Glenville State College, Glenville, West Virginia

Friday, October 3, 1980

Team In Competition

The 1980-81 Forensics team will have its first meet Oct. 3 and 4 at the Western Kentucky University Invitational.

The GSC Forensics team will be hosting the West Virginia Speech Association Novice Forensic Tournament Oct. 18 here at Glenville State College.

Oct. 31, the team will be at Moorehead for the Eagle Championship. The members of the Forensics team are:

Jennifer Chisler, Fran Davis, Gene White, Nancy Sutton, Raeleen McMillion, June Casto, Kenny Kuhl, Tom Davisson, Eddie Harbert, Kent Woofter and Cindy Stewart.

Kanawhachen Editor, Ms. Bunny Tyler

Kanawhachen Arrives

"The yearbooks are in - yes - on the second floor of the administration building." The yearbooks arrived this past Wednesday, Sept. 24, and they will continue to be issued until Wednesday, Oct. 8. The hours they may be picked up are 8:00 a.m. to 4:00 p.m.

The "79-80" issue is 200 pages in length with fourteen of those pages in color. This year's Kanawhachen is dedicated to Fred H.

Barnette, who composed Glenville State College's Alma Mater in 1937.

The yearbook pictures were very well developed and the layout covered everything from class pictures, to Greek news, to sports, to the administration. The yearbook staff did a really good job and deserves a big round of applause.

This is a book that will be cherished for a lifetime.

The winner of the half-gallon of Jack Daniels raffled off by the Delta Zeta Sorority with proceeds going to The Red Cross-Gilmer County--was Kenny Kuhl of Letter Gap. You may contact Pip Luikart at 462-7361--115 Scott.

IDs are still in the Student Affairs Office. If you don't have your ID, you may pick it up at the Student Affairs Office.

Arden Appointed

Mr. James Arden, a senior Chemistry major at Glenville State College, has received an appointment to the Fall 1980 Undergraduate Research Participation Program at Argonne National Laboratory, Argonne, Illinois. During the sixteen week period from Sept. 2 to Dec. 19, Mr. Arden will be assigned to the Chemical Engineering Division and will work under the supervision of Dr. Zoltan Nagy. His project will involve a study of kinetics of fast electrode reactions and will consist of developing a computer code and testing it through laboratory experimentation.

Argonne National Laboratory of the United States Department of Energy is located on a one thousand seven hundred acre site twenty seven miles from Chicago. The Laboratory carries out a broad program of fundamental research in the physical, bio-medical and environmental sciences and serves as a major center for energy research and development. Research appointments are made available each semester to senior students in the fields of biology, chemistry, computer science, mathematics and physics. Mr. Arden is one of the seventy students selected from colleges and universities from West Virginia for 1980.

Mr. Arden is a resident of Glenville and is the son of Mr. and Mrs. Stephen Arden of Durham, Pennsylvania. Mr. Arden will return to Glenville State College to complete his senior year and will receive his degree in May, 1981. He plans to begin graduate study in chemistry in the Fall of 1981.

Poll To Be Conducted

Students in the American Presidency class will be conducting a political preference poll during the week of October 6-10. The objective will be to conduct the poll in a scientific and professional manner in order to discover the preferences of students, faculty and staff for President and for Governor of West Virginia. A random sample of students will be asked to respond to a number of questions in order to learn correlations between political party affiliation, for example and preference for president and governor. Dr. James Crissman, Assistant

(cont. on pg. 4)

President William K. Simmons

President Honored

The newly appointed Governor's Task Force on Educational Policy held its first meeting Sept. 25 at the Governor's Office in Charleston.

President Simmons is a member of the Task Force. He is a representative for higher education. The Governor's Task Force is headed by David C. Hardesty, Jr.

Different areas of education have representatives on the Task Force. The areas represented are higher education, parents, teachers, administration, service, personnel, and special education.

The meeting consisted of the Governor speaking on the need for the committee and the improvement of the quality of education. All the recommendations were to be turned in by Jan. 1 when the legislature meets for the next session.

The recommendations are as follows:

1. To study educational stand-

ards within school districts including not only test scores but the effects of such factors as conditions of physical facilities and the number of teachers.

2. To study the school calendar by making a review of the number of instructional and noninstructional days to insure adequate time for instruction such as parent-teacher conferences and in-service education.

3. To study the continuing educational needs of the teaching staff and the availability of in-service training programs.

4. To study current and alternate funding methods for public education so as to provide the highest quality education at the most efficient cost.

5. To study such other areas as the governor determines to be necessary and the appropriate number of meetings.

Second place Forestry float

The Good, The Bad, The Ugly

Have you got the Glenville State College blues? By all of the long faces that can be observed as you stroll along campus most of the student body has a bad case of the blues.

Some students complain of bad food, bad roommates, bad dates, bad tests, bad parking and life in general. Some poor soul will spend a couple of thousand of dollars to get such treatment.

A sample of such gourmet delights listed on the menu includes cheese dreams, oliveburgers, ranger cookies, potato gems, tater tots and of course you have your basic staples as cauliflower, broccoli, carrots, green beans, corn and peas. Of course there are some good choices too, the chicken and fish are good, and the salad bar is passable.

The case of bad roommates and bad dates is unfortunately beyond control—you, the students, must make your own decisions. Bad tests and bad parking are about the same, all you can do is complain or write a letter to the editor of the *Mercury*.

Although students from Utah State to Le Tourneau get the same treatment, the so called Student Power seems unable to change such conditions.

The next time you see a college student dressed from head to toe in the "preppie look", carrying 10 textbooks and one notebook, trying to hum from the cafeteria, the dorms, or a classroom, you will be able to pinpoint the look of glazed paranoia and of pained tolerance for what it really is and not the look of apathy.

By telling you about the worst of college life hopefully now you will realize the best of college and count your blessings.

Becky Triplett, Editor

On behalf of the Red Cross, I would like to thank those who gave of their time and their blood at the Red Cross Blood Drive last Tuesday, September 23, 1980. The Social Work Club, under the leadership of

Ms. Sharon Poole, is especially to be commended for its overwhelming response.

ΔΖ

On Monday, Sept. 29 a formal meeting of the Theta Xi chapter of the Delta Zeta sorority was held.

Congratulations to Kim Nottingham and Diane Ratliff, our newest pledges. Welcome to the bonds of Delta Zeta sisterhood.

Our 50's rush party was held Wednesday evening at 5:30, and everyone had a great time. The next party will be a Raggedy Ann and Andy theme. Watch for the date.

Congratulations to all girls who played volleyball Thursday night. You represented the sorority well—Good job girls.

Don't forget the bake sale Monday Oct. 6, in the lobby of the union from 11:00-1:00, and then in the lounges of both dorms starting at 8:30 Monday evening.

Much thanks is extended to all who helped with Homecoming in any way. A special thanks to Mr. and Mrs. Perrill for the use of their garage, and the Fox's for the use of their trailer. Homecoming was a great success and it was nice to see all the alumni back.

Also thanks to all who donated to the heart fund by purchasing raffle tickets.

The clean room award went to Dena Jo, Vicki, and Rhonda this week, and Nancy and Donna claimed the Pig Pen Award. The study turtle went to Pam Collins.

Don't forget the trip to the WV Wesleyan game and a cookout at Tina's the 25th of Oct. Also be thinking about the 29th-31st of Oct. and the National Representative. The tentative date set for State Day is April 4th.

Best of luck to the Pioneers as they travel to West Liberty this weekend.

ΣΣΣ

The sisters of the Delta Alpha chapter of Sigma Sigma Sigma held their regular ceremonial meeting on Monday, September 29, in the Vandalia Room.

Tentative plans were made for a chili dinner. A definite date and time will be forthcoming.

We would like to thank all our sisters who worked on the float and helped make our Homecoming a great success. We would especially like to thank Gina Bailes, Annetta Haddox, Cara Keenan, Jeanay Perry, Beth Caldwell and "Pollock" Shafer for their help with the float. Special thanks also to our Big Brothers and our alumnae who helped and to Mr. King of Fox Drilling.

We extend our deepest sympathies to Sister Sue Bennett and her family in the death of her grandmother.

Congratulations go to Sister Michele Gallourakis for being chosen as Sigma Sister of the Week for her hard work as chairman of the float committee. We would also like to congratulate Sister Timmie Lilly for being chosen for our first Stinker of the Week award for her battle with the skunk. Way to go, girls!

The sisters would like to thank everyone who attended our Western Party on Wednesday, October 1 in the ground floor Scott Wing Lounge. We hope you all enjoyed yourselves.

Good luck to the football and cross country teams, coaches, and cheerleaders this weekend.

TKE

The Fraters of the Iota Omega Chapter of the Tau Kappa Epsilon Fraternity would like to congratulate Frater Rich Wynn on winning the State Championship in Karate. He won this award in the White Belt Division.

Tau Kappa Epsilon will defend their Commode Bowl title on Oct. 9. They will be in the championship game versus the winner of the Lambda Chi-Theta Xi game. We will be trying to win our third championship in a row.

Our annual Haunted House is being planned. Tentative dates for this event are Oct. 28, 29 and 30.

All people interested in pledging are urged to talk to any Frater at anytime. Pledging will start Monday, October 6.

ΦΒΛ

A meeting of Phi Beta Lambda was held on the 25th.

The gas giveaway has officially concluded. The winner will be included in next week's paper.

You still have one week to get your dues in. The deadline is the ninth.

At this time the entire organization would like to extend its thanks and appreciation to Belinda & Susie for "getting bricks" for Mr. Smith while they were helping with the float.

Thanks is also extended to those few who helped in taking the float apart on Sunday.

The next meeting will be on Oct. 9 at 12:30 in 101 AB.

ΘΞ

The brothers of the Theta Xi Fraternity would like to thank everyone who bought chances on the half gallon of liquor. Have fun, Harry, and congratulations on winning.

We would like to congratulate the Pioneers on a valiant effort last Saturday against WV State. Keep up the good work. We wish the Pioneers luck against the Hilltoppers this Saturday.

We would like to thank the Theta Girls and all the people who helped clean house for homecoming weekend. They did a fine job.

"Fake" of the Week Award goes to Larry Eugene Greathouse. He knows why he deserves this award.

There will be a meeting Monday at the Fraternity House. All members are urged to attend.

ΑΧΑ

The Brothers of Lambda Chi Alpha met Tuesday at Clark Hall.

Plans for a hayride were finalized for Friday, Oct. 10. It will be from Glenville to Cedar Creek, where more refreshments will follow. A reminder that the Annual ΑΧΑ Toga Party is Thursday, Oct. 9, at Logan's Restaurant Reception Room.

Awards this week were A.H.-Ken "the Chi" Anderson, KCUF-Gary Ross and Kent Woofter, WINO-Honoraries-Carder and Munday and Assoc. Mike Cliver, P.O.W.-Mike "It's the best I could do" Cliver.

Letters to the Editor

Dear Editor of the 1980 Kanawhachen and staff:

We would like to congratulate everyone who worked on the 1980 yearbook. We know there is a lot of work that goes into putting the book together.

However, we feel it is necessary to inform you that there are more people that go to this school than Delta Zetas and Tau Kappa Epsilons. If one were to leaf through this book and look at the candid shots, one would see very little but ΔΖ's and ΤΚΕ's. It is really upsetting in that we wait for a whole year and we get a scrapbook of these two Greek Organizations.

We are here to remind you that there are over 1,000 students attending Glenville State College, yet very few of those (who are not ΔΖ's and ΤΚΕ's) are portrayed throughout the yearbook. Yet, those very students pay equal student fees, which include our annual. If a poll were taken of students as to who would pay for this (if it had not already been paid for) one would find very few who would purchase this so-called "annual" of Glenville State College.

Lastly, seniors have spend hard-earned time on this campus; don't you think they deserve more recognition than they received?

This is the most partial yearbook we have seen in our four years at GSC!

In our opinion, this book is not worth the paper it was printed on!!
Signed, Disappointed Students

At a recent meeting of the Pickens Hall Dorm Council, attended by the floor representative (to the Student Congress), the RA's, and the office workers, a measure was proposed and supported to purchase a number of heating pads (\$7) to be used by people who were sore and tired after a hard day. While I can certainly sympathize with anyone who is in pain, especially after a strenuous activity, I believe that heating pads fall under the category of personal needs. I would certainly not expect GSC to provide me with one and I totally resent the spending of Student Activity Fund Money for this purpose.

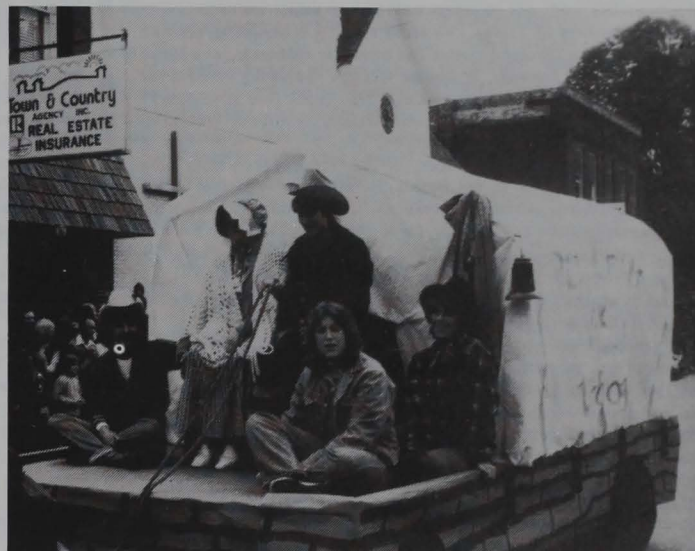

Also, I understand that residents of Pickens Hall may not use any heat-producing electrical equipment in their rooms. Are these heating pads going to be purchased and then the use of them—at least in the privacy of one's room—prohibited?

Paul C. Scott, Jr. Room 315 Wagner Wing

The last 1980 administration of the CLEP General Examination in English Composition will be given Oct. 15. Any interested

students should contact Janet Gainer in the Career Counseling Office (Pioneer Center) by Oct. 10, 1980.

RETURN TO THE WILD WEST

karin's kolumn

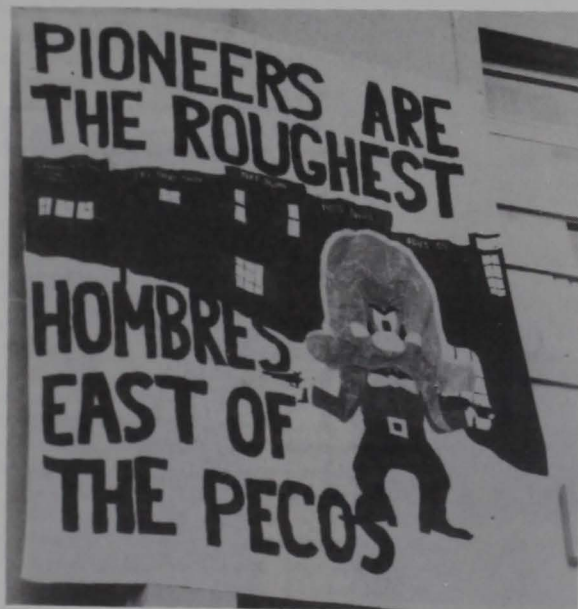

It is early in the morning, and the dearly beloved alarm clock has sounded. In a wearisome attempt to raise our weighty eyelids, we are aware of the fact that today is the very day we dread -- today is Monday.

What we are dealing with is the "Monday Syndrome". With a pale, somber, ghostlike face, bloodshot, baggy eyes (sometimes nightmarish), and a trancelike walk, our observers would much rather see us locked up in our bedchambers till Friday. We strive for a fresh beginning, but with an appearance like "decayed matter" we somehow manage to get a rotten start on the week, instead. Struggling through the week, we have the longing in our hearts to joyously yell out "Oh, Thank God it's Friday!", but for those of us who get caught in the "Monday Syndrome" we end up lamenting "Oh God Help, it's Monday!"

Out of the seven days of the week, certainly Monday is far from being everyone's favorite. Like an evil worker, Monday closes the door on our seemingly shortlived, pleasurable weekends. Luckily, though, our memories of the weekend are not shut out, for some tend to weigh heavy on our minds (heavier on some, depending on alcoholic consumption). Face it, most of us (who are sensible) try to make the most of our weekends in one way or another, and when we succeed in doing so, we find ourselves hating that first day of the week even more.

Nevertheless, we must learn to accept Mondays for what they are worth (and not a penny more!), and pull through them the best we can since the "Monday Syndrome" is unavoidable for most of us. It would be nice to omit Monday from the calendar, but then Tuesday would be there to take its place. So why bother to give another day the "bad name"?

All one can say is, beware of the "Monday Syndrome", though it is advisable not to fear it totally. Remember that there are those of you who have that 8:00 class on Monday mornings. Regardless of what the face in your mirror warns, go ahead to class even in you feel you have to crawl, stumble or roll (rolling is easy for GSC students because of our campus). Also, remember that the "Monday Syndrome" is, in a sense, a disease that hits us all . . . though it's a shame we sometimes look like we've been hit!

The Forestry banner expresses a unified thought.

Kappa Delta Pi Banner

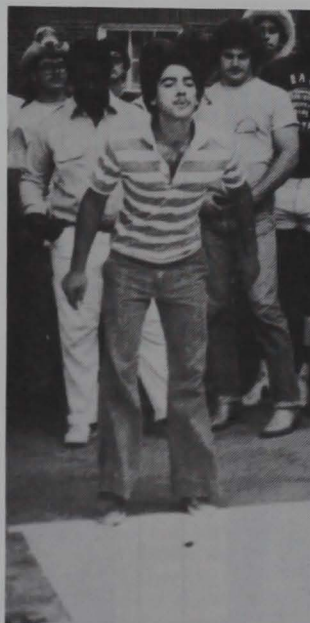

Our own Wild West Cowboy & Indian

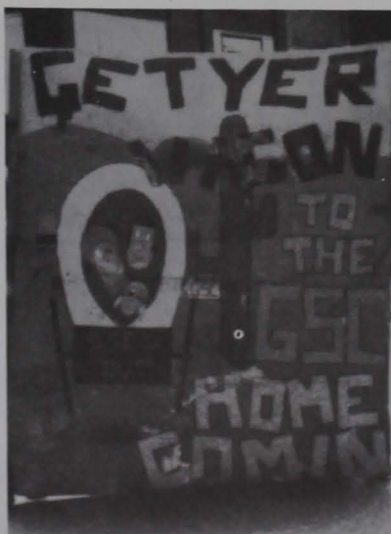

Need a ride? The Ride Board is still being conducted. To find a ride to or from a location, go to the Student Affairs Office for the information.

Representatives from the West Virginia University Med. School will be on campus October 15th and 16th to talk with students interested in pursuing a career in the health field. Students interested in careers in pharmacy, medicine, dentistry, physical therapy, and athletic training or any other graduate program may meet with the representatives on the evening of Oct. 16th, from 7:00 p.m. to 9:00 p.m. in 207 Science Hall. The representatives will also be available to answer questions on Oct. 16th from 10:00 a.m. to 12:00 noon in the Vandalia Room.

Speech 399 (Management & Direction of Speech Activities) will meet Mon., Oct. 6 at 6 p.m. in Room 314 AB.

Randy Ashely participates in the tobacco spitting contest

Chemical Society Banner ties for first.

G.S.C. Science Activities Presented

Glenville State College will present three series of science activities for elementary-aged students during September, October, and November. The activities will be directed by college students enrolled in the "Science for Elementary Teachers" class. The program will be under the supervision of Dr. Joe Evans.

Second grade students will examine the topic: "The Web of Life". This group will meet from 6:30 p.m. to 8:30 p.m. on the following Tuesdays: September 30, October 7, 14, 21, 28, and November 4, 11, and 18. These students will report to Room 107, Science Hall on the college campus.

Third grade students will examine the topics: "weather" and "earth science". This group will meet from 6:30 p.m. to 8:30 p.m. on the following Tuesdays: September 30, October 7, 14, 21, 28, and November 4, 11, and 18. These students will report to Room 105, Science Hall on the college campus.

Fourth and Fifth grade students will examine several science topics with emphasis on the relative nature

of observations. This group will meet from 6:30 to 8:30 p.m. on the following Mondays: Oct. 6, 13, 20, 27 and Nov. 3 and 10. These students will report to Room 107, Science Hall on the college campus.

All interested students are invited to apply for participation in the program. However, only the first fifteen names submitted for each series will be accepted. There is no charge for participation. Those interested may obtain additional information and/or make application for participation by contacting the Glenville State College Office of Continuing Education - 462-7361, Ext. 118.

Clubs Unrecognized

The following organizations have cards in to the Student Affairs Office:

Baptist Campus Ministry
Christian Fellowship
GSC Computer Club
Kappa Delta Pi
Lambda Chi Alpha
Ohnimgohow Players
Panhellenic Council
Pi Gamma Mu
Sigma Sigma Sigma
Student Affiliates of the American Chemical Society
Young Republicans

All other organizations are asked to turn in their cards so that they may be recognized. The cards only need the organization's name, president and advisor.

Adult Class Offered

Jackie Milliken will be teaching a SHAPING UP class for adults beginning Tuesday, Oct. 14 and extending through Nov. 11 in the Gymnasium of the Health Building on the Glenville State College campus. A fee will be charged for the class.

The SHAPING UP physical fitness class will help tone up and slim down the body. Participants will engage in floor exercises, dance, and swimming.

Application for participation in the workshop can be made by contacting the Office of Continuing Education, (462-7361, ext. 118).

Poll (cont. from pg. 1)

Professor of Sociology will be providing technical advice for the poll. Some of the questions may strike the respondent as personal and students may be reluctant to respond. The poll-takers will not be offended by this. Second, the students taking the poll are under strict instructions not to reveal the identity of the respondent to anyone else. The poll will be followed by a mock election one week later. The class will very much appreciate student participation in both.

Choir Changes Name

The Christian Fellowship Choir has changed its name to 'The Joyful Noise.' Eddie Harbert, Director, has announced plans to incorporate clown ministry, drama and monthly hospital visits to pediatric wards. A tour will be conducted next semester and plans are underway to present the musical, 'Celebrate Life for Easter.'

A retreat is planned for Nov. 7-8 at North Bend State Park. Anyone who wishes to join may attend the Retreat or contact Eddie Harbert.

Rehearsals are held at 5:30 p.m. Tuesdays and 3:30 p.m. Wednesdays. Everyone is welcome.

The following campus parking areas will be closed this weekend for construction: High St. Lot (small); Clark Hall Lot; Health Building Lot (East side); and the driveway between the Health Building and the Clark Hall parking lot. The lots will close at 5 p.m. on Friday, Oct. 3. Cars not removed from these lots by the closing time will be removed at the owner's expense.

WANTED for the theatre department are seamstresses. Anyone interested in sewing costumes for the play "Dracula" should contact Mrs. McKown. Five costumes need to be sewn. Credit will be given to those who sew costumes.

Wright Writes

Fellows, take a break, because this week I'm writing directly to the opposite sex. Several females have come up to me and asked if I could explain the game of football to them somehow. "A piece of cake," I thought to myself. I figured I would have an easy week in my sports column so I could finish up quickly and go out and play a game of football with the guys.

But explaining the game of football to an unknowing female can be murder on a guy's mind. No matter how simple you break it down, some women cannot catch on. (Although many probably know more about the sport than I).

I've decided to sit down and start at the beginning and go step by step in explaining this game to you girls. I'll miss my touch football game but my job comes first. So here goes.

A college football game is composed of four quarters, each fifteen minutes long. The object of the game is to get possession of the football and, by using strategy, put it in the opponent's end zone. At the beginning of the game a coin is tossed and the decision is made as to who will get the ball first. (The team that doesn't get it first in the first half will get it first in the second half.) Understand so far?

One team kicks off to another team and the offense and defense begin their strategies. The offense tries to move the ball down the field by obtaining first downs. A first down is ten yards. You get four chances to get a first down. But if on the third chance you are far from it then you will punt. And that is simply giving it to the other team by kicking as far away as possible. If you go for the first down on your third try and do not make it then the ball goes over to the other team right there. Understanding it still?

Scoring can be obtained in one of five ways. There are: Two points—when the offense is tackled in their own end zone. Called a safety.

Three points—when the ball is kicked through the goal post from anywhere on the field (field goal).

Six points—touchdown. I know you know what that means.

One point—you kick it through the goal post after the touchdown (extra point).

Two points—if after a touchdown you decide to run for the extra point instead of kicking it, the ball is placed on the two yard line and the offense tries to get into the end zone.

The referees are there to make sure that the rules are safely carried out on each and every play. Various penalties are administered on the players if they do not play by the rules. Some examples of penalties are:

Offsides—when a player crosses an imaginary line between the offense and defense.

Holding—illegally grabbing an opponent to your team's advantage.

Clipping—blocking an opponent in the back. This can cause a serious injury.

Spearing—illegal use of the head. This one is dangerous, too.

Illegal procedure—when an offensive player makes a move before the ball is snapped.

Each team gets three time-outs per half. As you will notice, time-outs are seldom used until the last part of the halves. That is the time they are most important. They stop the clock so that the quarterback can talk to the coach.

This is a brief explanation of the game of football. I hope you ladies know a little bit more about it now. If you are still in the dark then look me up again. I know quite a few football players that will be happy to personally explain this game to you!

Volleyball Team to See Action

The Women's Volleyball team, in preparation for the season-opening Concord Invitational on Friday, Oct. 3 and Saturday, Oct. 4, scrimmaged the Salem women's squad on Thursday, Sept. 25.

Although Salem won all five games, the GSC team gave them a run for their money. The main disadvantage was that Salem had three or four players taller than Glenville's tallest, giving them a definite edge in spiking.

Teams competing at Concord be-

sides Glenville are: Mars Hill (NC), Emory and Henry (VA), Milligan (TN), Alderson-Broaddus, Wheeling, Concord and Salem.

Glenville will take on Salem, Milligan and Mars Hill on the initial day of action. Opponents are unknown for the second day.

Team members making the trip to Concord are the following: Linda Collins, Donita Cox, Marilyn Linger, Pam Linger, Jackie Makle, Leza Groves, Judy Niday and Della Seaman.

Sept. 7 at 7 p.m. in the basement TV lounge of Louis Bennett, a lecture on career planning will be held. Delbert Conley will be the guest speaker. Terry Hawkins is in charge of the lecture. Refreshments will be served.

Paul Coon Is Profiled

Paul Coon, known as "P.K." to all his friends, has been the captain of the Glenville State College Cross Country team since the NAIA national meet his freshman year. Coon, now a junior majoring in Business Administration, came to GSC from Sherman High School in Boone County.

In his first year Coon ran on the GSC team, having had no experience during high school. He placed 15th in the West Virginia Conference meet. Following that, he was the Pioneers' top finisher at the national meet, after which he was named captain by Coach Jim Hilgenberg.

Coon, who started running as a sophomore in high school, had some problems his sophomore year at GSC. He lost seven weeks of running going into Cross Country season due to an emergency appendectomy. Resuming running a week after school started, he still managed to place 14th in the conference.

This year, Coon just hopes to "run his best race at the conference meet." As for the team, he says, "This is GSC's best team as of yet. We have good runners who want to apply themselves."

For the future, Coon plans to keep on running. While he admits Cross Country is a challenge, Coon prefers road racing over cross country, and he is going to concentrate on longer distances—anything over 6.2 miles. Coon's best performances on the roads have come at the AAU 15-kilo run at Sutton, which he won in 1978, and at the Charleston Distance Run, where he won his age division in '78 and placed 54th overall this year.

A basketball officiating class is being offered at Glenville State College during the fall semester. National Federation Rules which govern high school basketball in West Virginia will be taught.

The organizational meeting for the class will be held from 6:30 to 9:30 p.m. on Tuesday, Oct. 7, in Room 308 Science Building on the college campus.

The class is sanctioned by the West Virginia Secondary School

Glenville Falls to WV State

The battle between the offense of one team and the defense of another was fought again and once again the offense prevailed as West Virginia State's running and passing defeated Glenville's tackling 28-14 in the Pioneer Homecoming game last Saturday.

The Yellow Jackets of West Virginia State piled up 544 total yards against Glenville, with 367 of these stripes coming from the passing game. Glenville could only muster 298 net yards on the afternoon.

The Pioneer defense did put a valiant effort into the game as they recovered five fumbles and grabbed three interceptions from the opposition. The offense, however, could not take full advantage of these turnovers as the Yellow Jackets continually stopped Glenville's drives toward the goal line.

State scored first in the game when they recovered a fumble on Glenville's first possession of the game at GSC's 35 yard line. After two plays the Yellow Jackets were faced with a third and fifteen situation. State quarterback Bruce Hollingsworth stepped back and fired a pass to George Hall who scampered 40 yards for the score. The point after touchdown was good and State led 7-0.

Glenville came right back and scored on a double-reverse run with Dave Boggess going 54 yards. Reno Gandee added the PAT and the score was knotted at 7-7.

Halfway through the second period State once again scored on a pass play, this one going for 72 yards with Tyrone Smith hitting Michael Robinson down the sidelines. The conversion was good and State held a 14-7 lead that held until halftime.

Things started looking good for the Pioneers early in the third period. Danny Amick intercepted a pass and the Pioneer offense came out to drive to the three yard line. The State defense held, however, and Glenville had to give up the football. But three plays later, Chuck Taylor pounced on a fumble on the 17-yard line and it looked as if Glenville had new life. This time the Pioneer offense drove to the two yard line but once again State's goal line defense held.

On Glenville's next possession fullback Grady Lamb found a hole up the middle and raced 26 yards for a Pioneer touchdown. Gandee's kick once again tied the score.

But with 1:46 left in the third

period, State's Anthony Weaver bulldozed over the goal line from a yard out to make the score 21-14.

State added their final touchdown in the fourth period when Smith went 41 yards to Robinson in a pass and run play.

Dave Boggess led the Pioneers offensively with 86 yards on 16 carries. Brad Batten ran for 68 yards on 14 carries, while Grady Lamb accounted for 63 yards on 16 carries. Quarterback Ed Huffman completed 2 passes for 55 yards.

Defensively the Pioneers were paced by Terry Kendall, Bernie Bertus, and Mark Shafer. Kendall had eight tackles, six assists and one interception. Bertus had nine tackles, seven assists and an interception. Danny Amick also had an interception. Chuck Taylor, John Adkins, Pete Ford, and Happy Joe Parsons all had fumble recoveries for the defense.

Glenville, 0-3, will travel to West Liberty to take on the Hilltoppers tomorrow in a 1:30 game.

This will probably be GSC's biggest offensive opponent on the schedule as the Hilltoppers return nine from their offensive team of last year. Their entire backfield returns including last year's offensive player of the year in the WVC, and the conference's leading rusher also returns.

Junior quarterback Frank Zebrasky was selected as the conference's most valuable offensive player last season. Zebrasky led his team to a 7-2-1 record by passing for 1,200 yards. He also place-kicks and punts for the Hilltoppers.

Tim Cortazzo won the conference rushing title last year at his tailback position with over 900 yards.

WV State	7	7	7	28
Glenville	7	0	7	14

St. — Bruce Hollingsworth 40 pass to George Hall (Glenn Barnette kick).

GSC — Dave Boggess 54 run (Reno Gandee kick).

St. — Michael Robinson 72 pass from Tyrone Smith (Barnette kick).

GSC — Grady Lamb 26 run (Gandee kick).

St. — Anthony Weaver 1 run (Barnette kick).

St. — Robinson 41 pass from Smith (Barnette kick).

Cross Country Competes Today

A 4.2-mile race at West Virginia Wesleyan will be the GSC Cross Country team's next competition. The race, to begin at 11:00 a.m. today will be the Pioneers' first action since placing third in their own invitational nearly two weeks ago.

Runners competing for GSC at Wesleyan are P.K. Coon, Asenso Kuffuor, Chris Keister, Pat Godfrey, Larry Taylor, Steve Roberts and Craig Bock.

The next race in the Harriers' schedule is the West Virginia State Invitational to be held at the Sandy Brae Golf Course on Saturday, Oct. 11.

(Right in Your Own Back Yard)

Enjoy Indian Summer and the beautiful Fall colors. Our New River Head-
quarters is just two hours from campus. With our ten-man guided rafts,
we are prepared to provide the best possible ride through the New River
Gorge—the biggest whitewater in the East.Our Cheat River operation is only 2 hours from campus. Depend-
ing on water level, we offer a fantastic day of whitewater with our one-
man rafts (we call 'em duckies), or our 4-10 man rafts.SPECIAL GLENVILLE STATE DAYS Oct. 5, 12, 19, 26. \$10.00 dis-
count per person—student, faculty, staff. Special group rates available
for your dorm or fraternity. Call our reservations desk today: 1-329-1665.
