DELTA ZETA

GSC Students Will Elect 76 Campus Queen

Four women will be vying for the title of 1976 Glenville State College Homecoming Queen. Elections will be held Tuesday and Wednesday. The contestants are Shelly Adolfson, Phyllis Taylor, Jackie Stricker, and Peggy Collins Mathias.

Ms. Adolfson, sponsored by Sigma Sigma Sigma, is a senior from Glenville, majoring in Special Ed. Ms. Taylor is a senior from Napier, majoring in Special Ed. She is sponsored by Delta Zeta. Ms. Stricker, sponsored by Christian Fellowship, is a senior music major from Clendenin. Mrs. Mathias, sponsored by the independents, is a senior elementary education major from Moorefield.

Contestants for senior princess are: Charlotte Early, Delta Zeta; Vanessa Pannell, Christian Fellowship; Debbie Curry, independent and Genette Hall, Sigma Sigma Sigma.

Junior princesses are: Marsha McIntyre, Christian Fellowship; Dee Dee Mason, independent; Susan Reale, Sigma Sigma Sigma and Cindy Gunnoe, Delta Zeta.

Sophomores are: Marc McLaughlin, independent; Debbie Wildman, Sigma Sigma Sigma; Patsy Groves, Delta Zeta; and Jill Crutchfield, Christian Fellowship.

Freshmen are: Robin Carns, Sigma, Sigma, Sigma; Tammy Gunnoe, Delta Zeta; Becky Stavrakis, Christian Fellowship and Debbie Alkire, independent.

Elections will be held Sept. 21 and 22. Polls will be open from 9:00 a.m. to 4:00 p.m. both days in front of the old cafeteria. Also, polls will be open from 7:00 p.m. to 11:00 p.m. in both dorms on Sept. 21.

Number 3

Glenville State College, Glenville, W. Va.

Friday, September 17, 1976

Committee Visits

On Wednesday, September 15, 1976, the sub-committee on Higher Education of the Committee on Government and Finance of the Legislature held a series of meetings at Glenville State College.

The seven-member committee visited Fairmont and West Virginia University also. The main purposes for the visit were to discuss our needs, inquire about our programs and just visit the campus.

During their visit, the committee

held a series of meetings. From 10:00 a.m. to 12:00 noon they met with Dr. Wilburn and members of the College Council who are as follows: Dean William K. Simmons; Dean Alfred T. Billips; Dean Jean S. Wright; Mack Samples, Dean of Admissions; David Gillespie, Head Librarian; Tim Butcher, Student Congress President; Joseph Hickman, Director of Placement; and James Meads, President of the Faculty Administrative organization.

They met with the Executive Council of the Faculty Administration Organization at 1:00 p.m. and with the Student Congress and other students at 2:45.

Placement Office Sets Interviews

The Placement Office has announced that Braxton County will be available for interviews on September 23, from 10:00 a.m. until 3:00 p.m. Wood County will be here on September 22, from 9:00 a.m. until 4:00

December graduates are asked to complete their packets as soon as possible.

The Law School Admission Bulletin is available now in the Placement Office. The Law School Admission Test is designed to measure certain mental abilities which are important in the study of law, and to aid law schools in assessing the academic promise of their applicants. The Bulletin explains procedures and regulations for the test among other pertinent information. Also available in the Placement Office is the 1976 Examination for Foreign Service Officer Careers.

Red Cross Blood Drive Requires Participation

The Red Cross bloodmobile will be in Glenville Thursday, September 23. The blood unit will receive donations from 11 a.m. to 5 p.m. in the Pioneer Ballroom on the Glenville State College campus.

All Gilmer County residents currently receive Red Cross blood as a result of the Gilmer County Red Cross blood program. To maintain this coverage the local Red Cross organization hopes to have an increased number of Gilmer County donors. Fifty persons participated in the last blood collection in April.

The Interfraternity and Pan-Hellenic councils will serve as sponsors for the September 23 collection. The chairwoman will be Mrs. June Evans.

Alumni Workshop Planned Tomorrow

Tomorrow, September 18, 1976, there will be an Alumni Training Workshop. The intent of the workshop is to bring the alumni up to date on current college curriculum admissions requirements, trends for enrollments, financial aid for students and campus facilities. Participants in the Workshop will then be prepared to serve as a liaison between the college and people in their home communities.

For instance, if a prospective student in the community expresses an interest in enrolling at Glenville, the alumnus could answer any questions he or she might have.

The Workshop will begin at 9:00 a.m. in the Ballroom for coffee.

At 9:30 the session will begin with a welcome back to campus from Dr. Wilburn. At 11:30, the workshops will be guests of the college for lunch in the Multi-Purpose room. At 1:30 p.m. they are welcome to attend the Pioneer football game against W V Tech, courtesy of the Athletic Department.

NO IMMUNIZATIONS

Swine flu immunizations will not be given on campus, according to Dr. Louis J. Manley. The immunizations will not be given because the guns are not ready at this time.

Students wanting immunization can get the shots through the Public Health Service, whose office can be located on the lower floor of the medical center.

Mrs. Mildred Saul, County Health Nurse, will announce when the shots will be given. They may not be given until November.

Pictured above are representatives from six state colleges participating in a faculty development seminar. L-R: Pam Brown, Greg Adkins, William A. Boram, D. Banks Wilburn-president of Glenville State College, J.B. Ryan, James H. Meads, William K. Simmons, Frank Jenio, Frances Freeman, Val Husley, Kathy F. Sutusky and John T. Vernon.

Title IX Evaluation Now In RFK

Congress declared that by July 21, 1976, all educational institutions of the United States were to evaluate and eliminate any sex discrimination which might exist within the institutions. This order, known as the Title IX requirement, forbids discrimination of the students and employees on the basis of sex.

Within one year of July 21, 1976, American educational institutions are to do the following: Evaluate the

institution's current position on sex discrimination in terms of student enrollment, treatment, and employment; Modify policies and practices not meeting requirements of Title IX; Take action to eliminate past discrimination.

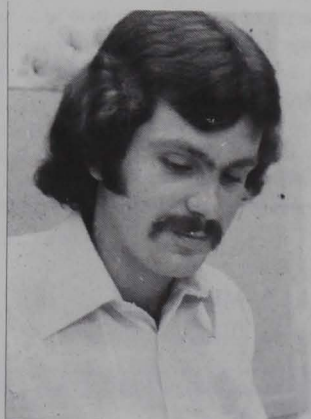

Areas corrected and examined are: all athletics, academic advising, housing, academic and non-academic employment, classes and courses of study, and all institutional rules.

The institutions' self evaluation must be kept on file for three years with the director of the Office of Civil Rights.

Copies of the Title IX Institutional self-evaluation are on file in the Library for public examination. Glenville's evaluation will remain in the Library until the end of the required period, September 24. To date, GSC has complied preparing the self-evaluation and its filing.

Counselors Added To Assist Students

Ms. Vickie McCracken and Mr. Dale Fox are offed on the main floor of the Pioneer Center directly across the entrance way from the Placement Office. Both persons have been employed under the Title III program and they are working under the Division of Student Services. The main thrust of their activities are to gather and disseminate career information. During the year Miss McCracken and Mr. Fox will be working with students and faculty in an effort to provide students and faculty with career information. Any student wishing to contact either of these persons may do so by either calling the placement office or by visiting them in their offices. As the year progresses, Miss McCracken and Mr. Fox will be conducting a variety of seminars dealing with career

Dale Fox
Career Counselor

opportunities.

Mr. Fox's title is Career counselor coordinator. His undergraduate studies include a B.S. Ed. in French-English at Concord College. His graduate studies were Counseling Guidance and Student Personnel work at West Virginia College of Graduate Studies which he completed

Vickie McCracken
Pre-Counselor

in August of 1976.

Miss McCracken's title is Pre-Counselor here and she is a 1976 graduate of Glenville State College. She has an A.B. in Social Studies-Special Education.

Feel free to call on these two very capable young people when you have problems concerning your career.

I Once Was Lost . . .

In her article "Does Not Compute" (Mercury, Sept. 2, 1976), Mrs. Lafferre stated that the faculty had long been awaiting "the moment when the computer would finally announce class roles." Moreover, she stated that the "friendly electrodes" of our computer system arbitrarily chose to "delete" her name from the class rolls. If Mrs. Lafferre had researched her topic before she so vividly put it to words, perhaps she would have expressed more faith in the "trusty computer."

This semester there was a new policy adopted by the GSC administration concerning class rolls. They were not to be distributed to instructors until Monday morning Aug. 30. Personally, I think this is a good policy. For the past several years rolls have been run the same day as registration and distributed the next morning. However, it was always the case that these rolls weren't worth the paper they were printed on, simply because half of the enrollment was actively involved with drop-adds for the remainder of the registration week. I wish to inform Mrs. Lafferre and any other interested parties that my staff and I worked late Friday evening, Aug. 27, running class rolls which were given to Mr. Samples Aug. 30 at 8:00 a.m. as scheduled.

As for her mistrust in computers, I shall only say that in my 2½ years in a programmer/systems analyst as a work-study student, I have never seen our computer arbitrarily delete anyone's name or any other such data from its files. I might add that a computer does not do anything on an arbitrary basis, everything is very structured and consistent. Based on this logic, one would readily deduct that if it deleted Mrs. Lafferre's name, then obviously it deleted everyone else.

Since it seems any inaccuracies in reports that are generated by the computer are blamed on either the center's staff or the computer itself, I wish to clarify the source of inaccuracies. A computer works on a very simple algorithm: The output is only as accurate as the input. In other words, any inaccuracies stem from the gathering and entering of data. This points the finger at either the computer center personnel, or the persons supplying the data. I don't wish to completely acquit the center's personnel, because we do make errors, however, we do everything humanly possible to make our data accurate. I feel confident in saying that 95% of our errors stem from the persons supplying the data. The following illustrates my point: Sept. 1 (1 week after registration) there were 84 students who had either not updated their profile or not completed a new one as the case may be, at least 25 students entered a different social security on their profile than they had given for use on their ID card; Sept. 9 we received receipts on 11 students who had paid their fees but hadn't registered, also 2 students brought in their entire packet of class and ID cards and had the audacity to ask why they weren't on the class rolls. There were also a number of students who pre-registered, registered during regular registration, and some added classes they already had, making their name appear on the rolls as many as 3 times. I could continue, but by the time I finished the Mercury would be full. I think a lot of this happens simply because the students are ill-advised.

I feel the micro-circuits (electrodes went out with the 50's-another example of Mrs. Lafferre's lack of research) of our computer have been justifiably defended. I might add that if Mrs. Lafferre has as little confidence in computers as her articles lead one to believe, perhaps she should reconsider her position on the Mercury staff (IBM).

Kevin W. Stalnaker

The September 23 meeting of the Literary Society scheduled to be held in the ballroom will be held in the Little Theater instead, due to the blood drive.

Greek News

Sigma Sigma Sigma

The Delta Alpha chapter of Sigma Sigma Sigma held their grub meeting Monday evening in the lounge. Plans were made for Homecoming. We are proud to announce that running for homecoming court is queen, Shelly Adolfsen; senior princess, Gennette Hall; junior princess, Susan Reale; sophomore princess, Debbie Wildman; and freshman princess, Robin Hurst. The sisters of Delta Alpha Chapter are anticipating an eventful rush this semester. We wish to thank those who helped to make our car wash a success. New music chairman for the Delta Alpha Chapter is Susan Reale. The members of Delta Alpha Chapter will be assisting with the blood mobile personnel Thursday, September 23, between the hours of 11:00 a.m.-2:00 p.m.

Delta Zeta

On Monday, September 13, Theta Xi chapter of Delta Zeta held their weekly meeting. Preparations for rush were finalized. Plans for homecoming were discussed.

The sisters will be assisting the Red Cross blood drive Sept. 23.

The girls are sending the house mother, "Mom Bennett," on a Senior Citizen Outing, Saturday, to the Cass Scenic Railroad. "Mom" Fisher will be staying with the girls in Mom Bennett's absence.

The sisters were very pleased with the turn-out at Tuesday's coke party and are eagerly looking forward to next week's theme and preference parties.

Best wishes and good luck thoughts are extended to the Delta Zeta candidates running for Homecoming court. They are: Phyllis Taylor, queen; Charlotte Eary, senior princess; Cindy Gunnoe, junior princess; Patsy Groves, sophomore princess and Tammy Gunnoe, freshman princess.

The sisters wish good luck also to the members of the GSC football team, cheerleaders, members of the band, majorettes, and the drum major.

Lambda Chi

The brothers of Beta Beta Zeta wish to thank all who came to the smoker and especially the Ladies of the White Rose. Our smoker was a great success with about 80 men attending. A corn-roast party was held last week by Brother Don Chapman. Good job Donnie! Plans are being made for Homecoming and community projects are being studied. We extend a welcome to all to attend out next smoker, this coming Tuesday, September 21.

Panhellenic

The Panhellenic Council held its annual Joint Rush last Sunday at 7:00 p.m. for all prospective female rushes. Ann Hamric presided and introduced the Presidents of both the Delta Zeta and Sigma Sigma Sigma sororities. Refreshments and entertainment were provided by the sisters of the sororities. The rules and regulations for rushing were discussed. Attendance was about ten prospectives.

'Hats Off' To Davidson

This summer was my first attempt to attend summer school. It was also my first time to look for a summer job in the Glenville area. After many days of job hunting I happened to mention my need of employment to Glenville mayor, Delbert Davidson. Mr. Davidson promptly told me that he would hire me under the CSEP (College Students Employment Program), a state sponsored program. He then directed me to the college placement office where Mrs. Marge Starr explained the program and in coordination with the financial aids office, officially made me a city employee.

Though the state inked the paychecks, the city was my employer. During the course of the summer I came in close contact with the city government. It provided me an opportunity to observe the city functions under the management of the mayor, Mr. Davidson. In the time I spent with the city, I observed a very hard working man with civic interests in mind. This man was Delbert Davidson.

Throughout the summer many improvements were made under Davidson's supervision. Whenever major construction was at hand one could always spot the mayor at any time, day or night, on the job, observing and guaranteeing the citizens the best quality in the completion of the job.

I would like to publically thank Mayor Davidson for my work experience this summer. I believe Mayor Davidson is a fair man and a credit to the city of Glenville.

But Now I'm Found

Editor:

In reply to the article "Does Not Compute" and to comments made by unknowing students, the need has arisen to defend the integrity of the Glenville State College Computer Center. First and foremost, I admit that we are not flawless. But this is inevitable. We are human beings operating machines made by other human beings, which obviously leaves room for error. Secondly, our personnel is comprised of two full-time staff members with the remainder being full-time students. Work times must be scheduled around classes, which allows communication breakdowns to occur. However, we do our best to keep these to a minimum. Thirdly, we are still in the process of adapting to a new computer system. All programs in use required minor modifications and some required extensive revision. The occasional failures of the hardware involved with the new computer have greatly magnified the problems caused by conversion.

In the above, I have shown that

Theta Xi

The Brothers of Kappa Eta chapter of Theta Xi fraternity held their weekly meeting on Sept. 14. Plans were discussed for the upcoming Rush week.

After many months of preparation, the Brothers are happy to announce that work will begin on the fraternity house Monday, Sept. 20.

The Brothers and friends met last weekend in Sutton, activities were held and awards were given.

Congratulations are in order for George "Smoot" Bivens and Mike "Mom" Offett who tied this week for the S.L.O.T.H. award.

Tau Kappa Epsilon

The Iota-Omega Chapter of Tau Kappa Epsilon held its regular meeting Monday night, September 13, at the TKE house.

Plans were made for the upcoming Smokers and Rush being held in the next two weeks. The "Fraters" are looking forward to a successful Rush.

A work session was held after the meeting for the weekly house cleaning.

Plans are also being finalized for a TKE dance to be held in the ballroom the last Wednesday in September, with a D.J. and free refreshments.

the fault may lie with the GSC Computer Center when errors occur. But, believe it or not, the student has been known to be at fault. And, being on both sides of the operation I dare say the vast majority of the errors put out by the Computer Center are a result of erroneous information input by the student. I can also say that we continuously over work ourselves in order to serve the GSC campus as quickly and as efficiently as possible. But we need the cooperation of everyone to operate at maximum efficiency. We appreciate criticism when done in a constructive manner. However, criticism of something one knows little of nothing about cannot be constructive, and, therefore, the critic is foolish. If a desire to criticize persists, enroll in a computer science course and learn a "bit" about computer operations.

Sincerely
Stephen W. Frame
GSC Computer Center Operator/
Programmer

Griffin Chosen Musicians Head

The local chapter of the Music Educators National Conference held their first meeting of this semester Thursday, September 2, at 8:00 pm in the band room. The officers for this year are: President, Janet Griffin; Vice-President, Jim Anderson; Secretary-Treasurer, Beth Steidel; and Reporter, Jackie Stricker. Topics of discussion were the regional fall conference and the state spring conference. The M.E.N.C. also discussed a variety show which is tentatively scheduled for this semester. The date and other details of these activities will be announced later. Glenville also has on its campus two state officers. Janet Griffin is the President-Treasurer and Jim Anderson is the Vice-President. Charisse Angell from Concord State College is Secretary.

M.E.N.C. is not a closed organization for Music majors only. It is an organization which supports music education of anyone who is interested. Anyone can join. Being a member of M.E.N.C. enables students to attend workshops and to receive the "Music Educators Journal." Membership cost is \$6.00 a year. Anyone interested in joining M.E.N.C. should contact Janet Griffin.

Halftime Talk

by Doug Martin

Football

The Glenville football squad may have had their Fish Bowl winning streak broken (It was only a one game streak), but apparently not their spirits. Coach Adolfson reports that the players still have the desire to work hard and win football games. "Whitey" also brought out the fact that these first two games can be written off to experience since they mean nothing toward the conference championship. This is one reason that it is important that we defeat W. Va. Tech this weekend. They are not only in our conference but in our division as well.

Coach Adolfson, who is an alumnus of Tech, has never been beaten by them in the ten years that he has been associated with Glenville football. Not only have they

not beaten us in those years, they have not scored in the last three games.

Bowling

Would you believe that a sport that claimed Glenville a NAIA championship last year may be in jeopardy? Bowling may be on its way out if a coach cannot be found to replace Dr. Dollgener who resigned earlier this month for personal reasons. At the time of this writing no one had been found to replace Dr. Dollgener, and there are no real prospects for the job. I think it would be a shame if the Keglers do not get a chance to defend their title just because nobody wants to take the time to assist and sponsor them.

Grid Forecasts

Glenville - 13, W. Va. Tech - 10 (I'm sticking my neck out on this one.)

Salem - 38, Bluefield - 9

Concord - 16, W. Va. State - 15

Fairmont - 12, W. Va. Wesleyan - 10

Shepard - 31, Randolph-Macon - 28

Waynesburg, Pa. - 24, West Liberty 19

West Virginia - 20, Maryland - 17 (Upset special of the week.)

Illinois State - 21, Marshall - 14 (I'm still not convinced that Marshall is capable of winning.)

I was 4-4 last week for a season percentage of .571.

Final Note

Intramural softball started Thursday evening with four games being played. We will have the results in next week's paper.

Pioneers Lose In Fish Bowl

The twentieth annual Fish Bowl turned out to be nothing more than a fiasco as Catawba College embarrassed our Glenville State Pioneers 51-7. The game played in Norfolk, Va. in front of a mildly enthusiastic crowd, seemingly found the Pioneers playing a game of give away with the pigskin.

The score was only 14-0 at halftime but Catawba took advantage of numerous Glenville errors to salt the game away in the third quarter. The Pioneers fumbled the ball away 6 times and lost it 4 times by interceptions.

As bad as the score was, the statistics were not grossly uneven. Glenville played well enough to win if they could have put a handle on the football.

| | | |
|---------------|--------|---------|
| | GSC | Catawba |
| First Downs | 11 | 17 |
| Passing ydge | 109 | 82 |
| Rushing ydge. | 74 | 223 |
| Total yardage | 183 | 305 |
| Fumbles | 8-6 | 2-2 |
| Passes | 8-21-4 | 7-9 |
| Penalties | 4-49 | 4-63 |

Standouts for the Pioneers last Saturday (if there were any) were Dave Harsh (5 tackles, 7 assists) and Bob Eaton (2 fumble recoveries) on defense, and freshman Terry Diehl, who took the offense 65 yards in the last minutes of the game for their only score. The touchdown came on a 14 yard pass to running back Mike Reed.

Students will be able to pick up copies of the West Virginia Hillbilly free each week at the Administration Building, thanks to the donation of an anonymous Bluefield woman who has paid for distribution of the paper to all state colleges and universities.

Home Opener Set Saturday

The Glenville Pioneers open their home football schedule for 1976 tomorrow against W.Va. Tech. The game will be played in antiquated Rohrbough Stadium since completion of the new stadium on Mineral Road is "just a little behind schedule." Kick off is set for 1:30.

The Golden Bears from Montgomery will come into this game sky high after their mild upset of W.Va. State at home last week. Tech showed a balanced offense and stingy defense in winning that contest 14-8. The biggest change made in the Bears football program in recent years was the hiring of Roy Lucas as head football coach after the retirement of Charlie Cobb. Lucas, the brother of basketball's Jerry Lucas, came from Morehead State where he was an assistant coach.

Tech will be led by transfer quarterback Pete Jones, whom Lucas brought along from Morehead. Jones is a big, strong QB who threw a touchdown pass on the first play from scrimmage last week against State.

Tomorrow will be Parents Day at the field with all parents of the players being honored at the game. This game will also mark the start of conference and divisional play for the Pioneers, so if they are ever to snap out of their slump, this is the game they need to do it.

PRINTED T-SHIRTS

Our line of rock t-shirts gives you more than 100 different popular designs from which to select. High quality shirts at very good prices. We also offer custom printed t-shirts. We print whatever words you want on a t-shirt at a most reasonable price. With our personalized rolling paper you may have your name or any wording stamped in gold on colored rolling paper packs. Design your own t-shirt using a photo, drawing, album cover, or whatever you wish and we can reproduce it in color on a t-shirt for you. Send a 13¢ stamp for full details on everything.
