

Mr. David Gillespie, and Mr. John White review materials received from former state governor, W.W.

Barron Papers Donated to GSC

W.W. Barron, Governor of West Virginia 1961-1965, today announced that he was donating the files, plaques, photographs, newspaper clippings, and other such items associated with the governor's office to Glenville State College Alumni Foundation Inc. The collection will be organized and displayed by the college library staff. The first transfer of items took place on July 12, 1978 when the former governor met with John V. White, Secretary of the Foundation and David Gillespie, Librarian of the college, at the home of his niece, Mrs. Jane Fair in Elkins. Most of the materials had been stored

at Mrs. Fair's home during the thirteen years since Barron left office in 1965. Other items will be added at a later date.

The collection contains seven volumes of photographs taken during the four year period, four volumes of newspaper clippings, several boxes of wall plaques, movies, slides, and framed presentations. The office files were intact as they were in 1965, according to Mr. White, whom the former governor charged with screening the files prior to their being placed on public display. Mr. White said that some personal papers would be removed from the files and placed in safe-keeping for a period of time.

Plans for a formal presentation some time this fall or next spring are in the early stages and will be released as soon as the materials can be organized and made ready. The photograph albums have been cleaned, but the newspaper clippings will need a great deal of work, as will some of the plaques and other items.

Some of the papers were lost in a fire which took the life of Mr. Con

Hardman, Barron's press secretary, but Mr. White did not feel that many were involved. He did request that any person having letters, papers or items relating to the former governor who would like to have them placed in the collection contact him or Mr. Gillespie at the college. Those making contributions will receive recognition for the gift. Members of the family have already volunteered some items. Mr. White said he had conferred with Mrs. Jackie Shock and Mr. Curtis Trent, both of Charleston, who will be helping with plans for the formal presentation. Mrs. Shock was the governor's executive secretary and Mr. Trent was his administrative assistant.

The Governor and Mrs. Barron, who now live in Florida, were visiting in West Virginia at the time of the transfer. The Barrons have three daughters. Mary, (Mrs. Terry Penn), lives in Charleston; Nancy, (Mrs. Ronald Smith), lives in Decatur, Georgia; and Janie, (Mrs. Jane Stroup) lives in Charleston. Mary and Jane will also aid Mr. White with the plans for the formal presentation.

'Trapezoid' Slated For September 22

Trapezoid, a very popular music group from Elkins, WV, will appear in the GSC Amphitheater on Friday, Sept. 22 at 7 p.m.

This group has appeared at nearly every college in West Virginia during the past few years and are a popular attraction at fairs and festivals all over the east. Trapezoid is well-known for Irish music, string-band tunes, and their hammer dulcimers. They play nearly all music that can be played on unamplified stringed instruments and each member is an accomplished musician in his own right.

They will perform for approximately one hour and a half in the amphitheater. Admission is free as the program is being sponsored by the Cultural Affairs Committee. September 22 and 23 is a home football weekend and there should be several students on campus. The program is scheduled for early evening so there will be plenty of time for pre-game parties after the program.

2 Musicians Give Recital

Jeff Hudkins and Tony Barnett will give a senior recital Sunday, Sept. 24 at 8:00 p.m. in the Auditorium. This is required for completion of a degree in Music Education.

Tony plays trombone. He will play three pieces. One each for the Baroque, Romantic, and Modern Period. He will be accompanied on piano by Dr. Edward Graham, Piano and Theory teacher at GSC.

Jeff plays baritone horn. He will play three pieces. One from the Classic Period, and two from the Romantic Period. He will be accompanied on piano by Twyla Wallace, a Music Education Major.

Jeff is a 1975 Graduate of Richwood High School. He plans to graduate from GSC in the Spring of 1979 with a Music Education degree and become a band director. Jeff is a member and a past president of the Music Educators National Conference (MENC) and Lambda Chi Alpha fraternity.

Tony is a 1974 Graduate of Richwood High. He plans to graduate in December 1978 from GSC with a degree in Music Education. He, too, plans to be a band director. Tony also is an active member of MENC.

Drop Deadline Set

The Office of Academic Affairs advises all students who intend to drop a course to do so prior to Thursday, October 5, 1978. That date represents five (5) weeks from the first day of class and current academic policy allows a student to withdraw without penalty during that time period.

During recent years, several students have withdrawn after the five week period and have received a WP (withdraw passing) which is also a non-punitive grade. However, beginning this fall, the Academic Dean and the Dean of Records and Admissions will not approve a drop from a class after October 5 except for medical reasons substantiated by a report from a doctor.

Signs have been posted all around campus indicating that October 5 is the final day to drop classes. The Office of Academic Affairs believes that students should be able to determine whether or not that they are going to be successful in a class within a five week period.

Bulletin: Glenville State College Alumni Foundation has purchased the top of Tank Hill behind Clark Hall. Mr. John White, Treasurer of the Foundation, disclosed that the purchase, made on Wednesday, includes some three and one-half acres of land which formerly belonged to Mrs. Frances Hathaway of Grantsville. Tentative plans call for a road and parking lot construction.

Three members of the newspaper staff are attending a professional conference at FSC, Saturday, to hear Col. Savage on "Yearbook" and Dr. Arnold on Design. *The Mercury* will be judged in competition with other state newspapers.

Editorially Speaking . . .

We would like to take this opportunity to inform you of events happening both on and off campus.

A disco dancing mini-course, instructed by Terry Evans and Beth Meredith, is being offered every Tuesday night from 8-9:00 p.m. in the Scott Wing Lounge of Pickens Hall. I attended the first session, where we learned two types of hustle, and thought it was very enjoyable. Our congratulations, and thanks, women, for taking the time and initiative to give disco lessons to the students.

Dancing is very good exercise, it gives you a chance to use that extra energy which comes from anxiety attacks over studies which must be done immediately. These lessons will also enable you to appear on Saturday Night Fever II. Only joking . . . we sincerely do appreciate new and fun things to do with our extra hours.

GSC's first home football game is this Saturday. I urge all students to leave those suitcases where they are and stay for the game. Home-game moral support provides the team an extra incentive to do their best for their ole alma mater.

We would like to thank each and every one of you for the great response to the "Letters to the Editor" section. We received absolutely zero letters. So we do not wish to hear any griping about the news supplied to you. You had your chance to voice your opinion. Of course, there is still plenty of time. I seriously can't believe no one took the time for constructive feedback. I did get a few, notice and I repeat, a few verbal comments. To those who did respond, I thank you!

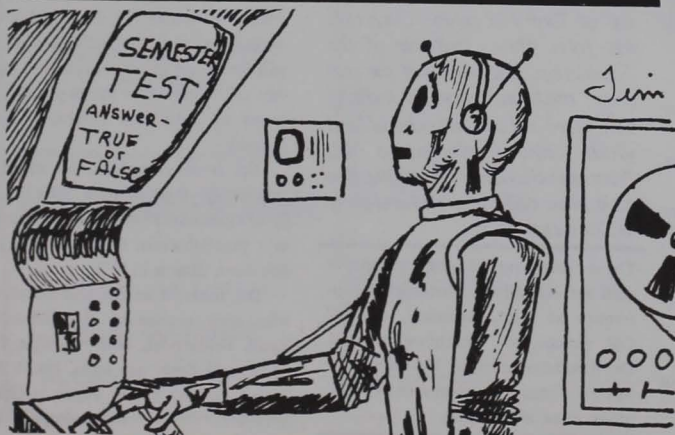

Don't forget about the Women's Festival to be held Sept. 27 at WVU. The latest count for the bus reservations is 35. Very good!

Now for this week's complaint. . . this gripe is not something new, but perhaps you have been thinking about it. Students, have you ever felt stifled? The stifled feeling I am referring to concerns grades. For many of us, the job markets we are striving for are very tight. And unless we know very influential people or can get in on our merits alone, which is extremely difficult to do, our next method is grades. And in order to obtain the good grades we have to do as the instructor wishes. This is easy to do but what if you have an instructor who asks you to regurgitate word for word what you write in your notes? It is easy to memorize, but do you find yourself forgetting everything once you walk out of the door after an exam is over? And we don't have a chance to decide how the material relates to a situation other than the instructor's lesson plans. Personally, I like essay exams because you have a chance to show what you have learned in your own words.

In "fill in the blank" or true and false exams I feel as if I am a robot pushing buttons for the correct output and then the program burns and I am left with a burnt out transmitter. But face it, for many of us our destinies rest in grade books. Of course, this depends on the interviewer and the job situation. But it is very difficult to sit through a class where the instructor insults the intelligence or is patronizing. When it takes fifteen minutes to explain the attendance policy, I feel like leaving the classroom. But when the class is required for graduation, what can you do? I don't know. College is a place of higher education but sometimes I feel as if I am still in high school and that is a peculiar feeling after four years.

I realize that some classes can only be taught by following the text book, but some extra references would be great. As I said before, this is a personal gripe but perhaps someone out there feels the same? Or am I only attempting to open Pandora's box? Nevertheless, many class situations are extremely stifling.

Off The Wall

by Tim Brady

I was sitting in one of my many exciting classes a half fortnight ago when I was suddenly awakened by a boisterous clamor. It seems that my classmates were engaged in a rather heated discussion with the instructor. Their argument centered around the good, evil, or indifference of television. After a series of threats, counter threats, promises, dirty words, and a Jim Bowie knife were exchanged between the combatants, a quasi-agreement was reached. Television was O.K. they said, when it wasn't taken to extremes. Whoopee! Personally, I could care less about television programs. What I do like about television are the commercials.

Commercials are great because they are so funny. Where else can you see some middle aged, balding man going around telling people not to squeeze toilet paper. Great, huh? The one thing wrong with commercials is that they take up too much time. If it was up to me I would consolidate a group of related commercials into one big commercial so people would have more time to watch the crummy stuff that TV executives call entertainment. I'll give you a 'for instance.

You have seen the woman with the stopped-up drain who is having a dinner party and simply has to have her drain unclogged. In pops Josephine, the plumber, and VIOLA, the drain is unclogged. Under my plan, not only would the drain be clogged up, but also the hostess. In pops Josephine with the Drano and the Ex-lax and VIOLA, everything is cleared up. But wait, there is more. Following close behind Josephine is Aunt Zelda who is famous for running through the house yelling, "I can't believe it's toilet paper." Now, not only is everything cleared up, it's cleaned up.

Another good amalgamation of commercials would be easy if you took a pair of tight fitting Levi Jeans, put them on an overweight lady who follows the Weight Watchers diet plan, and for coup de grace, introduce a can of Mobil axel grease just in case the fat lady has trouble getting out of the pants.

There it is fans, another masterpiece.

WGSC Airs Soon

WGSC would like to announce that it will begin its broadcast year on Sunday, September 17. Broadcast hours will be from 2 p.m. until 11 p.m., Monday through Thursday. We hope you will listen to your campus station, located at 640 on the AM band.

Yearbooks Arrive

1978 Kanawhachen's have arrived! Those who attended GSC on a full-time basis last year (12 hours or more), are entitled to a yearbook upon presentation of I.D.'s at the Information Center from 9 a.m. - 4 p.m.

Culturally Speaking . . .

by Michael Farber

This Tuesday evening Jean-Luc Godard's *Breathless* will be shown on campus, and as it will be this year's first European film presented by the Cultural Affairs Committee, it makes one wonder what response it will receive here. My own first impression was to question whether it was subtitled, and undoubtedly there would be a similar reaction from the majority of students if a survey were conducted. Has this language barrier created such a reputation for these films, or is it simply that the reading requirement has caused the usual exit door exodus?

Certainly the lack of foreign languages in our high school and college curriculums has something to do with our "let's get out of here" attitude, but from a sociological or historical point of view the situation seems far more complicated. At present, it appears as if we are approaching an academic level where English itself has become a foreign language!

With Godard's *Breathless* though, I feel we have an opportunity to delay this trend toward our lingual isolation if we can arouse our patience to sit still long enough. The film's story is a French adaption of the classic Hollywood gangster film. It was produced in 1960, and was soon labeled by film critics as being one of the most important films to come out of the "New Wave" movement that was sweeping through the European theaters. *Breathless* literally rewrote the grammar of film and established that the manner in which a story is told can be more important than the story itself. Jean-Paul Belmondo's first major role; a parody of Humphrey Bogart's anarchic gangster, made him famous.

The story involves a young gangster, Michel, who upon returning to Paris in a stolen car, casually kills a policeman on the highway. Arriving in Paris without money and wanted by the police, he seeks refuge with his American girlfriend, Patricia. He tries to persuade her to go to Rome, but she betrays him to the police.

Even though the ending is dramatically overplayed as one might expect in a Hollywood production, this film in uniquely French and I strongly recommend it.

Mr. Farber will be reviewing all forthcoming Cultural Affairs films and will share his praises and-or criticisms with THE MERCURY readers.

Group Discussion Held at Clinic

Co-Captains Ed Donatell and Mitch Guy prepare for season opener.

Cline's Lines

Well, Wednesday night has finally rolled around and I'm sitting here racking my brain for some sports news.

It might sound like an easy job to you but when press night rolls around its hard to get your ideas in a halfway decent order. On Sept. 9 the Pioneer squad got into a little pre-game action with Marietta College. Missing the scrimmage, I decided to go to football practice and get a "sneak" preview of what is to be expected against Shepherd.

All in all the squad was practicing hard and seemed to be fired up for this weekend's game.

I also rotated through the sports scene on campus and managed to come up with a few odds and ends.

Golfers Recruited

Coach Tim Carney has announced the addition of three new members to the GSC golf team. Joining the returning lettermen are Dave Lumm and Jeff Stump from Parkersburg South High School, and Tom Davisson from Gilmer County High School. The new members of the team may have a tough time making the starting lineup as Coach Carney returns all members of the conference championships last year.

In addition to a full spring schedule, the golf team will also participate in four fall matches. In September, the team will participate in a match at Youngstown, Ohio on the 18, and the Davis and Elkins Invitational on the 21. In October, they will travel to California, Pennsylvania on the 2, and to the West Liberty Invitational on the 8 and 9.

Qualifying for the first six positions among the team members is going on at the present time. But, Carney said that he hopes to have all the members compete in at least one of the fall matches.

Cheerleading tryouts were held this Monday to add one regular girl to the squad along with 3 alternates.

Kathy Tompkins, a 2-year-old from Elyria, Ohio was chosen to be the sixth cheerleader on the squad. Kathy is majoring in Secondary Education with minors in Anthropology and Sociology. She was a cheerleader in high school and at the Community College she attended in Ohio. Her hobbies include tennis, baton twirling, collecting rocks, and astronomy.

Three alternates were also chosen Monday. First alternate is Ann Johnston, second is Becky Criss and third is Tracey Rymer.

Basketball coach for the 78-79 season is Barbara Maiocco. She resides in Lewis County and is presently tennis coach and assistant basketball coach at Lewis County High School. She stated that she felt the team shows great promise and that they can build and develop into a good team. She is also very optimistic and stated that they will spend a great deal of time working on ball handling, dribbling, layups, outside shooting and good team work.

Coach Maiocco is a graduate of WVU and has had extensive background in teaching.

Well, I'm going to try my hand at predicting the weekend games and hope that they correspond with the actual outcomes. Just remember... females are never right 100% of the time but we try!

Glenville over Shepherd - Pioneers do the 'ramming' in this game.
Concord over Salem
Fairmont over Bluefield
WV Tech over West Liberty
WV Wesleyan over WV State
Oklahoma over WVU-I hope I'm wrong!

Marshall over Appalachian State
Ohio State over Penn State
Pitt over Tulane

Good luck Pioneers and Coaches!!

Pioneers Prepare For Opener

Head Coach "Whitey" Adolfson and the Glenville Pioneers will try and rebound from a disastrous 1-8 season of a year ago. The G-Men will open up against the Shepherd Rams Saturday, September 16, at Pioneer Stadium.

The Pioneers have a mixture of youth and experience in their favor this season. They return 29 lettermen and have only eight seniors on the roster. Several freshmen will see plenty of action this season also.

Sophomore Terry Spangler, 6-1, 183, Whitesville, will be calling the signals for the Pioneers. His running mates in the backfield will be senior Tom Phillips, 5-11, 212, Goshen, OH; and sophomores Brad Batten, 5-9, 165, St. Albans; and Van Vaughn, 5-11, 205, Aquasco, MD.

The Offensive line chores this season will be taken care of by senior tackle Bruce Carey, 5-11, 235, Clarksburg; junior J.D. Fairchild 6-2, 240, Fairlea; and freshman Joe Douglas, 6-1, 235, Elkview. Senior Wilbert Zirkle, 5-9, 186, Buckhannon; and juniors Lynn Stalnaker, 6', 206, Harrisville; and Kevin Grogg, 6-3, Mullens; will handle the guard positions. Snapping the ball for the Pioneers will be Allan Johnson, 6' 225, junior from Parkersburg.

The tight end position is up for grabs between junior Richard Heffelfinger, 6-2, 209, Troy, OH; sophomore Colin Dean, 6-2, 190, Burnsville; and freshman Terry Markham, 6-2, 200, Ravenswood. Senior Mitch Guy, Aurora OH; junior Gene White, Akron, OH; and freshman Mike McGill, North Kansas City, MO; will be sharing time as the flanker.

Sophomore Paul Duffy, Weirton; freshman Steve Gandee, Clendenin; and junior Wayne Voris, Troy, OH; will divide the duties at wide receiver.

Deadlines Set

The deadline for turning in team rosters for this year's first men's intramural sport, volleyball, will be 12:00 noon, Monday, September 18. Roster sheets may be picked up at the athletic director's office in the Health building. A schedule of games will be drawn up and posted in the Health building on Tuesday and the first night of action will begin at 7 p.m. on Wednesday, September 20. After that the games will take place on Monday and Wednesday nights.

Other intramural programs slated for the year are basketball, billiards, bowling, golf, handball, racketball, softball, swimming, tennis, and track. One popular game, flag football, has been cut from plans due to its roughness and the injuries it has caused in the past. There should be a final schedule of all events drawn by the end of the semester.

The cost for these events is a two dollar deposit fee plus a two dollar default fee, the latter which is returned if the team stays active.

Steve Gandee and Greg Fertig, Eleanor, WV; are listed as the Pioneer place kickers. Terry Spangler, Chuck Barker, and Greg Fertig will do the punting.

Battling it out for the defensive end jobs are senior Chauncey Cunningham, 5-11, 185, Charleston; and juniors Larry Cundiff, 6-2, 200, Charleston; and Brian Jones, 5-10, 190, Rainelle, WV. The two defensive tackles will be juniors Billy Walker, 6-4, 255, Owing, MD; and Pat Beebe, 6-1, 235, Fleming, OH.

The linebacking jobs will be handled by seniors Chuck Barker, 5-11, 185, Smithville; and John Coutz, 6', 210, Big Chimney; junior Greg Dunning, 6', 195, Grossville, Tenn.; and sophomores Chuck Ludwig, 6', 180, Follansbee, and Dennis Gilchrist 6', 190, Parkersburg. Coutz becomes eligible this year after transferring from WVU where he was a member of the Mountaineer football team for two years.

Working in the defensive backfield for the Pioneers will be senior safety Ed Donatell, 6-2, 196; Stow, OH; and sophomore cornerbacks Danny Amick, 5-10, 160, Summersville; and Kent King, 5-10, 171, Fairlea. Donatell and flanker Mitch Guy will be Glenville State's co-captains this season.

There were nine starters from last season lost due to graduation.

Walter Barr and his Shepherd Rams are coming off of a 9-1 season. Their only loss was a 13-7 squeaker handed to them by conference power Concord College.

Forty lettermen are returning from last season's squad and they expect nothing less than an undefeated season this year. The Rams already own a 14-10 victory over Shippensburg, PA.

Scrimmage Useful

The GSC Pioneers traveled to Marietta College last Saturday to participate in a pre-season scrimmage. It was a controlled scrimmage with both teams enjoying plenty of time on the field both offensively and defensively. Instead of the regular game situation, a ten play and then a first and ten format was used. Mental mistakes and mistakes in execution were made that have to be eliminated before the game with Shepherd on September 16. Coach Adolfson attributed these partially to the lack of experience of his young team.

What the scrimmage did accomplish was important. The players were confronted with a game type environment which is very important before playing in a "real" game. Also, the scrimmage afforded coach Adolfson and his staff the opportunity to view a large number of untested personnel in a situation much different from controlled practices they are used to. In respect to their physical condition, the team held up well in the heat and humidity. Fortunately, no one was seriously injured and the pioneers are physically ready for the task before them.

Offensively the Rams should be very potent with the entire unit returning. Leading the way will be All-Conference fullback Greg Warfield and halfback Wayne Wilson. Both have been starters since their freshman year.

This will be the first meeting between Glenville State and Shepherd on the gridiron since 1971. That game ended in a 7-7 deadlock. The year before that Glenville up-ended the Shepherd Rams 21-0.

Glenville State College will honor the 1958 undefeated Pioneer football squad this weekend. They rolled through the season with a 6-0-1 record.

Nick Murin, who is still a member of the Glenville State Faculty, was the head coach. His assistant, Leland Byrd, is now the West Virginia University Athletic Director.

Glenville opened the 58 season with a 13-0 victory over West Liberty. The only blemish on the slate followed in a scoreless encounter with Potomac State.

The Pioneers went on to defeat Concord 7-6; Davis & Elkins 30-7; Salem 14-7; West Virginia Wesleyan 20-0; and Fairmont State 18-6.

Members of the squad will be recognized during the season opener with Shepherd. That afternoon there will be an alumni golf tournament followed by a pre-game dinner.

Athletic Honor Outlined

The following standards were adopted by the Glenville State College Athletic Committee in December, 1976, regarding the selection of the Montrose Award Winner for Glenville State College. To be considered for nomination a student must meet the following requirements.

1. the athlete must have a 3.00 overall cumulative grade point average.
2. the athlete must be of good moral character as determined by the Athletic Committee.
3. The athlete must attain at least an All Conference in the sport.
4. If a member of the Athletic Committee was also a coach of the sport in which a nominee participated - That member or coach will abstain from voting on the Montrose Award Winner.

'Revenge Is Sweet . . .'

Every night at exactly 11 p.m. the person right above me in the dorm comes out of his cubbyhole and decides to liven up the rest of our hum drum dormitory lives.

On goes the hard rock and the inhibitions are let loose. Unfortunately mine are on the defense. Eleven is sack time. Sack time means no noise no lights and no talk; you're ready for sleep not 'Saturday Night Fever' time.

For two weeks, I have put up with this injustice, but my temper was at the boiling point and my sanity had gone like pollen in the wind, slowly but surely:

As I lay, trying to block out everything as mental patients have learned to do to shut out things that are hurtful or threatening, my mind suddenly hit upon a plan of revenge. "Ah, revenge is sweet" and I planned to make mine taste like honey.

That weekend I went home and bought enough classical records to die.

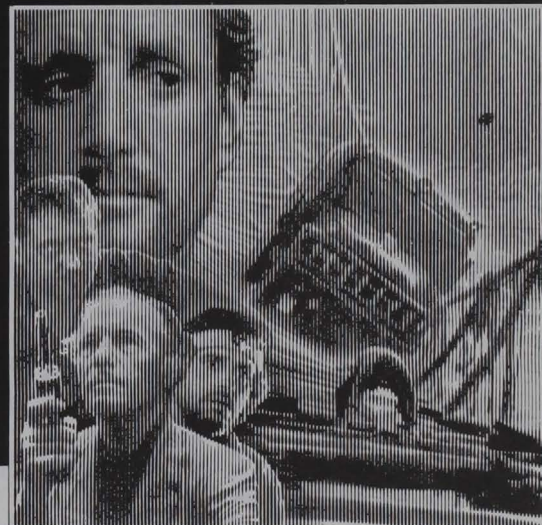

Sunday evening at 9 p.m. I put on five of my classical works, making sure they would end at exactly 11:00. I turned up my speakers, closed my door, and left.

This plan of attack has lasted throughout these three weeks of school and believe it or not it is succeeding. The music, although still played, is at a lower level and not as hard; it falls more into the category of easy listening.

I think my next record will be an upbeat number called 'Tubular Bells'. It's nothing but 15 minutes of bells. Ah revenge is sweet . . .
