Dr. Pribble Attends Conference

Dr. Mary Jo Pribble, Associate Professor of Chemistry at Glenville State College, was a participant in a Microcomputer Conference held at Syracuse University from July 27 to August 9, 1980. The program of study involved the application of "Microcomputers in the Under-

All news for the Homecoming issue of the Mercury must be turned in by the Noon Deadline, Monday, Sept. 15. The Homecoming issue will be distributed Monday, Sept. 22.

The Music Department needs empty plastic bottles that have atomizer tops. Empty Windex bottles and such would meet the need perfectly. Drop them off in the Music Department or send them to Gary Gillespie in the campus mail.

The Alumni Association is sponsoring a drawing for a .50 caliber caplock Thompson-Center Musket with a leather case. It's a new musket, with a retail value of about \$300. The drawing will be held at the Homecoming Dance. Ticket holders do not have to be present to win.

Several alumni on campus have tickets, as well as the Alumni Office. Support the Association by giving a five-dollar donation per ticket!

Chancellor Visits Campus

Doctor Robert R. Ramsey, Chancellor of the Board of Regents, will be on campus Thursday, September 18. Doctor Ramsey will have a chance to meet some of the administrative staff and community leaders at 5:30, during which a social hour will be held at the President's home. After this, dinner will be served in the ballroom at 7:00. There is no formal program; however, guests have been invited to the reception.

The Chancellor is the chief executive of the Board of Regents. He was selected by the members of the Board of Regents. The Chancellor is held responsible for Public Higher Education.

President Simmons hopes to show Doctor Ramsey the campus and tell the history behind Glenville State. The President also hopes to show the improvements of the past and explain those for the future.

Doctor Ramsey has been visiting college campuses throughout the summer.

In an effort to update the student handbook, the Office of Student Affairs and Student Congress are asking that all active organizations on campus register.

The organizations are asked to submit a 3" x 5" index card with the name of the organization, the president, and the advisor, to Mrs. Rose Turner at the Office of Student Affairs

Parade Marshal Named

The winningest coach in Charleston High School's history has been chosen as the 1980 Glenville State College Homecoming Parade Marshal. Lou Romano a 1940 graduate of GSC has been chosen for the honors of Parade Marshal.

While at Glenville, Romano was named to the NAIA All Tournament team in Kansas City, when the basketball team went to the national tournaments, the Small College All American Team, and was the first All American to be named from GSC.

After graduating from Glenville in 1940, Romano went to Leewood High School in Kanawha County. During his stay at Leewood, Romano

won three Upper Kanawha Valley Championships in football.

After leaving Leewood, Romano went to Charleston High School, where he compiled the winningest record of any basketball coach in the history of Charleston High, with 318 wins and 77 losses. Romano also won three State Titles, in 1938, '73 and '74, eight Kanawha Valley Conference titles. While at CHS, Romano concentrated his coaching efforts to the basketball courts.

Romano was head basketball coach at Charleston High School for 17 years. He is now retired and has one son, Anthony, a daughter, Monica Lou, and wife, Sperry.

Homecoming Previewed

Horses, cowboy hats, "bad bandanas," and an old time gambling casino will be just some of the features of the Glenville State College Homecoming '80, slated for September 27. The theme for this year's Homecoming is "Wild, Wild West." Preceding the Saturday parade and football game will be a spirit week, sponsored by Student Congress.

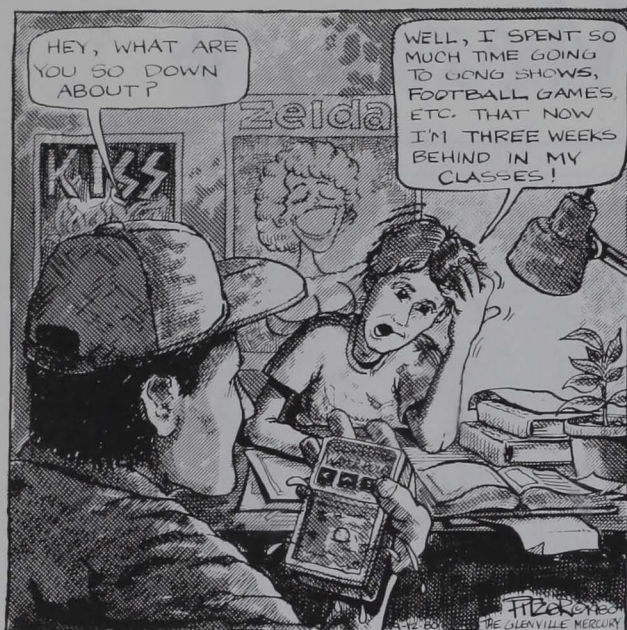

The festivities will begin on Wednesday, September 24, when a banner contest will be held. The banner contest has now become a permanent addition to the Homecoming activities. Any organizations, dormitories, or dorm floors wishing to enter the contest should get an entry form from Shirley Williams, of Pickens Hall. The banners need to be approved by the Office of

Student Affairs, and then displayed on any building on campus. To be eligible for the prizes, the organization responsible for the banner must carry it in the parade. A pizza party will be given to the winners.

Also planned for Wednesday is the Alumni Gong Show, featuring Doc Daugherty a 1964 graduate of GSC. Daugherty will be acting as the master of ceremonies for the program which is slated for 7 p.m. in the Ballroom. Immediately following the Gong Show, the cheerleaders will hold a tussle in the ballroom.

September Action Packed

The students of GSC have a lot to look forward to for the month of September. Although no one could call Glenville the college of excitement, enough events are slated to give you, the student, a nice break from studying (at least this is what you should be doing according to Dr. Strange's book: *How To Make it Through College*).

Organizational meetings, movies, football games, (etc) are planned. The new Chancellor of the Board of Regents will visit GSC on Thursday, September 18.

GSC Homecoming is not far away and Homecoming week is filled full with dances, parties and parades and the big football game against WV State. The Homecoming Queen and her court will be presented and the Montrose Award will be awarded.

Other upcoming events include the Alumni Foundation Gong Show, the balloon ascension contest, the two upcoming Student Congress movies and the yearbooks are to arrive around the 27th of the month, and so on.

There are several new changes on campus that highlight the facility. The newly paved parking lots, the new steps at the Health and Physical Education building and of course the "woodchips" all help to make the campus more attractive. (The Ornamental Horticulture Dept. and its workers deserve a round of applause for their work in the "woodchips" project).

All in all, September will be an event packed month so just don't sit out there and miss all the fun. Get involved!

Project Developed

Dean John Vaughn, Associate Dean of Student Affairs, wants to inform the students that he has a Ride Board started in his office. The purpose of the Ride Board is to encourage carpooling. The Ride Board will help students co-ordinate rides both in-state and out-of-state.

The principals of using the Ride Board is that a card is to be filled out, one for a driver or one for a rider, whichever is your situation. The driver card lists the location travelling to, times, and the name and address of the driver. The rider card is filled out describing where a ride is needed to. Dean Vaughn said there are several cards already filled out, so that anyone wanting to use the Ride Board can start now.

The Ride Board is open to faculty or students, who commute to Glenville State College.

Fall Interview Day for December graduates in teacher education will be held on Oct. 27. Prospective graduates should register for interviews in the Placement Office by Oct. 1.

The following campus parking lots will be closed this weekend for construction: Administration; High Street (large); Pioneer Center; small lot above the President's home; and the West side of the HPE building lot. These lots will close at 5:00 p.m. on Friday, September 12 and will re-open on Sunday and Monday.

Please see that all vehicles are removed from these lots by 5:00 p.m. Friday. Cars not removed will have to be towed away at the owner's expense.

Drinking Problems To Be Discussed

There will be a new program started on campus concerning problems with alcohol. This group will be founded by alcoholics who know what alcohol does to a person and how it effects lifestyles.

This program will be open to the public, students and faculty. The first meeting will be held at the Wesley Foundation, Sept. 30, 7-8:30 p.m. There will be no charge or obligations.

The first meeting will be a discussion session, and the following meetings will consist of the educational aspects of alcohol, speakers, films, etc. The alcoholic knows how to drink, and the main point of this group is how to stay sober.

There is a great need to this program. Many people start an alcohol career in college and this is an unfortunate circumstance. "Thursday night" may be fun, but alcohol is a progressive disease. The first step is to admit to alcoholism, which is nothing to be ashamed of!

If you feel you have a drinking problem, or even "suspect" a possible problem, this group will welcome you. **POSITIVELY CONFIDENTIAL.**

For more information, call Dorcus Conrad, 462-7849.

Shown left to right are Merle Moore, Shirley Campbell, Back row Jack Welch and Dr. Gillespie as they participated in the symposium.

Gillespie Attends Symposium

The "Skidmore Brothers Symposium" was held Sept. 9 at the Webster-Addison Public Library, Webster Springs, WV, to examine the cultural effect of the writings of native Webster Countians, Hubert and Hobert Skidmore.

David M. Gillespie, the director of Glenville State College's Robert F. Kidd Library, was a panelist selected for the symposium. "I was extremely pleased," said Gillespie, "and glad to find a lot of excitement created among some native Webster Countians."

Merle Moore, publisher of Back Fork Books, Inc., of Webster Springs, Shirley Campbell, editor and publisher of Hill and Valley monthly literary magazine, and Jack Welch,

professor of Appalachian Literature at WVU, were also panelists.

A showing of sixty people attended the conference, some of whom were people who had known the Skidmore brothers.

The Skidmore brothers are authors of eleven books, many of which are set in central WV of Webster and Nicholas Counties. Their works were published during the late 30's and mid 40's.

The highlight of the symposium was to find that Hobert Skidmore left five manuscript novels and over 14 magazine articles unpublished.

The symposium was sponsored by friends of the Webster-Addison Public Library and partially funded by the Humanities Foundation of West Virginia.

'Dracula' Is Season Opener

Dracula in a mental institution! This is just a peculiar happening with the season opener, "Dracula." Try outs will be held starting Monday, Sept. 15 through Thursday, Sept. 18 at 6:30 p.m. in the auditorium except for Wednesday when it will be held in the Little Theatre at 6:30 p.m.

This is the original Dracula based on Brams Stoker's famous novel "Dracula." Dracula was written by Hamilton Deane and John L. Balderston.

The setting takes place in a mental institution in the early 1920's. Dracula was thrown out of Transylvania and finds a home in a suburb of London, England which happens to be right beside the mental institution.

Mrs. McKown is looking for a very stylish, suave man of the world, one of the last romantics to portray Dracula. "I want Dracula as a lonely man who has been searching for centuries for the right woman to go through eternity with."

There are six other members of the cast. The institution director, Dr. Steward, has a fixation on food. One member of the cast, a resident of the institution, eats spiders for raw protein. Reinfield eats spiders so he digests protein and lives forever. A Dutch doctor, Van Helsing, comes to rid Lucy, Doctor Steward's daughter, of Dracula's spell. Along with Van Helsing, Lucy's fiance tries to help with Lucy's problem except Hacker is too helpful and

always a problem. Then, Butterworth, a frustrated employee, chases Reinfield to keep him in order. The last character is Miss Wells.

Mrs. McKown urges students to try out. She is looking for a new Dracula, and there should be one on campus.

study included basic microcomputer hardware, interfacing microcomputers to laboratory instruments, microcomputer software and languages, software development for chemical applications, data enhancement techniques and computer-assisted instruction methods.

Dr. Daniel J. Macero, Professor of Chemistry was the director of the conference. In addition to Dr. Macero, the staff included Thomas M. Banks, Peter V. Passalacqua, Daniel S. Holmes, Jeffery J. Brosemer.

Guest lectures for the conference were Mr. Tim Ingoldsbey, Staff Physicist, American Physical Society, SUNY at Stony Brook, NY, Dr. Charles N. Reilly, Kenan Professor of Chemistry, University of North Carolina, Dr. George Levy, Professor of Chemistry, Florida State University, Dr. Raymond Dessy, Professor of Chemistry, Virginia Polytechnic Institute and State University.

Dr. Tedford Honored

Dr. Barbara Tedford, associate professor of English at Glenville State College, was one of 12 college professors in the United States chosen to participate in a seminar of southern literature this summer. Sponsored by the National Endowment for the Humanities, the seminar was entitled "Rank and Caste in Southern Literature" and was held June 15-August 8 at the University of North Carolina at Chapel Hill.

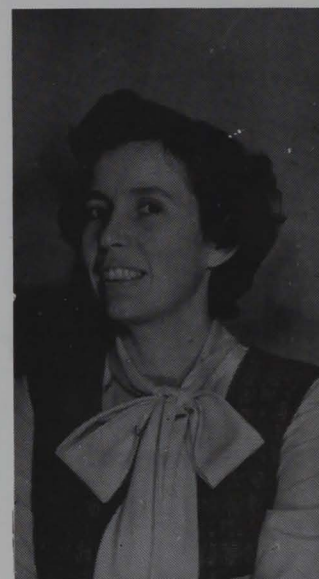

The seminar director was Professor Louis D. Rubin, Jr., author of many books on American literature, including "Thomas Wolfe: The Weather of His Youth," "The Faraway Country: Writers of the Modern South," "The Curious Death of the Novel: Essays in American Literature," and "The Wary Fugitives: Four Poets and the South."

This year alone, nearly 4,000 scholars applied for one of the summer seminars sponsored by NEH at universities throughout the United States. Some 1,400 were selected to participate in addition to receiving stipends.

Dr. Tedford studied Flannery O'Connor, a twentieth century Georgia writer, and completed an article on O'Connor's treatment of social classes in her short fiction which has been accepted for publication.

Classes Offered

A class in Creative Stitchery will be taught in Room 107 in the Science Hall on the campus of Glenville State College beginning Thursday, September 11th and extending through October 9th from 6:00-9:00 pm. A fee of \$20.00 will be charged for the class. Participants will be provided an opportunity to learn to do two of the following types of stitchery: crewel embroidery, needlepoint, knitting, crocheting, and macrame.

DR. BARBARA TEDFORD

A special feature of the seminar was a series of lectures held jointly with another NEH seminar, "The Sociology of the South." Speaking to groups were two UNC professors with specialties in black literature, Trudea Harris and J. Lee Greene, author of "The Lost Colony" and founder of the outdoor drama movement in the United States. Others included novelist Elizabeth Spencer; Guy Johnson, co-founder of the Institute for Research in Social Science; Jack Kirby, author of "Media-Made Dixie"; J. Wayne Flynt, author of "Dixie's Forgotten People"; Samuel L. Hill, author of a forthcoming book on American religion; and Edgar T. Thompson, author of "Plantation Societies, Race Relations and the South: The Regimentation of Populations." Director of the seminar was John Reed, author of "The Enduring South." George Tindall, author of "The Ethnic Southerners" was also a program participant.

Dr. Tedford's article "The Attitude of Henry James and Evan Turgenev toward the Russo-Turkish War" appeared this summer in "The Henry James Review."

GSC Opens Season Tomorrow

Glenville State College's Pioneer football team will open its 1980 campaign tomorrow by travelling to Georgetown, Kentucky for a 1:30 contest.

GSC, under first-year head coach Frank Vincent, will try to make it two in a row against Georgetown. The Pioneers defeated Georgetown 32-29 last year at Pioneer stadium.

Georgetown is also under the leadership of a new coach this year. Coach Vincent stated that "their offensive and defensive strategy have been completely altered."

Eddie Huffman will lead the offense tomorrow as quarterback. Huffman won the job, but with stiff competition from Mike Holder and Scott Huntsman. "We had no

problem replacing (Terry) Spangler," Vincent noted. "It wasn't difficult because we had three good men to take his place."

Starting offensively tomorrow will be Dave Moore, center; Dave Brown and Willard Wright, guards; Henry "Boob" Lanham and John Altizer, tackles; Steve Williams, tight end; Reno Gandee, split end; Brad Batten and Dave Boggess, halfbacks; and Grady Lamb, fullback.

The defense will consist of Andy Marchal and Owen Milan, ends; John Adkins and Chuck Taylor, tackles; Lewis Hill, Nose guard; Terry Kendall and Mark Schaeffer, linebackers; Roy Nurkka, Monster; Terry McAllister and Bernie Bertus, cornerbacks; and Virgil Davis, Saf-

ety.

Steve Williams will be the punter, while Reno Gandee will handle the place-kicking and kick-offs.

All-conference defensive tackle Joey Douglas will not play because of an injury. Rick Murray, a guard was expected to start but he is questionable because of an injury.

Next Saturday the Pioneers will host the Falcons of Fairmont State in their first home game of the season. Game-time is scheduled at 7:30 p.m.

Watch the Mercury next week for a complete review of the GSC-Georgetown game and a rundown on Fairmont State.

Faithful GSC fans listen intently to Coach Frank Vincent at recent sports banquet.

Cross Country

With the idea of winning the West Virginia Conference Championship and qualifying for the NAIA national meet this season, the GSC cross-country team will begin its season this Saturday, Sept. 13, when they travel to California State (Pa.) for an invitational meet.

Ten members make up this year's team, which is working to improve on its second place finish in the WVC over the last two years. It will be a tough task for the Pioneers, but both coach Jim Hilgenberg and the team members are confident that the cross-country season for the GSC Pioneers will end this year at the national meet.

Junior captain P.K. Coon is the motivating force behind the squad. Coon finished 14th in last year's WVC meet. Said Coon, "We've cut the gap on West Liberty each year. This year, we're going to take one meet at a time, aiming to run our best at the conference meet."

Juniors Asenso Kuffuor, Chris Keister, and Billy Belcher return from last year's team. Kuffuor placed third, Keister sixth, and Belcher 13th in the WVC meet last year.

Two runners who didn't run last year but are on this year's team are senior Mike Holcomb and junior Pat Godfrey.

Finally, there are four freshmen runners competing this season. Larry Taylor, Steve Roberts, June Casto and Steve Keenan are the freshmen runners.

One of last year's team members, Ray Loughry, will be unable to run this season due to an injury. Loughry, a sophomore, was expected to have a good season.

Managers for the team are Janine Howley, Debbie Mays and Craig Bach.

Remarked Coach Hilgenberg, "We are optimistic for this season. The talent is there, so let's all show some support for the team."

Banquet Held

Three merchants in the Glenville area have shown their interest in GSC athletics by starting a "kick-off dinner" for the sports department.

Marty Logan, owner of Logan's Restaurant; Bob Reed, a local contractor; and Mac Worl, who is in the oil and gas business, decided to start this annual event.

The dinner was formed to raise money for athletic scholarships at Glenville State. This year's meal was held last week at the Gilmer County Recreational Center with about 100 people attending.

Head football coach, Frank Vincent, was the featured speaker for the night.

The night was a success as more than \$1,000 was raised for the scholarship fund.

Veterans should be prepared for a delay in their checks in October. Congress has failed to pass the necessary appropriations bill which supports the veterans benefit program. There will be no VA payments of any kind until the appropriations bill is passed.

The Christian Fellowship Choir will meet 5:30 every Tuesday at the Wesley Foundation. Everyone is welcome.

Beginner or advanced. By studying Spanish only, four hours a day, four days a week, for fourteen weeks, you will earn sixteen semester hours of college Spanish credit. (That's four semesters worth of college Spanish credit!) The cost is about the same as one semester in a U.S. college, \$2,589.

Whether you are a beginner or an advanced student, your Spanish studies will be greatly enhanced by opportunities not available in a conventional classroom. Standardized test scores of our students show that their Spanish language skills are better overall than those obtained by American students who completed standard two year Spanish programs in United States colleges and universities.

This is a rigorous academic program lasting from Feb. 1 to June 1, 1981. The cost of \$2,589 includes round trip jet fare to Seville, Spain, from Toronto, Canada, as well as room, board, and tuition. Government grants and loans apply for eligible students.

You will live with a Spanish family.
