

North Central Association To Visit GSC For Accreditation Process

The North Central Association, a regional accrediting body, will be visiting GSC October 19-21, according to President William K. Simmons.

North Central is composed of volunteer college and university presidents and chancellors who travel to various institutions nationwide to study the

strengths and weaknesses in college programs in order to continue accreditations.

Simmons said concerning the institution's role in the accrediting process, "The college must submit a request for the process done by North Central and must prepare a self-study document to present to the as-

sociation." He adds, "The self-study is completed and we are now waiting for North Central."

The visit from North Central will consist of three days of research and discussion to assure that GSC has met standards in their programs that the individual professions consider worthy. The accrediting body

will verify the self-study document, discuss long-range planning with faculty, check records and discuss the budget. North Central will take an objective view of the college and may offer suggestions and other perspectives concerning its programs.

Simmons said, "I feel GSC is ahead of many insti-

tutions our size. Our college representatives attend many national education meetings and keep well abreast on what's going on in higher education."

He added, "The college will not be doing anything different during the North Central visit so they may judge us as we are. GSC is ready for the visit."

Bye Friendly, Hi Unfriendly

What has happened to "The Friendly Campus?" By the looks of things lately, the whole idea of that motto went out along with September.

Recently, there has been a lack of concern and respect toward others around GSC. This is not from everyone, but a select few can stick out like a sore thumb. These unconcerning attitudes usually appear sometime throughout the semester, but isn't it a bit early now? After all, Thanksgiving break, commonly known as "a time to get away," is not for five weeks. Will these attitudes continue until then?

Of course, everyone is still smiling and greeting each other as they pass on the sidewalk (that doesn't take much effort), but there is more to being friendly than just that.

To be friendly, one must be courteous toward another. That simply means opening a door when Jane has an arm-load of books and responding politely when Bob asks for the correct time. It really is very easy, but sometimes we all get caught up in things around us and forget to take that extra second to treat another respectfully.

The next time we are confronted with the chance to act friendly, let's take that extra second to act courteously. It might make the difference in keeping "The Friendly Campus" motto or changing it to "The Unfriendly Campus."

Dance and Music Ensemble to Perform Oct. 15

The Appalachian Dance and Music Ensemble will be performing at Glenville State College on Oct. 15 at 8:00 pm, in the auditorium. There will be no admission charge.

ADME is a unique, professional touring company of five dancers and three musicians that blend together to bring a widely varied program of traditional, contemporary, and classical dance and music.

ADME's magic lies in its diversity of styles. The musicians are competent on the dulcimer, mandolin, and pennywhistle in addition to the guitar, auto harp, and bass, and the dancers offer works of traditional and

folk styles as well as works of contemporary and classic modes. The repertoire contains a number of selections that speak of the culture and heritage of West Virginia. The company was selected by the WV Arts and Humanities Council to interpret, through original music and dance, the poetry of the State Poet Laureate Dr. Louise McNeil Pease. The troupe's presentations are relevant to the culture of the mountains and yet varied enough to appeal to a wide range of people.

ADME represents two companies in one - a dance ensemble and a music ensemble. The two groups complement one another

whether they are performing separately or blending music and dance into one work. The repertoire flows smoothly from the strict discipline of classical ballet to the vibrant musical folk styles of Southern Appalachia to the dynamic jazz of contemporary times.

ADME is based in Beckley, WV. Since its founding in 1978, the company has toured extensively throughout WV and is branching out into the surrounding states.

This program is being assisted with an Arts and Humanities Grant from the Department of Culture and History.

New Style Needed at GSC

A new perspective is what this campus needs. Yes sir, a new perspective could turn good ol' Glenville State around. And to turn around, why not start with the in-fashion at GSC, those awful designer jeans, designer shorts, the preppy look and anything else worn at the present must go (and no, I didn't mean right at this minute so if you are standing in the middle of your dorm room stripped, for goodness sakes get some clothes on before the person with the binoculars sees you).

Now that you have agreed to get rid of that awful trash you have been spending forty dollars and up on, it is time to talk turkey. When I say this, I mean it literally because the men on campus should haul in their possession of Wild Turkey and Alka Seltzer. He should also wear rainbow suspenders, have a Bumstead Haircut checkered shirt, his Dad's favorite pants on, and saddle shoes (all of you girls try to control yourselves).

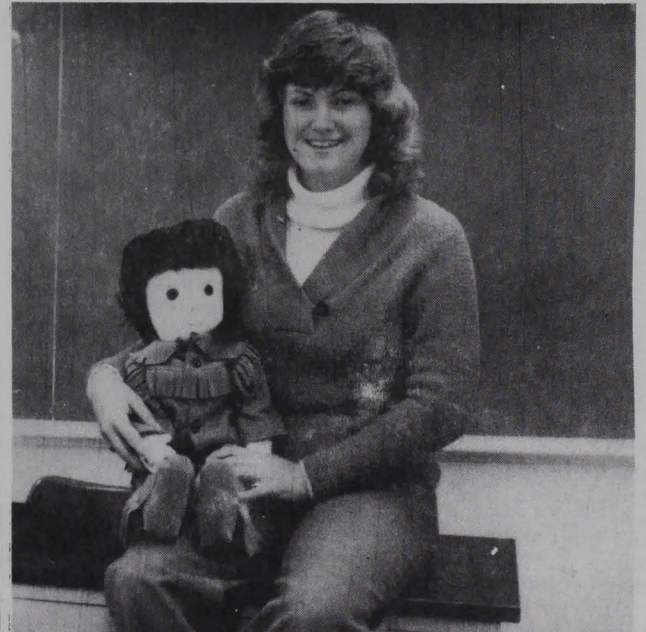

The women should wear anything plastic, tennis socks with pom-poms, Indian moccasins, a plastic head band and have a cigarette of questionable integrity clamped between their lips bestowed with Fuschia Purple or Crabapple red. Now don't these fabulous creations just sound divine?

To go with such an outfit, there must also be an appropriate outlook. One must wear a glazed expression (cops will think the cigarette in your mouth is something else), carry around a book of the Kama Sutra and a book of Marx. You must prepare a slanted outlook on life and Tab is to be pronounced Tah-yubb and finally stick some unidentified object on you someplace (something inconspicuous like a toaster, a Magnum 45 in your belt, photo booth snapshots or a Marine survival knife attached to the suspender).

All right, now that I have told you how to get perspective and if you take my advice, you may as well go all out and hire you a lawyer. He will come in handy when you go before the President, the Dean and the campus police. He will also come in handy when a very capable representative from Weston or Spencer comes to pick up the remains of your folly.

Just remember if you do dress like this, you better have a nice smile and be able to run fast.

GSC Runners Defeat FSC

Placing five runners in the top seven, the GSC Men's Cross Country Team earned a 21-34 victory over Fairmont State College in a dual meet on Tuesday, Oct. 6. The impressive win pushed Glenville's West Virginia Conference record to 19-2. Overall, the Pioneers are 28-17.

Sophomore Larry Taylor a St. Marys product, paced the 25 starters over the 4.6 mile course. Taylor's time was 25:48, and it marked the third straight meet in which he was the top individual finisher.

Another former St. Marys runner, Freshman Lee Haddox, was a close second behind Taylor. He clocked a time of 25:51. GSC's third finisher was Sophomore Steve Keenan, who was fifth overall in 26:45. Junior captain Billy Belcher was the Pioneers' fourth man, placing sixth overall in 27:02. The fifth and final scoring runner for GSC was Senior captain P.K. Coon who was seventh overall in 27:30. GSC's sixth man was Craig Bock, the team's only Senior besides Coon. Bock was 11th overall in 28:43. Twelfth overall and GSC's seventh man was sophomore captain Steve Roberts. He finished in 29:26.

Glenville's white team was composed of three finishers, all freshmen. Biddle Williams was 14th overall in 31:29. Steve Meckfessel, coming off an injury, was 16th in 32:16. Eddie Mazzella was 21st in 34:01. Two other freshman Chuck McKnight and Dave Smith, didn't finish due to injuries.

TKE was second, Lambda Chi Alpha 1 was third, and Theta Xi 1 was fourth. Pioneer Record Drops To 1-3

Two weeks ago, in Glenville's 24-23 Homecoming win over West Liberty, the Pioneers tallied two touchdowns in the closing minutes to pull it out. Well, Mercyhurst College (PA) pulled the same trick on GSC this past week as they scored twice in the final 5:27 of play for a 14-7 victory. The non-conference loss dropped the Pioneers' record to 1-3 on the season. Mercyhurst, a new opponent for GSC is now 3-1-1.

GSC was the first to draw blood. After a scoreless first half, the Pioneers of Coach Frank Vincent went to work early in the second half. At the 12:01 mark of the third quarter, Jeff Metheny connected with split end Steve Gandee on a 19-yard scoring toss to make it 6-0. Gandee's extra point kick was good, making it 7-0.

The rest of the quarter and most of the fourth quarter went without any further scoring. Then, with 5:27 remaining, Mercyhurst got its first score, a three-yard run by John Moore. The extra point run was no good, however, leaving GSC possession of a slim, 7-6 lead.

That lead didn't last much longer, though. On the Pioneers' next possession, they couldn't move and were forced to punt. With 4:01 left, Mercyhurst blocked the punt, and John Gerarde re-

covered it in the end zone for a touchdown. Moore ran for the extra points, giving Mercyhurst a 14-7 lead, which turned out to be the final score.

For Glenville, David Boggess was the leading rusher. He had 48 yards in 15 attempts. Jeff Metheny was six of 20 in the air. He threw for one touchdown and two interceptions.

Overall, Mercyhurst had the edge, 12-11, in first downs and in total offensive yardage, 240-178.

GSC will be gunning for its second West Virginia Conference victory of the season when they travel to Salem for a game this Saturday, Oct. 17. Game time is 1:30 p.m.
