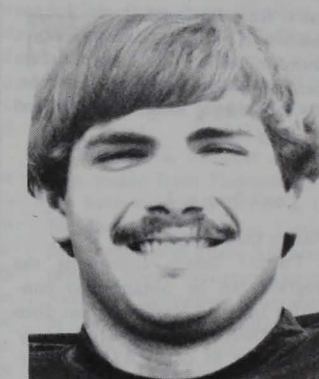

On September 23, Majors I and II won over Alpha Sigma Alpha and The Group at 6:30, and Sigma Sigma Sigma defeated Delta Zeta Turtles while The Group beat Scotties at 7:00. The second week resulted in

wins for Alpha Sigma Alpha, Majors I and two wins for Sigma Sigma Sigma. During the third week Alpha Sigma Alpha won two games and Sigma Sigma Sigma, Delta Zeta and Majors I were all victorious. This week Sigma Sigma Sigma won over Alpha Sigma Alpha, but Alpha Sigma Alpha gained a victory over The Group while Majors I beat Scotties.

The team standings are: 1st place-Majors I and Sigma Sigma Sigma; 2nd place-Alpha Sigma Alpha Angels; 3rd place-Majors II; 4th place-The Group; and 5th place-Delta Zeta Turtles and Scotties.

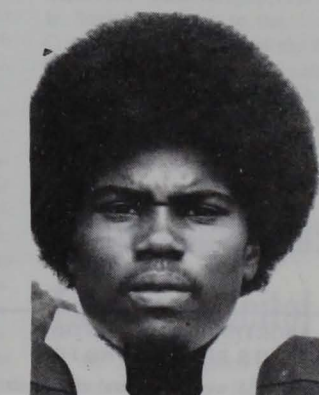

-Rick Reidl, GSC's outstanding Defensive Back-of-the-Week

-Paul Nettles, GSC's outstanding Defensive Back-of-the-Week

-Rick Lemley, GSC's outstanding Offensive Back-of-the-Week

-Leandis Hodges, GSC's outstanding Offensive Back-of-the-Week

-Don Brady, GSC's outstanding Offensive Back-of-the-Week

-Mitch Valentine, GSC's outstanding Offensive Lineman-of-the-Week

Smith Heads Club

The Social Science Society held its organizational meeting Oct. 3 with a pizza party in the Multi-Purpose Room. The officers chosen were Ms. Marlena Smith, president; Ms. Kathy Curia, vice-president; and Ms. Bobbie Parsons, secretary-treasurer.

The society is open to all students with majors in the Social Science Department. They plan several excursions. The first of these is a trip to Moundsville Prison and the Hara Krishna religious sect. The tentative date has been set for November 9.

Any major interested in joining the organization or attending the excursion can contact Bobbie Parsons in Pickens Hall or Ms. Dolores Mysliwiec, the group's advisor. Ms. Mysliwiec's office is in Faculty Offices in the Administration Building.

The U. S. Civil Service Commission announced on September 20, 1974 that the written tests to be administered under its new examining program called PACE (Professional Administrative Careers Examination) will be given only during the months of November, January, March, and May. For further information contact Mr. Hickman at the Placement office or call (215) 597-4407.

partments, and construction contractors.)

Information concerning admission to the program in Horticulture Technology is available from the Office of Admissions, Glenville State College, Glenville, West Virginia, or from Mr. A. Edwin Grafton, Chairman of the Department of Forest Technology.

WVU INTERVIEW SET

Kendra Boham from West Virginia University will be on campus Nov. 5 1974 from 10:00 am until 3:00 pm to recruit people for the Masters-Business Administration Program. They want people with backgrounds in Business, Economics, Math, Engineering, Physics, Chemistry and Computer Science. All interested people should come to the Placement office to sign up for interviews.

The Majors club will assist the Lion's Club with a halloween party for the Gilmer County elementary and preschool children. The party will be held in the Gilmer County High School gymnasium Tuesday, October 29 from 6:00 pm til 9:00 pm.

The Majors will be in charge of the games and they will also judge the costumes.

Bronco Junction (a summer camp for asthmatic children) located near Red House, WV is now accepting applications for summer employment. Some of the positions listed in the literature are: Program Director, Waterfront Director, Project Director, Sports Director, Senior Counselor, Junior Counselor, Dietician and Secretary.

Camp Bronco Junction will operate from June 15 to Aug. 17, 1975.

If you are interested in more information concerning a summer job at Bronco Junction please stop at the Placement Office.

Howard Lee Minigh has received the Ph. D. Degree in Chemistry from West Virginia University and is now employed by the Agricultural Process Development Division of the American Cyanamide Corporation in Princeton, NJ.

Mr. Minigh is a native of Sand Fork, the son of Mr. and Mrs. Howard Minigh. He is a graduate of Sand Fork High School and received the B. S. Degree from Glenville State College in 1970.

Kappa Delta Pi and the Student Education Association will conduct a Teacher Education Career Seminar on Saturday, November 2.

An organizational meeting of interested students will be held on October 28 in room 102 of Clark Hall. This meeting will begin at 6:00 p.m.

User Fee Is Discussed

At this week's meeting of the GSC Student Congress, Dr. Robert Dollgener was present to answer questions the Congress had on the athletic department's share of the College Admissions User Fee and general history of the fee. It was a very informative discussion and rumors such as User Fee funds being necessary to pay off athletic department debts were clarified. Dollgener explained that even if he wanted to, there is no legal way to use them for that purpose.

Also discussed was Tony Franklin's upcoming student opinion poll on current dorm regulations. The Congress voted to endorse the poll and the results will be printed later.

Tony Franklin was also elected to represent GSC at a seminar on Student Rights in New York City in November. Dennis Pack was elected alternate and if enough funds can be raised, both delegates will be sent. Any group or individual wishing to help with the development of an additional resource person can do so by donating to a special fund to handle travel expenses through the Student Congress office.

Further information on the User Fee recommendations will be forthcoming in additional issues of the Mercury.

Listed below are the questions of concern in the Student Congress poll dealing with dormitory regulations at GSC.

Examine the questions and voice your opinion. The questions are to be answered - Yes, No, or No Opinion.

1. Do you think that the college should reserve the right to put an age limit on who must reside in the dorms?
2. We pay for meals that we seldom eat, such as many breakfasts and on weekends when we go home, therefore, do you feel that students that reside in the dorms should be required to pay for those uneaten meals?
3. Do you feel that the laundry rooms and kitchens in Pickens Hall should be available 24 hours instead of closing at 12:00 midnight?
4. Do you think students should be allowed to smoke in Pickens Hall Lounge as they are in Louis Bennett Hall Lounge?
5. Do you feel that the 11:00 p.m. room checks should be abolished?
6. Do you approve of maintenance room checks?
7. Males in Louis Bennett Hall pay less than males and females in Pickens Hall and receive weekly maid service. Do you think this is fair?
8. Do you think that the 8:00 p.m. door alarms in the dorms cause students undo inconvenience?
9. Would you favor increasing opposite sex visitation privileges in the dorms?
10. Do you think that the demerit system (violation system) should be abolished?
11. Do you think that punishment by camping should be abolished?
12. Do you think that enrollment would increase if the above-mentioned regulations and practices were modified or abolished?

Founders Day Held

The Delta Zeta sorority will celebrate its Founder's Day at a buffet on Sunday, Oct. 27. The alumni and state and national officers have been invited to share the evening's activities at the Glenville DZ House. The buffet is scheduled to begin at 7:00 pm and a ceremony will precede it.

The Delta Zeta Sorority was founded on Oct. 24, 1902 at Miami University in Oxford, Ohio. The founding sisters were Julia Bishop, Alfa Lloyd, Ann Simmons, Mabel Minton, Anna Keen and Mary Collins. The first advisor for the sorority was Dr. Guy Potter Benton, who was then the president of Miami University. These people will be honored at the buffet.
