The Glenville Mercury

Glenville State College, Glenville, W. Va.

Number 12

A guest speaker, Henry "Chip' Baker, visited GSC November 10 to speak to students on mass

Exhibit To Be Held

The fifth annual Photography 'Art Show and Sale, sponsored by Dr. Frank Jenio, will be held in the multipurpose room November 28-30 from 11 a.m. until 7 p.m.

This exhibit will give the students an opportunity to see art in the form of photography. All the photographs

New System Tested This Spring Registering for classes at Glenville State College for the spring

semester will take on a new look with the initiation of the "on-line" registration system. According to Mack K. Samples,

associate dean of Academic Affairs, on-line registration will mean the elimination of the computer cards used during previous registrations at GSC.

Pre-registration for the spring semester of 1979 will begin on Nov. 28 during the hours of 9-11 a.m. and 1-3 p.m. daily at the Office of Academic Affairs in the Administration Building.

After a student, who plans to pre-register, sees his advisor, plans a schedule and has it properly endorsed, the information must be brought to the Registrar's Office window where the student's schedule and information will be fed directly into the computer.

"One of the big changes the students will notice," according to Samples, "is the addition of an index number to the schedule. Each class will have a four-digit index number which must be entered when registering."

He continued, "One of the big advantages of on-line registration is that a student may drop-add at anytime from the time he or she preregisters to the drop-add deadline during the spring semester."

Samples added that there is "no rush'' on the beginning date for pre-registration since it will continue through the end of the fall semester and during working hours over the Christmas holiday.

on exhibit will be mounted either on barnwood or in frames. Most of the photos are of landscape scenes and wildlife from West Virginia and the eastern United States.

Dr. Jenio has had several exhibits including the Clarksburg Public Library. Dr. Jenio, a freefance photographer has participated in the Ripley

Final examinations will begin at 8 a.m. on Friday, December 15, 1978 and end at 12:10 p.m. on Wednesday, December 20:

Examinations in evening classes are to be given at the last regular class neeting. In arranged classes the final examinations may be given at the last regular session(s) prior to the final examinations period.

The Schedule given below will be followed.

In case of a conflict in the schedule, the instructor concerned should see his Division Chairman and the Dean about special arrangements.

Each examination will be held in the room where the class has been meeting. Final examinations are to be given in all classes unless waived by the Chairman and the Dean.

All classes meeting at:	Will have examinations on:

Regular registration for the spring semester will be conducted on Tuesday, Jan. 30, 1979 between 8:30 a.m. and 3 p.m. Students who have not seen their advisor for pre-registration should plan a schedule, have it signed by the advisor and report to the basement of the Administration Building to complete the registration process.

Fridáy, Nov. 17, 1978

Students must enter the basement via the staircase near the business office, and division chairmen and the registrar will be located in Room 101A for assistance.

Fees will be collected at anytime after pre-registration for those students receiving financial aid, but those students receiving financial aid can only pay their fees on Jan 29.

The financial aid officer will be located in the Little Theater, and those students who have not preregistered will have to wait until January 30 to pay fees.

to pay the fees immediately he or she must up-date the student profile sheet at that time. However, profile sheets will be mailed to everyone who has pre-registered and the student will be asked to up-date and return when paying fees at the end of January.

Mrs. Pat Stump in the dean's office in order to be certified for benefits.

make up the on-line registration system called MORRIS were developed at Fairmont State College where it has been used for over a year. The GSC Computer Center staff received a copy of the system and have modified it for use here.

Arts and Crafts fair for the past year. He won first prize on the color category in a State Competion Art Show in Parkersburg strictly for photography.

Funds to be Kaised

The Muscular dystrophy fund-raising effort, conducted by various organizations of Glenville State College, will be held the last Thursday, Friday, and Saturday of Febuary, 1979.

Thirty-five people attended the first meeting which was held November 14. The next meeting will be held the first week in December. Watch the Mercury for future details.

Plans and arrangements are underway. Many celebraties around the country are being contacted for their support and attendance such as: Jerry Lewis, Bob Auelini (quarterback for the Chicago Bears), Frank Cignetti (football coach for WVU) Don Knotts, Steve Swisher (Catcher for St. Louis Cardinals), Bob Griese, A. J. Manchin, and other government officials and performers.

The organizing of the dance marathon, greased pig capture, pie throwing contest, gold fish swallowing, toga fashion parade, and other events will take much participation and cooperation.

If interested, contact David Tebay (chairman), Tina Hardman (co-chairman, or Mrs. Kretzchmar-Young for further details.

Mercury 'Turns' 49

In the year of our Lord November 25, nineteen hundred and twentynine a new star attraction was born at Glenville.

Who was that star and did he become famous? The star was the newspaper and yes it has become famous (for one reason or another and we at the Mercury believe it is because of our integrity, expert reporting and appeal).

Up until 1929, Glenville had no formal newspaper, just a newsletter entitled the Normal Bulletin Tower which sewed from 1916 to 1926.

A group of interested students, along with an advisor and expert help from a local newspaper, started the newspaper.

A contest was held in which residents of Glenville could send in names for the paper. The prestigious prize was, you guessed it, a year's free subscription.

The winner of this prize was Mrs. Carmen Rinehart Moss. She is currently residing in Richmond Virginia.

Mrs. Moss said that she saw the

contest in The Glenville Democrat and that she wanted to do something for her school (yes, GSC students, back then school spirit was alive and well in 1929). Originally Mrs. Moss said that her two entries just "came" to her. The Beacon and The Mercury were her original choices. Since she figured the nation had enough of Beacons she sent in Mercury and promptly put it out of her mind, thinking that she would never win.

Mercury was chosen because of its mythological connotation. Mrs. Moss was notified and the name appeared in the college paper and The Democrat did a human interest story on her. She says, and I quote, "I was never more surprised in my life. I was very happy to do something for my school."

Although she had made plans to come and visit the college last fall, a conflict in her schedule prevented her from her visit. She is planning to visit the 50th aniversary of The Mercury next fall.

Other suggested names for the paper were The Pioneer Post, The Moun-Cont. on page four.

anuary 30 to pay sees. If a student who pre-registers decides Application Procedures Defined

Application procedures for the 1979 Program are as follows. Students interested in clerical jobs, grades GS-1 through GS-4 must take a written test. Students who take the test and are found eligible will be sent a Notice of Results and the Application for Federal Summer Employment. They must then apply to any of the Federal agencies listed in the Announcement between March 15 and April 16. Aplications postmarked after April 16, 1979, will not be accepted.

Students who file for the test by December 15, 1978, will be scheduled for testing in January. Those who file by January 12, 1979, will be tested in February. Applications postmarked after January 12, 1979, will not be accepted.

Students who passed the summer written test in 1978 are not required to retake the test in 1979. The Civil Service Commission will contact 1978 eligibles fo determine their interest

in applying for these clerical jobs in 1979. Those who respond to this inquiry will be sent a new Notice of Results and the Application for Federal Summer Employment.

Undergraduates interested in GS-1 through 4 nonclerical positions; graduate students interested in GS-5 and above professional, technical, or administrative jobs; and students interested in trades and labor occupations must file directly with the agency in which they are most interested. No written test is required for these positions. Application periods vary by agency. Students should be referred to Summer Jobs Announcement 414 for information on deadlines, types of jobs, locations, qualification requirements, and other details.

GS-1 \$	6,561
GS - 2	7,422
GS - 3	8,366
GS - 4	9,391
GS - 5	10,507

HAPPY BIRTHDAY MICKEY MOUSE!

Trito

"Education Can Turn Things Around," is the theme for the American Education Week (AEW) which began November 12 and ends today.

During World War I, the draft board found that 25 per cent of the men called for duty were illiterate and 29 per cent d. were physically unfit. Therefore, in 1917, the Americanism Commission of the American Legion consulted the officials of the National Education Association (NEA) and the U.S. Office of Education concerning an educational campaign to correct such deficiencies as illiteracy.

Then in 1919, several conferences were held which evolved a plan for an annual national observance of education. The first American Education Week observance was held Sept. 4-10, 1921. Also in 1921, the NEA governing body adopted a joint program to work with the American Legion. The Co-sponsors for AEW today are: NEA, American Legion, U.S. Office of Education which joined in 1922, and the National Congress of Parents and Teachers which joined in 1938.

Until 1969, the program had daily themes, but in 1969, the co-sponsors decided to have one theme which would cover the entire week. Some previous AEW themes are: 1929: "Education For Worthy Home-memberships"; 1938-"Educa-tion For Tomorrow's American"; 1945- "Strengthening the Foundation of Freedoms"; 1958- "Report Card U.S.A."; 1968- "America Has A Good Thing Going-It's Schools"; and 1975- "Our Future and Our Schools." a

The co-sponsors decide the theme and the counties do individual projects to participate in the AEW. The association does not monitor participation. Counties have different methods of participating in the AEW, for instance, Cabell county has a model classroom in a store-front window where the parents and members of the community can observe a classroom situation

According to Ron Welty, Superintendent of Schools, Gilmer County did nothing to participate in the AEW except for two Parent-Teacher Conferences which were held Monday and Tuesday nights.

The main reason for AEW," said Bill Rainey, editorial assistant for the WV School Journal, "is to get parents more involved with the schools."

* * * * * * *

Three important birthdays are this month, therefore we would like to take this opportunity to say ... Happy Birthday! Happy Birthday to The Mercury (see story on page 1), Happy Birthday to Cookie Monster, whose birthday was November 10, and Happy Birthday to Mickey Mouse who will be fifty-yearsa old Saturday, November 18.

* * * * * * *

We would also like to take this opportunity to wish everyone a Happy Thanksgiving and a relaxing holiday. These few days will give you time to catch up on your studies. Have A Good One! n

SIGMA SIGMA SIGMA The Sisters of the Delta Alpha Chapter of Sigma Sigma Sigma held ceremonial meeting on Nov. 13.

New Officers for 1978-79 were elected, President-Sue Baisden, Vice-President-Beth Meredith, Secretary-Pame Laign, Treasurer-Linda Collins, Rush Director-Ann Johnson, Education Director-Dawn Butler.

Thanks to all those who assisted in the Fall Formal. It was a large success for the second year.

Thanksgiving dinner was enjoyed Thursday in the Cafeteria, by the Sis-

Hope is wished that everyone have a great Thanksgiving holiday.

Christmas boutique will be held soon after the holiday.

Everyone is urged to compete in Glamour Girl's contest.

LAMBDA CHI ALPHA

Bro Fraters of Lambda Chi Alpha held their weekly meeting last night with emphasis going toward next semester's officers.

Special thanks and appreciation to Ladies of the White Rose for the turkey dinner.

We'd like to congratulate officers of the last two semestsers and special thanks to Housing Director Ken (I'll check into it) Anderson, for checking into everything and putting his best foot forward and coming up with minus one.

Award for the week AH-Buddy Monday, Winno-Lyle (jailbird) Spencer, Alan Pierre Farnsworth for falling into something he couldn't handle.

Until next time this is good dude Jeff Wally Wiles bidding you sweet adieu.

LADIES

The Ladies of the White Rose held their weekly meeting Tuesday in Pickens Hall.

Plans were discussed for a bake sale to be held downtown and a car wash, both to be held on Dec. 2.

A box social was held by the Ladies for the brothers last Thursday. Thanks to everyone who attended.

Monday, Nov. 13 a Thanksgiving Dinner was held in honor of the Lambda Chi Alpha Brothers at the Kanawha Room. Everyone who attended had an enjoyable evening.

ORDER OF DIANA

The members of Order of Diana would like to congratulate Jim Gumm, Brian Hayhurst, Robey Godfrey, Dennis Gilchrist, and Mike Fragassi for surviving last week and making it to the ranks of MEN.

We would also like to congratulate and thank the TKE's for giving such a good after-the-game party. Fun was had by all.

The OD's would like to wish all our men a happy Thanksgiving and all our injured men a quick recovery.

There will be a meeting of second semester student teachers on Monday, November 27, 1978, 102 Clark Hall, at 4:00 p.m. The purpose of the meeting will be to review instructions and complete appucation forms for taking the National Teachers Examination

'Send Me No Flowers' Reviewed

The GSC college theater production of "Send Me No Flowers," a comedy, held Nov. 9, 10, and 11 was successful in that people did laugh. There is nothing worse than a comedy with no audience participation.

The theme of the play, although a bit sexist, dealt with the consequences of non-communication between spouses.

The sound quality was not good. People sitting in the back had to strain their ears to hear. The music between scenes was much too loud and the doorbell evidently would not cooperate. There was one extremely confusing scene when the lights come on and nobody appeared. We wondered if it was a mistake on part of the script.

Another confusing aspect of the play was the ever-apparent usage of the 7-up bottle. We kept wondering if it was a mixer or were they drinking it straight-on-the-rocks? The stage props were adequate and fit well with the mood of the play - plain and "laid-back."

The beginning of the play was rather shaky - it sounded as if the script were being read. But after the first scene the mood and tone perked up and sounded more dramatic.

The timing was extremely good. Everyone knew their lines and we noticed no pauses.

We were most impressed by Jeff Davis (Bert). He had a very stereotyped role and it came off well. Abby McHenry (Judy) who played the stereotype of the loving, caring wife, was very convincing although we think she forgave her husband much too quickly. She is a great pencil-seller! Very convincing.

The most impressive role-playing portrayed by Gene White (George) was when he wasn't talking. His expressive language was fantastic.

Ken Anderson as Arnold was great! We loved his drunk shuffling! Gary Ross (Dr. Morrissey) left a little to be desired as a believable doctor. Joy Westbrook (a girl) could have been a bit more seductive but she was all right. The passersby Dee Walker, and Kevin Lightner were good, especially Dee Walker, who deserved a bigger part.

Joy Westbrook (Miss Mason) was extremely convincing as the other woman. Dave Blemins (Vito) carried his stereotyped as "Studbolt" off well. What can be said about Kate Reed (Miss Akins) except for -great! If we were dying we would definitely buy plots from her.

The play as a whole could be defined as: above average. Due to the time element involved and the fact that this was a college production as compared to Broadway production, it was a success.

tiation **H**

The local chapter of the ADE at Glenville State College held its initiation ceremonies November 9th at 5. President Gary Baker had the 10 attending pledges take an oath of the fraternity. Fees and pledge boards were taken up. Those pledges who missed the ceremonies of initiation are still eligible to join. They need to be at the next regular semi-monthly meeting with their pledge boards and initiation fees (\$5)

The next meeting is to be on Thursday, December 7th at 5:30.

THE GLENVILLE MERCURY

Banterings

First of all I must extend, my apologies to Dan Waldheim for incorrectly labeling his picture on the sports page last week; also my apologies go to the cross country team for incorrectly writing that they will compete in Kenosha, Minnesota in the national finals, it's Kenosha Wisconsin. Last week was one of those weeks.

They say all good things must come to an end. The same must hold true for all those things that were not so

good. Unfortunately, the past football season was not so good. The Pioneers finished up with two wins and seven losses, the two wins coming

against Bluefield and Salem. I guess in terms of tangible results, the season would have to be considered disappointing I'm sure if you were to question some of the football players as to their feeling on the season they should have a different appraisal.

After the first couple of games the team seemed to come together and play respectable football, being beaten decisively only twice. The Fairmont game was within the grasp of the Pioneers, but it so fleetingly disappeared. And if (big word) a Terry Spangler pass could have covered another half yard at the end of the first half against Tech, that game would have been up for grabs. Oh' well, such are the ways of sports.

On Friday, November 17, the Pioneers basketball team dribbles into action at The Shrine Tournament in Weston. Glenville takes on Newport News of Virginia in the first game of the doubleheader. I won't wager any predictions on this game or any other games until I have had an opportunity to see the crew in action. I am excited about the season, though.

Again I have to forward my congratulation to the cross country team for their great showing in the conference championship meet two weeks ago. Their second place finish earned them a spot in the National finals being held at Kenosha, Wisconsin on November 18th. I bet it's cold up there though.

All you Turkeys have a nice Thanksgiving.

Glenville 14-7 When two players on offense set school records it would seem natural that their team would have won. But things are not always as they seem. In last Saturday's game against W. Va. Tech, Terry Spangler completed 24 of 54 passes both school records for 212 yards; and Mike McGill | snagged nine of those, another school record. It was all for nought however, as

Glenville lost to Tech 14-7 in their season final. Tech scored their 14 points all in

the first half on a one yard plurge and a 25 yard pass. The Pioneer defence effectively shut Tech down in the second half.

The only Pioneer score came in the fourth period when McGill caught a 43 yard pass from Spangler.

The decisive play of the game came in the final 21 seconds of the first half. Spangler hit McGill with an apparent touchdown pass; apparent to everyone but the officials. The ball was marked down on the one foot line and Glenville failed to score as time ran out in the half.

Glenville rushed for 119 yards on 34 carries, combined with the 212 yards through the air.

Glenville finished the year at 2-7.

year. He hopes the young members of the team - five out of six are freshman - will gain valuable experience from the extended level of competition that they will face. This experience will be invaluable in the years to come. The team finished with a confer-

ence record of 23-7 this year. With the young team they have and the good recruiting potential that has been established this year, Coach Hilgenberg's squad should be a strong force for many years.

Mark Truelove was injured in an automobile accident on Wed. 15, and was not able to make the trip to Wisconsin. Best wishes goout to Mark and hope for a quick recov-

ery. Mr. Jack Laeng, Sociology instructor, will accompany the team along with Coach Hilgenberg.

Now this is the way it is fellows.

Mike McGill catching one of his record nine passes

Cagers Prepare For Season Opener

The 1978 Basketball team will travel to Weston, West Virginia on Nov. 17 and 18 to compete in the Shrine tournament. The Pioneers are scheduled to play Newport News Virginia on Friday evening. of

Listed below are the remaining members of the squad.

John Irwin-sophomore-forward; hgt. 6-4; wgt. 190; age 19; from Elkins, WV Irwin has the tools to become an outstanding basketball player. He is a good jumper, shoots well, and has good court sense.

He should see considerably more playing time this season if he works to reach his full potential.

Irwin was selected to the All Big-Ten basketball team his senior year at Elkins High School. He is a member of the Glenville State track team too.

Ken Lacey-sophomore-forward:hgt. 6-5; wgt. 195; age 20; from Mullins, WV. Lacy became eligible this season after transferring to Morris Harvey College. He has played in the backcourt some but will be used up front at Glenville.

Lacy is surprisingly strong and has a good shooting touch. He needs to develop quickness to become both a good offensive and defensive player. Ken graduated from Mullens High School which has the tradition of turning out many good basketball players.

Jesse Johnston-Freshman-forward; hgt. 6-4; wgt. 200; age 18; West Hamlin, WV. Johnston comes to Glenville State from Guyan Valley High School. He was the captain of the only basketball team that downed 'A' State Champion, Harts High School.

Johnston, like Williams, is a stranger type of player who can get up off of the floor. He is also a good the second semester of last season. shooter in the 15 foot range. Johnston He has good jumping ability, maybe played football, along with basketball in high school and fits into the Pioneer program nicely in the upcoming years.

Don Bullet-Freshman-forward; hgt. 6-5; wgt. 195; age 18; Martinsburg, WV. Keep the name Don Bullet in mind. You will be hearing it all over the next four years. WVIAC

The 6-5 Martinsburg native was selected to the All-Tri-State first

team his senior year. If his team had advanced on to the state tournament, there is no telling what honors he would have received.

Bullet excels in nearly all aspects of his game. He is an intelligent, fundamentally sound, player made from the Earl Hawkins mold. That is not a bad one to come from either.

Mike Forbes-Freshman-guard; hgt. 6-1; wgt. 160; age 18; Oxon Hill, MD. Forbes is another Steve Datcher product. He passed up his final season at Thomas Stone High School though to play for Oxon Hill H. S., also in Maryland.

He is a good ball handler and outside shooter. Forbes can play good, aggressive, defense and has the know how to run the ball club on the floor. Mike played both football and ran

track in high school. He should see his share of playing time as a Pioneer basketballer during his stay in Glenville.

Wes Williams-Freshman-Center; hgt. 6-5; wgt. 200; age 21; Washington Courthouse, Ohio. Williams will be making a comeback after being out of organized athletics for three years. He is the first Pioneer roundballer to come from the wrong side of the Ohio in recent history.

The 6-5 Williams is big and rough enough to mix it up with anyone on the schedule. He is a good jumper and hard worker.

While in high school, Williams played both football and baseball. Wes will be a good addition to the Glenville State program over the next four years.

Paul Wills-sophomore-forward; hgt. 6-3; wgt. 185; age 19; Hughesville, MD. Wills became an academic casualty

the best on the squad, to go along with his strong inside game. Wills was a teammate of Wayne

Washington at Thomas Stone High School. They were coached by former Pioneer great Steve Datcher.

Dr. Edward Graham will present a recital on the evening of Sunday, December 3, 1978, in the auditorium. It will start at 8:00 p.m.

Page Four

MT. MAMA OFFERS ADVICE

Dear Mountain Mama.

I'm so confused. I don't know what to do. I've been having an affair with a really great fellow. Recently I found out he has been having an affair with someone else, and she is pregnant. I really love him. What should I do? Messed - Up

Dear Messed.

Don't you think you deserve better than to love someone who obviously does not return that love? The longer you allow the situation to continue, the more miserable and confused you are going to be. Tell him you do not want to continue your relationship unless he can make up his mind if he wants the other girl. And stick to your guns! If you lose him, remember the trite but true saying' He's not the only fish that swims in the sea. M.M.

Dear Mountain Momma,

I commute with a girl who has to stop at a store every morning for chocolate milk. It's becoming very monotonous; especially when we are running late. Because of her and her chocolate milk I have been late six times for my 9:00 class. How can I tell her without sounding selfish or mean? Always Tardy

Dear A.T.,

Perhaps your friend has a physical need for milk (e.g. Vitamin D!). Try to bring some chocolate milk with you cach morning. Suggest you both take turns providing the moo-juice so that you can be on time to class. M.M.

Dear Mountain Momma,

I have a real puzzler. I've went out on a few dates with a boy but nothing has led me to believe that anything serious could come of it. My "date" has been telling everyone that we are going together. Nothing could be further from the truth. I can't stand him.

Please help me? What can I do?

The Seeker

Dear Seeker:

You sound really desperate! So you need a desperate solution - sit down and talk to this boy! Tell him that you're young and have no time for "serious" going togethers. Suggest other young female friends youknow of as possible dates. Also you yourself may start "seeking" new dates! Word of mouth will get around!

JABBER-JAWS REHEARSE

The GSC Jabber-jaws and the Gil-mer County High School forensics team held a practice session on the evening of Tuesday, November 14, at the high school. This session was a rehearsal for the upcoming tourna-ment in Athens, Ohio on the weekend of December first and second.

The purpose of this event was to show the high school people how a college forensics team works and to help them with any problems they might have. Members of the Jabberjaws participating include Mike Maloney, Tim Miller, Fran Davis, June Nohe and Athelene Birchfield. The Jabber-jaws are coached by Monika Kretzschmar-Young.

The Gilmer County High forensics team will compete in their first competition this weekend in Wheeling, W.Va.

THE GLENVILLE MERCURY

Everyone who went to New York last January for a Backstage on Broadway tour often loves to recall the experience. It was memorable from several points of view.

Another trip is being planned for this January, and there is room for a few more--33 have already signed up for this winter's trip. The Group plans to leave Glenville on Thursday, January 21. The cost for tickets to performances and for the hotel room is \$85.00. Transportation will be provided, but you'll have to buy your food. One hour credit is available.

If you want to sign up to go; or if you want more information, see Dr. Jones (Rm 313A), soon. If you really want to know more about what to expect on such a trip, ask someone who went last time

(Cont. from page one.)

tain Sun. The General Remark, The Damburst, The Glenville Galaxy, The Sympathetic Insight into Contemporary Student Life and finally a title you students can relate to "The Weekly Washout.'

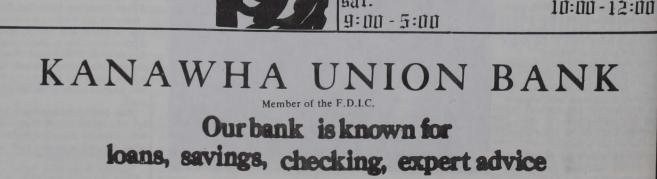

Digging back in dusty volumes of lore, I found that the first office had two typewriters, two desks and a mimeograph machine. The office was originally located in the Adminstration Building and later moved to the basement of the Robert F. Kidd Library (now Clark Hall). It is still there after undergoing renovation in 1970.

Other trivia facts include the first appointed editors who were Max Ward and John Rogers. The first position on the staff was that of advertising manager, held by Nelson Wells and the first picture ever to appear in the paper was in the ninth issue. The picture was of sports figure Frank Vass, a basketball center. AFter this at least one picture was included in every paper.
