## Join The Celebration

It's spring at last in Glenville. (One can tell by looking at the activity calendar). After we've fought the winter boredom at GSC the end-of-school activities seem rather refreshing until we remember that we're here to get an education and it's hard to find time to study between all of the events.

This spring is a little busier than those in the past since the Inauguration of our eighteenth president, Dr. William K. Simmons, is fast approaching. This, with the usual Closed Balls, Student Congress programs, Alumni banquets, spring sings, picnics, & baseball games (to name a few), are keeping the campus on its toes.

The Inauguration is set for Friday, April 28, and several activities and festivities have been scheduled for the week preceding this date. Many guest speakers, including Governor Rockefeller, will appear throughout the week. There will be a band concert, choir concert, art exhibit, and other activities also. The Inaugural Ball will end the festivities on Friday evening and Saturday April 29 has been slated as Alumni Day.

Besides making spring an even more enjoyable time, all of these activities will make the next two months seem to pass more quickly and soon it will be only a pleasant memory.

Students should remember that these Inaugural activities are for their enjoyment and all students are urged to attend whatever programs possible. With the many guest speakers appearing and the programs being held, there is a variety to choose from and each is an education in itself. Enjoy the activities offered to you at this celebration for our new president.

## Criminal Justice Talk Given

On April 12 at Jackson's Mill, Weston, WV, from 10:00 a.m. to 12:00 p.m., Keith Leenhouts, Director of the national Volunteer in Probation program, will present a seminar on the National Education-Training Program to all professors and interested individuals who teach or work in the criminal justice field. The seminar will explain the V.I.P. program, the in-service training of volunteers and professionals in the volunteer court-corrections movement. The program is being brought to our area free of cost through the generosity of the W.K. Kellogg Foundation.

Mr. Leenhouts, working with the University of Alabama, Department of Criminal Justice, has developed a series of 34 hours of audio-visual TV cassettes, curriculums, lesson plans, etc. to assist professors teaching courses on volunteerism in criminal justice or to incorporating that subject into existing courses. This resource is now being widely used in colleges and universities around the United States.

Two types of students are attracted to these courses. One, those majoring in criminal justice since future professionals in criminal justice must know how to utilize community resources and volunteers if they are going to be employed in the best jobs. Two, students who are majoring in

other fields are interested since this is a tremendous way to enrich lives through volunteer services.

Mr. Leenhouts has personally taught about 500 college students at seven universities, colleges or community colleges throughout the United States and their response has been most enthusiastic.

If you are interested in attending this seminar, please call Judy Wilhelm, Catholic Community Services, 292-6597, by April 7 for reservations.

# Ron's Ramblings

by Ron Gregory

Well, since spring has finally arrived and the birds are singing it must be time to say a little something about spring sports. GSC should be proud, in particular, that the new track at the stadium on Mineral Road is ready for the new season.

Although there was some of the normal government delay in getting equipment for our track teams—and some of the stuff still hasn't arrived—our local people are making good with what's available to do some interesting things. The women, for example, had their first home track meet ever scheduled Thursday, April 6 (yesterday when you read this, a couple of days away as I write so I can't say much about it).

Somehow people and students (yes, students are people but I'm trying to take up space) seem to have the feeling that the athletic program is at an end when basketball season is over.

I assume such an attitude is natural in that football and basketball take up much of the time from the beginning of school in the way of athletic events, and both of those sports are supposed to be far more popular than any of the springtime endeavors.

Personally, I prefer a baseball game to a basketball or football but I'll have to admit that it doesn't appear that most people do. The crowds at baseball games in colleges do not quite stack up to the scores that flock to football and basketball games.

So this is a little note to remind everyone that there is plenty going on in the sports community even if it is spring. All the GSC teams need support and I urge every student to try to attend baseball games, track events, golf matches . . . etc.

Since West Virginia University has again failed to heed anyone's advice to hire Coach Joe Retton

from Fairmont State as their coach, I feel inclined to comment.

Rumors I hear are that WVU didn't even bother to interview Retton this time, although newspaper reports say they did. For some reason, the powers that be at WVU are determined to ignore the performance of Coach Retton.

It may sound like sour grapes in-as-much as I had promoted Retton for the WVU job, but I don't like it that Gale Catlett is the new coach and I think it is an injustice that Joe Retton, based on his record, isn't given a chance.

As most people know, I am not a WVU fan — Marshall's my team among the state's universities — but I think they are making a sad mistake in ignoring Coach Retton.

Oh, well, maybe they'll really interview him in four years when the job comes open again. Or in eight years . . .

The news that the Pioneer bowling team has been invited to participate as an at-large team in the NAIA Tournament is certainly an honor for the team, Coach Garry Kight, and the school.

The thing that makes the news even more gratifying is that this is the second consecutive year for the Pioneer keggers to be invited to the big show in Kansas City.

It is somewhat sad that bowling is not much of a spectator sport. Of course the game requires that the audience remain pretty much quiet and most bowling alleys are not equipped to hold large crowds. For that reason it is not often that we see the GSC bowling team in action.

We are proud though that they have been invited to participate in Kansas City. In 1976, as most of you know, the Pioneer bowlers came home with the national championship.

Fred Smith (44) receives a hero's welcome after hitting the game-winning homer in the Pioneer victory March 20 over the Concord Mountain Lions.

## Baseball Team Opens Season, Goes South

The Pioneer baseball team opened its 1978 season Monday, March 20, by splitting a twin bill with the Concord Mountain Lions. The Pioneers won the opening contest 10-6 but dropped the second contest 2-0.

Fred Smith, a Whitesville Sophomore, smacked a grand slam home-run in the bottom of the seventh inning in the first contest to give Glenville the win.

The Pioneers moved to a 1-0 lead after three innings and scored four additional runs in their half of the fourth inning to take a commanding 5-0 advantage. Concord battled back to knot the score in the top of the fifth and later took the lead for the first time when they pushed across a run in the top of the seventh. The

G-Men rallied for five runs in the bottom of the inning for the win.

Ralph Smith was the winning pitcher for the Pioneers. He walked three and struck out five. He also slammed a two run homer to add to his hurling cause.

Glenville pounded out eight hits while Concord was limited to just four.

In the second game, Concord scored single runs in each of the fourth and fifth innings to capture a low-scoring 2-0 win. Glenville was limited to just four hits. Concord collected five.

Dale Norman was tagged with the loss for the Pioneers.

The Pioneers then went on a southern tour from March 23 to 31.

On the tour, the Pioneers played a total of seven games. Their first encounter came March 23 when they dropped an 11-0 decision to Davidson College. The following day, Glenville came out on the short end of another 11-0 game, this time with the Citadel. Lewis University downed the Pioneers 27-2 on March 25.

Francis Marion downed the Glenville team 11-1 on March 28, and Coastal Carolina blanked the G-Men 4-0 on March 29. Methodist College outscored the Pioneers 10-6 on March 30 and Glenville ended the tour on March 31, losing to Wake Forest 26-2.

In a doubleheader played at Glenville on April 1, the Pioneers split with the West Virginia Wesleyan Bobcats.

Bob Moots, the Glenville catcher, put the Pioneers on top in the first game with a two-run homer over the left field fence in the fourth inning. That gave the G-Men a 5-4 lead.

## Bowling Team Travels to KC

Kansas City here we come. At least that's where the Pioneer bowling team will be going the coming week on the strength of an at-large bid to participate in the National Association of Intercollegiate Athletics Bowling Tournament to be held at King Louis East Lanes on Friday and Saturday, April 14 and 15.

Glenville placed second in the W.V.I.A.C. Tournament that was held in Parkersburg in March. Therefore, West Liberty, the team winning the tournament, will be one of the eight teams in the national event.

Other teams participating will be: Southwest Baptist (Missouri), Lacrosse (Wisconsin), Harding College (Arkansas), Winona State (Texas), and the College of Great Falls (Minnesota). Clarion State, the other entrant, has been scratched from the field because of having an ineligible player. Their replacement had not been named at press time.

The Pioneer team, consisting of Dave Twyman, Greg Martin, Darrell Baylous, Randy Miller and Joe Nobel, will leave from Kanawha Airport Thursday. They will be accompanied by Coach Garry Kight. The squad is scheduled to return from Kansas City Sunday.

Glenville won the national championship in 1976.

Wesleyan came back to tie the game at 5 in the sixth inning which set the stage for a Pioneer seventh inning rally.

Gary Jones received a walk to lead off the game, then took third on a wild pitch. After Moots became the second out of the inning, Ralph Smith, hero in the Pioneer victory over Concord, stepped to the plate and hit a shot into the hole at short. The shortstop's try to first base man's foot from the bag allowing Jones to score the winning run.

LOU ROMANO

## Lou Romano, '40, Retires After 17 Years

On February 27, the basketball coaching career of Lou Romano came to an end. The end did not come, though, before the former GSC student had made many marks in the record books of West Virginia sports.

He coached his last regular season game for the Charleston High Mountain Lions on February 27 after a 16-year stint that saw him become the winningest coach in Kanawha Valley Conference basketball history, compiling a record of 309 wins and 65 losses. His winning percentage was a remarkable 83 percent.

Showing its appreciation for his dedication and talent, CHS dedicated the game program between CHS and George Washington High School to him.

Following is his dedication: "Coach 'LOU' Romano who is in his 17th year as Head Basketball Coach at Charleston High School has announced that he will retire at the end of the current school year.

'LOU' a native of Clarksburg, WV, has been associated with winning programs throughout his entire playing and coaching career.

"During the years 1937-1940 he attended Glenville State College where he played both football and basketball. The Glenville team was coached at that time by the great A.F. 'Nate'

Rohrbough and during those years enjoyed some of the schools' greatest winning basketball seasons. 'LOU's' contribution to Glenville's success during those years can perhaps be measured best by his individual accomplishments. Twice named to the N.A.I.A. All Tournament Team at the post season tournament in Kansas City as well as being named to the small college All American team (he was the first All-American ever to be selected from Glenville.

"LOU's coaching career began at

Leewood Junior High School here in Kanawha County where his teams won (3) upper K.V.C. Basketball Championships and (7) Kanawha Valley Football Championships.

"Since coming to Charleston High, LOU's success has continued. During his first (16) years at the school his teams have compiled a record of 309 wins and 65 losses which establishes him as the winningest coach in K.V.C. basketball history.

"His record stands as one that will be difficult to surpass. His contributions can be measured in terms of

his success. His rewards will no doubt be the memories that he can rightfully cherish for years to come, and for those of us who have had the pleasure of watching him over the years, we say thanks, Lou, for providing us with all the thrills and excitement.

"From your many friends 'LOU' we take pride in dedicating this program to you and we wish you and Sperry much health, happiness and continued success and sincerely say:

"Thanks For The Memories!"
